SEALS BEATEN BY BEAVERS

San Francisco Is Soundly Trounced—Bobby Jones Drives to Center for Seals Two Runs.

San Francisco, July 5.—Portland Beavers compressed so much baseball scoring into a single inning this afternoon that San Francisco was run over standing still, trounced to a frazzle and with never a kick left in them, to the tune of 6 to 2.

OAKS SHUT OUT BY VERONITES

Mitchell Pitches Great Game for Tigers—Sammy Beer Just as Efficient.

Los Angeles, July 5.—Roy Mitchell, the well-known farm hand, was today too stout for the full-floating rear Oaks and Vernon made it three straight, 2 to 0. Mitchell is one of the players who has been hibernating at Maier's ranch, and who it is claimed has really been carried along with Honus Mitze, in excess of both the player and salary limit.

Sammy Beer was just as efficient except in the sixth when he suffered a slight sinking spell. In that round, Doane's single followed by Gleichmann's triple and a single by Hisberg yielded two runs with one out. Bates ended the sortie by hitting into a fast double play. Each club played in a way to knock the error column clear of the box score.

UTES LOSE IN SLUGFEST 21 TO 11

Wretched Game of Baseball Played With Los Angeles Yesterday—Bart Woolums on First Base Today.

Salt Lake, July 6.—In the worst debacle of the 1916 campaign the Salt Lake Utes were overwhelmed by the Chancemen from Los Angeles yesterday, score 21 to 11. The score is not really any true indication of the wretched baseball that was played at Majestic field, and the poor refugees who sat through that debacle will have something to relate to their grandchildren when they begin to sprout whiskers that they can step on and mistake for a doormat.

Yesterday's game was something like the war in Europe. It was too tremendous to really contemplate calmly, and the demon war correspondents, Oscar Hipp and Joe Hoosli, who sat through part of that burning campaign, expressed a desire to be relieved from further participation after the first round.

Score by innings—Los Angeles: 12 10 001 124—21 Runs 113 001 224—24 Hits 113 001 224—24

Manager Blankenship last night announced that Bart Woolums would be at first base today and would fill in until Brief gets back into the game. Woolums was for several years in the Western league, and in 1913 and 1914 he was Ogden's first sacker in the Union association. He was manager of one of the clubs in the Utah Cop-

BRADY'S PITCHING HELP TO COLUMBUS

per league last season, and is now manager of the Portland Cement club. He is regarded as a great fielder. Shin's brief entrance into the game yesterday proved unfortunate for him, and there is no telling when he will get back for keeps. Buddy Ryan may play today, but he is in no condition to work unless the exigencies of the case demand his help, and this they certainly appear to do. Buddy has a spike wound in his right leg the full depth of a brand-new spike and as long as the blade. If Buddy gets in, Orr will probably be switched to right, or he may be sent to short, his regular position.

NATIONAL LEAGUE

Table with columns: Won, Lost, Pct. for National League.

Yesterday's Results. At St. Louis—Cincinnati 1, St. Louis 4. At New York—Brooklyn-New York game postponed; wet grounds. At Pittsburgh—Chicago 4, Pittsburgh 3.

Today's Schedule. New York at Pittsburgh. Only one game scheduled. Boston, July 5.—Philadelphia defeated Boston 2 to 1 today and went into second place. Rixey was a puzzle to the locals, allowing but three hits, one of which was a double, in the last inning by Fitzpatrick, who scored on two infield putouts. The visitors earned a run in the first inning on Pasner's double, a sacrifice and an infield hit. An error by Maraville led to the making of the other run. Evers was put out of the game for protesting a called strike, during the fifth inning. President Tener witnessed the game.

REDS AND CARDINALS MIX IN FINAL GAME. St. Louis, Mo., July 5.—St. Louis won the last game of the series with Cincinnati here today, 4 to 1. The game was a pitchers' duel between Williams and Toney, the latter being found for only two hits until the eighth, when the locals got two more. Cincinnati 100 000 000—1 St. Louis 100 000 05x—4

ERRORS AND HITTING WIN FOR CHICAGO. Pittsburgh, July 5.—Heavy hitting by Williams and Mann, together with errors by the local team, resulted in Chicago defeating Pittsburgh here today by a score of 4 to 3. Compton, obtained last week from the Boston Na-

LEWIS DEFEATED BY BARRIEAU

Ten-round Go at Ely Won by Canadian Welterweight—Lewis Game to Core.

Ely, Nev., July 5.—Frank Barrieau beat Perry Lewis all the way in their ten-round go here yesterday afternoon. It was evident from the sound of the song that the Canadian welterweight was the Denver boy's master at the game.

After sparring for a second in the first round, Barrieau, with perfect ease, sent his straight left to Lewis's face and landed a terrific right on the jaw. Then for two rounds he did just as he pleased. He opened up an ugly gash over Lewis's right eye in the second round and seemed then to have the Denver boy at his mercy.

In the third, fourth and fifth rounds Barrieau was clearly laying out Lewis. Lewis seemed entirely out of steam and Barrieau simply walked around the ring, occasionally sending in a light tap, with an air of confidence that would not be mistaken.

In the sixth round he again opened up the cut in Lewis's eye, from which his second had temporarily stopped the flow of blood. Barrieau used his right, but Lewis seemed to have learned to keep out of the way and it did not land quite so often as in the first two rounds.

It connected often enough, however, to have considerable effect, and several right uppercuts from Barrieau were bringing the fight to a close. Barrieau evidently thought he could end the fight when he pleased, but he waited just a trifle too long. In the tenth round he went after his man and showered stinging lefts in the face, with right swings and vicious uppercuts almost at will.

Lewis was game to the core, and stood the punishment like a man. He was distressed throughout the tenth round, but managed to save himself from a knockout. Referee Parley Smoot held up the glove of Barrieau and all agreed that the fight was an easy one for the Canadian. Barrieau weighed 148 pounds, while Lewis tipped the beam at 147. Kid Irish of Salt Lake and Eddie Johnson of Ely both challenged the winner of the fight, and Barrieau has decided to remain in Ely for a while, with the intention of arranging a match for Labor day.

The preliminary between Harry Beecher and Pete Vassiliou, two local boys, attracted as much attention as the main bout. Vassiliou is known as the Greek demon, and as such he measured up against one of the cleverest young boxers that has so far been seen in a ring in this section.

He had about thirteen pounds the best of Beecher, but the lighter boy had it all over the Greek in knowledge of the game. He just boxed Vassiliou right off his feet, hitting him at will. Referee Meagher called the bout a draw, but the audience voted practically to a unit that Beecher won every round.

AGED HUSBAND KILLS HIS GIRL BRIDE. Pueblo, Colo., July 6.—Marguerite Cook, the 14-year-old bride of J. G. Cook, 52, a steel worker, was found dead on a bridge in the downtown district late last night. A few yards away, lay the body of Cook, with a bullet through his heart. Cook is thought to have shot his wife and then committed suicide. The couple are said to have been separated during most of the time since their marriage seven months ago.

FOUR INCORPORATION ARTICLES ARE FILED. Incorporation papers for five new companies were filed yesterday with the secretary of state.

CHALLENGE ROUND OF TENNIS TOURNAMENT

New York, July 6.—The challenge round of the middle states lawn tennis tournament will be played next Saturday at the Orange Lawn Tennis Courts at Mountain Station, N. J.

This announcement by the tournament committee today dissipated any belief that the title would go by default. Theodore R. Pell, winner of the open tournament, will meet his doubles partner, Karl H. Behr, for the singles championship and Harold Throckmorton and Dean Mathey, winner of the Nassau doubles, will play Pell and Behr for the doubles title. In both events the title holders need but to win the tournament this year to gain permanent possession of the trophies.

MILLION ENROLLED IN NEW PARTY CLUB

St. Paul, Minn., July 8.—One million voters already have been enrolled in the "Five Million" club projected by the Prohibition party and allied organizations. It was reported today at convention headquarters here, and it was considered probable that thousands of the number enlisted who had practically deserted the dominant political parties, would attend the national Prohibition convention in St. Paul, July 13-21. These with the estimated attendance of 15,000 at the convention proper would bring the total number of visitors to this city close to 50,000, it was said.

The "Five Million" club movement, which was originated by Virgil G. Hinshaw of Chicago, formerly of Portland, Ore., National Prohibition chairman, is regarded by Prohibitionists and other "dry" proponents as the instrument which in less than four years will "kill John Barleycorn in the United States" and aid in the election of a Prohibition president in 1920.

Branches Being Established. Branches of the organization have been established in all parts of the country, according to reports received here from national headquarters of the party. The club at Easton, Md., is cited as an instance of the activity of those aligned with the movement; it has enrolled 2,000 voters. The organization in Hartford, Conn., it is said, has enlisted more than 200; that at Newberg, Ore., has in its membership it is asserted, almost every voter in the precinct.

The chief objectives of the parent organization is the enrollment of 5,000,000 voters from rival parties to obtain national prohibition of the manufacture and sale of intoxicants. Religious as well as political organizations, civic bodies and prominent publicists of the United States aided, it was reported, in furthering the movement.

Each of the 1,000,000 said to have been listed took the following pledge: "I will give my vote and support to such candidates and party as stand, by state and national platform declaration, for the prohibition for the prohibition of the liquor traffic."

KNIGHT PARTY GETS GREAT AUTO SCORE. Provo, July 5.—A remarkable escape from serious injury, or even death, was experienced on the evening of the Fourth by Mr. and Mrs. Jesse Knight and a party coming from Payson to Provo in Mr. Knight's machine. On the narrow turnpike between Salem and Spanish Fork the car skidded, and Mrs. Knight, who was driving and trying to keep it on the road, lost control of the machine, which crossed the road and turned turtle, leaving all the occupants pinned under it. Fortunately, immediately behind the Knight party was a car occupied by Dr. E. D. Woodruff of Salt Lake and Dr. Kelly of Grand Island, Neb. The doctors and their chauffeur at once came to the assistance of the victims of the wreck, and, with other travelers, soon had all the people out.

The Knight car were Mr. and Mrs. Knight, Mrs. Diantha Worsley, Mrs. Georgia Cluff and Miss Sena Christensen. Strange to say, none of them was seriously injured. Mrs. Knight suffered a severe nervous shock and Mrs. Worsley and Mrs. Cluff were slightly bruised. Miss Christensen and Mr. Knight were not hurt.

ARRESTED FOR ROBBERY. Pocatello, Idaho, July 5.—Nick Zeese was Monday taken into custody by Officer McGarvey on a warrant issued out of Judge Knowles' court, charging him with robbery. The charge alleges that Zeese robbed a friend of his watch, \$10 in gold and other articles of value. Zeese was held to \$500 bail, in default of which he spent the Fourth of July as a guest of Sheriff Cooper in the county jail.

GENUS GENISTA: BUT BROOM. "Broom" said the little old lady, smiling and nodding at the handsome man in the window. "Genista, madam," said the florist's assistant, also smiling and nodding. "Broom" persisted the little old lady, her gentle eyes sparkling dimly, her gentle hands working. "Broom—" "I know all about broom," she explained to the sympathetic listener who stood near. "When I was a child, in England, we lived near the moor, and the broom made them yellow in spring, just as the grass did later. They both looked so pretty with the heather. We children always played
