When you stand and gaze up at some beautiful new building, did you ever stop to think how many different firms had been employed to bring it to such a grand and permanent success? There are the brick yards, lumber yards, hardware firms, excavators, cement firms, carpenters, and last but not least the sheet metal shops. THE NEWMAN & STUART CO., known as the Pioneer Cornice Shop, at 2254 Washington Avenue, is one of our largest sheet metal shops and has helped to beautify many of our big buildings both in Ogden and in the surrounding towns. But they do not confine their work exclusively to sheet metal work. They also put in hot air furnaces in private homes as well as buildings. A full and complete list of these are kept in their offices, and you will find the slogan, "EVERY JOB A SALESMAN" indeed true in their case. —Advertisement.

UTAH & OREGON LUMBER COMPANY

Let us impress upon your mind the fact that this company is prepared to compete upon a quality service-price, basis with every concern in the United States selling lumber and building material. We buy in wholesale quantities just as cheap as any one and our overhead expense is much less than many firms who advertise but carry no stock in this community. We are determined to let no misstatement go unchallenged.
