**GEORGE COVEY, THIRD K. C. K. CLUB, WITH BIG MAN HELD AS A BOOTLEGGER ENLISTMENT, IS TO GIVE A SOCIAL AFTER ATTENDING MEETING**

The K. C. K. club, founded by Ogden High school students in 1910, besides being a select and vigorous social institution, also is one of genuine patriotism.

The records of the organization show that of the eighty-two members enrolled, the club is entitled to a service flag bearing twenty-three stars. The percentage of members now in the service of the United States is extremely high—laudably high and probably the highest of any single organization in the county.

The roster shows that the following enlisted and now are on active duty in France or in training at the various cantonments or in the aviation and navy departments. The list is as follows:

- Tom Morrison, 20th engineers, France.
- Howard Hudman, 20th engineers, France.
- S. Griffin, 20th engineers, France.
- Clyde Boyle, quartermasters corps, Florida.
- Leon Tuseden, Battery B, Camp Kearny.
- Newton Dills, Battery B, Camp Kearny.
- Glenn Dee, Battery B, Camp Kearny.
- Howard Payne, navy.
- Byron Whittemore, navy.
- Harmon Barton, ensign, navy.
- Erza Barlow, aviation division.
- Isadore Korb, marines.
- Kenneth Allison, marines.
- David Foerer, 10th engineers, France.
- Allen Jones, 28rd engineers, Washington, D. C.
- Edward Coray, lieutenant, France.
- Emory Smith, sergeant, Camp Lewis.
- Sidney Winters, aviation division.
- William Fagan, navy.
- Benson Scott, cavalry.
- Leland Tribe, medical corps.
- Lawrence Bowman, aviation division.
- George Balch, aviation division.

In addition to those already helping and preparing to help Uncle Sam put the kaiser out of business, many other of the members probably will be enrolled in some division of the fighting forces within another few months. It is not improbable that the K. C. K. club will contribute 50 per cent of its members to patriotic duty.

The officers of the club include George Hamel, president; Cyril Jennings, vice president; Errol Collins, secretary; and Floyd Pickett, treasurer. The directors include the officers and Lawrence Taylor and Dick Lee.

They have club rooms in old Eagle building and the equipment is complete in every detail. They have announced a big farewell dance and generally social event for Washington's birthday. Invitations, it is stated, to the dance may be received from Howard Revor, Floyd Pickett or Cyril Jennings, dancing committee.

**RAIDING OPERATIONS AND ARTILLERY DUELS GROWING RAPIDLY AS SPRING APPROACHES.**

LONDON, Feb. 6.—Raiding operations and artillery duels are increasing on the western front as the time for the beginning of the spring operations approaches, according to allied war reports. **SUBSCRIBES TO FUND SEX DISEASES ARE TO BE INVESTIGATED BY OGDEN CITY**

Mayor T. Samuel Browning today formally and officially launched the city's campaign for a clean bill of health in his community.

Mayor Browning's opening gun in the big drive, which will include the co-operation of every department of the city—sanitary, police, city attorney, city physician and board of health—was in the nature of a communication to his associates commissioners. The communication recommends that the city attorney, acting in conjunction with other departments, make an immediate investigation, and is as follows:

"Attached hereto I am submitting communications received by me from the council of national defense and copy of telegram sent to Governor Bamberger.

"These communications speak for themselves, and they indicate a just cause for alarm. Many of the young men of Utah will be called by the second draft from Ogden and Weber county, and hundreds will pass through Ogden.

"A serious patriotic duty rests upon the board of commissioners, the city officials and the police department of Ogden to protect these men, and so far as we are able to lend our aid in preventing any of our young men or the young men of the second draft who will come through Ogden from carrying venereal disease into the national army. Vice and venereal disease are co-existent—they go hand in hand. Ogden must be made clean. Vice and these diseases must be eradicated and the possibility of venereal infection absolutely eliminated here and at once.

"I recommend that the city attorney make an investigation into the situation in Ogden and that the officials be given the aid of the city physician, and that they report as soon as possible, to the end that the wishes of the council of national defense be carried out fully in Ogden."
