

LIBERTY LOAN APPEAL MADE

Committees to Inaugurate Intensive Finish—No Subscription to Be Overlooked.

WASHINGTON, April 30.—An appeal to all Liberty loan committees to inaugurate an intensive finish for the third Liberty loan and to see that no possible subscription is overlooked was sent out today by the treasury department. The appeal contains twelve suggestions of things that may yet be done to make the third loan a big success.

The suggestions are: Inaugurate a "buy another bond" campaign to get those who have subscribed a little to subscribe more. See that the employees of every industrial plant have been canvassed, creating, if possible, committees of employees to complete the work. Find out if any plants need re-canvassing. See if all stores and office buildings have been completely canvassed. Call attention publicly to the fact that the desired twenty million subscribers means one bond buyer to every five people or practically one to a family.

Many wealthy men and large institutions are holding off on account of paying large income taxes, hoping that their subscriptions will not be needed. Impress upon them that every possible subscription is needed and remind them again that the schedule of government payments on Liberty bonds calls for no payments in the month of June.

Follow up all pledges and see that they all materialize into actual subscriptions.

Check up to see that each individual and community has done its share.

Ascertain if those communities where quotas have been reached are alive to the necessity of continuing the battle for large over-subscription and distribution.

Take advantage of the fact that May 1 is pay day and a good day for thousands to make initial payments.

Ask for Increased Subscriptions.

See that individuals and firms which benefit from war business increase their subscriptions in adequate proportions.

Many women whose husbands have already subscribed, can buy bonds on their own account. Make an appeal to them.

Appeal to your newspapers to publish these suggestions in the hope that they will serve as reminders of new opportunities for subscriptions.

From the Kansas City district whose total subscriptions now are 10 per cent above the district's quota were reported the following state totals:

Colorado, \$19,000,000; Kansas, \$34,223,000; Nebraska, \$33,932,000; Oklahoma, \$26,160,000; Wyoming \$4,719,000; New Mexico, \$1,333,000.

Cities in the district have raised the following percentages of their quotas:

Kansas City, Mo., 125; St. Joseph, 149; Kansas City, Kan., 109; Topeka, 140; Omaha, 120; Oklahoma City, 112. The village of Concrete, Colo., has over-subscribed eight times; Antioch, Neb., seven times, and Badwater, Wyo., six times.

The Atlanta district, which has stood lowest in the percentage list, showed a sudden increase of \$20,000,000 in subscriptions. Other districts recorded unusual gains yesterday. The Cleveland district reported a gain of \$26,000,000.

Bond Sales Reported.

The Chicago district which leads all others in the number of individual subscribers, reports the following number of bond sales by states:

Illinois, \$25,000; Indiana, \$21,000; Iowa, \$10,000; Michigan, \$30,000; Wisconsin, \$30,000.

Chicago has subscribed 71 per cent of its allotment; Indianapolis 91 per cent; Des Moines 141; Detroit 148; Milwaukee 126; and Sioux City 150.

New England cities have the following standing:

Portland, Me., 113 per cent; Providence, 75; New Haven, 71; Boston, 58; Worcester, 106; Springfield, 104.

Many Honor Communities.

The Philadelphia district committee reports 344 honor communities of which Pennsylvania has 255; New Jersey 61 and Delaware 18.

In the Dallas district the leading cities standing is reported as follows:

San Antonio, 100 per cent; Galveston, 101; Houston, 89; Fort Worth, 107; Austin, 75; Shreveport, 98.

Arizona is 1 per cent past its goal and Louisiana stands a little above 100 per cent of its quota.

S. A. KING HOME

FROM WASHINGTON

SALT LAKE, April 30.—A rather pessimistic view of the war situation prevails in Washington, according to Attorney Samuel A. King, who returned yesterday from the national capitol, where he had been on business connected with mining interests, and there seems to be a doubt in the minds of some military and government officials as to whether the allies can withstand the present German drive.

If they can hold, however, until the United States army arrives in sufficient numbers to be effective, the time when the war will end will be materially shortened.

Nothing but a war spirit prevails in the east at this time, says Mr. King, and everybody seems conscious of the fact that the country is at war and all are working earnestly for the cause. Response to the Liberty loan drive has been remarkable.

GEN. CROWDER MAKES APPEAL

Congress Requested to Eliminate Amendment to the 'New Draft Bill.'

WASHINGTON, April 30.—Provost Marshal General Crowder requested congress today to eliminate from the bill extending the draft to youths now 21 years of age the amendment putting at the bottom of the eligible list those who would register under the measure and asking that the bill basing draft quotas on the number of men in Class 1 be amended to make its war labor board for final adjustment.

General Crowder made his request in letters to the chairman of the senate and house military committees.

Plan Would Cause Delay.

Of the proposal to put the new registrants at the bottom of the list of eligibles, General Crowder said: "The plan proposed by this office would result in the registrants being given numbers scattered throughout the entire list of order numbers. This seems to be fairer than the plan proposed by the amendment. The result of the house amendment in many jurisdictions will be to delay the calling of these young men for a considerable time. In the meantime, their status will have changed; they will have married, or become integrated with the industries of the country."

"Moreover, it established a precedent which may be appealed to, provided aliens are registered under the provisions of the new legislation based upon treaties to be negotiated."

CHRISTIAN RIIS TO DO WAR WORK

SALT LAKE, April 30.—Christian Riis, an enemy alien who has been in the internment camp at Fort Douglas, has been temporarily paroled from that institution upon orders of United States Attorney General Gregory.

Riis, it is said, is an expert manufacturer of surgical instruments, and it is understood here that he is to be used for this work in the east. He is on his way to New York to report to the United States district attorney there for assignment to duty.

Riis, who has been in the local internment camp several months, was arrested while attempting to cross the border into Mexico. He was on his way from New Orleans and, according to his story, was endeavoring to get into Mexico to take a job in connection with the manufacture of surgical instruments in that country.

William Wagner, head waiter at Tait's noted San Francisco restaurant, has been ordered sent to Fort Douglas for internment as a dangerous enemy alien, according to information received from the Golden Gate city.

Wagner is alleged to have denounced the Liberty loan and precipitated a near-riot on Powell street, in which he was roughly handled.

Harry Schreiber, a former soldier in the United States army, and whose father is alleged to be a high prison keeper in Germany, also has been turned over to the military authorities for internment here.

Louis Schwartz, an Oakland laundry worker, also is to be sent here for internment as a dangerous enemy.
