

DURING AUGUST 245 OGDEN BOYS WILL BE CALLED ON TO ENTER THE NATIONAL ARMY

Ogden will have to furnish 245 men or the national army during August, according to information received today by the city exemption board.

This is the news which has been eagerly awaited by scores of Ogden class one registrants. It was announced some time ago that class one would be practically exhausted by the August call and there was much interest among the young men eligible for service as to just how many would have to go.

ATTRactions TO BE SEEN AT ORPHEUM THIS SEASON

The array of road shows and vaudeville attractions for the coming season of the local Orpheum theatre and the sprinkling of motion pictures which will come in between will give Ogden the appearance this winter of a theatrical oasis.

Manager Joe Goss of the Orpheum claims his life has been made miserable during the past few weeks by friends enquiring about the shows he has booked. So yesterday he hunted up a representative of the Standard and confessed all he knows.

Big Film Coming First and foremost among the disclosures he made was that "Hearts of the World," the stupendous motion picture which played Salt Lake recently, will be in Ogden as the first attraction of the season, on August 18, and will run for an entire week, giving two shows daily.

The Pantages vaudeville will start August 29. Mr. Goss declared this vaudeville service during the coming season will be bigger and better than ever before. The war has broken up so many of the teams, he says, that the actors have been forced to get up new material and new tricks and all of them will be fresh and entertaining.

Excellent Road Shows In the line of road shows the Orpheum will present the best the season has christened. Among the number will be "Business Before Pleasure," "The Little Teacher," with Maud Fealy, "Parlor, Bedroom and Bath," "Doing Our Bit," the big Winter Garden Review, "Seventeen," "The Man Who Stayed at Home," "Oh, Johnny, Oh," "Friendly Enemies," "Daddy Long Legs," "Going Up," "The Tailor-Made Man," "May Time," "The Bird of Paradise," "So Long, Lettie," with Charlotte Greenwood, "You're in Love," "The Kiss Burglar," "Leave It to Jane," "The Eyes of Youth," "Ben Hur," "The Man Who Came Back," etc.

One big attraction coming will be the San Carlos Grand Opera Company, a company of grand opera stars of high quality. This company will present two operas in Ogden, the names not having been announced.

Maud Adams is also booked for a production here. George Arliss is another eminent star. Richard Carle will come with a leading attraction. Two shows which have claimed much attention, "Furs and Frills" and "Polyantha" will also be brought to Ogden.

Manager Goss says the usual motion picture policy will be maintained—the best feature pictures obtainable, with Chaplin and Olga Petrova as the leaders. The second Tarzan picture will also be brought to the Orpheum, said to be a better film than the first.

The Orpheum theatre is being renovated, new carpets and fixtures being installed and the interior painted and freshened up.

The orchestra this year will be led by Prof. Ervin C. Larsen of Denver and will have practically the same personnel with one or two exceptions.

NOTICE TO RED CROSS SUBSCRIBERS

Red Cross installment subscriptions for August are now due. Many have been prompt in their July payments and some have paid up for July and August but there are a great many that are yet delinquent for July.

SEVENTY-FIVE BIKES STOLEN DURING THE MONTH

Little Ralph Kenny, thirteen year-old son of Mrs. Emma Kenny of 2469 Van Buren avenue, has been working diligently during the summer vacation at a fruit stand just below the Ogden theatre, on Twenty-fifth street, and recently purchased a new bicycle with the money he had saved from his earnings. The little fellow paid \$45 for the wheel.

DISTRICT BOARD HAS PASSED ON SEVEN REGISTRANTS

Action has been taken by the district draft board in the following appeal cases of Ogden registrants: John A. Barnett, claimed four A, classed two X.

AARON L. FARR AT CAMP LEWIS

Aaron L. Farr of Ogden has been accepted at Camp Lewis for general military service, according to information sent the local draft board. He was inducted by the board at Bakersfield, Cal.

ROAD TO UTAH BASIN TO BE BUILT

The construction of a new road from Fruitland in the Uintah basin to the railroad point at Heber, was announced when E. E. Kilder of the local office of public roads, J. P. Matin of the forest service, and J. B. Finch of the San Francisco office of public roads, returned from an extensive trip to central Utah road projects.

The survey has been made and work will be started this fall. The forest service of the government will stand the expense of 39 miles of the road and the remainder will be paid by the state.

The first of the work will be done near Heber, on a twenty mile stretch which will cost about \$60,000.

ELSNORE MAN IS WOUNDED IN BATTLE ELSNORE, July 29.—Frederick Bell, whose name appears among the seriously wounded in a recent casualty list, is the son of Mrs. Sena Bell of Elsinore. He is 25 years of age and was employed by the Utah-Idaho Sugar company here. He went into the national army in November and went overseas in December. His father is dead.

CITY BOARD FIXES THE TAX LEVY AT 8.25 MILLS

A city tax aggregating 8 1/4 mills on the dollar was levied by the city commissioners at their regular meeting in the mayor's office last evening. The tax was designed to cover general city expenses, construction of sewers and drains, improvements and maintenance of streets, maintenance of the city bath houses and light works.

At the meeting the city treasurer was authorized to transfer \$20,000 of the waterworks fund to the general fund. Fire Chief Graves submitted a plan to abolish the present system of alarms in the fire alarm boxes of the city. He stated that the present system, which is over twenty years old, has in several instances failed to function causing loss by fire and inconvenience to the department.

The advisability of constructing a concrete bridge across Ogden river at Washington avenue was discussed at the meeting. It was also suggested that the steel bridge now in use could be moved to the Wall avenue intersection. No conclusion was reached.

PLAN TO AID THE WHEAT GROWERS

Severe Losses Through Winter Killing of Crops to Be Remedied by Government. WASHINGTON, July 29.—To aid wheat growers of the west who have suffered severe losses through winter killing of their crops and through drought, President Wilson has placed \$5,000,000 at the disposal of the treasury and agriculture departments, it was announced tonight. The sum will be issued in loans to farmers in the affected sections generally through the federal land banks.

The primary object of the fund, says a statement issued by the department of agriculture tonight, "is not to stimulate the planting of an increased acreage of wheat or rye in the severely drought-affected areas or even necessarily to secure the planting of a normal acreage but rather to assist in tiding the farmers under all conditions with a view to increasing the food supply of the nation and to add to the national security and defense."

The loans, the department announced, probably will not be made for more than three dollars an acre with maximums of 100 or 150 acres. It is stated that it is not intended that the fund should be used as loans to farmers who have banking collateral and can otherwise secure loans.

MANY MACHINISTS NEEDED AT YARDS

WASHINGTON, July 29.—Hulls of newly built ships at Portland, Ore., are lying idle waiting for men capable of installing machinery to put them into service, the department of labor reported today in its weekly labor review. Machinists, blacksmiths, tool-makers, lathe hands and common laborers are needed throughout the eastern industrial centers the report said. There is a shortage of farm labor from points as widely separated as New Hampshire, Minnesota and Washington. The report also discloses a lack of experienced women for clerical work.

GLEN A. CHANDLER ENTERS THE ARMY

Glen A. Chandler, 526 Twenty-fourth street, is one of the young men who have volunteered for service in the army and will go with the expedition leaving August 9 for Camp Fremont, Cal.

Young Chandler is 21 years of age and a registrant of the 1918 period, but in his eagerness to get into service he waived his claim for time and volunteered to go with the next draft of men.

Chandler is well known in Ogden, having attended the public schools and the Weber academy. He is at present employed by the Scoville Paper company.

O. E. S. NOTICE Members of the Order of Eastern Star are requested to meet at the Masonic Temple at 2 o'clock, Wednesday, July 31st, to attend in a body the funeral of our departed sister, Ellen M. Meissner, M. Edna Hamill, W. M. 7021

STREET CAR TICKETS will not be honored on city lines of Utah-Idaho Central railroad after July 31st, 1918. Such tickets will be deemed on application at room 314, Eccles building.

LONDON, July 29.—Franklin D. Roosevelt, assistant secretary of the American navy, had a long interview with King George this morning.

A. C. CALL IS GIVEN SEVERE SHOCK BY A MISTAKE

A persistent rumor which has circulated about Ogden for several days to the effect that O. A. Call, son of A. C. Call of the county exemption board, had suffered the loss of both legs and one arm in the war and was on his way home, was denied today by Mr. Call. He said the mistake was made through the confusion of his son's name with that of O. A. Call of Burley, Idaho, a son of his cousin, who was on his way home from the war and reported to have been wounded in the terrible manner stated.

Mr. Call first heard the report several days ago while on his farm at Wilson and was shocked so terribly that he did not recover for two days. Inquiries, however, developed the information that it was not his son as a letter received from the boy, the last received, was dated after the other Call had been wounded, and stated he was in good health and safe.

Mr. Call then heard from a friend that it was the son of his cousin at Burley, Idaho, who had been wounded and that his cousin had left for New York to bring the boy home. It was also reported that his eyes were badly damaged but that the sight of one would be saved.

O. A. Call of Wilson, was one of the first soldiers to leave for Camp Lewis last fall with the county boys and has been in France and in active service for several months.

WORLD'S MARKETS

NEW YORK, July 30.—Canadian Pacific, shipping and Sumatra Tobacco were lower by fractions to 2 points at the opening of today's stock market but steels, equipments and the general list inclined upward. Texas company gained 2 1/2 points, Harvester 2 points and New York Airbrake 1 point. United States Steel made only a slight advance with hundred issues and Southern Pacific, Atchison and St. Paul common and preferred were nominally higher. Liberty bonds were irregular.

Leaders cancelled their advances soon after the opening, selling accompanying the report that the Germans had launched another offensive. United States Steel reacted almost a point and rails forfeited their gains. Canadian Pacific extending its loss to 1 1/2 points. General Motors lost 3 1/2 points. General Electric 2 points and American Telephone another fraction to its lowest quotation in years. Prices hardened slightly later but improvement was limited to specialties under professional control.

Chicago Quotations

CHICAGO, July 30.—Corn developed weakness today, influenced by better weather and by reports that relations between Turkey and Germany had been severed. Absence of confirmation, however, of the reports of such a severance led to something of a rally, and so too did the less encouraging tenor of news. Opening prices, which ranged from 1 1/2 to 1 3/4 lower, with August 1 1/2 and September 1 1/2, to 1 1/2, were followed by a further setback and then by a moderate reaction.

Oats went down grade with corn. Larger receipts from the new crop tended also to depress the market. After opening 1/4 to 1/2 down, prices continued to weaken.

Strength of the hog market rallied provisions. At first slight declines had taken place in sympathy with grain.

Table with columns: Open, High, Low, Close. Rows: Corn, Oats, Pork, Lard, Ribs, Beef, Cattle, Hogs.

WASHINGTON Awaiting Advice on Turks Being Driven to Open Rupture. Pledges Are Not Kept and Turkey Have Grown Very Indignant.

WASHINGTON, July 30.—No official advices regarding the reported break in relations between Turkey and Germany have reached Washington but the government would not be surprised if Turkey has been driven to an open rupture as there is a well founded background for the report.

Reports that a Turkish mission recently had been trying in Switzerland to cultivate friendship with some of the Allied governments have been received here. It would be natural, officials said, for the Turkish government to endeavor to find some new friends among the powers before breaking with its old associates.

Strong Anti-German Sentiment. When the present sultan came to the throne in Constantinople a few weeks ago some very strong anti-German sentiment was expressed by the Turkish officials blame the Germans for the lack of food and other supplies in Turkey as well as the reverses sustained by the Turkish arms.

Germany promised assistance to the Turks in the Palestine and Mesopotamia campaigns where the British forces have been consistently defeating the Turks. In neither case has the German pledge of aid been fulfilled and the Turks are indignant as a result.

Strained Relations With Bulgaria. The strained relations between Turkey and Bulgaria, which recently resulted in armed conflict, have caused a strong anti-German feeling in both countries. The Turks are satisfied if they did not receive fair treatment in territory when the peace with Rumania was signed and the Bulgars have much the same feeling. Both countries are said to realize that they are being impoverished by the Germans in the effort to provide food for the Teutonic soldiers and civil population.

King Ferdinand of Bulgaria is represented as fearing the dismemberment of his kingdom during the war and as having difficulty in keeping in control the very strong anti-German element with which he had to deal when he decided to cast his lot with Germany. This element has lost none of its strength since Bulgaria's entrance into the war.

The reported complaint on the part of Turkey may account in part for the report received through Copenhagen that Germany and Turkey have severed relations. Early this month it was reported through Washington that Germany was becoming alarmed over the aggressive territorial tendencies of her allies, especially Turkey. Several weeks earlier it had been reported that Germany had ordered Turkey to stop her advance in the eastern Caucasus. At most simultaneous announcement came from Berlin that German troops had been landed at Poti, on the Black Sea coast and an important point on

"More Men Go Over," so I read when Saturday the Standard came, and every word the news-man said helped much the outlook of this game we're playing hard somewhere in France with Herr Von This and Herr Von That, or any Dutchman who's the chance to wear the Kaiser's spiked hat. Three hundred thousand went last June, in spite of subs and mines galore. Ere long the cables all will croon, "We've sent them half when Sammies win and go and buy a stamp with mirth to show I'm ready with my tin! But, Law, each night I seek the page where those brave lads who die for me untouched by all the cares of age, are mentioned that the world may see they gave their all that this old world might harbor none but brave, free men—that loved OLD GLORY is unfurled 'till righteous peace does come again. And as I read that golden rod, I tremble lest HIS name I see—Oh! how my heart would find condole the death of each, though strange to me! "More Men Go Over!" Oh, the joy that there are millions yet who can—the earth with belov'd the pop, the boy, but each, please God, a fighting man! They're coming—Sammites, hit 'em—BING! and soon you'll be in clover. Full soon from sea to sea will ring, "Five Million Men Go Over!"

Preston, Idaho, July 28, 1918. MACE WALTON.

CAPT. ROB. WARWICK IN "THE FALSE UTAH TODAY TOMORROW FRIEND" TODAY Tomorrow
