Yesterday's Happenings In Pacific Coast League

LOS ANGELES, Mar. 30.—With the Pacific Coast league opening only four days away the teams here in the circuit wound up their spring training today and managers sat down with paper and pencil to figure out the probable line-ups for the opening day.

cause they are anxious to get at the enemy, but because their pay will start next Tuesday. They have been on the feed roll during the training season, but not on the pay roll and the grass is getting quite short.

The Seals will play Spokane here tomorrow and Sunday and will then start for home.

MCREDIE HAS FULL LINE-UP OUT AT LAST

PORTLAND, March 30.—With "Babe" Borton on deck, Manager McCredie of the Beavers had his regular line-up practicing at Maryville this morning in a workout McCredie used Borton at first, Rodgers at second, Hollocher at short, and Sigin at third.

Manager McCredie made the statement today that Hollocher will be the best shortstop in the league and will be sold to a big league club for future delivery before the season is two-thirds over.

OAKS ARE PRIMED FOR BIG GETAWAY

OAKLAND, March 30.—Tomorrow will be get-away day for the Oaks. The entire squad of twenty-six men went through two workouts today on the home territory. Tomorrow they will know what fate has in store for them and the nineteen who stick it out will take an 8 o'clock train in the evening for Pasadenas, where they will play Sunday afternoon, thereafter resuming their journey to Los Angeles.

SEAL BALL PLAYERS DO MILITARY ACT

SACRAMENTO, Mar. 30.—San Francisco can view with equanimity the prospect of a foreign invasion on this coast now, for the Seals were put through military training this morning by Sergeant Dunham of the regular army. The whole squad was lined up and made to do a lot of hay-fork, straw-fork stuff that made the soles of their feet hot and created a fine thirst.

The athletes are down so fine that they were allowed to rest during the afternoon and tonight they took in a boxing smoker.

The season cannot start too soon for the San Francisco players. They are champing on the bit, not only because they are anxious to get at the enemy, but because their pay will start next Tuesday.

BERNHARD'S MEN ARRIVE HOME

New Pilot of Bees Brings His Squad to Salt Lake—Boys In Fine Condition.

SALT LAKE, March 31.—With the skipper himself the best conditioned man in the bunch, Bill Bernhard, new pilot of the Bees, brought his squad of twenty-one men back home yesterday morning, after a five weeks' training siege at Porterville, Cal. Tommy Quinlan, center fielder of the club, who was detained at his home in Pennsylvania and therefore late to report, joined the aggregation here upon its arrival.

The squad which Bernhard brought with him consists of the following players: Hannah, Sheeley and Cress, catchers; Hughes, Dubuc, Hoff, Evans, Levere, Kirmayer, Schinkel and Jones, pitchers; Crandall, Gislason, Carpenter, Kearns, Orr and Rath, infielders; and Shinn, Tobin and Ryan, outfielders. With Quinlan added today and Bunny Brief and Stanley Dugan to report next month, the Bee squad will contain twenty-four players.

Brief has been given permission to remain at his home at Traverse City, Mich., pending the recovery of his wife, who recently underwent a serious operation. Pitcher Dugan, now at Oakland, will not report until May 1.

Bernhard and his men are loud in their praise of the treatment accorded them by the citizens of Porterville, and the well-nigh perfect condition of every man on the team speaks well for Porterville climate, treatment and all. Outside of Crandall's slightly sore arm, there is not a pain or an ill in the club. Even Rube Evans, who left here six weeks ago looking somewhat drawn, and ready for the surgeon's knife, is brown as a berry and, according to Bernhard, ready to show enough class to make the fans sit up and perhaps forget about Paul Fittery and Lefty Williams.

The new Salt Lake manager is highly elated over the showing of his boys but he will not even hazard a guess as to where his 1917 Bees might finish the season.

HACKENSCHMIDT HAS POSTED \$500 FOR A MATCH

Charlie Hackenschmidt, claimant of the light-heavyweight wrestling title, held by Ad Santel of San Francisco, yesterday posted \$500 in gold with Manager H. E. Skinner of the Alhambra theater yesterday afternoon, as an evidence of faith in his ability to defeat Jack Harbertson in a finish match. Hackenschmidt issued his challenge to Harbertson, Thursday, but at that time had no money with him to back up his deft.

He went to Salt Lake Thursday night, and returned yesterday with the amount mentioned. He will wrestle Harbertson, he says, at catch weights, winner take all and offers to donate 25 percent of the proceeds, if he wins the bout, to any local charitable institution Mayor Heywood and the city commission shall designate.

The Alhambra theatrical company has offered to promote the match, provided Harbertson will accept Hackenschmidt's challenge and yesterday Manager Skinner announced that the company would put up a purse of \$750 as an inducement for the wrestlers to get together. Friday, April 13, has been named as a prospective date for the bout.

QUIET PREVAILING ALL OVER SPAIN

WASHINGTON, March 31.—Quiet prevailed in Spain yesterday, according to an official dispatch received today by Ambassador Riano from Madrid. A workmen's meeting in Valladolid was dissolved by the authorities.

The dispatch said: "Absolute tranquility reigns all over Spain. A meeting which was organized today (Friday) at Valladolid was dissolved by the civil guard without any consequences."

DUCKY JONES MAKES GOOD IN FAST COMPANY

Robert "Ducky" Jones of Ogden is making good with a vengeance in his new berth with the Detroit American team, according to news from the training camp at Fort Worth, Texas. In a game with the New York Nationals played yesterday, he scored two hits out of three times at bat and made one put-out and three assists without an error. His hitting, while not as timely, equaled that of Ty Cobb.

Of seven hits made by his team, Jones and Cobb four, and won the game by a score of 4 to 1.

GEO. D. PYPER IN AN EXPLANATION

Editor Standard:—My attention has been called to an article in the Standard in which it is charged that the management of the Salt Lake theatre used influence to prevent the booking of the Boston Grand Opera company in Ogden. It seems almost a waste of time to deny such a story, but I would like your paper to understand that it is absolutely untrue. I look after my own booking and do not interfere with others. We always appreciate the attendance of our friends from Ogden at the performances in the Salt Lake theater, and when an attraction does not play in Ogden, we naturally make an effort to secure the attendance of as many of our people as possible, but we have never made an effort to prevent the attractions from playing in your city, in fact, Mr. Goss knows that we have traded dates in order to permit attractions to appear in Ogden. (Signed) GEO. D. PYPER, Manager.

BOARD OF EDUCATION FAVORS CALLING A BOND ELECTION

With a vim and unity indicative of absolute harmony, the city board of education last night, at its regular weekly meeting, officially expressed the intention of calling a special election to submit to the voters at an early date an issue of \$200,000 twenty-year bonds to be used in remodeling and enlarging the various school buildings to make them safe and sufficient for the children of Ogden, who are the city's most valuable, priceless assets, as outlined in the Standard yesterday.

President James H. Riley's statement that "the safety and the future of Ogden's boys and girls cannot be estimated in dollars and cents," was enthusiastically approved by his colleagues on the board.

People Demand Bonds. While at least three hundred property owners are always expected, it is said, to vote against bonds of all kinds, even they are believed to be thoroughly convinced of the imperative need of providing this fund to make the schools safe and adequate for the people's needs.

The HEART-INTEREST in this issue is apparently so great, as reported yesterday by the Standard and expressed last night by the board, that a great majority of the people, especially all families having children, are expected to get out and work for the adoption of the bonds.

The safety of the school children is imperiled by the antiquated condition of many of the school buildings, especially by the heating plants, most of which are located under classrooms.

Dr. Rich's Advice. Dr. Edward I. Rich recommended last night that special care be exercised by teachers in preventing the use of articles of school supplies, such as pencils, erasers, books, paintbrushes, etc., by more than one pupil; that individual use of such articles be enforced to prevent contagion, or infection, which might be communicated from one pupil to another.

The board was informed by Dr. George Thomas that the new law renders unnecessary further collections for the fund of the Public School Teachers' Retirement association.

Miss Florence Bohm, art teacher, was granted a year's leave of absence on account of the illness of her mother. Her position will be filled by Ida May Savage of Salt Lake.

ROAD QUESTION AND AUTOMOBILES

Birmingham Will Talk Good Roads April 17 at Big Meeting—U. S. Senator to Speak.

WASHINGTON, D. C., March 31, 1917.—Insistently the need of roads in connection with our military preparedness is being expressed all over the country. Down in Birmingham, beginning April 17, a monster good roads gathering will be held in which the senior United States senator from Alabama will play a prominent part.

Chairman John H. Bankhead of the Senate Committee on Postoffice and Postroads thus comments on the preparedness situation: "If we are to have war, we must have roads; if we have peace, we must also have roads. It may be that I can be of the most service to my country, whether in war or in peace, by promoting in every way possible the building of better highways."

Out in California the first public utterance of Governor William B. Stephens calls for "Federal, state and county co-operation in the construction of military roads for coast protection and for defense in other ways."

Governor Walter E. Edge of New Jersey was an impelling factor in the recent adoption of a one-mile tax for state road purposes. The amount to be raised is \$15,000,000 and the man sought to be the state highway engineer is none other than Gen. George W. Goethals, the Panama canal builder. The plans also call for improved communication between New Jersey and New York state through the building of a bridge and a vehicle tunnel under the Hudson. It was former Governor Franklin Fort of New Jersey who suggested an ocean boulevard, the name of which could now easily be changed to that of the Atlantic DeWense Highway. One of the last acts performed by President Woodrow Wilson as chief executive of New Jersey was to approve of a law which looked forward to the state-built road system which will become
