

YES, INDEED, THE BOSS WAS VERY "PAIL"

GAME WON BY OGDEN IN NINTH

In a game featuring three home runs and big league ball, Ogden won its first game of the series with Great Falls yesterday afternoon at Glenwood park by the score of 4 to 3.

When Jones came to the plate in the ninth, the score was tied. He swatted out a beautiful hit over second base, scoring Van who went to first after Duffy had pinged him and later had stolen second.

Kelly and Galena for Great Falls, and Van for Ogden were each successful in hitting over right field fence for complete circuits of the diamond. In no instance, however, were there men on bases when the home run was hit.

The pitching of Fowler and Duffy was the feature of the game. The Ogden man was rapped for eight, while Duffy was touched for seven safe ones. Duffy covers first base remarkably well and was too quick for Hayes in one instance.

Fowler did some quick thinking in the seventh, when Potts bunted a pop fly into the air which was caught by the Ogden pitcher. He turned and was about to throw it to first but changed his mind and slammed it perfectly to Jones on third who retired Gibson at that point.

The double play probably saved the game as there had been one run made that inning and there was a man on first and third with only one out.

Duffy's work in the sixth and seventh innings demonstrated to the fans that the Great Falls had some pitcher.

PRETTY GIRLS FOR CADDIES NEW STYLE; GOLF BECOMES POPULAR

England, the nation well-known for the remarkable vigor and agility of a certain element of its weaker sex has found time somehow—while not engaged in putting to rights the ruin wrought by Mrs. Pankhurst's friends—to put a new wrinkle in that delightful pastime, sometimes known as golf.

It is not at all unlikely that the idea will find favor in this country. In fact, as we give the matter our mature deliberation it occurs to us that, once started it will be the large scream here. The game of golf will

enjoy a popularity that it has never known before. We are something less than a weatherman in the prognosticating line, but we'd like to risk a few nickles that the innovation of easy-to-look-at young wimmin caddies would have a lot of us pouring over the most recent editions of 'Golf' and how she is played."

Still, like so many other things in this vale of tears, it would have its drawbacks. In the first place we don't consider it an ideal job for a lady. If we have been correctly informed, the proper execution of the brassie cannot be negotiated without a considerable degree of blasphemy. To be able to "tee off" with finesse absolutely demands a resourful dicition of cursing. Such as would be

quite unfit for the ears of a lady. And supposing—just supposing—the ball should go over a fence! And the caddie, the LADY caddie, should be expected to recover it. My goodness!

There are other objections, but we hesitate to mention them. We are heartily in favor of the scheme and don't care to spray cold water on it. But what if you were married and had a wife, and the chances are if you were, you would, and after considerable trouble you had found a caddie-sits that you thought would advance—and then enter: the fru-Bloie, bloie! Goodnight, nurse, the stuff's off!

But then perhaps you're not married. Viv! la caddie-ette!

Hub Purdue will be Stalling's best right-hand pitcher on the Boston Nationals. When his arm is going good, he is almost impossible to hit, mixing his fast "smoke" ball up with his splitter.

He gave McGraw and the Giants an unpleasant surprise on the opening day, when he opposed Teraan and shut them out with two hits.

INVESTIGATION OF FIGHT ORDERED

Cleveland, May 9.—Cleveland and Boston players were exceedingly cooperative today on the subject of an official investigation of the fist fight that took place in the tunnel leading to the club rooms after Wednesday's game, and Umpire Connolly, reputed by President Johnson of the American league, to look into the affair, probably will have trouble in obtaining accurate information.

White Sox Beat Senators Chicago, May 8.—Chicago batters drove three Washington pitchers from the mound today and won 10 to 5. Groom who opened for Washington weakened in the fourth inning and was relieved by Gallia Boehling succeeded Gallia in the sixth after the latter had been benched to allow Schaefer to bat for him. Boehling in turn gave way to a pinch hitter and Cashion finished the game. Russell held the visitors scoreless until the sixth when three singles, a triple and an infield out gave Washington four runs. A single error and a sacrifice fly yielded Washington another run in the ninth.

The Gold Dust Twins' Philosophy

ONE day, when Mr. Jones returned with what his weekly toil had earned, he found his little wife in tears and mood not suited to her years. It seemed the cook had bade "adieu," likewise the washerwoman, too.

At first within the House of Jones there followed sad despondent moans. No hopeful word could reconcile, no honied kiss inspire a smile. "I never knew before" said she, "how horrid household cares could be."

"Upon my word I'm up at six and working still as midnight ticks. I scrub and run and wash and shine to keep the little things in line, and yet around me here and there I see undone another share. I almost feel as if I'd like to join the other ones on Strike. Some morning try it—get a mop; go through from cellar to the top, and I will venture you must see, the greater burdens fall on me."

Now Mr. Jones was passing wise and later, sprang a glad surprise. Through friends who praised the "GOLD DUST WAY," he brought a package home one day.

From tears to sunshine, Willy now has found the good of "Knowing How" and striking servants fall to stir, the placid calm content of her.

GAS NEWS MINIMUM CHANGED from One Dollar per month to \$12.00 per Year

Beginning May 1st, 1913 our minimum charge will be \$12.00 per annum instead of \$1.00 per month as heretofore. This will enable many of our consumers to make a saving during the winter months when it is necessary to use coal ranges in order to properly heat the kitchen. Gas bills will now be made out for the amount of gas used and should the yearly total not equal the \$12.00 minimum the last bill of the yearly service will be made for the difference. Because of the change in minimum we will discontinue the practice of locking meters.
