## SUGAR IS SCARCE

The work of the submarine off the Atlantic coast early in June resulted in a great loss of sugar from Cuba and Porto Rico. This means that we must be especially careful in our use of this important commodity. The United States Food Administration suggests that each person use no more than 3 pounds every month. Whenever possible however, corn sirup, maple sugar and sorgum should be used.

**Date Pudding**  
3 tablespoons cornstarch  
2 cups milk  
1/2 cup corn or maple sirup  
12 seeded dates cut up small  
1/2 teaspoonful salt  
1 teaspoonful vanilla  
Mix the cornstarch with 1/4 cup milk. Heat the remaining milk in a double boiler. Add the cornstarch, sirup, dates, and salt, and stir until thick, cover and cook for 20 minutes. Add the vanilla and pour into a dish to cool. Serves five people. Prunes are good instead of dates. Lastly add Spice Cake With Part of the Sugar Replaced by Corn Sirup

**Frozen Custard**  
1 pint milk  
1/2 teaspoons cornstarch  
1/2 teaspoons cold milk or water  
1 egg  
1 cup corn sirup or sufficient maple sirup or honey for desired sweetening  
1/2 teaspoons vanilla  
1/4 teaspoon salt  
Scald the milk, and add the cornstarch mixed with the cold milk or water. Cook the mixture over hot water for fifteen minutes. Add the eggs, slightly beaten, and cook the mixture for five minutes. Add the corn sirup and the salt, and stir the mixture well. Strain it, and cool it. Add the vanilla, and freeze the custard in the same way as any ice cream.

**Frozen Apricots**  
1 quart can apricots  
2 cups corn or other sirup  
To the sirup from the apricots add the corn sirup and sufficient water to make 1 quart. Since the sweetness of the apricots varies, more or less corn sirup may be needed. Put the apricots through a strainer, mix the pulp thoroughly with the liquid, and freeze the mixture.

## FOREIGN FOOD NOTES

**BULGARIA CROPS**  
According to the Bulgarian Tergovskii Vestnik for March 25th Bulgarians are doing their utmost to encourage sowing. Soldier-farmers are granted leave provided they undertake to sow 8 1-4 acres of wheat.  
The Food Bureau is employing 30 motor plows recently imported and 10 others obtained a year ago. The plowing is supervised by a machinist. Each plow prepares from 16 to 19 acres of ground daily at a charge of \$4.50 to \$11.50 an acre.  
The people are furnished ordinary plows to use in cultivating the fields, but the shortage of draught cattle is a great handicap to them. The army has been asked to spare all it possibly can of draught animals for field cultivation.

**GERMANY—FISH**  
Fish cards have been issued in Shoneberg and Wilmersdorf, and will soon be introduced in Berlin, full details of which were published in May. Fresh sea and river fish are sold at an advance over the maximum price.

## The Difference Between

the man who spends his salary being a "good fellow" and the man who saves—is, the former has nothing and his family suffers!  
The man who saves has self respect, money in the bank and his family prospers.  
Four per cent interest and safety await your savings at

**Commercial National Bank, Ogden**

**Stop! Look! Listen!**  
Follow the crowds to the Hermitage, where they have all kinds of amusements.

## PARIS FASHION, UTILITY TYPE

An "American" girl assigned to war service in a canteen or cafeteria was snapped lately in the Rue de Vivoli. Her severe serge skirt and coat are important as representing the utility type which will be worn everywhere by well-dressed women this fall.

the arrangement being that customers holding cards and wishing to buy fish at prices set by the government can do so during the day and until 6 p. m., after which hour fresh fish may be sold without cards.  
The Berliner Tageblatt (Apr. 27) questions the advisability of free sale after 6 o'clock, claiming that the best of the fish for a distribution in the daytime is kept back and sold to favored customers at night.

**HOLLAND—Cheese**  
It has been pointed out by prominent authorities in Holland that cheese, one of the important products of the country ought to be utilized to supplement the shortage of bread. Two and a half ounces of cheese are produced each week for each person over one year old, and with the present shortage of grain, it is thought cheese would be a valuable addition to the bread ration.

**SWEDEN—Grain**  
The Household Commission states that the present stores of grain and meal will last until July 23 of this year. A few kilograms of flour will be granted per week to food people who are entirely dependent on it.

## WAR CASUALTIES

**WASHINGTON, July 6.**—The army casualty list today contained 43 names, divided as follows:  
Killed in action 15; died of wounds 2; died of airplane accident 1; died of disease 5; died of accident and other causes 1; wounded severely 17; missing in action 2.  
The army list follows:  
Killed in Action  
Lieutenants Thomas W. Desmond, Randolph, Mass.; Thomas Goodfellow, Peoria, Ill.; Sergeant Joseph A. Hauptman, Bloomington, Ill.; Corporals Roman Lemanski, Milwaukee; Eugene F. Murphy, Wayne, Pa.; Ernest F. Oldenburger, Wilson, Mich.

## MOTHER GRAY'S SWEET POWDERS FOR CHILDREN

A Certain Relief for Fever, Colic, Constipation, Headache, Stomach Troubles, Teething, Worms, Croup, Whooping Cough, Sore Throat, and all other ailments of children. Don't accept any substitute.

## TEA GOWNS ARE GAINING FAVOR

If one is lurching at home or serving tea in one's boudoir to a few friends could anything be more appropriate than the tea gown pictured. It is fashioned of pink crepe de chine and deep cream lace. The lace forms the sleeves and a cape-like tunic whose only ornaments are two dull gold tapes.

## TEST HOLES ARE BEING PUT DOWN AT WEST OGDEN

A small force of men is working under direction of engineers of the General Engineering company, which has the contract for erecting the plant of the Globe Milling & Elevator company at West Ogden, digging test holes on the site of the proposed plant.  
Construction of the plant first proposed, it will be remembered, was stopped because of an underground flow of water and it is for the purpose of forestalling such another condition that the tests are being made.  
The work has also been somewhat delayed through the representations necessary to be made to the government for permission to build the spur track. With government control of the railroads every bit of construction work has to be properly authorized by the government.

## MEN TO GO OUT TO SHIPYARDS MONDAY

H. W. Beckett, Sr., the local U. S. employment examiner, wishes the machinists, chippers and calkers and riveters enrolled for shipyard work to confer with him immediately at his office, 2402 Wall avenue, as these workers are to be shipped to San Francisco Monday at midnight.

## HUN BOMB LEAVES FRENCH SOLDIER'S BRIDE DESTITUTE

This pretty little French girl, "Valentine," is a soldier's bride of two months. Valentine is the maid in the house which was the headquarters where Mrs. Pauline Sands Lee, an American woman working in Paris for the American Fund for French Wounded, had her headquarters.  
Mrs. Lee left one night and returned the next day to find the house in ruins. Valentine was searching among the ruins for traces of her tressouar, for the bomb left her destitute.

**Glenwood Park**  
July 9  
Music furnished by the Lillian Thatcher Seven-piece Orchestra.  
ADMISSION 25c EACH. REFRESHMENTS.

**ADDING MACHINE BY OGDEN INVENTOR**  
Two new and greatly improved and simplified types of adding machines are to be placed on the market at an early date. The machines will have improved carrying signals and will possess great durability. The machines are the invention of L. J. Leishman of Ogden. The Leishman company is already making special types of adding machines which have been successfully used in about twenty-three countries. With the improved type, it is estimated that the latter will be still more popular. One of the machines will be entirely automatic.  
Large contracts have been placed for the manufacturing of these machines and a Utah concern will soon be manufacturing the automatic type in large quantities. Their machinery is not quite ready for the work and until the proper equipment is entirely ready, the large contracts of course have had to be placed with eastern concerns. A shipment of the new type is already on the way to Ogden and is expected now daily.

**Real Estate Transfers**  
Frederick Froerer to Effie Webb, lots 15 and 16, block 29, Lake View addition. Consideration \$275. Warranty deed.
