WEBER TO MEET FAST B. Y. C. TEAM FROM THE NORTH

(By Prexy)
Thursday night the B. Y. C. basketball team of Logan will meet the Weber Academy five on the latter's floor. This game should be a furious fight, as the rivalry between these schools in former years has been very keen. Nothing would be more enjoyed at the academy than to have the local quint defeat the fast college team from Logan. On their northern trip, the academy boys were defeated by a large score, but when playing before their student body and on their small floor they give every team the hardest kind of a fight. The game promises to be faster than the whirlwind go with Preston. The college boys are heavier and have had more experience than the academy lads and, from the dope sheet, should win. Nixon, the star center of the academy, was slain in the game with Preston and could not do justice to himself, so Coach Watson will let him off with light work this week and he should be in perfect condition for the game. The line-up for Weber academy will be:
Nixon Center
Rassett Left forward
Critchlow Right forward
Wilkinson Right guard
Brewer Left guard

HIGH SCHOOL AND MUTES TO MEET

(By Prexy)
Wednesday afternoon the deaf school five will tangle again with the high school on the latter's floor. Last week the mutes defeated the high school by two points, but the high aggregation will have the deaf boys off their floor this time and on their large one. This will give the high school a little advantage and with the team rounding into shape should win quite handsily. Coach Lon Romney has had his men on the floor only ten days and stated they were yet weak on their basket shooting. Romney should put out a good team this year as he has a scrappy bunch out for practice. All the Ogdens five needs to win is the old-time pep and Coach Romney is about ready to use all he has and all he can buy. Coach Romney has been criticised by many fans on his ability as a coach. This writer learns from good authority that the football players in the last three years have robbed him and the school out of two state championships by lack of training and ineptibilities. One year the same thing happened in playing basketball, but no one thinks of the men but only of the coach. All should boost for the high school and Romney, and not knock.
The lineup for the game Wednesday will be as follows:
High Mutes
Pingree-Crossman Wildes
Chambers Lewis
P. Falck Jones
L. Falck Olsen
Duce

FOUR MEN ARE SHOT BY THOMAS BROWN OF PACIFIC AVENUE

The mystery which surrounded a shooting Saturday night in the Glasgow addition, near Eighteenth street, with George Morris, James Condas, Paul Phillips and Antone Erick as the victims, was partially fathomed yesterday with the arrest of Thomas Brown of 1752 Pacific avenue. Following his arrest, Brown was questioned by Detectives Thomas Burk, Robert Chambers and Robert Burk and admitted having done the shooting. According to his story, he was stopped by the four men on the Southern Pacific bridge over the Ogden river, about 7 o'clock Saturday evening, one of them asking him the time of day, while another held a gun against him and ordered him to throw up his hands.

"I told them that I had nothing but food supplies," Brown stated to the officers. "and if they wanted them more than my wife and children, they could have them. They didn't seem to want the food, however, and didn't attempt violence."
Continuing his story, the Ogdens man, who is an employe of the Ogden Packing and Provision company, said that, after being given permission to go on his way, he went home and told his wife of the affair. "Then," he said, "I began to get mad. I got mad all over. I don't know what made me do it, but something told me to go and 'get' the gang, so I grabbed a shotgun and went on the hunt for them. I had gone only a short distance when I saw a lighted match and then I fired three times."

The four victims of the shooting went to the police station Saturday night, suffering from gunshot wounds and explained that they had been "ambushed" on West Seventeenth street, entirely without reason and without knowing who did the shooting. Their wounds were dressed by County Physician A. A. Robinson and are not considered serious. They were en route, they said, from their homes at Clarendon, Wyoming, to Montello, Nevada, seeking employment.
The men claim they had not left town when the holdup complained of by Brown occurred. They are being held as witnesses and their wounds are being treated.

DR. E. L. HOUSE OFFERS TO MEET H. A. TEASDEL IN JOIN DEBATE

Editor Ogden Standard: In a recent issue of your paper, there is a reply to some statements of mine by Henry A. Teasdel. In reply, would like to say that if Mr. Teasdel will meet me in public or private, as to whether I have studied Christian Science, we will leave it to those who hear us as to which can quote the most of the book and who has studied the best. As to Christian Science healing, going back to Christ's time, Mrs. Eddy says:
"The Scriptures gave no direct interpretation of the scientific basis for demonstrating the principles of healing until our Father saw fit, through the key to the Scriptures in Science and Health, to unlock this mystery of godliness."
As to Christian Science healing, I admitted that such healing was taking place, but it is only mental healing. A cult that denies the vicarious atonement cannot be spiritual, from my point of view, and that Christian Science does deny the orthodox atonement is seen from the fact that many Jews are accepting it today because they are told that Jesus is nothing more than the best of prophets—not God manifest in the flesh.
That my brother has much of the mortal mind is evident of the fact that he says I am not honest, nor sincere, that "I am partly believing Christian Science is true." Any one who knows or hears me, knows that I am honest and sincere, and knowing Mrs. Eddy as I did personally, and living right along side of her as I did in New Hampshire, I think I could convince an audience very quickly that I am not a Christian Scientist. If that I am not a Christian Scientist, my brother will meet me in public debate. I shall be glad to do so in the right spirit and from a scientific and philosophical, as well as a Christian standpoint. Most sincerely,
(Signed) DR. E. L. HOUSE,
Salt Lake City, Dec. 11, 1915.

ANTI-SUFFRAGISTS TO VISIT PRESIDENTS

Washington, Dec. 13.—The National Association Opposed to Woman Suffrage met in annual convention here today with delegates in attendance representing twenty-three anti-suffrage associations.
Mrs. Arthur M. Dodge of New York, president of the organization, presided at the opening session, at which was read a letter by Mrs. Robert Lansing, wife of the secretary of state, from her father, John W. Foster, a former secretary of state, opposing woman suffrage.
President Wilson will receive the delegates at the White House tomorrow.

ITALIAN STEAMER ALIEGHERI SAFE

New York, Dec. 13.—The steamer Dante Aliegheri of the Trans-Atlantica Italiana, is safe in an Italian port, according to a cable from the home office at Genoa, today.
On December 10 a London dispatch stated that the Italian steamer Dante Aliegheri had been torpedoed.
There is a freighter of that name.
Unions have a tendency to eliminate night work, and, in fact, all long hours by requiring time and a half and double rates for such employment.
