## KIDNAPING OF A LITTLE GIRL

Child Five Years Old, Who Gives Her Home as Ogden, Found With a Strange Man on a Train Entering Lincoln, Nebraska—Was Placed on Train at Billings, Montana

Believing that a little Ogden girl has been kidnaped, the police of Lincoln, Neb., have been searching that city for an old man who had with him a five-year-old child when he left the Burlington depot last Friday afternoon. The remarks of the little girl to the passengers on the train have caused the belief that the little girl is being held against the will of herself and parents.

Eastbound passengers on Burlington train No. 44 observed an old man and a little girl get on the train at Billings, on Thursday. The little girl was neatly and cleanly dressed while the man was so unkempt as to cause remarks. During the time the train stopped at stations, a tight hold on the girl's arm was maintained by the old fellow which aroused the curiosity of the passengers.

Some of the travelers questioned the unkempt fellow but he maintained that the girl was his daughter. His

answers were such as to discourage conversation and he appeared to guard the child against talking with others.

The opportunity of interested passengers came when the man dozed shortly before Lincoln was reached. The girl, questioned, confirmed their fears, as she said: "That is not my father. My father and mother are in Ogden, Utah, and I don't know who he is. He said he was going to take me to my grandmother but I don't know where she lives. I think we are going off somewhere."

Convinced that all was not well, the conductor was notified. The train was then entering Lincoln. When the conductor and others went in search of a patrolman, the old man and the child disappeared. The Ogden police have heard of no missing child in Ogden and are puzzled over the occurrence. An investigation will be made.

### WRIGHTS' WRIGHTS' WRIGHTS' WRIGHTS'

## WHY GAMES ARE TRANSFERRED TO ZION

That the directors of the Ogden Baseball association have only the best interests of the fans at heart, but were compelled to transfer games to Salt Lake because of financial difficulties was the information given out today. It was pointed out that had not the games been transferred, it would have been necessary for the directors to call once more upon the business men and fans in general to clear the team of debt.

President A. P. Bigelow stated today that there were but few days during the northern trip when the \$75 guarantee was taken in at the gate. During the series at Missoula, the gate receipts averaged not more than \$45 a day. Even on Labor day, the admissions resulted in only a little more than the daily average. When the team returned to Ogden, there were the salaries of the players to pay. All the foregoing conditions made a heavy drain on the treasury. As the Salt Lake attendance is much heavier than that of Ogden and there is keen interest there over the pennant race, the directors decided to transfer two games there to decrease by the larger attendances the debt they are facing.

The association is working hard to make the benefit performance at the Ogden Thursday a success. Manager Walter Arrington of the stock company has generously agreed to turn over the entire box office receipts on that night to the treasury. The employees, including the musicians, ushers and stage-hands have donated their services. Even the light has been donated. Consequently the gross receipts will be turned over to the ball club.

"Mary Jane's Pa" is the drama to be presented. Even if the night were not a benefit, the production by the clever Ogden company is worthy of a crowded house. When the pleasing play and the benefit are combined, the attraction is one that should crowd the house to the doors. Several box parties have been planned and seats are rapidly being sold. The Salt Lake team came up from Salt Lake today for the three games with Ogden.

## FOOTBALL BOYS READY FOR DRILL

Coach Alonzo Romney of the Ogden high school called his football candidates together this afternoon and the suits, unworn since last Thanksgiving day, were removed from the lockers in the football room of the school and distributed to the huskies. Light preliminary practice was indulged in. The boys were warned to limber up for there will be some heavy drilling from tomorrow night on.

Eleven men who played on the first team last year have reported for football. This means that Ogden will have a fully seasoned team with which to start the season. The only member who has not registered at the school is Wallace Ruby, quarterback. He is now in Tooele, but has sent word that he will be here within ten days. The following are the other members of last year's team who reported today:

Claud Farr, captain; Harold Kay, Jack Tackett, Hon Mattson, Leo Cooney, W. Hastings, A. Jones, Byron Whittemore, Ralph Fuller, W. Glassmann and L. Lake.

At the meeting held yesterday, when Coach Romney called for candidates, a squad of 40 boys attended. Great enthusiasm prevailed. The coach explained his plans and he declared that absolutely clean playings will be demanded of all players. He urged his men to enter every game with only keen sportsmanship, never with the idea to injure any member of the opposing team.

Coach Romney is exceedingly popular with the boys who know his athletic record. He has been all-star football Sports writers declared him to be the best center in basket ball. He has run a hundred yards in 10 seconds and is one of the best short-steps in the state. Under him, the Ogden team is expected to make a great showing this fall.

the following described improvements, to wit:

To create Ballantyne avenue from 20th to 21st streets for a distance of 759.0 lineal feet, as a sewer district, and to construct therein a pipe sewer together with the necessary manholes, and to connect all with the manholes of the present sewer system, and to defray the whole of the cost thereof, estimated at \$300.00 by a local assessment on the lots or pieces of ground lying and being within the following district, being the district to be benefited or affected by said improvement, viz:

All the land lying between the outer boundary lines of said avenue and a line drawn 132 feet outward from and parallel to the said outer boundary lines. Said district to be assessed for the cost of putting in the sewer between 20th and 21st streets on Ballantyne avenue.

All protests and objections to the carrying out of such intention must be presented in writing to the city recorder on or before the 2nd day of October, 1913, at 10 o'clock a. m., that of the whole of the cost thereof, estimated at \$300.00 by a local assessment on the lots or pieces of ground lying and being within the following district, being the district to be benefited or affected by said improvement, viz:

By order of the board of commissioners of Ogden City, Utah.

Dated this 9th day of September, 1913.

H. J. CRAVEN, City Engineer.

#### COREMAKERS STRIKE

St. Louis, Mo., Sept. 9.—Five hundred coremakers employed at the foundry of the Commonwealth Steel company at Granite City, Ill., struck today. Men from a colony of foreigners rushed to take their places and a riot resulted in which several were hurt.

The strike was the culmination of a series of alleged grievances on the part of the employees of the mill. The men complained that they had been unjustly treated by watchmen. No demand for a wage increase has been made.

## STOLEN RIG IS FOUND BY OFFICERS

Sheriff T. A. DeVine has received information that the horse and buggy belonging to George A. White of Farr West, which was stolen from Sylvan park a few weeks ago, has been recovered at Preston, Idaho.

The Preston officers say that the rig was brought there by two young men, giving their names as William Robinson and Harry Desmond, who were placed in jail at Oxford, Idaho, for housebreaking but made their escape after they had served only a few days. The men are not known to the officers here.

It will be recalled that White's rig was tied near the Sylvan park dancing pavilion one evening while Mr. White's son attended the party and when the rig had disappeared it was thought at the time that a practical joke had been played.

#### Real Estate Transfers.
