

# SPRING MILLINERY OPENING

We take pleasure in announcing for tomorrow and Saturday the Opening and Exhibition of our exquisite stock of Spring Millinery.

We here exhibit Ogden's first showing of millinery from the style centers of the east.

Those who appreciate the compelling beauty of original designs and style in Spring Millinery when seen at its best, will take unusual delight in viewing this rich and unique display, which will continue Friday and Saturday.

Your inspection invited.

## LAST & THOMAS MILLINERY

### W. W. HENDERSON HAS RESIGNED TO GO TO IDAHO

W. W. Henderson, principal of the Weber academy, last night tendered his resignation to the academy board, at its regular meeting. Mr. Henderson gave as a reason, pressing business duties in Aramo, Idaho, and the resignation is to take effect at the end of the present semester. There was present at the meeting, President David O. McKay, L. W. Shurtliff, Charles F. Middleton, John Watson, Thomas B. Evans and James Wotherpoon and all of them expressed the utmost regret at the prospect of losing Mr. Henderson.

### PROGRESSIVES FAIL TO APPEAR AT BRIGHAM

Brigham City, March 11.—The meeting held here yesterday afternoon of the Progressives of the county was very much slighted in the way of attendance. W. E. Cadmus, national organizer, representing the national committee, came here to meet with the Progressives and to deliver an address, but as the attendance was so small matters of business were deferred until some future date. A few prominent men discussed the plans of the party with Mr. Cadmus, and then decided to leave the matter of perfecting a local organization until some future time. Those present favored the establishment of a county organization.

### MOOSE ELECT OFFICERS.

Pocatello, Idaho, March 11.—The Local Order of Moose elected officers last night as follows: A. E. Wallace, dictator; L. B. Gordon, vice dictator; Joseph Foden, prelate; A. H. Martin, treasurer; F. W. Perry, inner guard; J. H. Watson, outer guard; E. W. Mooney, delegate to state convention; H. C. Peake, alternate; N. E. Peterson, trustee for three years; H. K. Higson, trustee for two years; secretary, J. Foster, incumbent.

### SILVER KING CON. ON DIVIDEND BASIS

The directors of the Silver King Consolidated of Park City have officially decided to place the company on a dividend basis of 10 cents a share quarterly or 40 cents annually. This will call for the disbursement of \$250,000 annually or \$2,500 a quarter. The first quarterly dividend under this arrangement will be posted April 1. This action was taken on the recommendation of President Solon Spire. Two dividends of 25 cents a share, aggregating \$312,500, were paid last year.

It was also decided to enlarge the power plant and to install an electric compressor and pump. The quarters for the miners are to be improved and made more comfortable, and additions are to be made to the ore bins in order that a larger tonnage can be handled at the surface. Teams have not been able to take the ore down to the sampler as fast as it was being extracted in carrying on new development work, and the congestion at times has been a handicap to the management in its underground operations.

### WILL TELL OF TIMPANOGOS.

Provo, March 11.—Fred W. Taylor will deliver his lecture on "Mount Timpanogos" Thursday evening in the Central school, and Friday evening in College hall. The lecture is illustrated by stereopticon views of the glacier and permanent snow fields, the lake, trees and flowers and scenic effects along the trail to the top of the mountain.

### C. P. BERRY PASSES

Provo, March 11.—C. P. Berry died this forenoon, following an operation for calculus and other internal ailments. He was 52 years of age, a native of Mississippi, and came to Utah twenty-one years ago. Mr. Berry is survived by the following children: Mrs. L. B. Berry of this city, J. W. Berry of Eureka and O. R. Berry of Carson, Kan.

### MRS. ROSETTA WHEELER DIES

Provo, March 11.—Mrs. Rosetta Wheeler of South Jordan died here today from subacute melancholia at the age of 40 years. The remains will be sent to South Jordan, where the deceased has relatives, for burial.

### MAY SOON RESUME WORK.

Provo, March 11.—Director Joseph Wirthlin of the Crown Point Mining company will go to Tintic this evening to look over the road to the mine. When his report is received it will be determined when work, for which an assessment has been levied, will be commenced.

### HAPPY COUPLE WILL MAKE HOME IN ZION

Denver, Colo., March 11.—If a woman will come that far for a man she deserves not only happiness, but every other good thing as well. That is what Chief Clerk Lail of the recorder's office told W. W. Green of Salt Lake City when he gave him a license today to marry Miss Buelah E. Shelton.

### COLONIZING NEAR SPRINGFIELD.

Pocatello, Idaho, March 11.—A large colony of Finlanders, comprising about thirty families from the Black Hills country of South Dakota, passed through Pocatello yesterday on their way to their new homes near Springfield, where they have purchased a large tract of land under the Aberdeen-Springfield ditch.

### SLAYS GIANT WOLF.

Provo, March 11.—George Averett collected a \$15 bounty on a gray or timber wolf, killed by him Sunday night at 11 o'clock in Hobbie Creek canyon. The wolf, which is of a variety almost extinct in this section, measured 7 feet 3 1/2 inches from nose to the tip of the tail. The wolf had killed several sheep and calves, and Mr. Averett, who has probably

### Write Stories For Moving Picture Plays

New, Spare-time Profession for Men and Women—One Man Makes \$3500 in Six Months.

Owing to the large number of new motion picture theaters which are being opened throughout the country, there is offered to the men and women of today, a new profession, namely that of writing moving picture plays. Producers are paying from \$25 to \$150 for each scenario accepted, upon which they can build a movie.

As it only requires a few hours' time to construct a complete play, you can readily see the immense possibilities in this work. One man, who gave the idea of a trout, writes that he earned \$3500 in six months. It is possible for an intelligent person to meet with equal success.

One feature of the business which should appeal to everyone, is that the work may be done at home in spare time. No literary ability is required and women have as great an opportunity as men. Ideas for plots are constantly turning up, and may be put in scenario form and sold for a good price.

Particulars Sent FREE. Complete particulars of this most interesting and profitable profession may be had FREE OF CHARGE by sending a post card to

Photo-Play Association  
BOX 158, WILKES-BARRE, PA.

### RETURN FROM CALIFORNIA

Pocatello, Idaho, March 11.—Mrs. W. N. McCarty and her mother, Mrs. Ben Falk of Anaconda, have returned from a visit to California, where they visited Mrs. McCarty's two sisters, Emma Greenburg in San Francisco and Rose Falk in Los Angeles.

### killed more big wild game—mountain lions and bear—than any man in the county, trailed it several days and nights before he came within shooting distance.

Provo, March 11.—Fred W. Taylor will deliver his lecture on "Mount Timpanogos" Thursday evening in the Central school, and Friday evening in College hall. The lecture is illustrated by stereopticon views of the glacier and permanent snow fields, the lake, trees and flowers and scenic effects along the trail to the top of the mountain.

### JAPAN GIVEN MEXICAN LAND

Washington, March 11.—News came by way of London today that Mexico and Japan have entered into an agreement whereby the former grants to Japan enlarged colonization rights in Mexico and extensive privileges on its Pacific seacoast.

This has all the appearance of the renewal of the Magdalena bay matter to which this government, under the Taft administration two years ago, put a sudden stop through an energetic American foreign policy and the reiteration of the Monroe doctrine, backed up by a solemn resolution of the United States senate.

If the Japanese government, or a corporation acting with the connivance and consent of Japan, revises this project, senators and representatives believe this administration will be brought face to face with a question larger and of more vital importance to the safety and welfare of the United States than that involved in the mere settlement of the disturbances in Mexico.

"This report," said a member of the foreign relations committee this afternoon, "should be immediately investigated by the administration. It involves a question that cannot be dealt with by 'watchful waiting.' Everyone knows that if colonization rights have been given to Japan the future peace and safety of the country is put in jeopardy. Japan, under such conditions, will populate whatever territory is granted her. In times of revolution or disorder that government would promptly land her own troops on the alleged ground of 'protecting her subjects.' What that would mean so far as the United States is concerned any sane man can answer for himself.

"Here certainly is a case where the Monroe doctrine is being violated. Mexico is flouting her contempt for the United States and her foreign policy in our faces. She is taking the first deliberate steps intended to make it impossible for the United States to bring on the Monroe doctrine without bringing on a clash between this country and Japan.

"Some astute politician has been giving the present government of Mexico advice in no better way could the situation be brought to a crisis than by pursuing the very course cabled from London. Colonization grants with other privileges strikes directly at this country."

"That the senate of the United States, without regard to party, will demand that the Monroe doctrine be upheld and enforced is shown by its past record. It acted promptly and energetically in July, 1912, when it passed the resolution offered by Senator Lodge relating to the Magdalena bay incident. The present case undoubtedly will prove to be a repetition of that incident."

The segregation of the Japanese in any district would, in the estimation of senators, mean a military camp for the benefit of Japan.

### FARM TRAM MAKING A SUCCESSFUL TRIP

J. W. Ellingson, chief clerk for J. H. Manderfield, assistant general freight and passenger agent of the Salt Lake route, who has been in Phoenix, Ariz., during the last week, where he was called by illness of relatives, returned to Salt Lake yesterday morning. On his way home he stopped Tuesday at Las Vegas, Nevada, where he visited the Salt Lake Route-Utah Agricultural college demonstration train. Mr. Ellingson says the train received a great reception at Las Vegas and members of the party were taken over the valley in automobiles and shown the country, much of which is now being irrigated from artesian wells.

The train yesterday was on its way from Las Vegas to Modena and will arrive there today. The entire day will be spent in lectures in the car and meetings, at which the interested farmers will be addressed by the agricultural experts of the party. Tomorrow the train will proceed to Milford.

The returning dates will be Milford, March 13; Delta, 14; Leamington, 15; Nephel, 16; Mona, 17; Canaan, 18; Payson, 19; Spanish Fork, 20; Provo, 21; Pleasant Grove, 22; American Fork, 23; Lehi, 24; Draper, 25, and Sandy, 26.

### BINGHAM TO BE GIVEN CLEANING

Brigham City, March 11.—A movement is on foot among prominent Commercial club members to organize a civic improvement organization for the purpose of cleaning up the city thoroughly. It is proposed by the instigators of the movement to have committees appointed in each of the four city wards to work under and in harmony with the Commercial club, and in this way the club anticipates a greater amount of benefit from the movement. The plans not only provide for cleaning up the city from a sanitary standpoint, but also propose to close up all gaps in the business section, thereby keeping from view undesirable back yards. The public parks and squares will receive special attention, as the city will be asked to improve these.

### CONTEST FOR GIRLS.

Logan, Utah, March 11.—Beginning next Monday evening a contest to decide the championship among girl swimmers of the school will be conducted at the Utah Agricultural college. It will continue for three weeks under the direction of Miss Mary Johnson, the instructor in physical training for women.

The contest will be given to determine the endurance of the girl swimmers. The one who can stay on top of water the longest, either by swimming or treading or both, will be declared champion. Tests in the art of swimming the various strokes will also be included in the contest.

### BEAUTIFUL PRESENTS FOR LADIES AND GENTLEMEN.

Gentlemen: Ladies' hand bags, for shopping \$1.50 each. Ladies Sewing baskets \$1.50 each. Dolly mats \$2.50 dozen, all different colors and designs. Chinelas or Bath Slippers, Made from Hemp fiber, heavy soles, will not slip on wet surface, neither absorb water \$1.00 pair.

Cushion covers for Carriage or Automobile seats \$2.50 pair. Cigar and Cigarette Cases \$2.00 each.

Excepting Chinelas—these articles are all hand woven from Bury Palm fiber, each of these speaks itself and makes a very choice gift. Satisfaction or money back. Reference: Manuel Quezon, Resident Philippine Commissioner to U. S. Congress, Postpaid duty free.

PATTINGELL & CO.  
Lucena, Tayabas, P. I.

### LIGHT CONTRACT MADE

Provo, March 11.—A contract was entered into today between Provo city and the Utah Power & Light company for fifty 6.6 ampere luminous 610-watt lamps to be furnished for city street lighting at \$5.59 each per month. The lamps will be placed on the following streets: Fifth West, Third West, Academy avenue, Center, Third South and Fifth South. The power company will remove the poles from the center of the streets on which the new lights are to be placed.

### FEDERAL COURT IN SESSION

Pocatello, Idaho, March 11.—Most of the time of the federal court so far has been taken up with applications for citizenship. The first four indictments by the grand jury were returned yesterday afternoon as follows: Ralph Zuleit, selling liquor on reservation, entered a plea of guilty; M. Gonzalez, selling liquor to Indians, entered plea of guilty; Bat Overa and Joseph Montez, selling liquor on reservation, entered pleas of not guilty. Other liquor cases are being investigated at present and the next case to be taken up will be the robbery of a substitution postoffice.

### MURRAY BOUT GOES 20 ROUNDS TO DRAW

Salt Lake, March 12.—Twenty rounds to a draw was the way the match went at Murray last night between Gilbert Gallant of Boston and Danny O'Brien of Seattle. Particulars of both men protested the decision vehemently, but the protest probably would have amounted to a near riot if the decision had been given to either of the boxers.

The bout was acceptable from the spectators' standpoint, but it was far from enthusiastic or exciting. Neither man had a haymaker to deliver and the match might have gone another ten rounds without serious danger to anyone except the referee. Albert O'Brien probably will nurse a sore set of kidney muscles for several days and Gallant has a badly swollen left eye to remind him of the little fracas.

### WILL PRESENT COMEDIES.

Logan, Utah, March 11.—The Utah Agricultural College Dramatic club will present three Irish plays at the Lyric theatre here next Monday and Tuesday evenings, under the direction of Miss Sarah Huntsman, elocution instructor of the college. The three plays are among the most popular in the repertoire of the Dublin players during their New York and Chicago engagements.

The plays to be presented are Lady Gregory's "Spreading of the News," "The Rising Moon" and William Butler Yeats's "Pot o' Broth." All three are comedies. The student actors have been working diligently on their

### FORMER TESTIMONY IS DECLARED FALSE

Denver, Colo., March 11.—Compelled to testify in the divorce suit of Maude Stock against Joseph E. Stock, a Casper, Wyo., oil operator, Mrs. Esther Nelson, who is named as co-respondent by Mrs. Stock, today in District Judge Denison's court testified that Mrs. Stock had taken her to her home and kept her against her will more than a month in order to use her as a decoy for Stock in gathering evidence against him to be used in her divorce action.

Mrs. Nelson was obliged to appear before the court or suffer punishment for contempt. As a result of her alleged associations with Stock, Mrs. Nelson's husband, a Casper business man, has instituted suit for divorce. Mrs. Nelson, a girlish young woman, declared the statements she previously made are false.

### UTAH FIVE DEFEATS WYOMING UNIVERSITY

Laramie, Wyo., March 11.—Utah defeated Wyoming here tonight in one of the fastest basketball games ever seen in this city. The score was 41 to 25. At times the game was a little rough, but in the main it was smooth. The Utah team is congratulating itself in preparation for the games beginning at Boulder with the University of Colorado tomorrow.

### BODY IS RECOVERED

Idaho Falls, Idaho, March 11.—While working on a dam about three miles south of Idaho Falls on November 29 last, William Hill fell into Snake river and was drowned. Every effort was made to recover the body, but without avail. Yesterday afternoon a boy named Johnson saw the body going over the dam of the Gem State Power company and sent word to parties at Shelley to watch for it. It was recovered a short time after and brought to Idaho Falls, from where it was taken to Rigby, Mr. Hill's home.

### DID YOU GET A SONG BOOK?

They Are All Gone Now—Not One Left at The Standard Office—We Can Get a Few by Mail If You Will Pay the Postage.

The Standard had consigned to it one thousand of the books with songs that "Never Grow Old" and they were offered at 79c and 99c each. They are all gone. We will receive no more of the books. But we have arranged to have mailed direct to subscribers from New York not exceeding two hundred more of the books, but the purchasers will have to pay the postage in addition to the cost of the books. Seventeen cents extra for the paper covered book and 20 cents extra for the cloth covered book. This offer is only good for the month of March 1914.

Remember you can only get the books now as follows:

The paper covered book for 95 cents, and the cloth covered book for \$1.20, mailed from New York City.

Don't delay if you want one of the books. You must pay in advance for the books at The Standard Office.

### PLAN SANITARIUM.

Provo, Utah, March 11.—The Utah Power & Light company will in the near future move its dispatcher's office from Olmsted to Salt Lake. There is a movement on foot by Provo doctors and business men to secure some of the buildings at Olmsted and conduct a sanitarium there. The place seems admirably adapted for the purpose. The surroundings are attractive with pure air, canyon breezes, mountain scenery and an inspiring view of the valley and lake and Olmsted itself is a beautiful park on an island in the Provo river.

The buildings were erected by L. L. Nunn, while he was at the head of the Telluride Power company, for the purpose of conducting a school in electrical engineering for the young men he drew around him and who constitute the Telluride association, but with the property at Olmsted passing to the Utah Power & Light company, there is no use of
