**CONSTRUCTION CO. IS  
 SUED FOR \$600  
 BY CAFE**

A suit commenced in the district  
 court this afternoon by the Fair-  
 Elite Cafe company against the Din-  
 widdle Construction company recalls  
 the heavy flood of last August when  
 so many cellars were filled with wa-  
 ter and the streets were small rivers.  
 The suit also recalls the incident of  
 blasting away some of the heavy ce-  
 ment in the basement of the Eccles  
 building when gravel was thrown out  
 in the street and on top of adjoin-  
 ing buildings.

The cafe company alleges that on  
 August 13, 1913, the Dinwiddle con-  
 pany had the gutters at the corner of  
 Twenty-fourth street and Washington  
 avenue so filled with building mate-  
 rial that water was backed up to the  
 extent that it flooded the basement  
 and destroyed about \$500 worth of  
 goods.

For a second cause of action, the  
 plaintiff alleges that on December 13,  
 of last year, the defendant company  
 permitted gravel, cement and other  
 material to fall through the roof of  
 the plaintiff building and damage the  
 skylight, in the sum of \$100. Judg-  
 ment in the sum of \$600 is asked for.

**PADDING OF PAY ROLL  
 OF UNION PACIFIC  
 LEADS TO ARREST**

Sheriff Matt McCourt of Green Riv-  
 er, Wyoming, came to Ogden today  
 to get Veris S. Richards, a time-keep-  
 er for the Union Pacific company who  
 is charged with fraudulently receiv-  
 ing money on time checks, and who  
 was arrested in Ogden by Union Pa-  
 cific officials. Martello Rames, a  
 Bulgarian, has also been arrested in  
 connection with the fraud and is be-  
 ing held in the county jail.

The officers state that Richards in-  
 duced a number of foreigners to ap-  
 ply for money on time checks, drawn  
 in favor of other persons by imper-  
 sonating the payees, and he received  
 part of the money. The arrangement  
 was entered into at Green River and  
 Richards will be tried there on the  
 charges preferred.

The Bulgarian applied for payment on  
 the time check which was given to  
 him at the Ogden office of the Union  
 Pacific and he will be tried in the  
 Ogden courts for obtaining money under  
 false pretenses.

**YOUNG MAN STARTED  
 TO PAINT CANYON  
 A BRIGHT RED**

George Lindquist, a Salt Lake  
 youth, came to Ogden, Saturday, ac-  
 cording to testimony introduced in  
 his trial in the municipal court this  
 morning, with the avowed intention of  
 "painting the Hermitage resort red."  
 He ran afoul of Deputy Sheriff Walter  
 Richey and "Billy" Wilson, however,  
 and was lodged in jail.

Lindquist was brought before Judge  
 Reeder on a charge of disturbing the  
 peace. He pleaded guilty and, in ex-  
 plaining the offense, said he had been  
 drinking and that the crowd he was  
 with, got him excited to a further ex-  
 tent and he couldn't remember what  
 he had done.

Officer Richey was then asked to  
 give his story of the trouble and said  
 that Lindquist first received his at-  
 tention while trying to pick a fight  
 with another youth and "cursing like  
 a trooper." The witness and "Billy"  
 Wilson took him into custody some-  
 what forcibly, after he had ignored  
 the badge of authority worn by the  
 officer. While taking him out of the  
 Hermitage park, his sister appealed  
 to the witness to give him another  
 chance to behave and said that she  
 would take care of him. The officer  
 gave into the plea, but Lindquist was  
 out for trouble and was taken into  
 custody again a short time later.  
 This time he was brought to Ogden  
 on a street car and disturbed the  
 peace of the other passengers with a  
 stream of oaths.

The judge sentenced the defend-  
 ant to pay a fine of \$50.

**PROF. E. G. PETERSON  
 URGES A COUNTY  
 DEMONSTRATOR**

Professor E. G. Peterson of the Ag-  
 ricultural college of Logan was before  
 the board of county commissioners  
 again this morning, urging definite ac-  
 tion on the employing of a farm dem-  
 onstrator for Weber county. He was  
 advised that the board had concluded  
 to not join in the employment of a  
 demonstrator on the grounds that they  
 could find no law that would justify  
 them in making the appropriation.

However, the matter was referred  
 to the county attorney and he was in-  
 structed to confer with the attorney  
 general of the state and learn whether  
 there is any law under which an  
 appropriation could be made.

It was planned this morning for the  
 commissioners to meet with repre-  
 sentatives from the Weber club and  
 other commercial organizations of  
 Weber county, with a view to deter-  
 mining just now the funds that will  
 be received through taxation to aid  
 in the promotion and maintenance  
 of fairs and fair exhibits, will be dis-  
 tributed but some of the representa-  
 tives from the county districts were  
 not present and the hearing was  
 again postponed. Chairman Skeen  
 said that not all of the county dis-  
 tricts had been advised of the meeting  
 in time for the representatives to  
 reach the city today.

**BRITISH TROOPS  
 ON CONTINENT**

New York, Aug. 17.—English papers  
 received here today give details of  
 the composition of the British expedi-  
 tionary force under command of  
 Field Marshal Sir John French. The  
 field force is composed of three army  
 corps, each comprising two divisions  
 and there is an extra cavalry division  
 under the command of Major General  
 Edmund Allenby.

Each army corps is formed of 24 in-  
 fantry battalions of about 1000 men  
 each on a war footing, six cavalry  
 regiments, eight batteries of horse ar-  
 tillery of six guns each, eighteen bat-  
 teries of field artillery, two howitzer  
 batteries and troops of engineers, sig-  
 nal corps, army service corps and  
 other details.

The British field force therefore  
 should contain 72 infantry battalions,  
 18 cavalry regiments, 24 batteries of  
 horse artillery with 144 guns, 54 bat-  
 teries of field artillery with 324 guns,  
 6 howitzer batteries and the usual de-  
 tails according to the latest British  
 army list issued at the end of July.

**MAY ASK BRYAN  
 TO MAKE PROTEST**

Washington, Aug. 17.—A resolution  
 directing Secretary of State Bryan to  
 protest against the announced inten-  
 tion of Japan to take over the German  
 leased territory of Kiau-Chau, China,  
 was introduced in the house today by  
 Representative Britten of Illinois.

The resolution quotes the Japanese  
 ultimatum to Germany demanding the  
 withdrawal of all German armed  
 forces in Chinese territory or waters  
 and the surrender of Kiau-Chau to  
 Japan and continues:

**Britten's Resolution.**  
 "Whereas, it is self evident that the  
 release of said territory to the Japa-  
 nese government would be inimical to  
 the interests of the United States and  
 China, whose territory should be pre-  
 served, therefore be it

Resolved, that the secretary of  
 state, and he hereby is, directed to  
 communicate with the Japanese gov-  
 ernment that the United States views  
 with concern the transfer of arms  
 of any Chinese territory to Japan or  
 any other foreign nation, or any trans-  
 fer of territory without the consent of  
 the Chinese government."

**DESTRUCTIVE FORCES  
 OF WAR CONDEMNED  
 BY SPALDING**

Bishop Spalding delivered a sermon  
 on war at the Church of the Good  
 Shepherd Sunday morning, and using  
 for his text the words of St. Mat-  
 thew, "Blessed are the peace seek-  
 ers, for they shall be called the chil-  
 dren of God," said:

"If the peace makers are the chil-  
 dren of God what shall we call the  
 war makers? This awful war between  
 alleged Christian nations makes us  
 confess, with almost despair, that the  
 world is still barbarous and un-Chris-  
 tian. Because the test of the text is  
 valid:

"1. Christianity teaches the pre-  
 ciousness of every human life—yet  
 involves the wholesale destruction of  
 human life. The wars of the nine-  
 teenth century destroyed 14,000,000  
 human beings. Think of the deaths  
 caused by the wars some of us can  
 remember—the civil war, 1,000,000;  
 the Franco-Prussian war, 2,250,000;  
 the Boer-English war 1,300,000, and the  
 Japan-Russia war 550,000.

"2. Christianity requires men to  
 put God's gifts to the noblest use.  
 Though money is not a complete  
 standard of value because life's best  
 goods is cannot buy, still we do un-  
 derstand the terms dollars and cents.  
 What is the cost of war? Our civil  
 war cost \$8,000,000,000; the Franco-  
 Prussian war \$3,000,000,000; the  
 Boer-English war, \$1,300,000,000;  
 the Russian-Japanese war \$1,735,000,000;  
 even our little Spanish war cost \$800,000,000.

"3. Christianity demands of every  
 man the noblest living, but the life  
 of the soldier in times of peace is  
 that of a useless parasite and in war  
 of a trained butcher. The best men  
 in the regular armies feel this and  
 eagerly welcome openings which give  
 opportunity for social service. In  
 these days we are considering care-  
 fully the responsibility of the present  
 generation to the race of the future.  
 The science of eugenics is insisting  
 that only men and women who are  
 physically and mentally sound have  
 any right to marry and have children,  
 but what sort of fathers will the boys  
 and girls of the future have, if the  
 best specimens of manhood are killed  
 off in war?

"The slaughter of 100,000 English-  
 men by the Boers has forced the En-  
 glish war office to reduce the physical  
 measurements of recruits and France  
 has never recovered her old standards  
 of height and weight since the Fran-  
 co-Prussian war.

"Christianity is a missionary relig-

on. It wishes to make all men  
 Christians. The inconsistent living  
 of individuals is a serious setback to  
 the earnest missionary, but who can  
 estimate the blow to Christian mis-  
 sions caused by the war?

"You say," retort the un-Christian  
 races, "that your religion teaches  
 peace, love, gentleness; why then are  
 millions, who call themselves Chris-  
 tians, killing each other? But, per-  
 haps, we in the United States flatter  
 ourselves that we have no share or sym-  
 pathy with this awful war. We are  
 consistent Christians. We do not  
 maintain vast armies and navies. Can  
 we be sure of that? From 1882-1890,  
 the eight years before our Spanish  
 war, we spent on both army and navy  
 \$51,000,000 a year. From 1893 to  
 1906, the eight years after the Span-  
 ish war, we have averaged \$185,000,  
 000 each year—an entirely unjustified  
 increase of 260 per cent. In the eight  
 years after the Spanish war, we spent  
 on army and navy \$1,072,000. That  
 would have paid the national debt  
 with \$158,000,000 left over. It is  
 three times the cost of reforesting our  
 56,000,000 acres denuded forest land  
 and completing all the proposed recla-  
 mation projects. The interest on  
 this sum at 4 per cent would give  
 \$1000 a year to 42,880 families. It  
 would present to each family in the  
 United States \$60. If wages average  
 \$600 a year per family, it represents  
 a tax on wages of 1-14 per cent. The  
 New York Peace society has printed  
 some interesting comparative figures  
 based on the cost of one dreadnought.  
 A battle ship costs \$12,000,000 and  
 lasts twenty years. It costs \$600,000  
 a year to maintain it—a total expen-  
 diture during the life of the ship of  
 \$25,000,000. But \$28,000,000 would  
 build 1400 churches at a cost of \$20,  
 000 apiece. It would give a four-  
 year college course at \$500 a year to  
 14,000 youths and young women. The  
 \$12,000,000 we expend on a battleship  
 would build and equip 50 manual  
 training schools in which 75,000  
 youths could be taught useful trades,  
 or 40 Y. M. C. A. buildings.

The Congressional library, the most  
 complete library building in the  
 world, cost but one-half the price of  
 one battleship and is maintained an-  
 nually for only three-quarters the ex-  
 pense of operating the man-o-war.

"The case against war on grounds  
 of reason is conclusive and as citi-  
 zens we should protest against our  
 country wasting life and treasure.  
 The present awful war disproves the  
 contention that armies conserve  
 peace. We know now that they con-  
 stantly tempt to war—and sure war  
 psychologically depends upon the war-  
 like temperament of men, as individ-  
 uals we must avoid so far as we can  
 all forms of strife and jealousy and  
 endeavor to live peaceably with all  
 men.

**SMALL CRUISER IS  
 SENT TO BOTTOM**

Paris, Aug. 17, 2:45 p. m.—The  
 ministry of marine announced today  
 that a French fleet under Admiral De  
 La Peyrere had sunk an Austrian  
 cruiser which was blockading the  
 Montenegro port of Antivari.

**LEIPZIG CREEPS  
 IN FOR COAL**

San Francisco, Aug. 17.—The Ger-  
 man cruiser Leipzig, which crept into  
 port before dawn today, moved into  
 man-o-war row later in the day and  
 began to take on coal and supplies.  
 Contracts already had been placed  
 with coal, victualing, towing and light-  
 erage companies, by the acting Ger-  
 man consul.

Permission in writing, however, had  
 not been formally requested and, as  
 soon as the collector of the port learn-  
 ed that coaling had begun without  
 his authority, he ordered it stopped  
 immediately until the formalities had  
 been complied with.

Acting German Consul Protests.  
 The acting German consul protest-  
 ed that the collector was firm.

Inspector Bugler, he said, would ex-  
 amine the cruiser's bunkers, report  
 how much coal she needed to take her  
 to Apla and that much and no more  
 would be permitted her in the due  
 course of the regulations. The Leip-  
 zig had placed an order for 700 tons.

 ENJOYING TRIP IN  
 THE CANYON**

The Hutchinson touring party No.  
 7, in charge of V. C. Bayard, arrived  
 in Ogden at 3:35 p. m. today from  
 Chicago. The party consists of 61  
 people who on their arrival here were  
 taken to the canyon for several  
 hours' outing.

Arrangements were made for a  
 trout and chicken dinner to be served  
 to the visitors at the Hermitage hotel  
 at 6 o'clock, and they will leave for

**TWO MEN ROB A  
 PITTSBURG BANK**

Pittsburg, Pa., Aug. 17.—Two men  
 today entered the Homestead National  
 bank covered the officers with re-  
 volvers, took all available cash and  
 escaped in an automobile.

While one covered the officers and  
 patrons of the bank, the other robber  
 went behind the desk, scooped to-  
 gether all the cash in sight, jammed it  
 into a hand satchel and then the two  
 with guns still covering the victims,  
 backed out of the door. The robbers  
 jumped into an automobile in front  
 of the bank and made their escape.

The amount of money stolen is not  
 accurately known but is believed to  
 be between \$2500 and \$3000. The rob-  
 bers were about 18 and 20 years of  
 age. The police are searching the  
 county for them.

The robbers were overtaken in Mil-  
 file Township by Constables Percy  
 Smith and John Dixon. The constab-  
 les opened fire on the robbers as the  
 latter were abandoning the stolen au-  
 tomobile and getting into a high pow-  
 ered machine apparently in waiting.  
 The robbers returned the fire, drop-  
 ping Smith with a bullet in the leg  
 and Dixon with a shot in the shoul-  
 der. A posse that was pursuing came  
 upon the wounded officers in the road  
 but all trace of the robbers again was  
 lost.

**ROADS OF THE COUNTY  
 BEING IMPROVED  
 BY BOARD**

Chairman Moroni Skeen of the  
 county board of commissioners states  
 that the North Ogden-Pleasant View  
 cutoff is now open to travel.

This afternoon the commissioners  
 are making an inspection of the can-  
 yon boulevard with a view to resurfac-  
 ing it in places and also to determin-  
 ing where the stone walls should be  
 erected on the river side of the road.

**TWO MEN ROB A  
 PITTSBURG BANK**

City Attorney Stewart Kohn of New  
 York City, who, together with Mrs.  
 Kohn, has been visiting with relatives  
 in Ogden for the past month, de-  
 parted for New York City today. Mrs. Kohn  
 will remain in Ogden for several  
 weeks and is now visiting at the home  
 of her brother-in-law and sister, Mr.  
 and Mrs. Joseph Streng.

Attorney Kohn had planned to re-  
 main in Ogden until the latter part  
 of September, but received a telegram  
 yesterday from one of his clients—a  
 member of the syndicate that expects  
 to begin the formation of an American  
 merchant marine, by the purchase of  
 the German merchant vessels that are  
 now in American waters—to the ef-  
 fect that his services would be  
 needed within the next few days.

 BURIED ON SUNDAY**

The body of James Thomas Cole-  
 man was laid to final rest in the City  
 cemetery yesterday afternoon, follow-  
 ing an impressive funeral service in  
 the Woodmen of the World hall. The  
 hall was filled with friends and rela-  
 tives of the deceased and the bier and  
 altar were almost hidden under a  
 wealth of flowers, the tributes of  
 those to whom the life of Mr. Cole-  
 man had been most dear.

The service was conducted by Bish-  
 op's Counselor David F. Steele and the  
 speakers were Judge J. A. How-  
 ell, Solomon Stevens and William J.  
 Critchlow. A. H. Sander sang "One  
 Sweetly, Solemn Thought" and "Rest"  
 and Miss Elsie Shorten sang "The  
 Christian's Good Night."

The Woodmen bodyguard escorted  
 the body from the residence to the  
 hall and, led by the A. F. of M. band,  
 formed the escort to the grave. The  
 ritual of the Woodmen of the World  
 was performed at the grave, after  
 which it was dedicated by William J.  
 Critchlow.
