

IF THIS IS YOUR BIRTHDAY

You will have prosperity and good fortune, but will be annoyed by ignorant or thoughtless people. It will help you to remember that the sudden attainment of wealth rarely improves the personality at first.

Those born today will have affectionate dispositions and many friends. Their great danger will be in allowing their sentiments and feelings to crowd out reason and intelligence. They will be fortunate in material things.

SAFETY FIRST IS REDUCING ACCIDENTS

In line with their "safety first" policy, the Union Pacific company has had manufactured and distributed a number of glass signs bearing statements of carelessness in railroad business. These signs are placed in places where employees are working and are large enough to be easily read, reminding the employees of the cautions. Railroad men are urged to see that safety is the first consideration and the employees are asked to assist in all possible ways new men in becoming acquainted with their work and to point out dangerous and careless methods.

In speaking of the safety committee of the Union Pacific and its results, Assistant Superintendent G. O. Brophy declared that the effect of the campaign had been highly gratifying. Since the original campaign, personal injuries and fatalities have decreased to a great extent. There was only one injury on the Wyoming division last month and that was of no serious nature.

Mr. Brophy will leave for Cheyenne today to attend a district safety meeting tomorrow.

Safety committee meetings of the Oregon Short Line and Southern Pacific are held alternately in Ogden and Salt Lake.

WARNING SENT OUT AGAINST MORMONS

With a view, evidently to warning the delegates contemplating a visit to Utah at the time of the National Educational association, against the "false appearances" and "guile" of the Mormon people, the Council of Women for Home Missions, 151 Fifth Avenue, New York city, has been sending circulars to the superintendents to distribute them to the teachers contemplating a visit to Utah.

Superintendent J. M. Mills was surprised to receive the circular mail today and read with surprise the information.

While praising the industry of the Mormons and pointing out the attractiveness of the cities, there is a strong current of protest unning through the literature, warning the reader that he must beware while visiting the state. One paragraph reads as follows:

"One thing the visitor will surely find from the outset—a warm welcome and apparent kindness. First impressions are very important, and it is vital to the people of the state that what they consider prejudice and suspicion be removed. It would seem ungenerous to doubt the motive of the welcome, and it is said that the testimony of many who know the truth obliges us to do so."

Those who have read the leaflets are of the opinion that the literature will serve as a boost rather than a knock to the convention.

WRIGHTS' WRIGHTS' WRIGHTS

FORTY ARE TO MAKE THE TRIP

Final arrangements for the friendship automobile excursion of the Weber club and Ogden Publicity bureau

Judge Howell, Chairman.

were completed today at the meeting of the Publicity bureau directors.

About forty business men of Ogden will leave the Weber club tomorrow afternoon at 3:30 o'clock for Morgan. Upon the arrival at Morgan there will be a friendly meeting at the headquarters of the Morgan Commercial club, of which Dan Heiner is president. A banquet will be a feature.

The Morgan business men desired to act as hosts at the banquet but the Ogden people let it be understood that they did not come to prey upon the hospitality of Morgan and each visitor will pay his share in the cost of the spread.

Addresses will be made by Judge J. A. Howell, chairman of the committee planning the trip. M. S. Browning and J. W. Abbott. There also will be addresses by prominent Morgan people.

The purpose of the excursion is the cementing of a firmer friendship between Ogden and Morgan to the commercial benefit of both cities.

Judge J. A. Howell, M. S. Browning and Dr. H. M. Rowe comprise the committee of arrangements for the excursion.

DRUNKEN MAN LOSES HIS MONEY

With \$119.30 in his pockets, William Ryan, a steamshovel engineer, was released from the city jail yesterday, where he had been undergoing a so-called "reformation process." At 10:30 o'clock this morning he was again behind the bars and the search at the station revealed only \$12.75. He was arrested on a charge of drunkenness by Special Patrolman Finch, who observed

that the man was being followed by two negroes whose desire was to "frisk" him. Ryan has numerous friends in Ogden who visited him at the police station yesterday while he was sobering up and they sought to have the man end his spree while he still had a few dollars. Evidently, he did not listen to their pleadings for he had contracted a large drunk when the arrest was made this morning.

A workmen's compensation act will be pressed on the attention of the Ontario legislature.

Let's make Ogden BIGGER—BUSIER—BETTER by using Ogden made goods.
