

PURPLE DAY IS TO BE ONE OF GREAT JOY

With a big parade in the morning, in which there will be numerous floats...

The entire arrangements have been planned with the view to making the Fourth a grand Ogdens stay-at-home day...

Among the latest features to be added to the program is a 10-round boxing contest between Jack Clifford and the Bartling Dane.

The other big athletic feature, the wrestling match between McCarroll and Harbertson, will be held at 4 o'clock in the afternoon with Jack Child as referee.

Excited Ruler W. D. W. Zeller of the local lodge, accompanied by a group of boosters, attended the meeting of the Salt Lake lodge last evening...

The program, as it now stands, will not permit of a minute's rest on the part of the pleasure seekers if they desire to take in all the events.

days each, making it possible to complete the usual six weeks' course in that time. The present session has been a very successful one in every way.

TWO HUNDRED ENTERTAINED IN CANYON

Two hundred wives, widows and daughters of locomotive engineers, delegates to the convention of the Grand International Auxiliary of Brotherhood of Locomotive Engineers...

The ladies were met by the local committee, Mrs. L. Demson, J. H. Wardleigh, E. O. Halsted and W. B. Murphy, representing the local order, and by the secretary of the Ogdens Publicity bureau...

Upon the arrival of the party, the members of the committee distributed tickets to the Hermitage to all wearing delegate badges.

There were numerous lunch baskets brought on the trip and a delightful picnic party was enjoyed at the Hermitage. While the delegates are mostly from the western states, many had not been to the canyon before and were much impressed with the surroundings.

Others preferred to remain in the city during the cooler hours of the morning and took regular cars later in the day.

MOVIES OF THE CITY ARE TO BE SEEN

Moving pictures of the business streets of the city, the wholesale and manufacturing districts and the Elks' club were taken today by representatives of the North American Motion Picture company...

Two machines were used in the views of the streets today. The machines were placed in the back of an automobile, and as it was slowly driven, pictures of the buildings on both sides and the people on the streets were photographed.

Later, interior views of the Scovcroft overall factory were made. Yesterday, the camera was placed on the rear of Southern Pacific train No. 9 and pictures were taken as the train left the yards and passed over the cutoff.

The operators plan to take pictures of the Elks' parade and views of the canyon when the crowds are largest tomorrow.

An opportunity of seeing the reels will be given to the people of Ogdens early next week. Arrangements have been made whereby the pictures will be exhibited in the Globe theatre for a number of performances.

NEW TEACHERS FOR SCHOOLS OF OGDEN

James E. Haslam, a last June's graduate of the Utah Agricultural college, has been elected by the Ogdens board of education to teach commerce in the high school.

He comes to Ogdens well recommended by the powers-that-be at the college, where he was considered a strong student, and will give the Ogdens institution good service.

Mr. Haslam took his degree from the Agricultural college in the same class as Mr. Haslam, takes a position at the State Deaf and Blind school, located in this city. His bachelor of science degree was granted by the agricultural department of the big Logan school and he will take the chair of agriculture in the Ogdens institution.

DELEGATES ARE ARRIVING BY EVERY TRAIN

Delegates from all parts of the United States to the National Educational Association convention, which begins in Salt Lake July 5, are now arriving in large numbers.

Practically every Oregon Short Line train from the north and Union Pacific train from the east, entering Ogdens, has a number of passengers who are delegates.

The railroad companies have arranged for several extra coaches to handle the overflow business.

Already, the local officials have received notice that No. 19, arriving over the Union Pacific early Saturday morning, will be filled with delegates and in addition carry extra Pullmans.

A special sleeper will arrive attached to the Butte and Portland express tomorrow.

Superintendent J. M. Mills, who has attended several N. E. A. conventions, estimates that there will be 7000 delegates from all parts of the United States in Salt Lake during the convention.

On Wednesday, July 3, practically all the delegates will come to Ogdens in special trains to spend the entire day in the canyon.

CONDEMNATION PROCEEDINGS ORDERED

Not being able to successfully negotiate for a right of way over John A. Randall's land for the North Ogdens-Plains View cutoff for the county road, the county board of commissioners has instructed County Attorney David Jensen to institute condemnation proceedings in the district court.

The attorney states that the papers will be prepared and be ready for filing by the first of next week. The county will ask for immediate possession of the land for road building.

The county clerk explains that Mr. Randall owns about an acre of land over which the proposed cutoff must be built, and that he asks \$1,000 for it. The commissioners are of the opinion that the land is not worth that sum, as it is not highly cultivated.

It lies adjacent to the canal along the bank of which the new road will pass. In fact the road will cross the canal at a number of places in the short distance of the cutoff.

FINGER PRINTS OF N. Y. "DRUNKS" New York, July 3.—At the height of the summer drinking season, the recently announced plan of fingerprinting every one found guilty of intoxication has been put into effect.

HOME WEEK FOR THE PEOPLE OF OGDEN

The communication of John I. Critchlow, suggesting that Ogdens have a "Home week" for those who have wandered away from the city in the past number of years, was favorably received by the board of city commissioners this morning.

Mr. Critchlow called attention to the fact that many cities have home gatherings for former residents, and he suggests that Ogdens follow the practice. He states that no doubt there would be a large number of people who would very much like to visit the city and again meet with relatives and friends for a brief time.

He states that no doubt there would be a large number of people who would very much like to visit the city and again meet with relatives and friends for a brief time.

PROCEEDINGS OF THE CITY BOARD

On the recommendation of Mayor A. G. Fell, a quit claim deed was authorized to be made by the city to C. E. Faulkner for certain real property that had been sold for delinquent sewer taxes.

The engineer's report of March 24, respecting the petition of M. E. Wilcox for water service at Wheeler canyon, was taken from the files for reconsideration and referred to the superintendent of public affairs and waterworks.

A resolution providing for creating sewer district No. 118 which is on Twenty-fourth street, between Harrison and Polk avenues, was passed and notice of intention as prepared by the city engineer was accepted.

FRY ARE TO BE PROTECTED IN STREAMS

State Fish and Game Commissioner Fred W. Chambers has returned from the southern part of the state where he spent a number of days gathering trout spawn for the hatcheries of the state, which was shipped to the state hatchery last Tuesday.

The eggs are in good condition, and the prospects are that at least 4,000,000 fry will be ready for planting in small streams in August.

This year Mr. Chambers will establish "rearing places" in the mountain streams of the state with a view to protecting the fry until the little fry get to "finger's length" in size. At that size, the commissioner says, the fish are well prepared to take care of themselves in most any stream.

"Rearing places" will be provided by placing screens in the stream to prevent the fry from going below a certain point. It may be necessary in some instances to excavate or dredge the channel of the small streams to provide feeding places for the fish. It is planned that two such places will be established on the tributaries of Ogdens river.

AMERICANS LOSE THEIR EYESIGHT

Chicago, July 3.—America is developing a race of short sighted people, was the warning delivered yesterday by Dr. C. G. Fellows of Chicago in an address before the convention of the American Homeopathic, Ophthalmological and Laryngological society in session here.

"It is astounding how many persons are short sighted," said Dr. Fellows. "The development of short-sightedness or progressive myopia in adults is due to the manner in which they study in school in their childhood. The prevention is early and frequent examination of children for eye troubles."

"Most people don't need half the light they use," said Dr. H. D. Schenk of Brooklyn. "Clerks and bookkeepers will have a big burner right over the books they work on. They will tell you it is a beautiful light, but they are burning out their eyes. If we decrease the excess light we decrease the danger of near sightedness."

Thirty of the thirty-seven ophthalmologists present yesterday wore glasses.

ENTRIES FOR BALLOON RACE

Washington, July 3.—Hereafter under the new excess law put in force for the district of Columbia any persons suspected of having "drunk not wisely but too well" will be taken to a hospital for examination by a doctor.

Orders to this effect were issued today by Superintendent of Police Sylvester. The examining physician in each case will be called upon later to act as an expert witness in police court whenever the convivial prisoner protests his innocence.

"Plain drunks" and "palatable jacks" will not be subjected to the medical examination but will be taken in hand by the arresting policeman and rushed to the station house without any steps en route. It is the intention to have physicians look over the gentleman who are tottering along in a dignified alcoholic haze and who protect that they are not intoxicated.

WORLD'S MARKETS

WALL STREET New York, July 3.—There was a slight downward movement in the first dealings in stocks today. The copper shares were heaviest but their losses were less than a point.

Much irregularity attended the restrictive dealings of the first hour. Efforts to put up the list yielded some results, but there was no vim in the buying.

Stock market operations during the morning were governed largely by the course of affairs abroad. The outbreak of serious hostilities in the Balkans depressed the foreign markets and American stocks sold off in London.

Approach of the triple holiday restricted trading to nominal proportions and after the slight movement of the first hour the market remained on a dead level. Bonds were steady.

Expectation of a large addition to surplus coupled with unsettled trade conditions afforded abundant reason for the increased heaviness of the copper shares. The decline and a fall in the Union Pacific undermined the comparative steadiness of the list in the early part of the afternoon.

The market closed steady. Extreme lassitude prevailed all through the final hour with the day's total transactions falling to the lowest of the year. Some short covering was evident but the effect was offset by the dragging tendency in some other stocks.

Chicago Livestock. Chicago, July 3.—Hogs—Receipts, 13,000; market strong, 5 to 10c above yesterday's average. Bulk of sales, \$8.80@8.95; light, \$8.70@9.02 1/2; mixed, \$8.40@8.95; heavy, \$8.40@8.75; rough, \$8.40@8.60; pigs, \$7.90@8.75.

Cattle—Receipts, 1,000; market slow. Heaves, \$7.10@8.80; Texas steers, \$6.90@8.10; western steers, \$7.10@8.20; stockers and feeders, \$5.75@8.00; cows and heifers, \$5.90@8.25; calves, \$6.50@9.50.

Sheep—Receipts, 13,000; market steady. Native, \$4.50@5.30; western, \$4.75@5.30; yearlings, \$5.40@6.60; lambs, native, \$5.50@7.80; western, \$5.75@7.80.

Chicago Grain. Chicago, July 3.—Bullish cables to-day carried wheat up grade. September started at 90 1/2 to 90 3/4, a gain of 1 1/2@2 1/2 to 1/2@5-8c, and steaded at 90 5/8c.

September corn, which opened 1 1/4 to 1 1/2 up at 62 3/4 to 62 7/8, rose to 63@63 1/8c.

September oats started 1 1/8@1 1/4 to 1 1/4@3/8c dearer at 43 1/8c to 43 1/4c, but reached 43c.

First sales of provisions varied from higher. Lambs, \$5.75@7.25; yearlings, \$4.75@5.75; wethers, \$4.25@5.00; ewes, \$3.50@4.35; stockers and feeders, \$2.50@4.00.

2 1/4 to 7 1/4c higher, including September options as follows: Pork, \$20.15; Lard, \$11.70; Ribs, \$11.97 1/2.

Wheat—Talk of export business at New York, here and in Kansas caused an additional upturn. The close, however, was weak at 90 3/8@90 1/2c for September, a net gain of 1-3c.

Corn—Chinch bug damage in Kansas and Illinois tended to sustain the advance. The close nevertheless was weak at 62 5/8c for September, the same as last night.

Omaha Livestock. South Omaha, July 3.—Cattle—Receipts, 350; market steady. Native steers, \$7.00@8.60; cows and heifers, \$5.25@7.80; western steers, \$6.00@7.50; Texas steers, \$5.70@7.25; range cows and heifers, \$4.00@7.00; calves, \$7.00@9.50.

Hogs—Receipts, 1,600; market higher. Heavy, \$8.55@8.7 1/2; mixed, \$8.45@8.75; light, \$8.67 1/2@8.75; pigs, \$8.90@8.00; bulk of sales, \$8.55@8.75.

Sheep—Receipts, 3,300; market higher. Yearlings, \$5.00@6.25; wethers, \$4.00@4.75; lambs, \$6.25@7.65.

ELKS ATTENTION

Be at clubhouse at 10:30 tomorrow morning to join in parade. Wear official uniform if you have it, if not, come anyhow.

PRISONER DIES IN AMBULANCE

Henry Gordon, a prisoner at the county jail, died yesterday afternoon as he was being taken to the hospital in the ambulance for treatment for rheumatism.

Gordon was taken to the county jail on Tuesday, crippled with the ailment and a charge of vagrancy was placed against him. He was without money, having made his way from Cache Valley where he had been engaged in railroad work.

When the condition of the man was learned, Dr. Robinson, county physician, called to see him on Tuesday afternoon and yesterday morning.

When the physician returned again in the afternoon to visit Gordon and two other sick men, he found the man in such condition that orders were given for his removal to the hospital. Five minutes after he had been placed in the ambulance, death came.

DAVE TERRY IS IMPORTANT WITNESS

Owing to remarks he unwittingly made in police court, where he was arraigned this morning on the charge of mendacity, Dave Terry will probably become one of the state's witnesses in the cases against the alleged cocaine sellers.

Terry pleaded guilty to the charge but said he had nothing to say as an excuse for his begging on the street.

When Judge Reeder asked as to his habits, Terry stated that he had two bad habits, the use of opium and whisky. He insisted, however, that he had not had any opium for more than a week.

"I haven't had any since that Chinaman was arrested," said Terry. "He gave me some; I didn't buy it," he added hastily.

Judge Reeder reserved decision. William Chapple, charged with drunkenness, was given a sentence of ten days. He was arrested on complaint of some restaurant people who failed to appear as witnesses. The sentence was passed as a result of Chapple's own admissions.

James Williams, charged with disturbing the peace by fighting in a Twenty-fifth street saloon, forfeited \$10 by failing to appear for trial. The complaining witness, James Gains, proprietor of the saloon, objected, however, to the outcome. He stated that he was assaulted by Williams who struck him in the face and tore his shirt.

STUDENTS ATTEND CONVENTION

Logan, July 2.—The Agricultural college summer school will end Saturday, so that the students in attendance may go to Salt Lake City for the great annual gathering of the National Education association. Arrangements have been completed with the Oregon Short Line, the Denver & Rio Grande and the San Pedro Railroad companies to allow all students of the summer school to stop over at the convention city from July 6 to 15, and nearly all will take advantage of the opportunity.

The summer session began June 2 and has continued five weeks of six
