

WHY SURE—IT HAS ALWAYS BEEN SCOOP AND SHOVEL

LAST GAME OF SERIES WON BY OGDEN

Securing as many hits as did the Skyscrapers and bunting their swats at the time Salt Lake began to take excursions into the atmosphere, Ogdren won yesterday's game from the visitors by the score of 11 to 10. Three times the game was tied and, with the outcome a matter of doubt throughout the nine innings, the fans were in paradise. Frequently they were given a sensation, for instance, Van's successful steal home.

McCluskey used three pitchers, Galt, Erickson and Dressan in his efforts to check the Knights. Sinclair pitched the entire nine innings for Ogdren and, although he had been worked hard last week, he allowed but 12 hits.

After playing an errorless game the day before, both teams felt at liberty to do a little booting yesterday and as a result there were several successful wabbles recorded on the score cards of both sides. Ogdren was scattered reasonably well through the game while Salt Lake was unfortunate in having two and three occur in a row.

Murray suffered another misfortune yesterday in being hit behind the ear by a ball which had been thrown to first by Spencer just as Murray was starting for his position in the field. There was no man covering first and the ball continued until stopped by Murray's head. The blow was hard enough to stun the fielder, putting him out of the game. It will probably be the middle of the week before he has recovered.

When Manager McCluskey joined in a protest begun by Dressan and Schimpff, Umpire La Roque ordered him from the field and assessed a fine in addition. Mac was unable to see the finish to the see-saw contest. Dressan and Davis also were ordered to forfeit some of their cigar money. There were many fans from Salt Lake present and they did considerable rooting, but lost heart in the eighth inning.

GREAT FALLS BEATS MISSOULA

Great Falls, June 8.—Great Falls evened up the Missoula series by taking today's game after a somewhat better exhibition than has characterized most of the games of the series. Bohan pitched a good ball for the Highlanders, but was found for eleven safeties. Siner blocked Missoula's chance to even the score when he made a sensational stop and a double play with three men on bases in the eighth. Changnon fouled eleven consecutive balls in the sixth. Reds Take Game

Packard, who twirled for Cincinnati, was wild, but pulled through the inning without allowing a hit. Score: Cincinnati 2, Philadelphia 1. Batteries—Alexander and Killifer; Packard, Suggs and Clarke.

Cubs Defeat Giants

Chicago, June 8.—Manager Evers' strategy in the tenth inning today gave Chicago a 2 to 1 victory over New York. Archer opened the final inning with a double to left, and in sliding into second base injured his ankle, and Miller, a utility player, was sent in to run for Archer. Smith then followed with a Texas leaguer

to right and pulled up at third. Leach then grounded to Merkle, Smith taking second. Evers followed with a Cincinnati base hit to Merkle, but Miller slid under Meyers with the winning run. The game was a pitchers' battle between Tesreau and Smith, with honors slightly in favor of the former. Zimmerman was struck out three times by Tesreau, who fanned a total of eight, while Smith struck out five. Score:

PREPARING FOR POLO MATCH

New York, June 9.—This was farrier's day in the camps of the American and English polo players at the Meadowbrook country club, in preparation for the international cup series which begins tomorrow. The strings of ponies which the American defenders and the English challengers hold ready for the fray, about 100 in all, were all newly shod, although neither side will probably use more than a score of their valuable mounts in the first match.

CALLS FIGHT OFF

Los Angeles, June 9.—The Ad Wogast-Johnny Dundee twenty-round bout, scheduled for Tuesday, was definitely declared off last night by Wogast's manager because of the injury sustained by the former lightweight champion yesterday during a training bout. The ex-champion may not appear in the ring again for six months because of a badly hurt thumb, and it is possible his retirement may be permanent.

L. E. Stoddard and Malcolm Stevenson, as the former had on some occasions failed to play with their usual brilliancy. Whitney had been ill with indigestion and the Waterbury's were somewhat out of form. The general approval of experts had been attested by a shift in the odds which were said today to be practically even.

GIMLIN IS NOW WITH OGDEN TEAM

John Frank Gimlin, familiarly known as "Dad," signed a contract with the Ogdren Baseball association yesterday and left with the team on the first trip north, last night. Gimlin holds the title of business manager. "Kitty" Knight is still in active charge of the team. Gimlin has had wide experience in choosing and handling players. He has at all times had a list of available players as long as your arm and his ability in selecting stars is well known. Aside from that line, he is a financier in baseball work and is a good man to have on the treasury end. It is believed that with Gimlin and Knight, combining their experience, Ogdren will come back to the city far from the cellar and much improved.

Gimlin will also work on the coaching lines where his knowledge of inside baseball will tide the Kittens over pinches. With the exception of Pitcher Ervin Jensen, who is suffering of a sore arm, the Ogdren baseball team left at 1:10 a. m., on the Butte and Portland express for Butte where the team will open a series tomorrow. Considerably encouraged over their victory of yesterday, the players all believe that they will have a successful tour in Montana.

SHORT CHANGE GAME IN OGDEN

Short change artists at work in this city have discovered that Ogdren saleswomen are not easily fooled by their methods. Three firms have complained that two men have tried to confuse women clerks while making change. The two men enter the store and purchase something that costs 5 cents, giving a \$2 bill in payment. The change of \$1.95 is laid out and the man picks up the dollar, leaving the 95 cents. He then reaches in his pocket and brings forth a 5-cent piece and asks for a silver dollar for the change. When the silver dollar is handed out he says that he would like his \$2 bill back in return for the money on the counter which would make the clerk short \$1. While one is working the change game on the clerk the other is busy asking questions regarding various articles in the store, so that the attention of the clerk may be divided.

PRESIDENT SMITH HITS AT MINISTER

Salt Lake, June 8.—"When I hear of a man coming to be a minister, giving vent to the most damnable lies known to mortal people, I cannot rise above that human feeling that would prompt me to say, 'O, God, shut him up.'" After a long discourse on the authority and righteousness of the Mormon people and the organization of the church and the duties of its members, Joseph P. Smith, president of the Mormon church, with clenched hands and flashing eyes and every muscle of his body apparently tense, in this way referred to someone whom he did not name. The Paden incident, however, was instantly recalled to the minds of the hearers. "It doesn't hurt us," President Smith added, "but it sounds bad and
