WASHINGTON, March 18.—Plans for operation of the Dutch shipping which will be acquired by the United States and Great Britain, either voluntarily or by requisition, were going forward steadily today while the governments awaited the reply of the demand that she accede to the terms of the contract or suffer seizure of all her tonnage in American and British waters. Operation of the ships will be under control of the shipping board. Announcement of the trade to which they will be put has been withheld, but it is understood that most of them will be used under the American flag and adequately armed to carry food through the war zone to the Allies.

BOCHES REBUILD BRIDGE THEY DESTROY

France has a brand new bridge across the Aime River which was built for her by Germans. Not exactly "out of the goodness of their hearts," however. The Germans who rebuilt it were prisoners—men from a regiment known to have helped to destroy the old structure. At the right of the photograph the Germans, under the eye of French officers, are shown putting finishing touches to the approaches.

GERMANS OWN MUCH PROPERTY

Hundred Times as Much Owned in U. S. as Americans Own in Germany.

WASHINGTON, March 18.—There is 100 times as much German property in the United States as there is American property in Germany, according to estimates presented recently to a senate committee by A. Mitchell Palmer, the alien enemy property custodian. The greater part of the property in Germany is represented in Standard Oil interests. The German law now enables the German government to do with American property exactly what congress is now asked to do with German property in America. The senate already has passed legislation authorizing the alien property custodian to sell the property holdings of great German organizations in the United States, so that they may not serve as the outposts of commerce after the war.

DRAMATIC CLUB TO BE HEARD IN OGDEN

The Ogden Dramatic Club is carefully rehearsing for the production of three plays in its repertoire. "The Twelve-Pound Look" (Barrie), "Eugenically speaking" (Goodman) and "For France," to be given in Nibley hall, at Logan, next Saturday night. These plays, with "The Laughter of the Gods," were presented in Ogden at the Orpheum theater several weeks ago and received much attention. "The Laughter of the Gods" has been abandoned for this engagement because it is a bit unwieldy when included with the others.

The purpose of the trip to Logan is to further increase the fund started by the Drama club for the Red Cross. It is expected, with good patronage, that the play will net the organization a considerable sum.

The cast of "The Twelve-Pound Look" includes Minnie Moore Brown, Henry A. Anderson, Leah Pardoe Greenwell and Helen Bichsel. In "Eugenically speaking," Ella O'Neill Balandyne, Moroni Olsen and Peter Kasius play the roles. "For France" will be presented by Kathryn Bassett Pardoe, Douglas Leishman and Wilford Moench. "The Adventures of Lady Ursula" (Horn) will be given by Miss Dorothy McGraw.

"The Courage of the Commonplace," a stirring College Picture in five parts, and William Duncan in "Vengeance and the Woman," at the Cozy last time today.

UTAH STOCKS

Quotations Furnished Over the Private Wire of J. A. Hogle & Co., 2409 Hudson Avenue. The trading on the Salt Lake exchange Monday was very active for the opening day and in spite of the low prices on most of the issues they all managed to sell rather heavy. This was noticeable on Bullion Mining, which opened the day's trading by making a sale of 7000 shares of its security at a half a cent a share. Columbus Rexall was the next issue to trade heavy, and during the little fluctuation between 65 and 69 cents, there was something like 5400 shares of stock sold, and the closing sales were made at 69 cents, which was the high of the day.

Chicago Quotations

CHICAGO, March 18.—Active trading and rapid fluctuations characterized business today in the grain pits. Announcement that there would be a limit of 200,000 bushels upon the amount of grain that any member could carry, whether long or short, either during the session or during the night had much to do with the nervousness shown and with temporarily unsettling quotations. Corn, influenced by big receipts, developed notable weakness at the outset, but quick covering by shorts brought about a sharp rally, which, however, failed to last. After opening 1/4c to 1/2c lower, with March 1.26 1/2 and May 1.22 to 1.23 1/2, prices ran up far above Saturday's finish and then lost all the gain.
