

WORLD SERIES BASEBALL GAMES TO BEGIN AFTER AUGUST 20 IS PLAN OF PREXY BAN JOHNSON

CHICAGO, July 29.—Closing the major league schedules about August 20, and starting the world's series immediately thereafter, is the plan now favored by President Ban Johnson of the American league, to comply with Secretary Baker's work or fight order. President Johnson tonight sent a bulletin to the American league club owners asking their approval of the plan, which, it is understood, is also under consideration by the National league.

Closing the season on August 29 would leave eleven days in which to prepare for the world's series and still obey Secretary Baker's order to disband September 1. There has been talk of continuing to September 1, or even the day following, which is Labor day, a legal holiday, but the American league executive is strongly opposed to any subterfuge of the sort. He is in favor of the world's series, but believes it should be staged within the time limit placed by the secretary of war for the suspension of the sport.

If the August closing is agreed upon, the western clubs of the American league will not start the eastern invasion scheduled for August 14, and the eastern clubs of the National league will not start west. The days remaining before the official shutdown, September 1, probably will be employed in playing exhibitions and games with clubs in the same sections.

President Johnson believes his suggestion, if adopted, will result in a large saving to clubs of both leagues, as the attendance, according to reports, appears to be dropping off instead of improving, despite the war department's reprieve to September 1.

CINCINNATI, O., July 29.—August Herrmann, chairman of the National Baseball commission, said that it was his idea as heretofore expressed that the clubs should play through Labor day and then he believed that permission could be secured for a short series of games between the winning clubs, as at best, those affected by the work or fight ruling in these two clubs would not total over fifteen players.

He said all the club presidents had been in communication with one another, exchanging views on the number of games to be played, date of final games and other matters and that a meeting may be called next week.

PITTSBURG, July 29.—"The National league will not consent to a plan to stop playing August 20, so that a world's series may be played," said Barney Dreyfuss, president of the Pittsburgh club, and who was recently selected by the Nationals to confer with American league representatives on the question of selecting dates for the annual series.

"We plan to play until Labor day, regardless of what the American league does," he declared. He added that he expected to confer with the American league representatives soon in this connection.

CLEVELAND, O., July 29.—James C. Dunn, president of the Cleveland Baseball club, tonight said that he was in favor of President Johnson's plan to close the season on August 20, and playing the world's series prior to September 1.

BIG CROWD SEES OPENING RACE

Miss Harris M. Does Not Start in Free-For-All But Surprise Is Furnished by William.

COLUMBUS, Ohio, July 29.—With the free-for-all race and the Elks' Home 2:05 pace, purse \$3,000, as feature events, the largest Monday crowd in years witnessed the opening card of the Grand Circuit here today.

Miss Harris M. did not start in the free-for-all race, which took some of the zest out of the race, but William furnished a surprise when he defeated Single C., his opponent, in the first two heats and finished second in the third mile when he already had the race won under the three-heat plan. William paced the first heat in 1:59 1/2 in an easy finish. The other two miles were just a fraction slower than two minutes.

A shower in mid-afternoon slowed up the track. The 2:09 trot and 2:05 Elks' Home pace were completed after the rain, but the 2:17 trot went over to Tuesday night.

Heir Reaper had to go an extra heat to defeat the 2:09 trotters, a bad break in the stretch causing him to lose the third heat.

The 2:05 pace was a badly split affair, three horses winning heats before Director J. finally landed.

The S. and S. \$5,000 stake for 2:12 trotters will be the feature of the Tuesday program.

MITCHELL, S. D., July 29.—Ten drivers, with \$200,000 worth of cars and equipment, arrived in Mitchell today to enter the automobile races to be held at Hitchcock park Tuesday afternoon. Two of these cars, the Benz, driven by Lampkin, and the Fiat, by Henderson, are worth \$60,000.

Burr Lampkin of Chicago with his Sun Ray Roamer. Another feature will be the Australian handicap race in which there are four starters, starting at the four equal points of the track. TURKS TO RULE THE CAUCASUS

Constantinople Press Believes People of Same Faith Should Be Under Their Rule.

AMSTERDAM, July 30.—Turkey is going to handle the situation in the Caucasus according to her own ideas. This is indicated in a telegram from Constantinople dated July 28 which quotes an article in the newspaper Naefri Ekhar presenting the Turkish viewpoint.

"We have nothing to say against the principles laid down in the Brest-Litovsk treaty," says the article, "but when the Caucasus, newly re-organized, refused to be bound by the treaty what is more natural for us than to take into consideration the necessities of this new situation created on our important eastern front? Could we close our ears to the appeal of the government of a people largely of the same race and same creed as ourselves?"

"We are aware of the action and its present progress to place under German control Tiflis and Baku. That is a logical consequence of the application of the Brest-Litovsk treaty. How could this treaty be taken into consideration in the affairs of the Caucasus seeing that the Bolshevik government has not been able to return to us, in accordance with the treaty, our eastern frontier and that influences entirely independent of the Bolshevik government have arisen?"

SO DEAR OF HIM. She is so very pretty, but not especially endowed with brains. Her escort had explained that the man behind the catcher was the umpire. "What does he do?" she asked. "He calls balls and strikes, and tells whether or not a fan is safe at the plate." "Oh, I see. He is there to warn the batsmen when he sees the pitcher is going to hit him with the ball. How sweetly thoughtful that is!"
