ACCIDENT IN WHICH BICYCLE IS STRUCK BY AN AUTO. The right front wheel of an automobile, eastbound on Twenty-fifth street, striking the rear wheel of a bicycle at noon today on the Twenty-fifth street and Washington avenue intersection, gave a large crowd of pedestrians a thrill and G. W. Culver, driver of the automobile and C. Backman, propeller of the bicycle, a bad scare. The only injury as a result of the mixup was to the bicycle, the frame of the rear wheel being broken and the rear forks slightly bent.

The collision was entirely accidental and the automobile, which had the right-of-way and was being driven at a slow rate of speed, was stopped less than two feet from the point where it struck the bicycle. Mr. Backman had just turned south on Washington avenue from Twenty-fifth street hill as Mr. Culver started to drive his car across the intersection and a second's miscalculation on the part of the bicyclist took him in front of the automobile.

Tickets admitting to both the reception at the Berthana and the joint lecture to be given at the Tabernacle in the evening may be secured from the members of the executive committee.

At 8:15 Lord Aberdeen will speak on "Innocences of a Viceroy" and Lady Aberdeen will follow with "The Triumph of Civic Awakening" after which the Tabernacle choir will render the following program: (a) A Dream.....Bartlett (b) Drink to me Only with Thine Eyes.....Old English (c) Grand Finale from third act of Martha.....Plotow

HOME NIGHT GIVEN AT THE ROY MEETING HOUSE. A "Home Night" demonstration was held in the Roy ward meeting house last night, under the direction of the stake Y. M. I. and Y. L. M. I. boards, to further the movement of having all families in the Mormon church to pass at least one night a week in a home meeting. The pulpit platform was set as a living room and the program was listened to with marked attention and interest by a large congregation.

With an apt story by O'Henry as an illustration, Miss Pearl Burton of the stake board made the introductory remarks, pointing out the results of disregarding home ties. "The home," she said, in concluding her talk, "should be made pleasant and so actively interesting that the children would not seek excitement on the streets, being content with the wholesome pleasure that the parents, with co-operation from all members of the family, could provide. The home night will result in great good, being an institution that will work toward social betterment and in which all will share in the benefits."

The "Home Night" program was in direct charge of Mantha Thompson and Mrs. Ethel Greenwood, who assumed the role of the parents, and the "family" was composed of Jed Hammon, Ben Brown, Verna Gibby, Rita Spindlove, Jane Stoker, Gilbert Gibby, Norine Gibby and Lucille Lambert. It consisted of a humorous song by Mr. Thompson; a nativity story by Mrs. Greenwood; piano solos by Verna Gibby and Rita Spindlove; duet, Rita Spindlove and Verna Gibby; recitations, Alta Thompson and Master Joseph Gibby; a piano solo, James Stoker; vocal solo, Norine Gibby; story, Lucille Lambert.

The closing number was a song, "Love at Home," by the "family."

MRS. J. M. FOLKER SEEKING DIVORCE. In Judge J. A. Howell's court today was taken up the divorce case of Eliza J. Folker against Jedediah M. Folker, the plaintiff asking for a decree on the grounds of failure to provide and cruelty.

The complainant alleges that the parties were married August 19, 1912, and that there are three children. It is also averred by the plaintiff that the defendant has failed to provide the necessities of life for the family and has been cruel and unkind. She asks for the care and custody of the minor children, costs of suit and attorney fees and reasonable alimony.

The defendant denies the allegations of the complaint respecting failure to provide and cruelty and claims that the defendant deserted him.

SMALL BOY HAND BLOWN OFF BY A DYNAMITE CAP. Theron, the 12-year-old son of William Robison, an insurance agent, had his right hand blown off by a dynamite cap at Morgan, Saturday last, and the youngster was operated on by Dr. Ezra Rich late that evening. The boy having been brought from Morgan by the father, accompanied by Dr. C. C. R. Pugmire.

Saturday afternoon, the boy found the dynamite cap on the street and was playing with it when an explosion occurred, mangle the entire right hand. The family was immediately notified and the father rushed to the Union Pacific train with the wounded youngster and summoned the doctor to accompany him. Within an hour of the accident, the patient was on the operating table in Ogden and before 6 o'clock the dangling fingers were amputated, the arm dressed and the boy taken to the Dee hospital where he is now resting easy.

There is a possibility of saving the index finger and thumb of the shattered hand.

ARMOR TRUST AT OLD STAND. "We have an armor trust now," he continued, "just as we have had all along and it is doing business at the same old stands—Bethlehem, Carnegie, Midvale.

"The critics of the navy department under Secretary Daniels have been unusually active and outrageous in their work, not hesitating even to make false statements," said the senator. "The one man particularly active in this criticism has been his immediate predecessor, Mr. Meyer, who seems to be unconscious of the fact that in indicting the navy as he has under Secretary Daniels, he in truth, is indicting himself and his Republican predecessors in the navy department."

Money Has Been Squandered. Congress has appropriated enough money, but it has been squandered, misappropriated and spent unwisely," Mr. Concluding, Senator Tillman made a plea for prompt action on his armor plant bill.

"Nothing but brazen effrontery and unbridled greed, aided by official corruption in Washington can delay the passage of this bill, and I hope that it will become law inside of 30 days," he said.

U. S. OBTAINS STRONG EVIDENCE. Records of Labor's National Peace Council and Its Inner Ring Turned Over to U. S. Attorney.

New York, Dec. 13.—The records of the activities of Labor's National Peace Council, the organization through which, according to United States Attorney Marshall, Franz von Rintelen, torney Marshall, Franz von Rintelen, strikes in munition factories were turned over today to Marshall by L. M. Straube, former secretary to the organization.

This evidence consists of speeches, notes, the by-laws of the council and other material which, it was declared at the Federal building, supplies important evidence for the prosecution. One official said Straube's evidence substantiates the case against these conspirators in every detail.

Straube came voluntarily from Chicago to place his evidence before Mr. Marshall and will appear before the grand jury.

Council Dominated by Inner Ring. His information confirms, it was stated, the theory of the government that the peace council was dominated by an inner ring of five men, all agents of von Rintelen. Many others of the organization were sincere peace advocates who did not realize what was going on in the inner circles.

One officer of the council were Congressman Frank Buchanan of Illinois, president; H. Robert Fowler, former congressman from Illinois, general counsel; Henry D. Martin, president of the Anti-Trust League, treasurer; and Herman Shulteis, director.

Marshall has the documents which were seized by the British government when von Rintelen was taken prisoner at Falmouth. They will play an important part in the government's case. As to whether they throw any light on the German in their agent Mr. Marshall would only say "that is a question which must be put to Secretary Lansing."

The new evidence is so voluminous that the calling of the grand jury which was to have reconvened Wednesday may be postponed until the end of the week.

AUSTRIAN CHARGE VISITS LANSING. Desires Further Information Regarding Wishes and Attitude of U. S. in Ancona Case.

HAD NO INSTRUCTIONS. Baron Acting on Own Initiative While Awaiting Word From Vienna Government.

Washington, Dec. 13.—Baron Erich Zveidinek, charge of the Austro-Hungarian embassy, informally discussed with Secretary Lansing today the American regarding the sinking of the Italian steamer Ancona, which makes formal demands upon his government for a disavowal, punishment of the submarine commander and reparation for the Americans who lost their lives in the disaster.

It was believed that the charge desired further information regarding the attitude and wishes of the United States government. Secretary Lansing would not discuss the conference further than to say the general subject had to do with the Ancona incident. Baron Zveidinek was equally reticent.

No Instructions from Vienna. From other sources, however, came the information that the charge who requested the appointment with the secretary, had no instructions of any kind from Vienna foreign office and that he acted entirely upon his own initiative.

In official and diplomatic circles it was believed that the charge was following the example of Count von Bernstorff during the days when the Lusitania case was in a critical stage. Baron Zveidinek was said to have obtained an indication of what action would be taken by the United States should Austria-Hungary decline to accede to the views of the United States or in the event of the reply being satisfactory.

Austria Will Accede to Demands. Baron Zveidinek was reported to have told Secretary Lansing that if the facts in the case were as the United States have cited them in the note, Austria-Hungarian government would without doubt accede to the demands.

He was said to have asked as to what facts in addition to those published by the Austrian-Hungarian admiral had been gathered by his government. Neither was he said to have any doubt that a reply would be received to the note, or what would be the contents. The reply will come through Ambassador Penfield, the note itself having been transmitted through that channel.

It also said that Baron Zveidinek asked Secretary Lansing to do what he could to alleviate the tenseness of the situation. Information was not available as to what reply, if any, Secretary Lansing had made to the inquiries.

Washington, Dec. 13.—Further action by the United States government on its demands of Austria-Hungary regarding the sinking of the Italian liner Ancona, the text of which was published today, now rests with the Austrian government.

The note clearly indicates that a break in the diplomatic relations between the two countries will follow failure of the Austro-Hungarian government to redress the acts of the submarine commander which are declared to be illegal and indefensible. A week at most probably will be given Austria-Hungary to accede to the American demands.
