SEARCH FOR 3 BOYS SUPPOSED TO BE DROWNED

Residents along the Ogden river, between Adams and Lincoln avenues, were greatly alarmed last night and this morning over the report of the drowning of three boys, between the ages of 11 and 14 years. Two were sons of Mrs. M. Cowlishaw, of 1884 Washington avenue, Frank and Paul. The other is a son of C. I. Hallstrom of 1233 Grant avenue.

The Cowlishaw boys were at home last night at supper time and later went out, with the apparent intention of going to a moving picture show. They failed to return, however, and a search was instituted for them. It was known that they, in company with other boys, had been in the habit of boating on the Ogden river, and after a search of the resident district along the stream, the relatives of the Cowlishaw boys learned that the Hallstrom boy also was missing, and the parents joined in a search along the river. They found the boat, which had been used by the boys, tied up at the point on the river where it was usually kept and the lessened their fears to a great extent and this morning the boys were seen. They had not returned home this afternoon, however, but the parents believe that they have remained away only through qualms of conscience. It is presumed that they passed the night in the old Denver & Rio Grande freight house on Washington avenue.

BAMBERGER ROAD MAY BUILD NEXT TO POSTOFFICE

A deal, involving the sale of a piece of land adjoining the new Knights of Pythias building on Grant avenue, to the north, and having a 50-foot frontage, has been consummated through S. S. Smith.

BOYS PLAY BANDIT AND START FIRE IN A HOUSE

Officers are engaged this afternoon in a boy chase which leads into the high cliffs directly east of the city at the head of Twenty-fourth street. Last evening three youngsters, ranging in age from 14 to 16 years, appeared at the home of M. Clothier, 1884 Cahoon avenue, and, representing themselves as hungry travelers, on their way to Huntsville, asked for and were given a meal. They were armed with .22 caliber rifles and were warmly dressed.

About midnight members of the Clothier family saw the reflection of a fire in a nearby vacant building owned by Miss M. Guernsey and later the boys were seen emerging from the structure, proceeding toward the cliffs. When an investigation of the premises was made, a fire, which had been built on the board floor, was found to have burned its way through the flooring.

KITTY KNIGHT HOLDS DOWN THE OGDEN BATTERS

Manager Gimlin of the Ogden baseball club is superintending the installation of a heating plant at the clubhouse in Glenwood park and the players have taken advantage of this fact by going out to the Utah Hot Springs for a "boil out."

Yesterday the players were formed into two teams, under the names of Regulars and Colts and played each other to a standstill for nine innings, the regulars winning out in the tenth by the score of 10 to 8. In four innings pitched for the Colts, Kitty Knight did not allow the Regulars a hit and Allen, pitching for the Regulars, went him two innings better with the same kind of tossing. Allen is a local amateur and his work yesterday proved him to be possessed of class.

DEAL CLOSED FOR THE SITE OF CEREAL FACTORY

Through the broad policy of M. S. Browning, the local capitalist, in the upbuilding of Ogden, the property selected by the site committee of the Utah Cereal Food company as the most desirable one for its factory, was today transferred to that company for what was stated by members of the committee, to be an extremely small consideration, according to the actual value of the property.

The deal was consummated through Willard Kay, William Allison and James M. Carlson, acting as a committee from the Weber club, to secure the big cereal plant for Ogden, and Directors J. A. Hendrickson and Lon J. Haddock of the Cereal company.

The Browning property was chosen from among a large number of other sites in the city and state and consists of approximately 2 1/2 acres of land, fronting the Union Pacific tracks on Pacific avenue, between Twenty-eighth and Twenty-ninth streets.

THOUSANDS OF TREES TO BE PLANTED IN THIS STATE

C. N. Woods returned yesterday to his home at Hailey, Idaho. He reports that the spring is opening very favorably in central Idaho; that field work will probably commence in that region by May 1. About that time S. E. Locke, who has been engaged in the local district office during the winter, will proceed to Hailey with Mrs. Locke and their little daughter. Mr. Locke will have direct charge of planting 75,000 fir and pine trees on the Sawtooth forest.

Eight hundred and ninety-one thousand trees are to be planted this spring on 1000 acres in the national forests of Utah and southern Idaho, of which more than half are Douglas fir; a little over one-fourth yellow pine; one-tenth lodgepole pine, and small quantities of Norway spruce and Engelmann spruce.

These trees are produced in three nurseries, near Pocatello, Idaho, and Salt Lake and Kamas, Utah. It is planned to grow 2,000,000 seedlings at each of these nurseries the coming season.

There was much suppressed excitement in the Madison and Grant schools on the eve of the battle royal that is to occur tomorrow between those institutions of learning when 45 boys and girls from each of the high fifth grades meet in a spelling match at the Grant at 2:30 o'clock tomorrow afternoon.

Each school has won honors in these contests and now the big event is to determine to whom the championship is to be awarded.

There will be a large gathering of parents to witness the spelling match.

The operation, which was in charge of Professor John Wilhelm Berg, a well known Swedish surgeon, lasted two hours. It was announced afterward that the king's condition was satisfactory, although his majesty was weak.

The queen occupied an apartment in the hospital during the operation and will stay there until the king is convalescent.

NEW JEKYL-HYDE IS DISCOVERED

New York, April 9.—Edward Mendel, a modern Jekyll-Hyde, who was a respected steel and iron merchant in Newark, N. J., by day, and a thug in New York by night, was today sentenced to spend eighteen years in Sing Sing prison. Mendel, who in Newark was a member of many fraternal orders and clubs, lured Mrs. Pauline Koetzel to an upper west-side freight yard in New York and there tore her diamond earrings from her ears. He was captured as he was running away from the yard.

In court later three other women identified him as the thug who had similarly assaulted and robbed them. Many letters and petitions from Newark clubs and associations came to the judge who sentenced Mendel. All these insisted some mistake had been made.

Morden, Man., April 9.—John Krafchenko, whose exploits with the Winnipeg and Provincial police have made him notorious throughout western Canada, today was found guilty of the murder of Manager H. M. Arnold of the bank of Montreal branch at Plum Coulee. The jury was out less than two hours.
