YOKEL'S TRAINERS HATE THE GREEK

Salt Lake, Oct. 17.—Things are beginning to get warm in connection with the forthcoming championship wrestling match between Champion Chris Jordan and Mike Yokel, which Promoter Fred C. Crabbe has booked for the Auditorium on the night of October 27, and the fans will no doubt be treated to the greatest contest of this kind ever seen in this city.

The wrangling of the two men for the past couple of months over the division of the money promoters were willing to offer for the match had caused considerable feeling between the wrestlers and their friends and among the wrestlers of this city in particular who have been acting as training partners for the principals. It has gone so far that the men who formerly worked with Jordan when he was preparing for his matches have refused to work with him and have all gone over to help Yokel get in condition to trim the Greek.

This fact has so enraged the Greek that he sent to Detroit for his brother to come here and work with him and he says now that he will beat Yokel just to spite his friends, if nothing else.

The reason of this switch is no

doubt accounted for by the fact that when Jordan was training for his last bout with Yokel, several friends of Yokel's worked with him, probably because they thought he didn't have a chance with the local "Dutchman" and maybe because they thought they could get a line on the Greek's ability, but they found they could not learn anything of the Greek's style of wrestling, as he was too smart to show anything he had up his sleeve. When he beat the local pride they immediately vowed they would get even by doing all they could to help Yokel beat him when it came to a return match.

There is one thing that is gratifying to the promoter, Crabbe, and that is the fact that he has already received an order for about fifty ring-side seats to the match, which is nearly two weeks away. This undoubtedly establishes a record for an early advance sale. The orders came from the owner of a big sheep ranch in Wyoming and from Garfield and Idaho fans.

HARVARD HAS THE STRONGEST TEAM

New Haven, Conn., Oct. 17.—Today's issue of the Yale alumni weekly credits Harvard with having "unquestionably one of the most brilliant and strongest teams in her football history," and says Yale this year has a difficult task ahead of her on the gridiron.

FLOWER DIRECT WINS

Lexington, Ky., Oct. 17.—Two stakes were contested for yesterday at the Grand Circuit meeting, the Cumberland, for 2:05 pacers and the Blue Grass for 2:10 pacers.

Flower Direct won the former race after losing the first heat to Walter Cochato. In the third heat Longworth B. broke badly and collided with Walter Cochato. The gelding was distanced but was allowed to start in the next heat because of the accident.

Frank Bosnah, Jr., won the Blue Grass stake in straight heats from Det Rey and Herman Wenger, the latter being distanced in the final heat. The 2:15 trot resulted in a straight heat victory for Bright Ax, worthily pursued by Morine in the first and second heats and by Berka in the third.

The 2:20 trot, also a straight heat race, was won by Jim Todd, Fast Tramp taking second money.

NUNS FLEEING FROM MEXICO

Washington, Oct. 17.—Twenty Catholic nuns, members of the sisterhood of the Immaculate Word, are among the refugees now en route from Tampico, Mexico, to Galveston, Texas, on the oil tanker Hainant and Waneta. They fled from their institution at Monterey. The tanker also has as passengers sixteen British subjects, ten Mexicans and one American.

Consul Hanna at Monterey reported to the state department that he started on Monday with 155 Americans bound for Tampico, on their way to the United States. Mr. Hanna said the travellers were greatly fatigued having spent twenty-one days in making the journey from Torreon to Monterey.

Rebels Demand Money. Travelers arriving in Monterey from Torreon Monday brought word that property there had not been damaged up to October 7 and that Americans generally were well treated, although a loan of 3,000,000 pesos had been demanded of them. They said there was no foundation for reports about the killing of Spanish subjects in Torreon.

The department was informed yesterday of the closing by Mexican authorities of the bridge crossing Nuevo Laredo with Laredo, Texas. Passage is permitted only to bearer of passes from General Teles and railroad employees have been given notice they must stay on the Mexican side or seek employment elsewhere.

From Guadalupe it was reported that the Cinco Minas mines, representing an investment of \$1,500,000, had been forced to close. Two identified Americans are reported to have been killed at the works, which are owned by a company of which James W. Gerard, ambassador to Germany, is president.

WOMAN FIRST ARREST

Appleton, Wis., Oct. 17.—A woman was the first person to be fined in Outagamie county under the anti-gossip act. Mrs. Rosa Lohm yesterday paid a fine amounting to \$21.80 after pleading guilty to the gossip charge preferred by a Mrs. McDonald and Emma McDonald.

The anti-gossip act covers cases of "near slander."

WOODEN SHOES TO BE IN VOGUE

Infant Industry in United States Surprises the Forest Service Experts.

Washington, Oct. 17.—Wooden shoes may yet become the vogue in the United States, for an announcement by the United States forest service today declared the industry of manufacturing such footwear had "reached considerable proportions," while the wearers are not yet numbered among the 5 o'clock tea habitués or the darlings of the drawing rooms of salons, nevertheless the demands for foot covering peculiar to Holland is growing.

PLAY ON WORDS CAUSES FLURRY

Senators Confused on Airship and "Heirship Work" Storm For Explanation.

Washington, Oct. 17.—Proposal to increase the number of clerks "for airship work in the Indian office," brought a number of senators to the senate secretary's office today to learn why Senator Lane of Oregon had introduced a bill providing for such an innovation. The bill was read by title yesterday during the senate session and momentarily escaped the notice of argus-eyed members.

"What the dickens are the Indians doing with aeroplanes?" demanded one senator today.

"And why do they need clerks to keep the wobbly things in the air?" The senator was told that the reading clerk had read the title of the bill correctly, which provided for more help to clear up the "heirship work" that has piled up in the bureau of Indian affairs.

DIFFERENTIAL MAY BE REPEALED SOON

Washington, Oct. 17.—Japanese Ambassador Chinda called at the state department yesterday to inquire what would be the effect upon Japanese shipping of the adoption of the new tariff law which provides for a differential of 5 per cent on imports in American ships. Incidentally the ambassador directed the attention to the fact that the treaty of 1911 between America and Japan contained a favored nation clause which in his opinion would warrant the allowance of this differential to Japanese ships.

Acting Secretary Moore, said, pending an opinion from the attorney general construing the differential provision, the state department was unable to define the application of the law to foreign ships.

President Wilson told callers that he was aware of the opinion of the department of justice and indicated that he was considering the proposal to repeal the clause.
