WINDOW ENVELOPES MUST UNDERGO A CHANGE

According to a notice received by Postmaster W. W. Browning yesterday, local business houses that are using so-called "window" envelopes for their correspondence will find it necessary to have them made somewhat different than at present in order to comply with an amendment to paragraph 8 of section 469, postal laws and regulations, edition of 1913. The amendment reads as follows:

"So-called 'window' envelopes, having an opening or a transparent panel in the front through which the address upon the inclosure is disclosed, are allowable under the following conditions:

"a. The window shall be parallel with the length of the envelope; and to allow space for postmarking and for change of address, it shall not occupy any space within 1 3/8 inches from the top nor within 3/8 of an inch from the bottom or ends of the envelope (effective July 1, 1914.)

"b. Windows shall not be colored and shall be made or treated so as to be as transparent as possible.

"c. All window envelopes shall bear the return card of the sender."

CITIZENS CALLED TO SERVE AS JURORS IN COURT

The plan of calling thirty-five talesmen to serve as jurors in both divisions of the district court has proved to be unsatisfactory and the judges have gone back to the old plan of each court drawing its own venire, twenty for each division. Those who appeared in Judge Howell's division this morning were:

Andrew J. Anderson, Robert Shipley, Sam P. Brooks, Dan Pugh, J. P. Corey, Seth J. Griffin, Lawrence W. Malan, W. H. Harris, Asel A. Nylander, G. W. Murphy Jr., B. J. Griffin, John Smeding, Theodore Kuchler

COMPANY WINS SUIT OVER BRAND ON GOODS

In a judgment rendered by Judge George G. Armstrong in the district court in Salt Lake yesterday in the case of the Goddard Pickle & Preserve company of Ogden against the Rose Pickle company, J. C. Rose and Dr. J. T. Keith, the Rose Pickle company is restrained from using a rose brand, roses or pictures of roses on the label or otherwise on the containers of their products.

The order further instructs the sheriff to seize and destroy all labels with pictures of roses on them in the possession of the Rose Pickle company.

The action of the Goddard Pickle & Preserve company against the Rose Pickle company was tried before Judge Armstrong six weeks ago. The matter was submitted on briefs and taken under advisement until yesterday. Dr. Keith filed an affidavit that he was the owner of the brand, but it was shown that the plaintiff, the Goddard Pickle & Preserve company, was the first registered user, giving it prior rights.

NEW HOMES ARE TO BE ERECTED IN THE CITY

Gus Thorn has begun the construction of a residence on Grant avenue, between Fifteenth and Seventeenth street, that will cost in the neighborhood of \$1500.

L. J. Reeder is erecting a dwelling on Thirtieth street, between Jackson and Van Buren avenues, that will cost \$2000.

On Twenty-fourth street, between E street and the city limits, J. L. Yeaman has begun the erection of a residence that will cost in the neighborhood of \$1200.

PAVING TO BEGIN ON TWENTY-FIFTH STREET

This morning the city board of commissioners authorized the publication of notice to contractors calling for bids for the repaving and reguttering of Twenty-fifth street, from Washington to Wall avenues, and Wall avenue between Twenty-fourth and Twenty-fifth streets, the bids to be considered May 28 and construction work to begin immediately thereafter.

This action was taken on the recommendation of City Engineer Washington Jenkins who reported that the plans and specifications have been prepared and are ready for consideration by the contractors. The pavement shall be of asphalt 2 1/2 inches thick, placed on a concrete base 6 inches thick. The estimated cost is about \$22,000.

The treasurer was instructed to transfer \$25,000 from the waterworks to the general fund.

ANNOUNCEMENT

Mr. J. W. Davies, formerly of Huntsville, wishes to announce that he has taken over the Ogden Feed yard, which has been thoroughly remodeled and added a ladies waiting room. Your patronage is solicited. Service guaranteed. Saddle, driving and work horses for hire.—Advertisement.

EDUCATORS HOPE TO COMPLETE TASK THIS WEEK

The five educators who are making a survey of the Ogden City schools have put in two solid days in looking into conditions at the different schools and in gathering data pertaining to the financial condition of the municipality.

It was seen today, Professor George A. Eaton of the commission stated that, according to the agreement made among the members of the commission to the effect that nothing pertaining to their findings should be made public until the final report was completed, he could not say much about the work that was being done. He expressed the hope, however, that the survey would be completed this week, as it is hard for him to be away from his school at this time of year.

It was inferred, during the conversation, that the commission was delving deep into the local educational situation from every point of view, with the idea of finding out what was needed to improve the school system and how well the community would be able to supply the improvements.

The members of the commission are holding informal meetings daily, exchanging views as to their findings, and without attempting to draw conclusions, that part of the task being left until all the information is ready to be summed up.

Professor Eaton stated that he and his fellow commissioners, individually and collectively, have been visiting the different schools, without previous appointment with the teachers or principals and that any information asked for had been freely given them. He also said that thus far no preparations had been made for further public meetings, that being left to the request of the citizens.

WATER VAPOR THEORY PROVEN

Boston, Mass., May 7.—The theory of the existence of water vapor on the planet Mars was confirmed by spectrograms taken at Lowell observatory, Flagstaff, Ariz., according to an announcement given out last night by Dr. Percival Lowell from his offices here.

The statement says that while the amount of water is difficult to determine, the estimates place it at about one-third that of atmosphere of the earth.

UTAH CONSTRUCTION COMPANY GETS A BIG CONTRACT

Contracts for the Snake River bell line of the Oregon Short Line in Idaho have been awarded to the Utah Construction company of Ogden.

The new work calls for 72 miles of grading and will extend from near Idaho Falls to St. Anthony and on to Menan.

Equipment is now being made ready in the local yards of the construction company for shipment to Idaho Falls.

The steel already has been ordered and the ties are being made in northern Idaho and Wyoming. A force of men sufficiently large to complete the grading during the summer will be put to work at once and it is the intention of the railroad to lay the steel as fast as the grading progresses.

The twenty-four miles of track will open up a rich agricultural section of eastern Idaho, which heretofore has been compelled to haul the products of the farms from ten to twenty miles to St. Anthony and other points on the Yellowstone branch and main line of the Oregon Short Line. On the east bench of the valley there has been more than 125,000 acres of land taken up by dry farmers during the past eight months and crops are already planted.

The building of the Upper Snake Valley loop was authorized by R. S. Lovett, chairman of the executive committee of the Union Pacific system, on his visit to Utah during December. It was at that time he definitively announced that the Oregon Short Line would not build the Burye cutoff, but would look toward the development of new territory. E. E. Calving, general manager of the Oregon Short Line, drove over the greater part of the country which the new lines passes through about three weeks ago.

ATTENTION KNIGHTS OF PYTHIAS

Thursday evening, May 7, our new castle hall will be formally opened. Good speaking, music, and refreshments, will fill the evening. All sojourning Knights are cordially invited. S. D. Rideout, Chairman Committee.—Advertisement.

STREET CARS BEING RUN OVER THE NEW LOOP

Trolley men, putting in extra time last evening, made it possible to operate cars over the Twenty-fourth street loop this morning. All Twenty-fifth street cars west of Washington avenue were detoured over Twenty-fourth street and this service will be continued until the roadbed on West Twenty-fifth street is completed.

The contract for doing the concrete work has been let to the Lynch Construction company of Salt Lake and the little gasoline concrete mixer, manned by a number of workmen began its chug-chug this morning. The contract provides that the work must be done before Decoration day.

Deaths and Funerals

FARNLUND—The funeral of Daniel Farnlund Sr., will be held tomorrow at 1 p. m. in the Hooper meeting house. The body may be viewed at the Lindquist chapel this afternoon and tomorrow until 10 a. m. The interment will be made in the Hooper cemetery.

PARKER—The funeral of Mrs. Clara Lock Parker was held yesterday afternoon at the First ward meeting house. Bishop D. H. Ensign presided and the speakers were Bishop N. A. Tanner, Samuel Danford, Edgers Purrington and Danborough. Edgers Purrington and Danborough and Bishop Ensign. Special music was furnished by Mrs. Bernice Glazier.

MURDER IN THE FIRST DEGREE IS CHARGED IN COMPLAINT

Peter Demetre is to stand trial on a charge of murder in the first degree this morning with the clerk of the municipal court.

The complaint was sworn out by Detective George Wardlaw and charges Demetre with killing Frank Kargis on the night of April 29, 1914. Demetre stabbed Kargis five times in the neck and back and death resulted within less than half an hour.

HEAVY WORK ON THE STREETS ON THE BENCH

The basement for the new asphalt plant on South Adams avenue, near the city limits, is practically completed and it is planned by the J. P. O'Neill Construction company to place the machinery immediately on its arrival, which will be within the next few days. Three cars of asphalt are on hand and other material will be assembled shortly.

The steam loader was removed from the grading work on Twenty-fifth street, between Washington and Adams avenues, today and placed in operation between Madison and Monroe avenues, immediately south of Lester park. It is said that all the grading will be done this week and that on Monday morning extensive concreting will begin.

The contracting company has begun on the street car roadbed near Harrison avenue, and the line from Washington to Harrison will be covered by the last of this month. Manager O'Neill says all the concrete work will be done by June 1, at which time the paving of asphalt will begin.

The city commissioners say that when Twenty-fifth street is paved from Wall to Harrison avenue, it will be one of the prettiest and most substantial streets in the state. It covers a distance of about a mile and a half and traverses the busiest part of the city and intersects the best residence section.

BRIGHAM COMMERCIAL CLUB DANCE.

The success of the Box Elder Commercial club of Brigham City when it engages in social diversion was manifested last evening when the members entertained at one of the most elaborate functions ever held in their city, to which an assemblage representing nearly all the important cities of the state had been invited. Of the 600 persons present, over one hundred were Ogdenites. President Joseph Scowcroft, and many other prominent members of the Weber club were in attendance. Several Ogden parties motored to the city in the afternoon, dining at Brigham before attending the dance, which began promptly at 9 o'clock with a fifteen-piece orchestra furnishing music for the following program of dances: two step, "Days of Glory"; waltz, "Gypsy Love"; two step, "Some

Smoke"; waltz, "Frulingskinder"; two step, "Get Out and Get Under"; waltz, "Rocky Mio"; two step, "Porters on Parade"; waltz, "Idle Dreams"; two step, "Creole Belles"; waltz, "Valse Boston"; two step, "La Conchita"; "Night of Gladness"; Hesitation; two step, "Sailing Down Chesapeake Bay"; waltz, "Heart Strings"; Maurice Tango; waltz, "A Toi to Thee"; two step, "Never Too Much"; waltz, "Summer Evening"; one step, "La Moustarde"; waltz, "Au Revoir."

R. Kaiser as chairman and Dr. R. T. Willey, W. Anderson and A. B. Mathias had the affair in charge and a unique decorative scheme was perfectly carried out with numbers of vari-colored pennants, and shields representing different business concerns of Brigham City strung overhead, the entire length of the auditorium. A feature of the entertainment was the service of delicious punch and confectionery.

Unique program cards were distributed on the inside of which were a number of verses, witty "take-offs" on members of the Commercial club. Ogden people wore red ribbon badges with the inscription "Ogden: Is With You" printed on them and received the hospitality of the 175 members of the Commercial club members.

From the success and popularity of the dance it is presumed that many such affairs will be given in the future.

PRETTY WEDDING OCCURS.

An interesting wedding took place last evening when Harold Tribe Goddard and Miss Agnes Pife Farr were united in marriage at the home of the bride's parents on Canyon road.

Promptly at 8:30 o'clock the bride, daintily gowned in white crepe de meteor and shadow lace, and the groom wearing conventional black, entered the parlor where beneath a bower of spring flowers, smilax and fern from which was suspended a huge wedding bell of pink carnations, Elder Harry Hales performed the beautiful ring ceremony. Only the immediate families and a few intimate friends of the couple were present, and following the ceremony were escorted to the dining room where a most temptingly prepared course dinner was nicely served. In the dining room an effective decorative
