

## WANTS POLES OF THE ELECTRIC LIGHT TAKEN DOWN

At the meeting of the city board of commissioners last evening the matter of an occupation tax from the Postal Telegraph company was again referred to the city attorney for consideration.

About a year ago an arrangement was to be made by which the telegraph company should furnish the city free telegraphic communication to the amount of about \$150 for the privilege of operating its business in the city, but the agreement has never been complied with, officers of the company contending that it was against the interstate commerce law to give away its service.

The city attorney stated to the board last night that he had communicated with the company, advising that in his opinion the city has the right to assess an occupation tax, but up to date he had received no reply.

On the recommendation of Commissioner J. C. Nye, the city recorder was directed to notify the Utah Light & Railway company to remove its poles and other obstructions from Spencer avenue, between Wall and Lincoln avenues, that the street may be repaired and used by the people of that section without hindrance.

The commissioner explained that the people of Spencer avenue had twice petitioned for a redress of grievances but that nothing had been done. He said he desired that if his recommendations were adopted, the order to move be enforced against the company instantly. It was his opinion that if the company could not be made to move from Spencer avenue, it could just as well fence up, or use other streets of the city and remain in possession for all time.

In explanation of the legal phase of the question, the city attorney said that it was questionable whether the city owns Spencer avenue, even though used by the city for some time. It was contended that the deed to the street was not vested in the city.

On the recommendation of Engineer H. J. Craven, fees in the sum of \$30 were refunded to W. J. Dallimore.

The city engineer reported that he had computed the protests against the building of sewer on Ballantyne avenue and found that 68.92 per cent of the property there is owned by the protesters, indicating that jurisdiction had been lost. Commissioner Nye was not satisfied with the computation and suggested that the matter be referred to the committee of the whole. It was finally concluded, however, to refer it to Mr. Nye.

City Attorney Valentine Gideon recommended that in the levying of assessment for the opening of Hudson avenue at the corner of the avenue and Twenty-fourth street, as petitioned for by C. E. Kaiser, it be made a claim against the entire property rather than individuals interested in

it. The recommendation was approved.

The city sexton reported the collection of \$216 in the month of November and the clerk of the municipal court reported his collections for the month to have been \$615.40 in fines and forfeitures.

The following payrolls were allowed and the auditor required to draw warrants for the several amounts:

Waterworks per diem	\$ 596.55
Sanitary department	171.25
Hauling shale	68.21
Street department	1426.08
Engineering department	1457.38
Cemetery	126.19
A. L. Harris, polltax fees	208.50
Miscellaneous	38.59

The petition of property owners, asking that the city protect the petitioners' water rights in the Bench canal at Twenty-seventh street was referred to the superintendent of streets. The petitioners claim that laterals leading from the canal to their gardens have been permitted to clog up and become useless, and they consider that it is the duty of the city to furnish them means of conveying the water from the canal.

## VETERANS TO GIVE DANCE TONIGHT

The Veteran Firemen of the city again have arranged for an "old time ball" and that it will be one of the most interesting social features of the season goes without saying. The party will be held in the Woodmen of the World's hall in the Fraternity building, on Washington avenue, between Twenty-third and Twenty-fourth streets.

No refreshments will be served, as the Veterans have placed the ban on that sort of program for their dancing parties.

It will be a real dancing party of the pioneer variety and those who attend will be welcomed.

The party will be given this evening beginning at about 8 o'clock.

## FLOATING DEBT SOON TO END

County Clerk Samuel G. Dye yesterday made the statement that by December 4 the entire county warrant debt would be paid off. This is made possible by the collecting of over \$500,000 for taxes from the property owners of the county.

Mr. Dye has set December 4 as the date for the payment of the outstanding warrants and the interest will end on that date whether they are presented for payment or not. The payment of the warrants will leave only the \$50,000 bonded debt of the county and for the payment of this a sinking fund will be created by the county commissioners. County Treasurer Joseph E. Storey, yesterday signed the official call for the payment of the warrants.

Of the \$504,251.07 collected for

state, county, city, road and school purposes for the year, \$132,910.55 is apportioned to Ogden, \$125,275.45 to the county, and the state will receive \$123,028.18. The portion assigned to the city schools is \$92,627.56 and the county schools will have \$47,220.99. The remainder will be for road levies. The several divisions will also receive a portion each of the taxes which are not yet collected, as soon as they come in.

Money will be deposited for the various funds in the following amounts: General fund, \$73,931.72; poor fund, \$9,842.25; mother's fund, \$4,912.12; county school fund, \$24,605.63; sinking fund, \$9,514.17; interest fund, \$2,460.56. The sinking fund was overdrawn in November for the redemption of bonds, and to replace the over-draft, \$1,685.82 will be drawn from the general fund.

According to officials, Weber county is in fine financial condition and its books show it to be in a better situation than any other county in the state.

## OGDENITES IN THE UNIVERSITY PLAY

An event of rare social as well as dramatic interest will be the production tomorrow night, of Mrs. Fiske's big comedy success "Mrs. Bumpstead Leigh." The play is to be given at the Orpheum theater by the University of Utah Dramatic club, under the direction of Professor Maud May Babcock.

The play in itself is one of many pleasing lines and the appearance of four Ogdenites in the cast for tomorrow night's presentation will give it much local interest. Of these, Miss Lila Eccles will essay the leading role and her friends predict a big success for her. The others are Feanetta Stephens, Edyth Barlow and Herbert Maw, all well known and experienced in amateur theatricals.

The club begins its present season in Brigham City tonight and will visit Ogden, Logan, Preston, Smithfield, Provo, Springville, Payson, Ephraim, Mant and Salt Lake City. The company includes, Lila Eccles, '14, Annie Staines, '14, Clara Giles, '16, Armored Dixon, '15, Edyth Barlow, '15, Jennetta Stephens, '14, Herbert Maw, '16, Henry Ruggieri, '16, and J. A. Peterson, '16.

Professor Maud May Babcock, who has directed every play produced by the club since its organization 18 years ago, will direct the production at all appearances this season with the assistance of Duane G. Hunt. The management is in the hands of Herbert M. Schiller and Roscoe Ashworth.

Special sections of the theater will be reserved for the students of the Ogden high school and the Weber academy and the students are preparing to attend the performance tomorrow night in a body.

**ADMIRAL SENDS NOTE.**  
Rome, Dec. 2.—Thomas Nelson Page, United States ambassador to Italy, received a letter today from Rear Admiral Winstow expressing his satisfaction at the reception given to the officers and men of the American battleships during their sojourn in Italy.

## CHILDREN'S BOOKS AT THE CARNEGIE FREE LIBRARY

During the next ten days an exhibition of choice children's books will be held at the Carnegie library for the benefit of parents and others who desire to give books to children as Christmas gifts.

The collection includes many attractively illustrated holiday editions of children's classics, as well as many less expensive books equally appropriate for juvenile readers, and also a number of recent books for children. These books may all be purchased in Ogden.

The importance of placing only the best books in the hands of children can not be overestimated, and it is the purpose of the library to help its patrons to accomplish this.

An excellent list with the heading "A Good Resolution—Two good books a year for my child," containing a list of books for a child for every year of his life until fourteen years of age, has been printed and will be distributed to those visiting the exhibit.

## Hair Doesn't Die—It Has To Be Killed

Hair often continues to live and grow long after the death of the body. But it is often killed through neglect or misuse. Almost always the woman or man whose hair is falling out, or is straggly, lifeless and dull looking, is entirely to blame because of not giving it the proper care. It is easy to take care of the hair—easy to make it more beautiful. Use Harmony Hair Beautifier, to make it glossy, soft and silky, and Harmony Shampoo to keep hair and scalp thoroughly clean.

Harmony Hair Beautifier, delightfully perfumed with true rose, is very easy to apply—simply sprinkle a little on your hair each time before brushing it. It contains no oil, and will not change the color of the hair nor darken gray hair.

To keep your hair and scalp dandruff-free and clean, use Harmony Shampoo. This pure liquid shampoo is most convenient to use, giving an instantaneous rich, foaming lather that immediately penetrates to every part of the hair and scalp, insuring a quick and thorough cleansing. It is washed off just as quickly, the entire operation taking only a few moments. Contains nothing that can harm the hair, and leaves no harshness or stickiness—just a sweet cleanliness.

Both preparations come in odd-shaped, very ornamental bottles, with sprinker tops. Harmony Hair Beautifier, \$1.00. Harmony Shampoo, 50c. Both guaranteed to satisfy you in every way, or your money back. Sold in this community only at our store—The Retail Store—one of the more than 7000 leading drug stores of the United States, Canada and Great Britain, which own the big Harmony laboratories in Boston, where the many celebrated Harmony Perfumes and Toilet Preparations are made.—Central Drug Co., Algona, Iowa.

2473 WASHINGTON AVE.

**LANE RECOMMENDS LAND RESTORATION**

Washington, D. C., Dec. 2.—Secretary Lane has recommended to President Wilson the restoration of entry of about \$7,000,000 in these counties in Washington. These lands were supposed to contain large coal deposits, but it has been found on examination by the United States geological survey that the deposits are insignificant.

The land is located in Whatcom, Skagit and Lewis counties and lies on the west slope of the Cascades and the chain at the foot of this slope. Application to purchase all of the land in Lewis county has already been made.

**WESTERN FREIGHT RATES EXCESSIVE**

Washington, D. C., Dec. 2.—Freight rates on grain, grain products and flax seed from western and northwestern points to Milwaukee, Wis., when the shipments are intended to the eastern markets and export, were attacked today before the interstate commerce commission by the Milwaukee Chamber of Commerce. The petition alleges that the rates, compared with those to Minneapolis for the east, are excessive, discriminatory and unlawful and a reduction is demanded.

**SEMI-CENTENNIAL OF REFORM WORKERS**

Pittsburg, Pa., Dec. 2.—Survivors of the little band of Christian workers who met in Pittsburg fifty years ago to form the National Reform association, were the principal speakers at this morning's session of the meeting to commemorate the semi-centennial of the organization. E. N. Blair, of New Castle, Pa., presided at the meeting of the prison reform section and Rev. Dr. A. J. McKerway of Washington, D. C., was the principal speaker at the child labor conference.

**TAFT TO SPEAK AT CONFERENCE**

Cincinnati, O., Dec. 2.—Delegates to the third annual national housing conference which will begin here tomorrow and will continue throughout the week began arriving today and it is expected that all will be here before some of the committees meet tonight. Former President Taft is to make a speech. Dr. Peter H. Bryce, representing the Dominion of Canada, is on the program.
