CONFERENCE OF THE M. E. CHURCH IN THIS CITY

The meeting of the annual conference is a notable event in Methodism. Not only do all the ministers and workers assemble to report their year's work and plan for the work of the coming year, but at this time also the presiding bishop assigns the various preachers to the charges which they shall serve for the coming year. Consequently there is always considerable curiosity and even anxiety till at the close of the sessions the bishop reads off the assignments. Furthermore some of the most notable men of the church are present to add to the inspiration of the occasion with their addresses. This year the presiding bishop will be Edwin H. Hughes, D. D., of San Francisco, one of the youngest ever to be chosen to act most exalted office of the Methodist ministry. During his six years in the city at the Golden Gate he has made a brilliant record. He will address the conference each morning, and will give one of his popular lectures Thursday night, and will preach Sunday morning. The Rev. F. M. Larkin, Ph. D., recently elected editor of the California Christian Advocate, will also be present and deliver four addresses. The foreign mission field is represented by Miss Ara J. Holland from Malaysia who will tell of the work done among the women of that island. From Topeka, Kansas, comes H. G. McGain, one of the lecturers for the Methodist Temperance society. The Rev. Ward Platt, D. D., of Philadelphia, secretary of the board of home missions, and noted for his ability to put striking thoughts in telling English, will be present to speak Sunday night. The public is cordially invited to all the sessions. The program for the conference Thursday will be as follows: Nine a. m., opening business session, 2:30, women's home missionary meeting, 4 p. m., address on Evangelism by the Rev. F. M. Larkin, Ph. D.; 8 p. m., lecture by Bishop Edwin H. Hughes, D. D.

 Candidate for nomination County Assessor on Republican Ticket. Primaries night September 17th.

METHODIST CHURCH
 BUILDING MORE ATTRACTIVE

The congregation of the First Methodist-Episcopal church is highly elated over the appearance of their auditorium since the Reeves Bros. have finished the frescoing. The beautiful arches and woodwork of the ceiling, cleaned from the grime of years, stands out in new beauty as set off by the cream frescoing of the ceiling panels. The sides are done in a beautiful rich tan which gives place to cream above the frieze in the gables, while the wainscoting is done in a rich brown. The stenciled designs in frieze and dado are of a chaste beauty very suitable to the building. The large arch above the choir is done in dark brown, revealing still more clearly the improvements made in the organ alcove. The ceiling above the organ has been lowered and made flush with the arch, and paneled like the ceiling of the auditorium, while the front of the organ has been continued in oak paneling so as to fill the entire alcove. This has not

 See the Leap Into the Ocean

only added much to the appearance of the front of the church, but will greatly improve the acoustics of the building. All told, the blending of the colors is most harmonious and the whole effect very beautiful. The ladies of the church have been very busy the last few days cleaning the pews and the carpet and they certainly have wrought wonders. When the annual conference convenes Thursday morning it will assemble in an auditorium admirably prepared for the occasion.

SEPTEMBER 8 SET AS PROBATE DAY

September 8 has been set in the district court for the hearing of the following: The petition for discharge of the guardian in the estate and guardianship of Rheta Child, a minor; petition for transfer of real estate in the estate and guardianship of Fred Morrison, a minor; petition for settlement of final account and distribution in the estate of David M. Pingree, deceased; petition for settlement of final account in the estate of Raymond Maycock, deceased, and the petition for letters testamentary and probate of will in the matter of the estate of Jacob Peterson, deceased.

CALEDONIANS

The charter of Salt Lake and Ogden, will hold their outing at Lazoon, Tuesday, Sept. 1, 1914. Valuable prizes for sports, concert program and Highland dancing in the evening.—Advertisement.

KILLING OF A DOG IS CAUSE OF ARREST OF OGDENITE

Benjamin A. Critchlow was arraigned in municipal court this morning on a charge of killing a pet dog and entered a plea of not guilty. Through an agreement between the defendant and District Attorney John C. Davis, the hearing of the case was set for Saturday morning. The complaint against Mr. Critchlow was sworn out by Judge H. H. Henderson, who alleged that the defendant killed his pet fox terrier "Maxie" on the night of August 14. Judge Henderson had owned the dog a number of years and it had such a place in his affections that, after its death, he purchased a casket for its body and gave it a formal burial. Mr. Critchlow states that several dogs had been causing himself and other members of the family with which he resides constant annoyance by coming on the premises at night and barking almost continuously. On the night in question he was so greatly annoyed that he took a shot at the offending animal and "Maxie" happened to be the one that stopped the bullet.

"THE SPITFIRE"

A most captivating combination of thrills and laughter, romance and adventure is the four-reel version of Edward Poppe's melodramatic farce, "The Spitfire," which will be the offering at the OGDEN Theatre, Thursday, Friday and Saturday. In this production the Famous Players Company present Carlyle Blackwell, the popular young photoplay star who has just come under their direction. Blackwell is a virile, handsome young man typically American, who has the charm and grace of perfect breeding and the like strength of a trained athlete, and in "The Spitfire" he has ample opportunity to display every angle of his characteristics.

Baron Horn von de Goltz, formerly of Villa's staff, predicts a victory for Germany.

Mrs. Lillian Howard of New York won three events in the championship swimming meet of the National Women's Life-Saving league.

LOSS OF BOOKS BY A RAILROAD CAUSE OF DAMAGES

In the district court, George S. Barker has commenced suit against the Union Pacific company for \$148, alleged to be due for the loss of certain books which are alleged to have been shipped over the defendant company's road to Washington, D. C., September 17, 1913. The plaintiff avers that the books were lost in transit due to the carelessness and negligence of the defendant.

 St. Louis, Aug. 26.—Lead: Firm, \$3.75. Spelter, higher, \$5.87 1/2.

CHICAGO GRAIN

Chicago, Aug. 26.—Wheat, corn and oats attained new high records for the crop in the first hour of trading today. Wheat opened one cent up on an advance at Liverpool, Lord Kitchen's statement estimating the duration of the war at three years, and the bullish sentiment of outsiders attracted to the market by the war. In the first hour prices made a net gain of 3 to 3 1/2 c., or about 20 cents higher than a year ago on the same date. In corn and oats the influences were the same. Corn in the first hour advanced 1 1/4 and oats 1 1/8 to 1 5/8 c. Provisions were dull and easy, unchanged to 1/2 1/2 c. lower. Later bids found the wheat market bare of offerings and prices bounded upward, 7 and 8 cents over yesterday. Closing prices were 5 7/8 to 5 1/4 c. net higher. Very little grain actually changed hands. Corn closed strong, 1 3/8 c. up. Predictions that the European war would be long drawn out, the wheat market soared today and a half hour before the close was 7 to 8 cents higher than yesterday's close. December wheat sold at \$1.15 and that for delivery next May at \$1.21 3/8. Very little grain was actually bought and sold. The purchase of 50,000 bushels of May wheat alone was sufficient to advance the price 2 cents near the close. None cared to sell the cereal short, and longs were in no hurry to take profits. The close was only 2 1/8 c. under the top.

Among those on board the Ancona was Count Werner von Bernstorff, a lieutenant in the Sixteenth Prussian Lancers. Count von Bernstorff is not related to the German ambassador to the United States, although he bears the same name. Another nobleman on the Ancona was Baron Kurt von Lersner. The cablegram did not say specifically whether either of the passengers had been taken of the ship.

JAPAN TURNS OVER EMBASSY TO U. S.
 Washington, Aug. 26.—The Japanese ambassador in Vienna placed his government's interests in Austria in the hands of the American embassy today and planned to leave tonight for Bern, Switzerland, according to official dispatches. The message made no reference to a declaration of war on Japan by Austria.

SALT LAKE BOYS ARE HELD BY LOCAL POLICE

Ole Jacobsen and Boyd Snyder, two Salt Lake boys, are incarcerated in the city jail, awaiting a decision from the municipal court judge regarding their ultimate disposal. The two boys, who gave their ages as 19 and 18 years respectively, though they appear younger, were arrested early this morning in the local railroad yards by Officer McIntyre and booked on the charge of trespass. They pleaded guilty to the charge and when asked by the municipal judge why they had left home, said they were going to Idaho to seek employment. They left home, they said, with the knowledge of their parents, but did not tell them that they were going to "beat" their way on the railroad, as they were afraid their mothers would worry. Both boys were questioned as to their ideas about stealing and said that they wouldn't steal anything if they "could get out of it" and didn't seem to know that "beating" the railroad of transportation, was classed as stealing until so informed by the judge. Jacobsen said this was the first time he had stolen a ride on a train, but that he had paid brakemen for the privilege of riding in a box car several times. The present offense was the Snyder boy's first breach of the law, according to his statement. Officer McIntyre stated that the two boys and two men who made their escape, rode into Ogden last night on Oregon Short Line train No. 1, on top of a passenger coach. The Jacobsen youth is a son of Mr. and Mrs. William C. Jacobsen of rear 654 1/2 West First South street, and young Snyder is a son of Mr. and Mrs. C. B. Snyder of 156 1/2 East South Temple street, Salt Lake.

"My Friend From India," shows tonight at the Globe for the last time.—Advertisement.

PROCEEDINGS IN MUNICIPAL COURT

F. M. Evans was given a 15 or 16-day sentence in the municipal court this morning. He was tried yesterday on the charge of petit larceny and his case was taken under advisement at that time. Joe Zelick was tried on the charge of petit larceny, found guilty and sentenced to serve five days in jail. The complaining witness was Gus Lauff and, according to his testimony, the defendant stole two pairs of socks, a hand mirror and a pocket knife from his suitcase, which had been left in a room at the Central hotel. The room was occupied jointly by the two men last Saturday night and, while Lauff was out to breakfast Sunday morning, the defendant broke the lock on the suitcase and stole the articles. The mirror was found on him when he was arrested. The defendant, a young Austrian, claimed through an interpreter, that two other men broke into the suitcase and stole Lauff's property. The case of the City vs. William Gosnell was continued until Saturday morning at the request of Attorney George Halverson, who appeared for the defendant. Gosnell is accused of having assaulted and beaten C. O. William last Saturday night at Sylvan park. J. Casey, a drunk, was given a suspended sentence, and W. F. Becker forfeited \$5 bail. Becker was booked on the charge of riding a bicycle on the sidewalk. The case of the City vs. Cesare Enrietto was called and the defendant's attorney, W. W. Harcombe, waived the reading of the complaint and entered a plea of not guilty for his client. The hearing was set for tomorrow morning and bail was placed at \$300. The defendant is charged with selling liquor without a license and was arrested last night at the Montana rooming house.

BRITISH TAKE 25 RESERVISTS

New York, Aug. 26.—The Italian line steamer Ancona, which sailed from New York for Naples, August 11, with a handful of German reservists, mostly officers, aboard, was stopped by the British at Gibraltar and 24 Germans and one Austrian were taken off, according to a cable message received here today by the line. The Ancona then proceeded to her destination.

ITALIAN BUNCO MEN TURNED OVER TO BUTTE OFFICERS

Deputy Sheriff J. L. Hobson returned from Salt Lake last evening after spending two days in the capital investigating a bunco game of a few days ago by two Italians, Lassara and Duvin, on a Frenchman named Brochier. The result of the investigations was that the two men were turned over to an officer of Butte, Montana, to be taken to the Montana city on a charge of robbery. Hobson states that the two Italians were about to induce Brochier to invest \$2,225 in an unexplained enterprise when the officers appeared on the scene and dissuaded him from turning his money over to them, but the bunco game had not gone far enough to prefer a criminal charge. It is thought by the officer that the plan of the Italians was to get possession of Brochier's good money and then return bogus money or valueless paper. To save Brochier's money, the officers took it into their care and keeping and returned it to him yesterday. He was happy to know that he had been saved from a deception which would have caused him the loss of his savings. When Brochier drew his money from the State Security bank of this city a few days ago the officers were advised by the cashier that in his opinion a bunco game was about to be played. The sheriff's office, in connection with the Salt Lake official, took hold of the matter and soon located the two Italians in Salt Lake and placed them in jail, leading Brochier in the meantime to understand that he was an intended victim of fraud.

OLD MAN HAD PLANNED TO ELECTROCUTE CATTLE

The case of the State vs. George McElroy was taken up by Judge Wm. H. Reeder, Jr., this morning, at a special session of the municipal court. The defendant was charged with disturbing the peace and pleaded guilty. The complaining witness was Mrs. Clara Singleton and the parties connected with the affair are all residents of Plain City. After hearing the statements of the defendant and witnesses on both sides, the judge took the case under advisement. The offense for which Mr. McElroy, who is quite old, was arrested, was committed yesterday morning. His story of the affair was to the effect that he was on his way to the residence of his wife, to inform them that their cattle were destroying his crops. He knocked on the gate with his cane and, not receiving an answer, opened it and proceeded toward the house. He was set upon by Mrs. Singleton and her daughter and badly beaten. Miss Singleton, he said, threw a pan of water on him. In her statement, Mrs. Singleton contradicted the defendant's story of an assault, saying that part of the affair was one of self defense on her part. Her version of the trouble was that Mr. McElroy started his disturbance by vigorously pounding on the gate and fence until he was heard by one of the Singleton boys. The lad went to learn what the trouble was and, when he heard the old man, was greeted with curses and threats of bodily harm, which also included other members of the family. He then ran to the house to tell his mother who went out to meet McElroy to pacify him. They met in the pathway and the defendant, Mrs. Singleton stated, cursed her roundly and struck her across the left arm with a buggy whip—the mark of the blow being still visible this morning—and also tried to strike her with a chair, which was near. To avoid being struck the second time, she grappled with McElroy and managed to hold him until her husband arrived on the scene, who peaceably escorted the old man out of the yard, saying that the trouble could be fixed up later. Mrs. Singleton also stated that McElroy was under the influence of liquor at the time. Deputy Sheriff John Maw, who arrested McElroy, said the defendant was drunk and unable to talk coherently. A further investigation by the judge brought out statements that the defendant had been nursing imaginary grievance against the Singleton family for some months and had threatened its members with harm a number of times. One of his threats was that he would charge his wife fences, which adjoin those of Mr. Singleton's farm, with electricity so that the Singleton's livestock would be killed. He had prepared to carry out this threat so far that the fences were ready to be connected with the electric current. Mr. McElroy runs a small store at Plain City and statements made in court by Mrs. Singleton and Deputy Sheriff Maw were to the effect that one of the store steps had been galvanized some time ago and connected with electricity. Through this apparatus several unwary persons had been given severe shocks. T. W. Mathers, a close friend of both parties, spoke on behalf of the defendant, saying that in ordinary circumstances, McElroy was kind-hearted and peaceable. It is probable that a complaint will be sworn out against McElroy, alleging insanity.

W. R. Austin Soon Recovers From Serious Stomach and Kidney Trouble.

W. R. Austin, a Salt Lake carpenter residing at 1988 South 12th, East street, is an ardent Akoz enthusiast as a result of having used the new California medicinal mineral for an aggravated case of stomach and kidney trouble with which he suffered for 30 years. During the 12 years Mr. Austin has resided in Salt Lake City, he has made many friends who will be pleased to learn that he has recovered his health. "After suffering 30 years with stomach and kidney trouble," said Mr. Austin, "I finally found relief in Akoz. It is the greatest remedy I have ever found. I used to suffer with gas and sour stomach and also severe pains in my kidneys. I found no satisfactory relief until I began using Akoz plasters, Akoz pills and the Akoz internal treatment. I noticed a marked improvement in a few days and, after 2 or 3 weeks, was practically as well as ever. Akoz is a wonderful tonic and I cannot recommend it too highly. I shall gladly give others any information I can regarding Akoz." What Akoz has done for Mr. Austin it has done and is doing for thousands of others suffering with rheumatism, stomach, kidney, bladder and liver trouble, eczema, catarrh, piles and other ailments. Akoz is now being introduced in this city at McIntyre's drug store, Eccles building, Ogden. Visit or write the Akoz man at this store for further information regarding this advertisement.

THIRTY MEN EMPLOYED ON THE NEW CAN FACTORY

Contractors Gillis & Brittain are making rapid progress in the construction of the can factory on Lincoln avenue, between Twentieth and Twenty-first streets. The concrete bases for the front of the building, facing Lincoln avenue, have been made and the next work will be the laying of the brick walls. In the meantime, excavating for the rear part of the structure is in progress, and the concrete men will be busy there in the course of a short time. There will be no basement under the warehouse part of the building. Construction Engineer E. A. Bellou states that he is pleased with the advancement that is being made, even though there has been some delay in assembling material. He says there is little question but that the building will be completed by November 15, and that the factory will be ready for operation the first day of the coming year. Mr. Bellou states, too, that he has started factories running before the building was completed but he thinks it will not be necessary to do that with the Ogden plant. The installation of machinery will begin as soon as the re-enforced concrete floors have been laid. The machinery will cover 200 feet in length of the ground floor at the rear of the structure and the other 200 feet, which abuts Lincoln avenue, will be used for office and warehouse purposes. Mr. Bellou states that 50 cars of lumber and that many more of brick will be used in the building, all of which has been contracted from local firms. The brick is being made at Harrisville and the engineer considers it among the best brick of the entire country. The Eccles company will furnish nearly all the lumber. There are now 30 men and a number of teams engaged on the building.

PRINCE FREDERIC KILLED AT NAMUR

Wireless Message From Berlin Clears Up Reports of Death of Emperor's Uncle. Berlin, Aug. 26.—(By wireless to the Associated Press by way of Naun, Germany, and Sayville, Long Island.)—According to official announcement made here today, Lieutenant General Prince Frederic of Saxe-Meinigen was killed by a shell before Namur, August 23. No news of the situation on the eastern and western fronts of Germany has been given out today. The above dispatch evidently clears up the reports published yesterday, and today, that an uncle of Emperor William had been killed in battle. The identity of the German nobleman who has lost his life, up to the receipt of his dispatch from Berlin, had been uncertain. One report from Paris said he was presumed to be Prince Albert of Schleswig-Holstein. Prince Frederic of Saxe-Meinigen was born in 1861. He was the third son of George, late Duke of Saxe-Meinigen. He was married in 1889 to Adelaide, princess of Lippe, and had six children.

AEROPLANE FALLS TO THE GROUND

Two German Officers Are Killed—Airship Drops Inside British Lines. Paris, Aug. 26, 12:20 p. m.—A German aeroplane fell to the ground inside the British lines in the Quency region today and the two German officers on board were killed. Quency is six miles from Lille. The minister of agriculture today authorized the sale of frozen game in Paris. Large quantities of frozen rabbits in normal times are sent from France to the United States. As a rule they are kept in cold storage until the opening of the game season; under the present circumstances they will be used here.

Belgians Engage Germans Later, and Put Them to Flight After an Hour's Fight.

Paris, Aug. 26, 2:30 p. m.—A dispatch to the Havas agency from Ostend says that a squadron of Uhlans with quick firing guns have seized a railroad station near Ostend. They carried away the station safe, blew up a portion of the track and left in the direction of Ostend. At Snaeskerke bridge, Belgian gendarmes in automobiles and on bicycles came up with and engaged them. After an hour's fighting, the Uhlans fled, carrying away seven dead. The Belgians had six men killed and two wounded. The wounded gendarmes have been placed aboard the steamer Princess Elizabeth, which is kept at the dock with steam up, ready to leave at a moment's notice for Dunkirk, France. A number of German prisoners also are on board the Princess Elizabeth. They include an officer and thirty men who are suffering of wounds.

OSTEND MAY BE BASE OF OPERATIONS

London, Aug. 26, 5:10 a. m.—The Daily Mail believes that the Germans will occupy Ostend for use later as a base of operation against England. "The German movement against Ostend is of greater importance and is dictated possibly by naval as well as military considerations," says the paper. "Ostend is only sixty-six miles off the British coast; the Germans establish themselves there and bring up heavy artillery, they may render
