BUSINESS MEN TO VISIT WILSON

J. P. Morgan Discusses General Conditions at White House With President.

SERIES OF MEETINGS

Henry Ford Next in Line to Hear Chief's Exposition of Views of Big Business.

Washington, July 2.—J. P. Morgan had an engagement at the White House today to discuss general business conditions with President Wilson. It was the first of informal conferences the president plans to have with industrial and financial leaders, within a short time.

Next week the president will have an informal conference with Henry Ford, the Detroit manufacturer, who will be entertained at luncheon at the White House. It was said the president had invited Mr. Ford.

Officials close to the president said Mr. Wilson would take such an opportunity to outline his views to the heads of big business in person.

Mr. Morgan's engagement was more or less of a surprise to those who have observed the course the president has taken since he entered the White House in having conferences with captains of industry. It has been pointed out that Mr. Wilson has received the big business men of the country less frequently than his predecessors. In fact, had not been asking their advice at all on legislation affecting business as many other presidents have done. When the currency bill was in passage through congress, the president even declined to receive some members of the Morgan firm.

By a series of informal conferences with leaders of industry and finance, of which those with Mr. Morgan and Mr. Ford will be the first, it is the idea to show that the president is approaching the subject with an open mind, willing to hear the views of big business first hand and outline his own views in return.

New Haven Suit.
Although there are other subjects interesting Mr. Morgan at present, in which the government has a part, it was said today's talk was to be a personal one on business. The interstate commerce committee's report on its investigation of financial affairs of the New Haven railroad is nearly ready for submission to the senate, and the time is drawing near to July 15, the date which President Wilson and Attorney General McReynolds have agreed on filing the anti-trust suit for the dissolution of the New Haven merger. The Massachusetts legislature takes certain action which is necessary to a dissolution and which has been recommended by the attorney general and Chairman Elliott of the New Haven board. Whether those subjects were to enter into today's conference was not known.

Harrington and Valasco Farr were empaneled this morning as jurors in the case of the Studebaker Brothers company against H. H. Thomas, Jr., which is being tried in Judge J. A. The company also claims a lien on the machine as provided for in the note, which is a conditional instrument. Mr. Thomas contends that the machine was not what it was represented to be.

ALTERATIONS ARE MADE IN LOCAL POSTOFFICE

The alterations in the west room of the postoffice were virtually completed yesterday and the registry and parcel post windows are now reached by a hallway at the west side of the money order department. CARRANZA NOTE MADE PUBLIC

Chief of Constitutionalists Must Faithfully Carry Out Plan of Guadalupe.

ASKS FOR MORE TIME

Must Await Answers From Companions in Arms Before Appointing Delegates.

Niagara Falls, July 2.—The last note from General Carranza which was in reply to a communication from the mediators under date of June 12, was made public today. It says:

"A confidential agency of General Carranza at Washington has replied to the note of the mediators addressed to him June 12 stating:

"The chief of the constitutionalist government duly appreciates the noble purpose of the mediators in addressing him an invitation to treat directly with delegates of General Huerta on the organization of a provisional government capable of bringing about in a prompt and consistent form the pacification of Mexico. But notwithstanding his good will to give to the country an organic and durable peace by any means which will not bring to naught the great sacrifices which the Mexican people have made in the present struggle, he is compelled to consult the opinion of the generals of the constitutionalist army before deciding on the appointment of delegates to confer on his behalf with those of General Huerta regarding the possibility of reaching an agreement putting an end to the war.

"This obligation arises from the promise made by Mr. Carranza and by all constitutionalists faithfully to carry out the plan of Guadalupe, which proposes to restore the constitutional order by means of a provisional president and which would be modified if such government were made to emanate from a possible agreement with the delegates of General Huerta as well as from his earnest desire that any agreement reached be strictly fulfilled.

"With this end in view and in furtherance of the efforts of the mediators to procure a peaceful solution of the struggle which the Mexican people have been compelled to sustain in the defense of its institutions, the first chief has already addressed the generals of the constitutionalist army in consultation and only desires to request the mediators to allow him a short period of time during which he hopes to receive answers from his companions in arms, in order to appoint delegates to treat with the delegates of General Huerta."

U. S. AGENTS TO BE BARRED OUT

Exposure of French Methods in Importation of Goods Angers Business Men.

Paris, July 2.—The opinion prevailed here today that United States treasury agents would in future be excluded from France because of the exposure of their methods in the course of an appeal by Henry Montrose, a banker, against a sentence and fine for refusing to disclose the amounts paid in France by Miss Dolan of Brookline, Mass., for dresses seized by the American customs on their arrival in Boston.

Arthur David-Mennet, president of the chamber of commerce of Paris, today refused to request the minister of commerce to ask the chamber of deputies to withdraw its opposition to an appropriation for the Panama-Pacific exposition at San Francisco. He says he will do nothing until the United States ceases its unreasonable interference with the importations of French goods.

MAKING ROOM FOR THE CLERICAL FORCE FROM SPARKS

Superintendent R. A. Pierce of the Ogden Depot and Terminal company, when asked this morning if he had selected his clerical force, answered in the negative, adding that he had no office except under his hat and that he was using his coat pocket for a desk.

He stated, however, that he expected to be located in the rooms now occupied by the Pacific Fruit Express company within a few days, as the express company is to move to the vacant Oregon Short Line signal department building.

The claims departments of the Oregon Short Line, Union Pacific and Southern Pacific were moved into the old signal building today and room 5, which they occupied, is to be used by the Southern Pacific's trainmaster and his assistants. Room No. 1, now occupied by the trainmaster, is to be

DANISH EXPLORER IN NEW YORK

Ancient Ceramics and Funeral Urns Prove Former Presence of Asiatic Peoples.

New York, July 2.—Algot Lange, a Danish explorer, who went into the Amazon district in December, 1912, with an expedition sent out by the University of Pennsylvania, arrived here yesterday aboard the steamship Denis from Para, Brazil.

He had talked with natives who were familiar with the movement of the Roosevelt party and all told him, he said, that there was no doubt of the colonel's having discovered an unexplored river 1000 miles long.

Mr. Lange said he himself never questioned Mr. Roosevelt's report of his discoveries.

Mr. Lange brought with him crates filled with rare idols, ceramics and funeral urns, found on an ancient Amazon river island, which apparently was once peopled by a race of Asiatic origin.

DOCTOR ADMITS MURDER THREAT

Dr. Carman refused to say whether the threatening message came from a man or a woman.

HARRISVILLE JUDGE TO HEAR LIQUOR CASE

Assistant City Attorney D. S. Cook announced today that the case of the City vs. F. C. Blankenship, who is charged with selling and serving liquor without a license, would be tried by Justice Horace Shurtliff of Harrisville unless something unforeseen comes up before the justice sets a date for the trial.

The attorneys for the defendant and the prosecution failed to agree on a trial judge within the legal space of time allowed after the disqualification of the municipal court judge, and the papers in the case were sent to Justice Shurtliff by Municipal Clerk N. Enlow, the law providing that the papers in the case be sent by the clerk to the nearest justice of the peace, when counsel do not agree on a trial judge.

MUNICIPAL JUDGE TO BE PAID MONTHLY HEREAFTER

The city board of commissioners this morning directed that the salary of Municipal Judge W. H. Reeder be paid monthly, the same as salaries for other city officials. Heretofore the judge has been paid quarterly.

On the recommendation of City Attorney Valentine Gleason, quit claim deeds to certain lands sold for taxes were authorized to be issued to E. W. Clayton and to Mr. and Mrs. Elisha Hall.

The claim of August Jensen in the sum of \$1187.55 for grading and building curb and gutter on the Smoot Park premises, was allowed and the auditor instructed to draw a warrant for the amount.

CHARGES TO BE MADE AGAINST BEVERLY, THE FORGER

California officers failing to get requisition papers for Buckley Beverly alias R. T. Hughes, for forgery, Sheriff De Vine states that he will file a complaint against the man charging him with obtaining money under false pretenses, which is a misdemeanor.

It will be recalled that Beverly was arrested some time ago for passing bad checks, amounting to about \$50, and that it was soon after learned that he had signed the name of Hughes, a railroad man of California. It was also ascertained that he had used railroad passes belonging to Hughes. Officers of Bakersfield, California, attempted to get requisition papers to return him to California for prosecution, but Governor Johnson refused to sign the papers.

The officers say that Beverly confessed that his name is not Hughes and that the checks he issued are worthless.

DETECTIVES SEEKING PERSON WHO SHOT MRS. BAILEY WITH INTENT TO MURDER PHYSICIAN

Freeport, N. Y., July 2.—Two weeks before Mrs. Louis Bailey was murdered in the office of Dr. Edwin Carman, some one called Dr. Carman on the telephone, and threatened his life. With apparent reluctance and more than thirty-six hours after the tragedy, the physician today gave this information to the district attorney.

Dr. Carman refused to say whether the threatening message came from a man or a woman.

On the strength of this information detectives continued to work on the theory that the assassin who on Tuesday night broke a window in the doctor's office, poked a revolver through the hole and fired the shot that killed Mrs. Bailey, a patient, had sought the doctor's life and not hers.

NEVADA CATTLEMAN WEDS A MONTANA YOUNG LADY

Judge W. H. Reeder adjourned the municipal court session this morning for a few minutes, to officiate at the wedding of Guy Davis, a young Nevada cattleman, and Miss Margaret Davis, a charming young Montana girl. The groom gave his age as 27 years and the bride said she was "just past 19."

After the ceremony was concluded, the groom told the officiating justice that one of his life-long ambitions had been to get a young lady to do something for him, but that as he had even failed to get one to change her name by wedding her, he "guessed" he would have to give up all hopes of getting her to do anything for him in the future.

DELEGATES READY TO TALK PEACE

Huerta Envoys Send Note to Constitutionalist Representatives in Washington.

WOULD END CIVIL WAR

American Troops to Remain in Vera Cruz Until Provisional Government is Established.

Niagara Falls, Ont., July 2.—Communicating between the two warring factions in Mexico, which it is hoped eventually will lead to conferences for the establishment of peace, was begun today when the delegation representing General Huerta formally addressed to the three South American mediators a note to be transmitted to the constitutionalist representatives in Washington. In this, the Huerta delegates expressed their willingness to discuss measures of peace with the constitutionalists and bring to an end the civil strife which has been devastating their country for the last year.

The Huerta delegation wrote in response to a note from the mediators, delivered to them as well as the American delegation, suspending the sessions of the mediation, because the international side of the controversy had been adjusted and calling attention to the correspondence with General Carranza, in which he asked for more time to consult his subordinates about peace conferences.

Delegates Send Two Notes.
The Huerta delegates replied in two separate communications, one setting forth their own approval and gratification at the amicable settlement of the international conflict, and the other, intended for transmission to the constitutionalists, explaining in effect their readiness to begin informal conferences for the selection of a provisional president and the solution of kindred problems, of an internal character.

The disposition of the American forces now at Vera Cruz has been left for consideration until such time as the two factions agree on the new provisional government. While the protocols already signed cover many phases of the international situation, it is generally recognized that until a provisional government is actually agreed on and a date set for recognition of the new government, American troops will not be withdrawn and internal questions not finally settled.

CHICAGO GRAIN

Chicago, July 2.—Reports of black rust in South Dakota and of other damage to wheat crops in the northwest by excessive moisture forced wheat speculators today to the buying side. The opening, which was the same as last night to 3-8c higher, was followed by a decided additional upturn.

Showers over the Ohio Valley and in other districts where there has been complaint of drought eased off the corn market. After starting unchanged to 1-4c lower, and suffering a further decline, value recovered to nearly last night's level.

Each of the women was sentenced to three months' imprisonment.

JAPANESE FORFEITS BAIL MONEY IN LIQUOR CASE

J. Wada, the Japanese, who was arrested last week on the charge of selling liquor without a license, failed to appear this morning when his case was called in the municipal court, and his \$100 bail money was declared forfeited.

Leo Winkle, a 21-year-old youth, who was caught swimming in the Ogden river near Twentieth street, and Pacific avenue, without being properly clothed, was sentenced to pay a fine of \$10 or to spend 10 days in jail.

Walter Sanborn, a drunk, received a five-day suspended sentence.

William Dobbie and Albert Ashman were tried on the charge of drunkenness, and after furnishing considerable amusement for the court attendants and spectators, were sentenced to 45 or 5 days each. The two pleaded not guilty to the charge yesterday and during the course of their trial this morning they stated that their idea of a state of drunkenness was when a person couldn't remember gate. Neither one could remember what day they were arrested, nor how long they had been in jail. Dobbie put over a new one on the officers when he stated that he had gotten drunk on everything even on "water melon" during the past four months.
