DRESS ON FIRE, WOMAN BURNED

Mrs. Marie Hendershot, Enveloped in Flames, Is Saved From Death by Neighbors Rushing to Her Aid—Was Singeing a Chicken When the Fire Spread to Her Clothing.

Mrs. Marie Hendershot, the wife of H. H. Hendershot, residing near the brewery on Park avenue, is in a critical condition at the Dee hospital as a result of burns sustained this morning when her clothing caught fire from the lighted paper she was using to singe a chicken. With the exception of her face and feet, practically her entire body is badly burned.

When her clothing caught fire, Mrs. Hendershot was on the back porch of her home. A slight breeze was blowing and she did not notice that a piece of the burning paper had blown to her dress and had set the clothing on fire. The breeze blew the blaze away from her and she did not realize her predicament until the flames were beyond control.

Her screams, as she attempted to beat out the flames, attracted the attention of neighbors who rushed to her rescue. She was rolled on the ground and covered with blankets to smother the fire.

Dr. W. E. Whalen was summoned and after a hasty examination ordered the ambulance and had the sufferer removed to the hospital where her burns are pronounced serious.

It is alleged that in February, 1913, the defendant assaulted the plaintiff with her fists and that she also bit him, and that she assaulted him with a knife in October, 1912. The plaintiff also claims that the defendant desires him to send his children to the State Industrial school. The parties were married September 9, 1912.

RESOLUTION IS PASSED BY THE SOCIALISTS

At the regular meeting of the Weber county Socialists the following resolution was unanimously adopted: "Whereas, our revolutionary forefathers fought and bled that a constitution might be established in this country guaranteeing the right of free press, free speech and free assembly to all citizens of this country; and

"Whereas, our comrades Harry McKee and E. E. Kirk are now languishing in jail in San Diego, Cal., for exercising the right which the constitution guarantees; therefore be it

Resolved, by the Ogden Local Socialist party that we most emphatically protest against the incarceration of our comrades and demand that they be given their liberty and the constitutional guarantee be made a reality and not a myth."

I. W. W. GANG ARE IN JAIL

Minot, S. D., Aug. 11.—Eighty-one men today are in jail as the result of rioting which has occurred here in the last 48 hours in connection with the strike of Industrial Workers of the World to conduct street meetings here and to organize farm hands into a union. This afternoon the men are being arraigned before a magistrate.

Minot, N. D., Aug. 11.—State troops may be called out today to preserve order if an attempt is made by Industrial Workers of the World to conduct the street meetings which late last night resulted in the arrest of eighty persons. Incensed over alleged insults to the American flag, citizens attacked Industrial Workers and scenes of excitement followed. The police were unable to control the rioters and called on the sheriff and the fire department. Arrests still were being made early today, although the jail was crowded to overflowing. A threatening mob surged about the jail, but as the morning wore on its began to disperse.

The trouble began Saturday night when Jack Law, a street speaker, and his followers were made targets of a volley of bad eggs.

Many of the disturbers, as well as speakers, were placed in jail. Although warned against holding street meetings at which speakers attempted to encourage harvest hands to hold out for higher pay, the Industrial Workers resumed their activities last night.

It was reported that many citizens were armed. Dewey Dorman, Socialist street commissioner, and Art Leisner, former Socialist president of the city commission, and prominent in state politics, were among those jailed. Industrial Workers early today wired St. Paul and Minneapolis for more workers and a band of them is expected to arrive before night.

A report received by the National Education association says that the salary of an elevator boy at a certain city hall exceeds the established wage for a teacher in one of the school grades of the same municipality by nearly \$100 a year.

Absurd, of course, and unjust, but this is no isolated instance of the underpaying of educated workers charged with the duty of instructing the rising generation in America.

Thousands of them, spread throughout the Southern states, receive less than \$150 per year.

Taking the country as a whole, figures compiled recently by a division of the Sage Foundation show the following annual wage averages: carpenters, \$802; coal miners, \$600; factory workers, \$550; common laborers, \$513; teachers, \$485.

Surely the pedagogical profession will fall to continue to attract the most competent young men and women if its members are to be compelled more and more to seek supplementary employment in order to live decently and make both ends meet.

Today some of them are writing plots for moving picture plays outside school hours (the investigators say) and others are serving as bookkeepers, waitresses and chauffeurs, preaching the Gospel, and keeping hens.—Boston Globe.

Should Listen to Lind.

London, Aug. 11.—In an editorial this morning the "Daily Graphic" says:

The mission of John Lind to Mexico has all the disadvantages of meddlingness without the advantages of intervention. It can have no terrors for the President of Mexico because no force is behind it, and prudent men will be thankful if it only falls decently.

The "Times" editorially agrees that President Wilson is acting entirely within his rights and says that it would be good policy on the part of the Mexican government to listen to Mr. Lind's representations in the spirit in which they are made and not irritate American opinion by sticking about the point.

President Wilson, the editorial continues, "has shown great moderation and earnest desire to refrain as much as possible from intervention, and Americans for the most part would be delighted to see Mexico settle her own quarrels in an amicable way."

EMIL KELLER IS RETURNED HIS MONEY

Emil Keller appeared in the county clerk's office this morning and was given \$12.06, money taken from him without his consent on July 21 by a certain band of highway robbers, Thomas Martin, Oscar McSwiggin and James Maxwell, all of whom, by the way, are now serving time in the state prison.

Mr. Keller was in the Exchange saloon when the robbers paid their respects to the place and, for some little inadvertence on the matter of obeying the commands of the bandits, was either shot or hammered over the head by a revolver. Mr. Keller says he cannot tell which it was, as the wound was inflicted from behind and he was so stunned at the time that he cannot remember distinctly whether a shot was fired. At any rate he received a scalp wound that still troubles him and he was robbed of the few dollars he had in his pockets. He states that he remembers the fellow who took his money and could readily identify him.

Mr. Keller is out just 4 cents in transaction, as the bandits took from him the sum of \$12.10.

CURRENCY BILL NEXT

Washington, Aug. 11.—Democrats of the house faced a long struggle over the administration currency bill when they caucused today to consider the measure. Chairman Glass, with ten Democrats of the banking committee behind him, and with the support of Representative Underwood, Palmer and other administration leaders, went into the caucus hopeful of securing harmonious support of the currency bill as it has been approved by President Wilson.

Opposition to the bill was led by the system of issuing circulating notes, so that they could be secured on warehouse receipts for corn, wheat and cotton, as well as on commercial paper as provided in the Glass bill. Representatives Henry of Texas, Neeley of Kansas, and others led that feature of the fight.

Real Estate Transfers.

The following transfers of real estate have been placed on record in the county recorder's office:

Kirby H. Hall to Nellie Hall, his wife, a part of the southeast quarter of section 14, township N. north, range 3, west of the Salt Lake meridian. Consideration \$1.

John Jensen and wife to Reinder Schouten, a part of block 15, plat C, Ogden survey. Consideration \$350.

Charles M. Flewelling and wife to Erick W. Larson, a part of lot 15, block 7, Ogden Five Acres plat A, Ogden survey. Consideration \$1500.

Walter Parry and wife to Jeanette P. Parry, a right of way over a part of lot 7, block 55, plat A, Ogden survey. Consideration \$50.

DEATHS AND FUNERALS

DUNBACH—Funeral services for Peter Dunbach were held at 2 o'clock yesterday afternoon in St. Joseph's Catholic church with Rev. Father P. M. Cushman officiating. Six members of the United Brewery Workers, of which union the deceased was a member, acted as pall bearers. The interment took place in Ogden City cemetery where the services at the grave were conducted by Father Ryan.

SHAW—Funeral services for William D. Shaw were held in the Eighth ward meeting house yesterday afternoon, with Bishop Oscar Turquist presiding. The ward choir rendered selections and vocal duets were given by the Misses Leona Brown and Elizabeth Norssett and Florence Olsen and Pauline Christensen. The speakers were Joseph Cardon of Logan, G. W. Larkin, Levi Taylor, Walter Crane and Bishop Turquist. The interment was made in the City cemetery where Paul Christensen dedicated the grave.

COOK—Funeral services for Louis William Cook were held at 2 o'clock yesterday afternoon at the family residence, 588 Twenty-eighth street, with Rev. P. P. Tester conducting the services and presiding at the funeral. The interment was in Ogden City cemetery.

HUNDREDS DROWNED

Calcutta, Aug. 11.—Floods resulting from heavy rains in Bengal are reported to have caused the loss of hundreds of lives and great financial damage.

That he had a sick mother in Dixon, Mo., to whom he is going upon the arrival of money was the statement made by Cliff Cobb, charged with vagrancy made to Judge Reeder this morning. He pleaded guilty but said that he had done nothing wrong. He said he came here with Ringling's circus as a canvasser and had remained here when he heard his mother was ill. His case was taken under advisement. The judge directed that he clean up and gave orders that if the money arrives today he is to be released.

William Mahoney, the first man to face Judge W. H. Reeder in police court this morning declared that he was drunk alright yesterday, but that he had been sinking bedrock at the damsite for several months and had come to Ogden to sink a little liquor into his system. He said he sank too much. He was given a suspended sentence to sink some more bedrock.

Earl Thomas of Farr West was fined \$2 after he pleaded guilty to riding on the sidewalk with his bicycle.

Heber Eastman and R. H. Watson, arrested Saturday and charged with drunkenness, both pleaded guilty and stated that after a hard day's work they had begun to rush the "can" and had rushed it once or twice too many times. Both were given suspended sentences.

CRACK SHOTS ON THEIR WAY TO CAMP PERRY

Comfortably berthed in a special Pullman sleeper, the 20 members of the Utah rifle team, among whom are four marksmen from Ogden, left at 3:30 o'clock this afternoon for Camp Perry, Ohio, where the international rifle shooting contests will be held, August 25 and 26. The eleven days preceding the contests will be spent by the marksmen in practicing on the camp range.

Ogden is represented by Captain W. E. Kneass, First Sergeant F. A. Smith, Sergeant J. A. Way and Sergeant John Bihler.

These members of Company B have participated in Camp Perry shoots before where they acquitted themselves with honor and the four named among the best rifle shots in the state as indicated by their victories in Salt Lake last fall when the state meet was held. Those interested in rifle practice predict that some of the better trophies will be brought back to Ogden.

THEY CRIED FOR OPIATES AT NIGHT

When Judge W. H. Reeder on Saturday requested that the negro couple, George Gray and Frank Gray, be held until Monday as he wished to verify his suspicions that they used drugs he made a emphatic move, for, although the two emphatically denied in court that they had ever used opium or other drugs, they set the jail in an uproar last night by their cries for opiates. When the other prisoners, confined within the bastle, complained that unless the noise was quieted they would not be able to sleep and consequently unable to work in the graveyard the next day, a small "shot" of "dope" was given each of the two complainers.

When Judge Reeder was acquainted with the situation this morning, he gave each of the negroes 30 days in jail. The chicken, arrested at the same time, got the axe.

NEW ROUTE FOR OVERLAND TRAVEL

L. M. Nelson, who is down from Huntsville, says a good road from Weber canyon connecting with Ogden canyon through near Peterson through Dry Creek.

The distance would be 2 1/2 miles along Dry Creek, 4 miles through the Nelson, Hall & Adams ranch and 13 miles to Ogden; a total of 19 1/2 miles. About \$3000 would be this new road, which would allow tourists to go through Ogden canyon.

Mr. Nelson volunteers to show the Weber club committee over the route.

KAYSVILLE DAY ON TOMORROW

With the exception of today, there will be an outing every day this week at the Hermitage.

Tomorrow is Kaysville day, when the residents of that town will leave their work in the field or store and come to Ogden over the Bamberger with well stocked lunch baskets. They will go from the Bamberger depot to the canyon.

On Wednesday, the annual outing of the Brewery union will be held and the committee promises that the outing will surpass all others.

The North Ogden Sunday schools will enjoy the canyon on Thursday and Friday is to be known as Sixth Ward day.

On Saturday the Master Blacksmiths of the state and the brick yard employees will spend the day at the Hermitage.

FIND BODY OF WOMAN

New York, Aug. 11.—A young woman was found murdered shortly before midnight in a patch of marsh ground near Spuyten Duyvil creek, the northern extremity of Manhattan island. Her throat had been cut, her hands were badly lacerated, and torn clothes and footprints in the vicinity bore evidence that she had struggled.

The body was found by Frank C. Allen who was taking a short cut across the neighborhood. The ambulance surgeon said the woman probably had not been dead more than two hours.

The woman was about 30 years of age and police believe that she was decaying to the lonely spot. There were no valuables on her person.

YANKEES ARE BIG SUGAR CONSUMERS

Washington, Aug. 11.—Americans continue to be the greatest consumers of sugar in the world, a fact set forth in figures issued today by the bureau of foreign and domestic commerce. In the fiscal year of 1913 ending June 30, the United States used eight billion pounds of sugar, an amount never disposed of before in any twelve months.

Of this great avalanche of sweetness fully one-half was imported from foreign countries, one-fourth was from the nation's island possessions and the remainder was produced at home. Cuba contributed nine-tenths of all sugar received from abroad, exclusive of the island possessions. Of these Hawaii contributed the greatest amount, Porto Rico and the Philippines following in the order named.

Sugar produced within the United States, the report sets forth, was only one-third cane sugar, the remainder being derived from beets.
