

WEATHER FORECAST

Generally fair, except thunder showers in southwest portion tonight or Sunday, cooler Sunday and in west portion tonight.

THAW MUST ACT AT ONCE SAYS OFFICERS

Stanford White's Slayer Will Either be Deported to Vermont or He Must Remain in Jail Until October For His Hearing on the Charge of Being a Fugitive

NEXT MOVE IN CASE UP TO PRISONER

Thaw Adopts His Same Old Tactics and Is on the Verge of a Break With His Attorneys—Guardian Is Rushing to the Canadian Town to Direct Affairs—William Travers Jerome Is En Route to Border Town to Represent New York—Rumor of an Attempt to "Rescue" Thaw Causes Jail Officers to Take Action

Sherbrooke, Quebec, Aug. 23.—Out of the tangle of legal red tape surrounding the case of Harry K. Thaw, detained in the Sherbrooke jail as a fugitive from Matteawan, there issued this afternoon what was understood to be an ultimatum from the immigration authorities. It was that Thaw, if he so elected, would be deported to Newport, Vt., as an undesirable after his arraignment in court here on Wednesday, and that then the Canadian authorities would wash their hands of the affair.

If he chooses not to submit to deportation he will be held here under the present commitment of being a fugitive and will not have a hearing, (should he drop his habeas corpus proceedings) until the October term of court.

This put the next step in the case squarely up to the prisoner himself, a situation said to be very pleasing to him.

His lawyers conferred with him all forenoon but with what result was not made known. Roger O'Mara of Pittsburg, reported to be on his way here to "sit on the job" for the Thaw family, had not arrived this afternoon and Thaw was still the dominant head of the proceedings. The uncertain status of his lawyers has not precipitated an open break, but it is understood that in the absence of any definite advice from the Thaws except to "do their best" they were marking time and listening patiently to Thaw's rambling advice.

Thaw Will Defend Thompson. After his admission of last night that he was the chauffeur that drove Thaw from Matteawan, "Gentleman Roger" Thompson kept his mouth closed today. Thaw, however, promptly issued a statement that he had retained counsel to defend Thompson and that he regarded the chauffeur as a "British subject," a victim of a false arrest.

As a matter of fact, Thompson is said to be the son of a Toronto policeman. For years, however, he has lived in New York City. District Attorney Conger of Dutchess county, New York, Deputy Attorney General Franklin Kennedy and others concerned in getting Stanford White's slayer back to Matteawan, are waiting developments, meantime exerting pressure on the Vermont authorities in anticipation of extradition proceedings in that state.

Thaw was very fretful today, particularly so over Roger Thompson's declaration that he had been "framed" into the Matteawan plot. His cell is near Thompson's, but they have not tried to talk to each other.

Letters and telegrams of encouragement are pouring in on the prisoner. But he is still without personal funds. His credit appears to be pretty good, though, for imported cigars, candy, fruits and other luxuries are piled on his cot and table. He had trouble sleeping last night and sent for the jail physician to give him a sleeping potion. By the time the doctor arrived at the jail, Thaw had fallen asleep.

May Not Have Hearing. Thaw will probably never have a hearing on the habeas corpus writ procured by his counsel, according to a statement by one of them today.

The date for this hearing has been set for next Wednesday, but the habeas corpus proceedings will be dropped before then if the latest proposal is carried out.

This is to have the writ withdrawn and permit Thaw to face trial on the defective charge on which he was committed to jail by Justice Dupuis at Coaticook. In this event, Thaw would appear before a magistrate and select the method of his trial, whether it should be by jury or by the court without a jury. Should he elect a trial by jury, his case would not ordinarily come up before autumn and a month or more of delay would consequently result. Whatever the verdict many months, perhaps years, of litigation could follow in appeals from the verdict.

During the life time of this litigation Thaw could remain in Canada, his lawyers believe, and they cite the case of Gaynor and Greene, who remained in Canada for years while their counsel fought legal proceedings to bring them back to the United States.

Whether this course will be adopted will rest in a large measure with Thaw himself.

Rumor of Attempt to Rescue. Rumors of a possible attempt to "rescue" Harry K. Thaw from the prison here so alarmed the provincial authorities today that Sir Lomer Gouin, premier of the province, telegraphed to Sheriff Aylmer asking that official to give his opinion as to whether the ordinary staff at the prison was protection enough against a "raid."

CAMINETTI FEARS THEIR TESTIMONY

Jerome Goes to Canada. Albany, N. Y., Aug. 23.—William Travers Jerome, appointed a special deputy attorney general to look after the Thaw extradition case, has been instructed to proceed at once to Canada in this connection. He will reach Sherbrooke tomorrow. This order came this morning from the office of the attorney general.

It caused considerable comment for the reason that when the announcement was made yesterday of Mr. Jerome's appointment as deputy it was indicated specifically that his particular duties would be in the line of inducing the governor of whatever state to which Thaw might be deported, to turn him over to the New York authorities. At that time, the attorney general seemed to be sure that Thaw would be returned to Vermont immediately after the disposal of the habeas corpus proceedings set for next Wednesday.

John Mack, who has been at Sherbrooke for the state authorities, came back to Albany this morning and had a long interview with the attorney general. The announcement that Mr. Jerome would go to Canada followed. The state authorities now admit that a long delay may ensue before they can secure Thaw's return to this country.

Church Services for Thaw. Sherbrooke, Quebec, Aug. 23.—That Harry K. Thaw will have Sunday service held in his cell is the announcement made by George M. McLeish, who is in the city representing the personal interests of the Thaw family and looking after the comfort of the prisoner.

"I endeavored to get permission from the judge to allow me to take Harry to church," said Mr. McLeish, "but this he declined to do. I will arrange, however, to have a minister visit him in his cell and conduct some of the services appropriate to the conditions. Mr. Thaw is a church member and has always been. His denomination is Presbyterian and I will accordingly try to have a Presbyterian minister visit him."

"Anything else that I can do to make the time pleasant for him will be done."

FRENCH TO SELECT SITE

Distinguished Delegation Leaves for San Francisco to Investigate Conditions Regarding Exhibits at the Panama-Pacific Fair

Paris, Aug. 23.—The French government today sent a delegation to San Francisco to take possession of a site on the grounds of the Panama-Pacific exposition for the French pavilion. The delegation is composed of M. Tirman director of expositions of the ministry of commerce; G. Roger Sanz, general secretary of the French foreign exposition association; M. Pellerin de la Touche, administrator of the French trans-Atlantic Steamship lines, and M. Savy, one of the government architects.

The commission left Havre today for New York on the Province and will be joined at San Francisco by the French consul general there, Henri A. J. Merou. The members will report to their government on a variety of questions relating to the exposition, and especially with regard to the protection of designs among the French exhibits, and to false labeling as French productions of imitations made in the United States.

While the French government has definitely decided to take part in the exposition, the extent of the exhibits and their variety, beauty and value will depend largely on the report of this delegation.

The French ministry of commerce today issued a note concerning the Panama-Pacific exposition in which it is said that although France was the first nation officially to accept the invitation to participate in San Francisco and that this was much appreciated in the United States, French industrial and commercial houses feel they cannot participate on the large scale they would desire without having adequate protection for their proprietary rights in marks and indications of the place of manufacture.

WILL BE TALLEST SKYSCRAPER

New York, Aug. 23.—A skyscraper whose topmost tower will rise 301 feet above the curb is planned by the Pan-American states association. The estimated cost of the structure is \$9,000,000.

The Woolworth building, now the tallest in the world, is 750 feet high; the Metropolitan, its nearest rival, 700 feet.

CARMEN STRIKE. Indianapolis, Ind., Aug. 23.—A strike of interurban trainmen on the four systems entering Indianapolis, went into effect this morning on the refusal of the interurban companies to reply to the request of the new union's grievance committee for arbitration of the men's demands for a five-hour day and higher wages. Police guarded every interurban car that went out of the city. There was no indication, however, of any trouble.

YOUNG DIES AFTER FIGHT

Wyoming Pugilist Succumbs From Effects of the Knockout by Jess Willard, the Heavyweight—Police Hold Promoters and Officials of Arena

Los Angeles, Aug. 23.—John W. (Bull) Young, Jr., the prize fighter, who was knocked out last night by Jess Willard, died at 9:25 this morning at the hospital where an operation was performed early today to relieve cerebral hemorrhage. The surgeons who performed the operation gave concession of the brain as the cause of his death.

Jess Willard, who had been placed under technical arrest after the fight last night, pending the outcome of Young's injuries, was taken into custody by deputy sheriffs on a charge of manslaughter immediately after Young died.

The promoters of the fight, Thomas J. McCarry and Al Greenwald and the referee, Charles Eytan, gave themselves up to the authorities when they learned of Young's death. It was said they would be held as accessories.

Los Angeles, Aug. 23.—That there was no hope for the recovery of John W. (Bull) Young, Jr., the heavyweight pugilist, who was knocked out by Jess Willard last night in the eleventh round of their scheduled 20-round bout at Vernon arena, was the announcement made today at a hospital where he was rushed after the contest.

An early morning operation on Young's skull, in an effort to relieve a cerebral hemorrhage, was at first pronounced a success, but hospital attendants declared a few hours later that the pugilist probably would die before the end of the day.

In addition to the hemorrhage of the brain, those attending the fighter declared that there were so many complications that it was impossible to enumerate them, although they deplored a report that his back had been broken.

When Young was knocked out last night and failed to revive, four physicians worked over him for thirty minutes while six thousand spectators stood on their seats and wailed for the outcome.

Cerebral hemorrhage was diagnosed and Young was hastened to a hospital where, at 1:15 this morning, a cranial operation was performed which promised hopefully at first. Later, however, all chance for recovery vanished.

Promoters Under Arrest. Those concerned directly in the fight were placed under technical arrest immediately after the seriousness of Young's condition became known. Earl Roger, the attorney for the Pacific Athletic club, under whose auspices the contest was staged, notifying the sheriff that he would be personally responsible for their appearance when desired. It was expected that more formal action would be taken.

The men for whom Rogers guaranteed appearance included Willard, Charles A. Eytan, the referee, and the promoters of the bout, Thomas J. McCarry and Al Greenwald.

Young, whose pugilistic career was limited to two years, first came to Los Angeles less than a year ago as sparring partner for the late Luther McCarty, who was killed in a bout with Arthur Pelkey at Calgary, Alberta, Canada, several months ago.

Young's father is a rancher at Glenn Rock, Wyoming. The fighter had promised his father that, if he was defeated by Willard last night, he would return to the ranch.

Dr. G. A. Scroggs, one of the surgeons who performed the operation on Young's skull, said this morning that the cerebral hemorrhage was caused by concussion when the fighter's head struck the canvas floor of the ring and not by the right upper cut to the chin with which Willard put him out.

GAYNOR'S OWN TICKET

Anti-Tammany Democrats Will Support New York's Mayor for Re-Election—Whitman Receives Democratic and Fusion Endorsements

New York, Aug. 23.—Mayor Gaynor's determination to run for re-election as an independent, guarantees one of the liveliest municipal campaigns New York City has seen in years. There will be three tickets in the fields—Democratic, Fusionists and Gaynor.

BANKERS TO AID WILSON

Committee of the National Association Discuss the Currency Bill and Make Recommendations to President—Suggest a Change in Federal Reserve Board

Chicago, Aug. 23.—When the committee on resolutions at the meeting of bankers to discuss a currency bill resumed its work today, there was little prospect that it would be able to report its findings until afternoon. It was said that the committee had agreed to suggest certain amendments to the Glass-Owen bill, as follows:

1. Eliminating the comptroller of the currency and the secretary of agriculture from the federal reserve board and fixing the personnel of the board at seven members, composed of the secretary of the treasury, three members appointed by the president of the United States and three members chosen by the bankers.

2. Removing the management of federal reserve banks from police by limiting the power of the federal agent or chairman of the board and clothing the bankers advisory board with a veto power.

3. Making membership of national banks in the federal reserve banks voluntary instead of compulsory.

4. Limiting the number of central federal reserve banks to five instead of 12 as provided in the bill.

It is regarded as probable that the meeting would result in the selection of a committee to go to Washington in the interests of the amendments which the bankers expect to agree on before adjournment.

A policy of conciliation and cooperation has been adopted by the resolutions committee of the conference. The bankers decided to make no effort to prevent currency legislation at the present session of congress, as advocated yesterday by James B. Forgan of Chicago. Instead it was decided to present a friendly criticism of the administration's bill with a willingness to compromise on those questions which are in debate.

The decision of the resolutions committee which took a recess at midnight, was eagerly awaited by the conference for its recommendations. In assuming this attitude, the committee followed the advice of George M. Reynolds of Chicago, who conferred with Secretary of the Treasury McAdoo.

Early in its deliberations the committee decided not to present to the conference the resolutions of its chairman, Mr. Forgan, and then took up the Glass-Owen bill, section by section. It was believed a report would be ready this afternoon and a warm discussion was anticipated.

Leaders Are Confident. Washington, Aug. 23.—With the so-called insurgent Democrats of the House banking committee routed by an eleven hour coup in which Secretary Bryan completely endorsed President Wilson's plan for the administration currency bill, the caucus today continued consideration of the measure and took up the re-discount features with the prospect of having the complete bill presented to the House early next week. Administration leaders were more confident of harmonious and speedy action.

El Paso, Texas, Aug. 23.—Although Pancho Villa and his rebels passed Modern southbound last Sunday, according to information brought here today by Americans, the federal supply trains for Chihuahua still are held in Juarez.

MEXICO MAY HAVE PEACE

Foreign Governments Are Using Pressure Upon the Huerta Government to Yield to the Demands of the United States

Washington, Aug. 23.—Foreign governments, some of which have recognized the Huerta government in Mexico, are exerting such pressure on it to yield to the demands of the United States that developments may cause President Wilson to defer the reading of his message to congress on Tuesday.

Administration officials took that view today. Dispatches from John Lind described a more conciliatory disposition on the part of the Huerta officials as a result of the senate debate here Thursday in which President Wilson was almost unanimously endorsed in his efforts to bring about peace.

President Wilson's insistence on the original proposals had the effect of demonstrating to Mexico the utility of sending an envoy, either Emilio Rabasa or Frederico Gamboa, to discuss the situation with President Wilson. The United States has informed Huerta that unless the envoy brought a favorable answer to the American note his mission would be fruitless. No envoy is now expected but the results of foreign pressure are expected to bring about important developments within a few days.

President Wilson meant practically completed his message to congress and read it over to Secretary Bryan late today.

Arms for Huerta's Forces. Washington, Aug. 23.—President Wilson has granted permission for the exportation of 2000 rifles and \$50,000 cartridges to the Huerta government. All but 1000 rifles which go to Vera Cruz from New Orleans, will be shipped from El Paso via Juarez.

Some of the latter already have gone. Although it was the first permission granted since June 25 and many applications have been turned down, it was declared no change had been made in the government's policy, and officials pointed out that the neutralized proclamation permitted the president to authorize shipments in his discretion.

Unofficially, it is said, the United States is not averse to having the Huerta garrison at Juarez well armed, to discourage attack or a battle on the border with its consequent complication. Neither is this government averse to seeing the line of communication between Vera Cruz and Mexico City kept open as an avenue of egress for foreigners in Mexico City.

No general shipments will be permitted.

Ship Arms to Mexico. El Paso, Texas, Aug. 23.—Permits were granted today, according to customs and military officials here, to the Huerta government to export 50,000 rounds of ammunition and 1000 rifles to Mexico. This is in addition to the 40,000 rounds of ammunition and 300 rifles permitted to cross yesterday.

Rebel sympathizers have telegraphed to congressmen at Washington protesting at the permission granted to the Huerta government.

WELSH DOES NOT DIG UP FORFEIT

Vancouver, B. C., Aug. 23.—Harry Pollok, manager for Freddie Welsh, is reluctant to post a forfeit for a match with Willie Ritchie on September 20 until he is sure that Welsh can condition himself for a contest. Hugh Springer, head of the local fight syndicate, announced today that, in response to Ritchie's repeated demand to have \$2500 forfeit posted, a meeting had been arranged for next Monday. Pollok said he knew nothing about such a meeting.

Ritchie is doing light training to keep in condition.

FEDERATION WITH STRIKERS. Calumet, Mich., Aug. 23.—John Mitchell, second vice president of the American Federation of Labor, arrived today to address the striking copper miners. Asked whether the American Federation of Labor will extend financial support to the strikers, Mr. Mitchell said: "You may state that the American Federation of Labor is in full and complete sympathy with the copper miners for better conditions."

KILLS WIFE AND SELF. Omaha, Aug. 23.—Robert Smith today killed his wife, Maud, by cutting her throat and then blew out his own brains. The Smiths had been separated since a meeting occurred at the home of Henry Penner, where Mrs. Smith was employed as housekeeper.
