BRIGHAM CITY, March 21.—Funeral services will be held tomorrow for Abraham Zundel of Willard, who died yesterday morning shortly after midnight at his home in Willard. He was born in Phillipsburg, Pa., January 25, 1836, and embraced the Mormon faith in his home state early in life. He was among the pioneers to Utah, arriving in this state in 1852. Mr. Zundel served a number of years as a missionary among the Indians of the western states. He was twice married. First to Abigail Abbott and later to Mary Ellen Ingram, and was the father of seventeen children, twelve of whom survive him. Other survivors are forty-three grandchildren and twenty-six great-grandchildren. NIVELLE HAILED AS A DELIVERER

eral Nivelle's entry into Noyon was impressive. As the general and his aides alighted from an automobile, the notes of the "Marseillaise" were heard. The emotion of the people was great. Sobes were heard throughout the crowd and the faces of the soldiers were wet with tears. The mayor of the town, surrounded by a number of old men, advanced toward General Nivelle. A child, with her hair done up in tri-colored ribbons, offered a bouquet to the general, who took the child in his arms and kissed her. General Nivelle then visited the hospital and amid applause, pinned a war cross on the habit of Sister Romuald, who during the thirty months in which the town was occupied by the Germans, showed great devotion to the inhabitants. Because of the precipitate departure of the Germans, Noyon suffered less than Roye.

TRAVERS RELEASED AND REVIEWER CALLS HER "GIRL WITH MILLION DOLLAR SMILE"

Gladys Leslie to Be Starred in a Five Act Play by the Thanhouser Corporation.

"The Girl With the Million Dollar Smile" has smiled her way into stardom. In other words, Gladys Leslie will be featured by the Thanhouser Corporation.

"Strong are the ties of friendship," was the comment of an auditor in the police court this morning as he heard George Roth reverse the testimony he had presented in a complaint he had sworn out against Ray Travers. Further than this, when his testimony proved a factor in obtaining Travers' acquittal, he shouldered the costs of the case, approximately \$750.

The two men were rooming together a few nights ago at a local hotel, when Travers, it was alleged, decamped with some of his friend's money. Roth immediately swore out a complaint for his arrest and he was captured in Salt Lake City. Detective Robert Chambers made a trip to Salt Lake and returned Travers to Ogden for trial.

The case was brought up in court this morning and the defendant declared the money taken was from a fund in which he had a joint interest with Roth. Roth corroborated this testimony, completely reversing the cause of action. Travers was then acquitted on the charge of petit larceny and Judge G. S. Barker, after scoring Roth for his reprehensible conduct in taking up the time of the authorities without cause, ordered him to pay the costs of the case.

Enoch Richards was found guilty of passing a worthless check on the G. H. Tribe Liquor company and was fined \$25. The check was for \$10 and was drawn on the Thatcher Brothers bank of Logan.

HAY FAMINE IS NOW SERIOUS FOR THE LIVESTOCK

Through the co-operation of County Clerk Charles M. Ramey, The Standard today obtained the information that hundreds of tons of first-class hay for the thousands of starving cattle in northern Utah may be obtained in Mason valley, Nev., of which Yerington is the county seat. A telegram of inquiry to Albert J. Bovard, a wealthy young mining man of Yerington, or to the county commissioners at Yerington, would probably elicit reliable information regarding the available supply and terms of sale and delivery. Mason valley is one of the richest sections in the west.

William C. Hunter, former county commissioner, said today the farmers of his section were facing a hay famine and consequences of a grave character. Few horses or cattle were actually dying, he said, but all were greatly weakened by the starvation rations. None of the fall plowing was done, he said, and the lingering winter is playing havoc with the farmers' hopes for early and profitable crops. Everything, including beets, will be very late, he said.

Mr. Hunter also predicted heavy losses of sheep. The lambing period begins about April 5, he said, and disaster to the flock seems unavoidable when they are taken to the lambing grounds. Most of the sheep are thin and weak from the limited winter feed. All local livestock men and all visiting farmers deplore the present situation and say that Governor Bamberger ought to help effectively in obtaining hay and grain for the starving herds and flocks, in the effort to avert a gigantic loss of wealth.

Judge Agee, during this time, will serve as judge in Judge Evans' court at Salt Lake.

FRENCH CROSS SOMME CANAL

PARIS, March 21, 10:55 p. m.—The official statement tonight reads: "North of Ham the situation is without change. Our light forces remain in contact with the enemy between Rouppe and St. Quentin." "East of Ham we forced this morning at two places a passage of the canal of the Somme, despite lively resistance by the Germans. The operation, conducted vigorously, enabled us to clear the north and east margins of the canal and drive back the enemy as far as the outskirts of Clastres and Montescourt. Inundations have been caused by the enemy in this region. Most of the villages before our lines near St. Quentin are in flames." "We have advanced north of Tergnier (which lies southwest of La Fere). In the valley of the Ailette there have been skirmishes between patrols. The enemy, who occupied in force the east bank of the Crozat canal and the Ailette, has subjected our lines to a lively bombardment." "North of Soissons we have made considerable progress and fought several quite spirited engagements. Most of the conquered villages are entirely destroyed." "East of the Meuse the enemy delivered several surprise attacks against the Calonne trench, but these failed under our fire."
