KIDNAPING OF LITTLE GIRL DEFEATED BY WOMEN

Getting rid of her little brother by giving him a nickel to buy an ice-cream cone, E. W. Foster, a transient seized a nine-year-old girl of the name of Gilbert, residing on Lincoln avenue near Twenty-sixth street, Wednesday afternoon, but before he had proceeded far with his struggling burden, he was frightened by several women who had seen his act, and released the child.

The incident was reported to the police and, after searching Wednesday evening without avail for the child's assailant, Detective Peter Naylin and Patrolman James Hearn took the child with them yesterday and she identified Foster in a crowd of nearly twenty transients as the man who had carried her away.

He was immediately placed under arrest and again identified this morning, in police court, by the little girl. The child said she was playing on the front porch of her home, with her little brother, Wednesday, when Foster came along and tried to get her to go with him. She paid no heed to his overtures and then, getting rid of her brother in the manner mentioned, the man seized and carried her until he met the women.

After hearing the evidence in the case, Judge Barker sentenced Foster to serve 60 days in jail.

Ank Fritzie, arrested by Officers Naylin and Hearn yesterday, pleaded guilty to a charge of petty larceny and was sentenced to serve 30 days in jail or to pay a \$30 fine. SENATOR REED SMOOT REPLIES TO SPRY COMMITTEE

Senator Reed Smoot and Senator George Sutherland have replied to the committee named by the business men's meeting of June 30 to notify the Utah Congressional delegation that Gov. William Spry was a candidate for a third term as governor of Utah and urge the Congressional delegation to give his candidacy their "moral support."

Senator Smoot in his reply declares that the success of the Republican party is more desired by him than the success of any one man and declares that he understands that Gov. Spry is so opposed to state-wide prohibition that he would not accept a nomination at the hands of the Republican party if the platform declared for state-wide prohibition.

Senator Sutherland in his letter to the committee declares he is himself a candidate for renomination and reelection to the United States senate on the Republican ticket and that he does not care to interfere in the matter of selection of other nominees by the Republican state convention.

At the meeting held in the Hotel Utah, June 30, when a number of prominent business men of Salt Lake and Ogdan urged Governor Spry to announce his candidacy for a third term, F. C. Richmond moved that a committee be appointed by Heber M. Wells, chairman of the meeting, to inform Utah's Congressional delegation of their action, of the governor's acceptance of the invitation to become a candidate, the names of the business men present, and to urge the Congressional delegation to give its moral support to Spry's candidacy.

The committee was composed of F. C. Richmond, W. S. McCormick, L. R. Eccles, S. G. Dye and F. S. Murphy.

Senator Smoot's Reply. Senator Smoot's reply to the message of the committee is as follows: "UNITED STATES SENATE, Committee on Expenditures in the Interior Department, Washington, D. C., July 11, 1916. Mr. F. C. Richmond, Salt Lake City, Utah. Dear Friend Richmond:

I acknowledge the receipt of the letter of July 3, 1916, signed by yourself, W. S. McCormick, F. S. G. Dye, L. R. Eccles and F. S. Murphy, calling my attention to a meeting held on the evening of June 30 at the Hotel Utah, at which an invitation and request was extended to Governor Spry to allow his name to go before the forthcoming Republican state convention as a candidate for reelection to the office of governor for the ensuing four years, and that the governor appeared before the meeting and accepted the invitation.

In the list of prominent citizens attending the meeting, I find the names of many of my very dearest friends and political supporters. Nothing short of a definite conviction on my part, in which future welfare of the Republican party in the State of Utah is involved, would cause me to hesitate a moment in giving heed to their judgment in this matter.

It is needless for me to tell you that I am deeply interested in having Utah give her electoral vote to Gov. Charles E. Hughes and to elect every possible Republican ticket in the coming election. I did everything in my power at the Republican national convention to bring about a union of the Republican and Progressive parties. We should all congratulate both parties on the victory won at the Chicago convention. I hope for a complete union between the two parties in Utah.

A supreme effort is going to be made by the Republican party organization to elect a sufficient number of Republican senators to control the senate in the next congress. It is generally conceded that the next House of Representatives will be Republican by a large majority and that Governor Hughes will be elected president. To prevent the victory being barren of results for two years we must win the Senate. What a disgrace it would be to Utah if she prevented that control by electing a Democratic senator! I know of nothing that would reflect upon Utah more than to have it go Democratic this fall.

Majority Favors Prohibition. I am not so much concerned about the personnel of the ticket, providing the nominee is the best, capable and worthy of the confidence of the people, as I am in the platform to be adopted by the state convention as the success or failure of the party will, in my judgment, largely depend upon the character of the party declarations. I feel confident that the great majority of the people of Utah are in favor of state-wide prohibition and are going to have it. I am positive if the Republicans at the state convention refuse to adopt a state-wide prohibition plank in their platform the party will run the gravest danger of meeting defeat. I say this after a most careful investigation and upon reports from nearly every city and town in the state.

We must not deceive ourselves by thinking that people will be satisfied with submitting to a vote more than two years hence the question of a constitutional amendment providing for prohibition. Such a declaration on the part of the Republican convention will be characterized by the friends of prohibition as an evasion and another postponement of the question and will be resented at the polls. I would much prefer to enter the campaign with no declaration upon the subject and rely upon the present local option law than I would to ask the people to submit to the delay involved in an attempt to amend the constitution. We, at least, could not be charged with deception, evasion or postponement. The people know that the legislature, without an amendment to the constitution, has full power

to pass a prohibition law. My interest in the success of the party is greater than the success of any man and I ask you as well as all other Republicans to give serious consideration to the question of state-wide prohibition to which I understand Gov. Spry is so opposed that he would not accept a nomination if the platform declared for it. I have talked with the governor fully and frankly about this matter and he thoroughly understands my attitude. I would be untrue to my friends and supporters, untrue to the Republicans of Utah and untrue to myself if I did not call your attention to the prohibition question that is uppermost in the minds of a majority of the people of Utah today.

Kindly convey the contents of this letter and my very best wishes to the other signers of the letter. Yours sincerely, REED SMOOT.

MRS. L. N. KEETER SUES THE CIRCUS

Mrs. Lois Newey Keeter, as the guardian of her two children, Lorene and Lea Keeter, has entered suit against the John Robinson Shows and Ogdan City, alleging that they were jointly responsible for the death of her husband, Malcolm Keeter, who lost his life in a runaway on the seventh of this month, during a parade of the John Robinson Shows.

A city ordinance is quoted in the complaint which forbids circuses, carnivals, menageries, etc., from giving a performance without first securing a license.

In the afternoon of July 7, the parade of the above show was going down Twenty-third street. When it neared Wall avenue Keeter passed by driving two horses to a load of lumber. The combined sight of the elephants and terrifying scream of the callope, frightened the team of horses and, becoming uncontrollable, they dashed down the street, throwing Keeter from the wagon and sustaining injuries that caused his death.

Ogdan city is partly blamed for the accident for allowing the streets to remain in such a poor condition; the holes in the street being the cause of Mr. Keeter being hurled from the wagon. The complaint states that he was the sole support of his wife and two children. The plaintiff asks for \$25,075.

A summons was served on J. J. Shannon, the general manager of the show company, while the latter was playing in Salt Lake City.
