NEW ALLIANCE STOUTLY OPPOSED

Chancellor Von Hertling and Foreign Secretary Von Kuehlmann Wash Hands of Business.

LONDON, May 21—Strong opposition to the new Anglo-French alliance between Germany and Austria-Hungary is voiced by Chancellor von Hertling and Foreign Secretary von Kuehlmann, according to reports received from the Hague. The chancellor and foreign secretary are reported to have said that they washed their hands of the entire matter as they objected to the methods by which the military part of the convention was carried over their heads by the German higher command. General Ludendorff is said to be insisting that the agreement be passed and signed at once. The military sections bind each party to aid the other with all its forces against any and every enemy thus compelling Austria to place all her forces at the disposal of Germany.

TO HAVE EVADED HIS CLASS

James Wilbur Wilson has been examined and found fit for general military service and because of an alleged discrepancy in his questionnaire, he will be sent by the county draft board to Camp Lewis on May 25. Wilson is said to have declared on his questionnaire that he was a married man. It was filed last year some time, officials of the board say, and Wilson was not married until about seventy days ago, when the ceremony was performed in the sheriff's office at the court house. Wilson is now in the county jail serving the end of a sentence. He will be sent with the men from Weber county who leave next Saturday.

SUMMER SCHOOL AT WEBER NORMAL

Summer school started yesterday at the Weber normal college under most auspicious circumstances, according to Professor El Holten and Principal Owen F. Beal, who will have charge of the summer term. The enrollment of students greatly surpassed the expected number and the interest among them was keen.

The Weber summer course is an accredited course and credit gained there will be accepted by universities. It is offering special courses, laying most importance on business subjects and commercial work. Classes in business economics and rural sociology are two branches which are expected to be very popular.

Only About Half the Steer is Beef

Live Weight 1200 pounds 100%

Dressed Weight 672 pounds of Beef 56%

When Swift & Company buys a steer weighing 1200 pounds, only about 672 pounds goes to market as beef; the other 528 pounds consists of hide, fats, other by-products, and waste.

When the packer pays 15 cents a pound for a steer, he sells the meat to the retailer for about 24 cents. But the packer gets only about 6 cents a pound for the other 528 pounds.

This means that the packer gets about 16 cents a pound for all the products from a steer for which he pays 15 cents.

The difference of 1 cent per pound covers the cost of dressing, preparation of by-products, freight on beef to all parts of the United States, operation of distributing houses, and leaves a net profit of only about 1/4 of a cent per pound on all dressed beef sold.

Large volume of business and utilization of parts that were formerly wasted, make this achievement possible.

Swift & Company, U. S. A.

North Ogden cemetery, Elder George Brown dedicated the grave.
