Democratic Department

Published by the Democratic Committee of Weber County.

CONSIDER THE HUGHES ALLIANCE, FOE OF LABOR

Consider the Hughes alliances and its several branches in Weber county and elsewhere. Consider the membership of that organization.

Do you know that it is made up of the so-called big men, the money men, bankers, directors of trusts, exploiters of labor?

WHO ARE BACKING NEPHI MORRIS FOR GOVERNOR?

Nearly a week ago it was charged through the public press, and has not been denied, that the Republican committee, at Salt Lake City, gave a mid-night, underground, banquet to from 200 to 300 prostitutes, white slavers, men who live from the earnings of fallen women, gamblers, bartenders, saloon men and Republican nominees for public office.

Nearly a week ago it was charged through the public press, and has not been denied, that the Republican committee was officially represented at that banquet by Charles M. Morris (brother of Nephil L. Morris, Republican candidate for governor) chairman of the Republican County Committee for Salt Lake County, F. X. Eble and Charles H. Baldwin, Sen., Republican candidates for the Legislature; A. E. Beveridge, Republican candidate for County Clerk, and Joseph E. Burbidge, Republican candidate for Sheriff of Salt Lake County.

PROMISED "SQUARE DEAL." Nearly a week ago it was charged through the public press, and has not been denied, that the Republican committee for County Clerk, Sheriff and Legislature in Salt Lake County, addressed the banquet and promised them that if they were elected to office the prostitutes, white slavers, gamblers and saloon men should be given a "square deal."

Nearly a week ago it was charged through the public press, and has not been denied, that the "Liberty League," (an organization composed of brewery workers and bar-tenders) held a meeting in Eagles' Hall in Salt Lake City, Sunday, October 9, 1916, and were then given sample ballots to keep until election day and shown how to mark them to vote for Nephil L. Morris for governor and George Sutherland for United States Senator.

Nearly a week ago it was charged through the public press, and has not been denied, that the "underworld" in Salt Lake City is being rounded up for Nephil L. Morris; and that prostitutes and gamblers are being intimidated to work and vote for Nephil L. Morris for Governor.

ENTER THE BREWERS' LEAGUE. Nearly a week ago it was charged through the public press, and has not been denied, that an agreement existed between the Republican party and the Greater Utah Business League, (which is merely the Brewers' Association) that the latter organization would declare in favor of Mr. Bamberger in the county as to throw prohibition votes to Nephil L. Morris, and at the same time to declare for Mr. Morris in the city in order to capture the liquor votes for him; and that the work would be done through marked ballots and letters sent to its members.

REPUBLICANS TRAPPED IN SCHEME TO TIE PRES. WILSON'S HANDS

Realizing that it is impossible to overcome the enormous vote for President Wilson, but still hoping to make it a half-way victory for their ticket, the Republican campaign managers have been trapped in the meshes of their own scheme to tie the hands of the president with a Republican congress.

Over the signature of Harry Hales, Republican county clerk and custodian of the voting machines, there has appeared an advertisement containing these paragraphs: "Many voters have made inquiries of my office as to whether or not a voter can cast his ballot on the machine for Wilson electors and the balance of the Republican ticket by pulling the Republican lever and, vice versa, I, therefore, make this statement to the voters:

"Any voter can, by pulling the Republican lever, lifting up the pointers over the Hughes electors and pulling down the pointers over the Wilson electors, vote for the Wilson electors

ers of labor object to legislation that tends to make them give labor a greater share of the wealth labor produces?"

Who was it objected to strenuously to the federal reserve act, the rural credits act, cried out against the passage of the humanitarian seaman's bill, gnashed their teeth at the income tax, mumbled a malediction against the passage of the child labor bill and cursed every effort made toward a more just distribution of wealth.

Would you expect to find these sleek plutocrats shouting for Woodrow Wilson or would you expect them to be supporting Hughes, friend of Wall street, enrolled in his "alliances?"

BECAUSE THE HUGHES ALLIANCES ARE MADE UP OF REPRESENTATIVES OF BIG BUSINESS IS THE BEST REASON WHY YOU, MR. AVERAGE MAN, SHOULD OPPOSE CANDIDATES ESPOUSED BY THIS ORGANIZATION.

able opponent. When he was asked, the other day, while making a speech in Tooele County, "if the legislature were to hand to you a bill to go into effect immediately upon its signing would you sign the bill?" He replied, "Yes, certainly, I won't do that, I would say, 'You must deal squarely by the brewer and the saloon man just as you want him to deal squarely by you when you carry the bill through.' Now that is perfectly fair. Not that I want to extend him any favor, but I want to be honorable with him—as I expect him to be honorable with the state when the law is enacted. The evident intention of those two platform pledges is that the liquor interests shall be given approximately six months to get out of the business. To my mind it would be a specie of dishonesty to radically shorten that time, because the intent was they should be given time."

REPUBLICANS PLAY DOUBLE GAME. On Wednesday, November 1, 1916, the Greater Utah Business League (the brewers' organization) sent through the mails to saloon men, those who favor the liquor traffic and reside in the cities, thousands of letters, a copy of which was published in these columns on Thursday, urging the election of Nephil L. Morris, for governor, and the defeat of Simon Bamberger because, as they say, Bamberger would be too radical for them on the prohibition question. At the same time the Greater Utah Business League (the brewers' organization) flooded the rural districts with doggers declaring that the brewers and liquor interests are favorable to Mr. Bamberger's election as governor. The inconsistency, unfairness and indecency such campaigning is so apparent that the voters should resent it.

WHAT ARE THE FACTS? 1. ALL OF THE BREWERS AND LIQUOR INTERESTS ARE SUPPORTING MORRIS FOR GOVERNOR. 2. ALL OF THE PROSTITUTES, GAMBLERS AND DISREPUTABLE ARE SUPPORTING MORRIS FOR GOVERNOR. 3. THE BREWERS, LIQUOR MEN AND DISREPUTABLES ARE DEPENDING UPON NEPHIL L. MORRIS' PROTECTION. IF HE IS ELECTED GOVERNOR. 4. NEPHIL L. MORRIS HAS BEEN ADVISED, THROUGH THE PUBLIC PRESS, THAT THE BREWERS, LIQUOR MEN AND DISREPUTABLES ARE SUPPORTING HIM AND EXPECT HIS PROTECTION AND MAKES NO DENIAL OF THE ACCUSATION.

The question up to the voters is this: Do you want to support and vote for the candidate who is supported by the lawbreakers and law-defyers of the community? If not you must vote for Simon Bamberger for governor.

and the balance of the Republican ticket. Likewise any voter can, by pulling the Democratic lever, lifting up the pointers over the Wilson electors and pulling down the pointers over the Hughes electors and the balance of the Democratic ticket."

What About Other National Candidates? Voters, do you see any mention of the Democratic candidates for senator or congressman, or any mention of the Republican candidates for the same offices? Do you notice that Mr. Hales in his opening paragraph refers to the "Wilson electors" and repeats the suggestion in the next paragraph by referring first to "the balance of the Republican ticket?"

You do not need a field to get his viewpoint. But if you are not convinced as to this voting machine trick planned by the Republicans, ask some Republican demonstrator in charge of a voting machine how to scratch a Republican ticket for President Wil-

You will be shown how to pull the Republican party lever, lift up the four pointers over the Hughes presidential electors and pull down the four points over the Wilson electors. TAKE PARTICULAR NOTICE, HOWEVER, THAT THERE WILL BE NO MENTION OF THE POINTERS INDICATING A VOTE ON UNITED STATES SENATOR OR CONGRESSMAN.

You will have cast your vote for President Wilson, but you will also have assisted the Republicans in tying the hands of the president by helping to elect a Republican senator and a Republican congressman. It would be almost as futile to re-elect President Wilson with a Republican majority in congress as to elect Charles E. Hughes.

Voters, Don't Be Fooled. Voters—especially those of you who expect to support President Wilson—do not be fooled by this trick, even though the "custodian of voting machines" tells you it is done. The Democrats and Socialists joined in a plot against the use of voting machines in this election, but the Republicans insisted that the machines be used. THERE WAS METHOD IN THEIR PLAN AND MR. HALES HAS VERY KINDLY MADE THE METHOD PLAIN.

Inasmuch as the machines will be used in spite of the combined protest of the Democrats and Socialists, there is only one SAFETY FIRST plan in voting for President Wilson and a Democratic congress. PULL THE SECOND PARTY LEVER BEARING THE ROOSTER EMBLEM AND VOTE IT STRAIGHT FOR WOODROW WILSON.

AFTER THE WAR, THEN WHAT? When all Europe was engaged in expending her mighty energies to manufacture products for the world's markets the United States were able to hold their own and had their share of the world's trade. In the past two and one-half years the European nations have slaughtered several millions of their best artisans and mechanics and have maimed and wounded several millions more.

But in the face of these facts the Republican calamity howlers predict that when peace comes to all the European nations their dead men and cripples will be able to do so much more than able-bodied nations ever did America will be flooded with foreign-made goods and our own mills will be put out of business. Do you believe such tommyrot? Well, here is a fair sample of Republican campaign logic, if you want to knock that word.

IS MORRIS FAIR. At a meeting held in the Salt Lake theater on the evening of October 30, 1916, Mr. Nephil L. Morris, Republican candidate for governor, was asked by the Transportation Brotherhood's Publicity and Legislative Bureau of Utah the following question: "Do you or do you not support or endorse the public utterances of the Republican Presidential Candidate, Mr. Hughes, wherein he denounces the enactment of the Adamson Eight-hour Law?" Mr. Morris absolutely refused to answer the question. HE HAD A REASON.

The Elias Morris Company and the Utah Cement Pipe Company, of which Nephil L. Morris, Republican nominee for governor, is reported to be president, have so far failed to sign a contract with the teamsters. He has a truck driver whom he pays \$2.50 a day, when the teamsters' scale for truck driving is not less than \$3.00.

REPUBLICANS WANT A CHANGE. A prominent life-long Republican volunteered to tell us yesterday that he hoped the state and county administration would be changed, that the Republicans had ben in office so long that the public service had become inefficient and corrupt, and that he hoped to see the entire Democratic ticket—national, state and county—elected. It would mean a cleaning up of incompetents and a starting up again on a new basis. And there are thousands of others who are thinking the same way—and will vote accordingly.

LOGAN SOCIETY
