SHOW DAY

In a 2-reel scream.

The Alhambra will open at 11 a. m. Circus Day, June 18 and run continuously.

Cool and comfortable. 20 cubic feet of water filtered air pumped in the Alhambra for every seat in the house every minute. The coolest spot in town.

The Pride of Ogden—THE ALHAMBRA.

YOUNG BOY DIES FROM TERRIBLE INJURIES

David Byron Glines, the 14-year-old son of Mr. and Mrs. Charles H. Glines of 942 Twenty-eighth street, died last night at the Dees hospital from injuries received yesterday at North Ogden on the property of the Ben Lomond Orchard company. The boy's injuries consisted of deep wounds in the thigh and abdominal cavity, caused by falling onto an iron stake attached to a packing truck. He was operated on at the hospital, but had lost so much blood that the operation was of no avail.

The lad was working at the orchard as a cherry picker and while eating luncheon in the packing house he and some other boys climbed a bird's nest in the rafters. A desire to inspect the nest caused them to pile up boxes until they almost reached it and young Glines essayed the climb to the top of the pile. He had neared the nest when the pile of boxes gave way and precipitated him onto the stake of the fruit truck, which was standing nearby. The stake pierced the inside of the thigh and also entered the abdominal cavity to a considerable distance. Bleeding profusely from the wounds, he was immediately rushed to the hospital, but all efforts to save his life were futile.

The dead boy was born at Vernal, Utah, August 13, 1901, and is survived by his parents and the following brothers and sisters: Mrs. Leah Schotfield, Dot, Lois and Roscoe Glines of Ogden; Rex Glines of Roosevelt, and Ernest Glines of Neola, Utah. The body was removed to the Larkin mortuary and the funeral announcements will be made later.

The Doctor's Advice

by Dr. Lewis Baker

The questions answered below are general in character, the symptoms of diseases are given and the answers will apply in any case of similar nature. Those wishing further advice, free of charge, should address Dr. Lewis Baker, College Bldg., College-Elliwood Sts., Dayton, O., enclosing self-addressed stamped envelope for reply. Full name, and address must be given, but only initials or fictitious name will be used in my answers. The prescription can be filled at any well-stocked drug store. My druggist can order of wholesaler.

again. Three grain cadomene tablets are most effective and highly recommended. Start using them now, and in a short time you should feel fine and better than you ever did.

"Mary G." asks: "How may I increase my weight? I am very bony and angular looking. I eat plenty but it does not seem to nourish my system."

Answer: The most satisfactory and beautiful treatment to increase your weight, you will find in the use of three grain hypo-nutrient tablets taken with your meals. They cause proper stimulation of the food, and in this way nourish and tone the tissue and nerve cells of the body. They should be taken for several months.

"Worried" writes: "I have constant headache and backache, my feet swell and I am tired all the time. My eyes look puffed and annoyed. Take three tablets with your meals. My blood seems to be turning to water. I am quite nervous as I seem to get worse all the time."

Answer: You have a bad case of kidney trouble and you should be very careful. Don't work too hard and avoid taking any stimulants. Take three grain balmwort tablets, you will get almost immediate relief, and continued treatment should greatly relieve you. These tablets come in sealed tubes with full directions.

"Mrs. W. J. T." writes: "You helped a cousin of mine when she had diseased blood. I think now my blood is impure and I want your good blood medicine. I am very much constipated."

Answer: If your blood is impure you would know from some of these symptoms: constipation, headache, coated tongue, salivary complexion, breaking out of the skin, tired feeling and possibly indigestion and some fever. Take three grain sulphur tablets, (not sulphur). They are splendid to clean the system and put your blood right.—Advertisement.

HEAVY FIGHTING IN DARDANELLES

Paris, June 14.—An official note given out today presents a summary of the operations in the Dardanelles from May 15 to June 1 as follows:

"Heavy fighting has taken place during this time. Today our progress is somewhat slower than it was in the beginning, but every inch of ground gained has been organized in the repelling of counter-attacks and each advance has been held. The physical aspects of the country makes fighting extremely difficult and dangerous as the battlefield presents the form of a triangle.

"During the second half of May there were attacks on the Turkish line of entrenchments in front of Ker-eyes Dere and the redoubt called the 'bouchet' which we took May 8. All the Turkish counter attacks failed completely.

Surprise Attack Made. "Our position being assured here, we endeavored to capture a small fortress situated on the extreme left of the enemy's line. On account of the strategic position of this fortress it was impossible to take it in the ordinary way by artillery attack followed by a bayonet charge; such a method would have resulted in heavy loss of life. The attack had to be a surprise.

"On the night of May 28 a mixed company composed of 34 whites and 32 negro troops, all volunteers under the command of a lieutenant, received orders to slip out of our first trench one by one and crawl on their hands and knees to the opposing trench. Here they were to surprise the occupants and kill them without firing a shot. Two other companies bringing up the rear were to go at the assistance of the first company if the plan failed.

"At 11:45 p. m. our men, having gone forward in accordance with instructions, rushed over the embankments of the enemy trenches. The Turks were completely surprised. They discharged their guns in the air and immediately took to flight. Thanks to the rapidity of our attack our only casualties were one sergeant and two men wounded.

FINE PROGRAM GIVEN IN HUNTSVILLE CHURCH

A fine program was given in the Huntsville meeting house last night by members of the Ogden Tabernacle choir, assisted by Miss Minnie Brown and Miss Rachel Farley.

The numbers were as follows: Quartet, "Come, Holy Spirit," Mrs. Warner, Mrs. Glazier, Ted Ballantyne, Walter Stephens; solo, Mrs. Warner; reading, Minnie Brown; solo, Mrs. Glazier; quartet, "Woodbird," piano solo, Rachel Farley; quartet, "Sweet and Low," solo, Walter Stephens; quartet, "Don't You Mind the Sorrows."

The program was much enjoyed by a large congregation of Ogden Valley people and was included in the regular summer course of M. I. A. Sunday evening events. In each of the programs that are to be given, vocal and instrumental music will be included and among the other attractions will be the following:

June 20, "The War Within," by President G. H. Brimhall of the B. Y. university; July 4, lecture by Apostle David O. McKay and music by Nichols' family; July 11, dramatic reading by Miss Lila Eccles; July 18, "Our Birds," by Prof. J. H. Paul of the University of Utah; July 25, lecture by Oscar A. Kirkham, field secretary of the Y. M. M. I. A.; August 1, "Plain Medical Talk," Dr. H. T. Wichert; August 8, book review by E. F. Lofgreen; August 15, dramatic reading by T. Earl Pardee; August 22, "Rural Sanitation," by George Shorten; August 29, musical evening, all songs furnished by William S. Wright of Ogden; September 5, retold story by Alta Nelson; September 12, lecture by Judge W. H. Reeder; September 19, lecture by Commissioner T. Samuel Browning; September, "The Boy," by G. H. Hall, music for the evening to be furnished by Robert Greenwell.

FIGHTING FROM CLIFF TO CLIFF

Rome, June 16.—Italian operations against the two coveted Austrian goals, Trieste and Trent, as well as against the Austrian border along the Carnic range, continued with unflagging success today.

In the Montafone sector of the Isonzo front the Italians are now only sixteen miles from the great naval port in their march on Trieste.

In the Tyrol-Bozener country, north of Lake Garda, and especially in the Tonale pass region, the fighting is from cliff to cliff and peak to peak.

In the section to the south and east of this position, near Ala and Rovereto, the general commanding the troops occupying Vallarsa today issued a proclamation in the name of King Victor, formally declaring the ground gained conquered territory and part of the kingdom of Italy. It will be placed under the government of a royal commissioner.

Some of the bloodiest fighting of Italy's first month in the war came at Prekohl pass. The pass after four days of fighting, chiefly with the bayonet, is covered with dead. The Austrians charged eight times and the Italians six times during the four days and two armistices were arranged to carry down the wounded.

The Austrians lost 400 killed and 800 wounded. The Italian losses were considerably less. Each side still holds one end of the pass and the fighting continues over the bodies of the dead.

Bozita is still under attack by the Italians from three sides of the mountain and the bombardment is reported terrible.

ITALIAN FLEET ACTIVE IN WAR

Rome, June 14.—The silence regarding the naval operations in the Adriatic must not be thought to imply inactivity of the Italian fleet, which, on the contrary, is successfully paralyzing every movement of the Austrians by blockade of the Adriatic, which it continually patrols.

The Austrian warships and torpedo craft do not dare leave their ports and are thus prevented from concentrating at one port or from reinforcing an insufficient fleet which is scattered along the Dalmatian coast.

For all practical purposes the Austrian fleet has ceased to be a fleet. The observation and wireless stations on the Dalmatian islands have been destroyed and thus the movements of the Italian ships are unknown to Austria, yet the entire Austrian fleet, although condemned to inactivity, keeps steam up, always ready, since surprises are feared, especially night attacks.

The majority of the crews of the Austrian ships belong to the Italian unredeemed provinces and their sympathies are naturally with the Italians.

As to the actual work of the Italian fleet, it has during the past fortnight twice bombarded Montafone, which the Italian troops now occupy; once the Dalmatian coast, and once the islands, with good results, while the naval airships have dropped bombs over Pola, Plume and Sebenico. If the result of the naval operations consisted only in paralyzing the Austrian fleet, such a result would be sufficient, since it proves the superiority of the Italians, which the enemy fully recognizes.

Poe's Order to Front. Rome, via Paris, June 15, 2:10 a. m.—The Giornale d'Italia says that Gabrielle D'Annunzio, the poet, has received an order to rejoin his regiment, in which he is a second lieutenant.

WEBER SCHOOLS LOSE VALUED PRIMARY SUPERVISOR

Miss Matilda Peterson has resigned her position as primary director for the Weber county schools to accept the same position in Box Elder county. The Weber board of education is somewhat at a loss to know how best to fill the vacancy, as Miss Peterson is among the most efficient directors in the primary schools of the state. She has been associated with the Weber county schools a number of years.

At the meeting of the board of education W. N. Peterson was re-elected superintendent and A. J. Powell was again appointed to the position of supervisor of music.

The George A. Whitmeyer & Sons company was the successful bidder for the construction of the Marriott school house at \$8,290. The Halverson Brothers were given the contract for plumbing and heating at \$2,374, making the total cost of the building \$10,664.

The contractors will begin construction work immediately, the plan being that the house shall be ready for the opening of the school term next September.

VILLA'S REPLY TO PRESIDENT

Washington, June 14.—The United States was formally notified today by General Villa, on behalf of the Mexican convention forces, that he had telegraphed General Carranza, urging a conference for the restoration of peace and constitutional government in Mexico.

This step is the first tangible development resulting from President Wilson's recent warning to all Mexican factions that unless they came to an agreement among themselves soon some other means would be employed by the United States to relieve the suffering population from further devastations of the military element. On General Carranza's reply depends the next move in the situation.

Coincidentally the state department was advised by Miss Mabel Boardman of the American Red Cross that the Mexican authorities at Piedras Negras had denied entry to a carload of foodstuffs consigned for the relief of people in Monclova. Consul Blocker is endeavoring to use his good offices to arrange for the transportation of the supplies.

One report says that General Rosalio Hernandez, the Villa commander, had declared the supplies "not only were not needed, but would not be allowed to enter." Until Consul Blocker reports the details the state department will take no further action.

El Paso, Tex., June 14.—The military situation on the Villa-Oregon front in central Mexico is satisfactory to General Francisco Villa, according to George C. Carothers, special representative of the United States, who arrived here today from Aguas Calientes. Contrary to earlier advices, Miguel Diaz Lombardo, foreign minister of the Villa cabinet, stopped in Chihuahua, deciding to delay his visit to the border.

Mr. Carothers declined to discuss the recent conference of General Villa and his cabinet, which framed the Villa reply to President Wilson's note, but prepared immediately to make his report to Washington.

RUMANIA WILL JOIN THE ALLIES

Rome, June 14.—M. Popovich, consul general of Montenegro, in an interview today stated that a Russian Rumanian military convention has been signed.

Rome, via Paris, June 14, 11:55 p. m.—A dispatch to the Giornale d'Italia from Sofia says: "M. Filippesco, leader of the Rumanian conservatives, declared today that the quadruple entente powers (Great Britain, France, Russia and Italy) have agreed to the demands of Rumania. Therefore a definite conclusion of an understanding for the intervention of Rumania in the war is imminent.

"Greece and Serbia will send an identical note to the Bulgarian premier, Mr. Radoslavoff, and his cabinet declining the proposals of the quadruple entente powers for the cession of Macedonia territory to Bulgaria. The correspondent of the Giornale d'Italia in his dispatch adds: "I am assured that Greece and Serbia are sending a note of protest to the great powers declaring that it is impossible to accept a Balkan understanding on such terms. M. Radoslavoff and his cabinet will use pressure on Serbia and Greece because in the end the conception of the quadruple entente is based on right, and just consideration of national aspirations in the Balkans must prevail."

ATHENS DISPATCH TO THE DAILY TELEGRAPH SAYS

"So far as is known, 172 Venizelos adherents have been elected and 43 government candidates and independent. The returns for 74 seats in Macedonia have not yet been received, but as Macedonia is inhabited by Turks and Jews, it is likely to give a majority for the government. The complete returns, however, are certain to give majority for the ex-patriot, who says that if he has a majority of only one he will enter the chamber and assume power."

Athens, via Paris, June 14, 11:35 p. m.—The latest returns from the general elections, while confirming the success of the Venizelos party, are not yet definite enough to indicate the exact majority. The government candidates in Macedonia were elected.

The partisans of M. Gounaris, the present premier, assert that they have elected 120 out of 316 deputies.

GERMAN PROBLEM CAN BE SOLVED

Berlin, via London, June 14, 9:50 p. m.—The Lokal Anzeiger prints a noteworthy article on German-American relations by its general director, Eugene Zimmerman, which, coming on the heels of Friday's conciliatory article, is taken to mean that influential representatives of politics and business are standing behind the paper and exerting their efforts for a German-American understanding.

"President Wilson," says Herr Zimmerman, "desires nothing more and nothing less than an understanding between Germany and England concerning the forms of maritime warfare, which, at the same time, will insure the safety of American passengers. The task is not light, considering the development of naval war, but it can be solved if all interests display good will."

Possible Compromise. A new form might be given to naval warfare, Herr Zimmerman continues, on the basis that passengers on ships with special marks of identification and sailing under the government guarantee that they are unarmed, should receive proper consideration at the hands of submarine commanders. The compromise must also involve the withdrawal of the British admiralty's instructions to merchantmen to attack and ram submarines on sight.

The article ventures to indicate for the first time to the German public that there may be a second side to the question of arms on which the press has been for months harping. Herr Zimmerman pays his respects to what he terms typewriter heroes, who, far from the front, are preaching war to the knife against everybody, and concludes:

Sarcastic Suggestion. "We wish to act and write with blood and iron, but just because we are fearless and determined we may look for possible ways by which to arrive at an understanding with America. We need not close our department of incoming and outgoing former ministers and secretaries of foreign affairs, ambassadors and leading members of parliament should have seats.

GENERAL OREGON NOT DEAD. New York, June 14.—Francisco Elias Carranza consul general in this city, announced late today that he had received a cablegram from General Alvaro Obregon, the Carranza commander whose death was reported yesterday, denying the truth of the report. The message was sent today, Mr. Elias said, from Lagos, 50 miles north of Leon.

OFFICIALS NOT EXPECTING WAR

Washington, June 14.—President Wilson feels encouraged by reports that the pending negotiations between Germany and the United States most likely will have a peaceful outcome.

Those who have discussed the situation with the president and other officials in the last day or two have found a belief prevalent that the chances for an amicable understanding with Germany are much better than they have been at any time since the Lusitania tragedy.

This feeling is understood to be based on both official and unofficial reports from Berlin, telling of the favorable reception there of the American note, and on the hope, too, that the dispatches carried by Dr. Anton Miver Gerdard for Count von Bernstorff, the German ambassador here, will impress German officials with the American point of view.

Senator Simmons of North Carolina who saw the president during the evening and who has been talking with other officials about the situation, spoke tonight of finding a general feeling of optimism.

It was learned that the president does not plan to send another note to Great Britain protesting against the interference with commerce between the United States and neutral countries of Europe until the discussion with Germany has shaped itself more clearly. This does not necessarily mean, it was said, that the president will wait until a reply is received from Germany, though the British note scarcely will go forward until some definite idea has been gained of the character of the next communication from Berlin.

Colonel E. M. House, the president's friend, who arrived in New York from Europe yesterday, is expected to give the president much valuable information, not only regarding the feeling in Germany, but about the possibility of obtaining a modification by Great Britain and France.

DIPPING ORDER TO SHEEPMEN

An order that all sheep in the state of Utah must be dipped between July 1 and October 15 for the extermination of ticks was issued yesterday by the state board of sheep commissioners. A like order was recently made by the sheep commissioners of Wyoming. The ticks threaten to become a menace unless action is taken, it is said. When they attack the sheep in great numbers their blood-sucking activities constitute a drain upon the vitality of the animals.

AT THE Oracle Theater

TODAY AND WEDNESDAY
