

PLEASEING SHOWS AT PLAYHOUSES

None But High Class Entertainment Offered—Theaters Well Ventilated and Cool.

The program at the playhouses last week was unusually entertaining, and the managers of the "Movies" say this week's entertainment will be even more appreciable.

Special care has been taken to have the playhouses well ventilated, and during the show period will be realized. An hour or more in the playhouses is a pleasurable and educational pastime.

Following is the week's end program:

SCENES ON THE WESTERN FRONT; GENERAL WHO LEADS ATTACK

British-battery on way to front in Somme region; General Birdwood; Russian troops wearing French helmets in trench on the western front.

These pictures have just been received from the western front. Observe how spick and span are the members of the British battery who are on their way to the front in the bloody Somme region. Russian troops, wearing French helmets, have done some hard fighting on the western front. General Birdwood is the commander of Australian troops in France who in recent engagements have covered themselves over with glory.

and the loss of 40,000 tons of raw sugar in Sunday's explosion caused an active covering movement in sugar futures. At noon prices were 13 to 18 points higher.

Chicago Grain

Chicago, July 31.—Cooler weather today tended to ease off the wheat market. Disquieting Canadian reports, however, regarding black rust and poor filling acted largely as an offset. Besides the European crop outlook continued to be unfavorable. Opening prices here, which ranged from a shade to 3-4@7-8c lower, with September at \$1.20 1/4 to 1 1/4 and December at \$1.24 to 1 1/4, were followed by slight further declines and then a moderate rally. Predictions of a hot dry week in the corn belt made the corn market firm. After opening 1-4c off to a like advance, considerable strength developed in the September option which scored a material gain, although other deliveries lagged. Holding sales depressed oats. Buyers were not plentiful. Lower prices on hogs carried down provisions. There was decided selling pressure on lard. Subsequently large wheat receipts in the southwest gave an advantage to the bears, but the market rallied sharply owing to the remarkable smallness of threshing returns in South Dakota. The close was unsettled September \$1.21@1.21 1/8 and December, \$1.24 3/4@1.24 7/8 with the market as a whole 3-8c off to 1-4c up as compared with Saturday's finish. Increasing reports of corn crop damage came from the southwest but the effect was more than counter balanced by rains in Iowa and Illinois. The close was strong at the same as Saturday's finish to 1c down.

UTAH STOCKS

Summary of the Local Market. July 31, 1916.—Mining stocks was fairly active during the morning session on the local exchange. As has been the case for the past few weeks the dividend payers attracted the most attention. South Hecla became ex-dividend today and consequently the stocks dropped off 15 cents a share. Prince Con. was strong at \$1.40, Silver King Con. brought \$3.30

BOOSTERS ARRANGE FOR A BIG FALL FASHION SHOW

More than one hundred of the liveliest boosters in the intermountain country were selected Saturday afternoon by the executive committee of the Ogden Harvest Festival and Fashion Show association to serve as committee members for the 1916 show, to be held September 7, 8 and 9, assuring the biggest and most interesting event of the kind ever held in Utah. Adams.

At the same meeting several features of the celebration were definitely decided upon. Among these will be a patriotic parade Thursday evening in which every lodge and society in the city will be asked to participate, an automobile parade Friday evening and an industrial parade Saturday evening. Following the patriotic parade, a session of the first Continental congress will be staged at the Alhambra theatre, under the direction of Moroni Olsen, with a cast composed of local barristers in colonial costume. A big barbecue will also be a feature of the celebration. The officers, directors of the Harvest Festival and Fashion Show association are:

Officers—Albert Scowcroft, president; A. T. Wright, vice president; James P. Casey, secretary. Directors—P. M. Parry, Le Roy Buchmiller, Joel J. Harris, Fred G. Taylor, Royal Eccles, Thos. G. Burt, L. T. Dee, S. S. Jensen, E. T. Richardson, R. E. Bristol, Jas. H. Douglas, Harmon W. Peery, Dr. W. E. Whalen, Frank M. Driggs, Marriner Browning.

The Barbecue. T. G. Burt, whose successful handling of the barbecue last year with the help of his committee, made him the logical man to oversee this feature of the celebration again, expects to make the barbecue bigger than before. Last year two large steers, donated to the committee by the Ogden Packing & Provision company, were barbecued, and this year it is expected that three or more steers will be needed to supply the demand for sandwiches.

Modern Woodmen and Royal Neighbors. All members of the Modern Woodmen and Royal Neighbors are earnestly requested to meet at the I. O. O. F. hall Wednesday evening at 8 o'clock sharp. Business of importance pertaining to both orders. Refreshments. Fred E. Williams, Consul M. W. of A.; Mrs. W. L. Crawford, Oracle R. N. of A.—Advertisement.

Cash and Ring Taken at Night. E. Townsend, a porter employed at the Weber reported the loss of \$51 in cash and a diamond ring valued at \$250, to the police department this morning. He said the money and ring were stolen from his room in the Paris rooming house last night.

Alimony Claim is Before Court. An apparent misunderstanding occurred in Judge Howell's division of the district court this morning, caused by a remark from Mrs. Floyd Tate, who appeared in court to press her claim against her divorced husband, Floyd Tate, for alleged failure to

obey the order of the court in his payment of alimony. Judge Bagley, representing Mrs. Tate, stated to the court that Mr. Tate had fully paid his alimony for last month, with the exception of a small amount, but had failed to meet his obligation for this month. There appeared to be a misunderstanding about the time the case should come before the court, the plaintiff contending that it was today. In answer to a question from her attorney, Mrs. Tate remarked that the defendant had not appeared in court when ordered and had never been punished for his actions. This remark Judge Howell interpreted as an inference that he had shown partiality, and consequently announced his willingness to transfer the case to another judge, but it was found that the case had already been transferred from Judge Harris' court. Judge Howell, in his resentment of the innuendo, assured the young woman that her husband had appeared many times in his private chamber, but not in open court; that instead of failing to appear he had more than met the legal requirement in that respect.

Corey and Taylor at Work on New Idaho Line. The Corey & Taylor Construction company is branching out and now has contracts on four western railroads. The company has a camp on the Southern Pacific west of Lovelock and has just obtained a contract to reconstruct twenty miles of grade between Marshfield and Idaho on the road which was to have been built from Burley to Saline, west of Ogden. The grade was constructed several years ago, but rails were never laid. Now the damage done by storms is to be corrected and steel placed on the twenty miles of road. This is a very important piece of work for a great many farmers in that district, as it will open an outlet for crops. This same construction company, of which A. B. Corey is the head, is also operating in Silver Zone pass on the Western Pacific, developing water for that road, and at Loggren, on the San Pedro, where wells are being driven in an effort to obtain a water supply.

Boys Had Taken Valuable Brass. Neil Kelley and Arthur Ekberg, local juveniles, were taken into custody this morning by Special Officer Bennett in the local railroad yards. They had a large quantity of brass in their possession, including a large lubricator taken from a "link" locomotive and, after being questioned by the officer, they proceeded to the yards of the Utah Construction company and showed him where they got the brass. The boys were taken to the police station and later turned over to the juvenile court authorities. The brass they confessed to have stolen is valued at about \$75.

Engaged in Fight and Fined \$5 Each. Frank O'Brien and Arthur Brennan were arrested Saturday night by Chief of Police Thomas E. Browning and Detective Grant Syphers for engaging in a fight on lower Twenty-fifth street. They pleaded guilty this morning in the municipal court to a charge of disturbing the peace and were each fined \$5. J. O'Brien and Charles Peterson, drunks, were each given a five-day jail sentence. Conrad Bolstad, arrested by Patrolman Walter Moore on a charge of speeding on a motorcycle, was found to be under legal age and was turned over to the juvenile court authorities.

In a complaint sworn to by Mrs. John Degnan, the owner of the property formerly occupied by the barber, at 136 Twenty-fifth street. Mrs. Degnan, in her complaint, states that a four-year lease was signed by Pekooles providing for a monthly payment of \$45 for the first five months and \$50 per month thereafter for the remainder of the specified time. The plaintiff says that the defendant failed to pay for several months and when he heard that she was to bring suit, went to the shop with a drape during the night and hauled away his fixtures and furniture. After allowing the building to remain vacant for two months, she was compelled to rent the building for \$40 per month, she claims. Judgment is asked against the defendant in the sum of \$540, with interest.

Railroads Use Vast Amounts of Coal. Washington, July 31.—Railroads in the United States last year used 24 per cent of the country's total coal production. Figures compiled today by the Geological survey show that 123,200,000 tons went that way, 122,000,000 bituminous and 6,200,000 anthracite. Roads in the eastern district burned 62,700,000 tons, western district, 43,500,000 and southern district 22,000,000.

WORLD'S MARKETS

New York, July 31.—Price hard, ended appreciably later under the stimulating influence of United States Steel which rose a substantial fraction to 87, practically duplicating its recent maximum in response to a fair demand. Equipment stocks and industrials of the same class made further upward progress, but automobiles shares were variable and irregular. All shipping shares were moderately better. Bonds were irregular with less activity in Internationals.

Chicago Hog Market. Chicago, July 31.—Hog prices fell heavily today, influenced by the fact that arrivals here were much more numerous than on the corresponding day last week. Receipts of cattle, sheep and lambs were also plentiful.
