PHILIPPA NELSON ARRIVES IN FRANCE

Word was received yesterday by Miss Ulerica Nelson, pupil nurse at the Dee Hospital that her sister, Miss Philippa Nelson, had arrived overseas.

Miss Nelson is a graduate nurse from the Dee hospital but at the time of her enlistment into the service as a Red Cross nurse was a supervisor at the Fresno county hospital in Fresno, Cal.

RECEIVES WORD OF BROTHER'S DEATH

Almond Millar Bates, U. S. army wireless student at the Carnegie Institute, Pittsburgh, Penn., and a brother of Associated Press Operator Joseph B. Bates of Ogden, died Tuesday afternoon of pneumonia in the Penn hospital at Pittsburgh.

The young man was a son of Mr. and Mrs. J. C. Bates of Colorado Springs, Colo. He was 23 years of age and enlisted about a year ago.

Every minister has his favorite hymn, and every other man has his favorite her.

The path to success is paved with good intentions that were carried out.

No More Shortage

Each Saturday our markets have run short on meats. At other times some have failed to get cuts desired, owing to shortage of help and inability to cut it as fast as the demand. We think this is all overcome now and you will not be disappointed in the future. It is our plan to have dozens of all kinds of cuts ready for you to select from as soon as you enter the market.

Our Meats Better

Our meats are better this week than at any time in the past. All are government inspected. We buy no meats from unreliable sources. Visit one of our markets and save money.

ONE HUNDRED ELEVEN NEW CASES OF INFLUENZA

SALT LAKE, Oct. 23—One hundred and eleven new cases of Spanish influenza were reported to the city board of health yesterday. Six deaths were reported as a result of the epidemic as follows: Jeanette Marshall, 74 years of age, local hospital; Ellen Seligman, local hospital; Dolly Williamson, local hospital; Alexander Williamson, local hospital; Gilbert Haws, 215 West Fifth South street; Jennie Smith Stoddard, 26, 764 Second East street.

Dr. R. W. Timment arrived from Spokane yesterday and reported to Dr. Beatty, acting under orders from the surgeon general, Dr. Beatty at once sent him to Heber, where the influenza situation is reported to be grave. The adjutant general, P. C. Morris, yesterday notified Dr. Beatty in a telegram from Washington that he was now authorized to draw upon the post for necessary supplies in combating the epidemic in Utah.

Ophir is reported to have conquered the epidemic and the ban has been lifted on public assemblies and the schools have been opened. Moab will be granted permission to open the schools if the disease does not reappear there.

The duration of the influenza situation in Utah and Salt Lake will depend on the observance of precautionary methods on the part of every citizen. It was the announcement of Dr. T. B. Beatty of the state board of health last night, "The situation is improving in certain towns of the state. There is no state in the union in which the precautions are being more strictly or effectively observed than in Utah."

Dean W. W. Fleetwood of St. Mark's cathedral received an order from Surgeon General Rupert Blue at Washington, appointing him representative of the Red Cross division yesterday to work under the direction of Dr. Beatty in the present emergency.

In Holladay it was reported to the Red Cross that the mother of six children had died of influenza, leaving the children orphans, as the father died some time ago.

Two deaths from influenza pneumonia were reported from the isolation hospital at Fort Douglas yesterday. James Silve, C company, Seventh engineers, at Fort Douglas, and Glen N. Buckner, F company, Eighth infantry, died during Monday night.

Six Deaths At Post
Buckner was taken from a train Sunday suffering from the infection, and was in the pneumonia stage of the disease when taken to the local hospital.

These two make a total of six deaths from the disease that have occurred at the post since the influenza epidemic struck the military organizations here. Private Silve of the engineers is the first member of any of the organizations at the post to die from the disease. The other five fatal cases came from organizations outside of the post.

A total of twenty-six new cases of influenza were admitted to the post hospital yesterday. Of this number seven were from the outside and nineteen from the commands at the post.

BODY BROUGHT HOME BY J. W. LINNELL

The body of Orel D. Reeder of Brigham, who died aboard a transport en route to France, was brought through Ogden yesterday by Private James W. Linnell, and taken to the home in Brigham. The young man was not quite 18 years of age and was the son of Mr. and Mrs. George H. Reeder.

He enlisted on June 24 last and prior to that time had been student for two years at the Box Elder high school. He is survived by his parents, four sisters and three brothers. The funeral will be held Thursday afternoon at Brigham.

Private Linnell, who accompanied the body home, is a resident of Salt Lake and went there to visit his people and friends before returning.

The fat man doesn't mind it if you call him portly.

Better a sweetheart than a sour wife.

TRIBUTE IS PAID TO JACK BRETT BY READ BROS.

The firm together with all the employees take this means of expressing their most sincere regret over the loss of one of the most faithful employees and associates, John Brett, who was suddenly stricken down by the dread disease. He had been a faithful employee of the J. G. Read and Brothers company for the past ten years. As an employee he was our head machine operator. He was "our Jack"—honest, energetic, ambitious. As a mechanic he was among the very best. Up until the last minute he had put heart and soul into making war harness for Uncle Sam. While we regret in the extreme the loss of so faithful and valued an employee, we are consoled in the fact that he died in the service of his country as well as his fellowmen.

As an associate he was kind and obliging and always willing to lend a hand in a cheerful way to one in need.

The vacancy caused by his loss will be most keenly felt by us all, but may it be our pleasure together with his family, relations and friends to take consolation in the fact that his cheerful disposition, his many good qualities and his valued services will live on forever.

(Signed) J. G. READ & BROS. CO.

JOS. VANDERHOOF DIES SUDDENLY

Joseph Vanderhoff, formerly of Ogden, son of Mr. and Mrs. Jesse Vanderhoff of Snowville, died Tuesday at 11 a. m. of heart trouble. The young man was about to saddle his horse in the stable of the Vanderhoff farm at Snowville, when he was suddenly stricken and expired. His aged mother found him sometime later, when she had become alarmed at his prolonged absence. Neuralgia of the heart was given as the cause.

The deceased is survived by several brothers and sisters living in Weber county, among them Jesse Vanderhoff of Ogden, who left yesterday for Snowville immediately upon hearing of the sudden death.

FACTS TO KNOW ABOUT INFLUENZA

(By Dr. Beatty)

The disease is contagious and does not originate from some mysterious element in the atmosphere, as some people imagine. The germ is given off by a person having the disease in the act of talking, coughing or sneezing. If all persons having the disease will go home at once and remain there for at least a week after recovery, they will protect the lives of others and safeguard their own lives from the serious complications that are otherwise liable to occur. While other members of the family are permitted to go at large, they should conscientiously protect others by remaining at home should any symptoms of a cold or influenza appear.

The disease usually begins in forty-eight hours after exposure to an affected person.

Persons caring for a case of influenza should wear a mask and observe the other precautions described in the circular issued by the State Board of Health. If these precautions are followed there is no ground for the unreasonable fear manifested by many people who are deterred from rendering assistance in cases of great necessity.

The symptoms of influenza may be those of an ordinary cold, but are usually more severe. The serious complications usually occur as a result of not remaining in bed until fully recovered.

To avoid taking the disease: Keep away from crowds. Look upon everyone as possibly infected and avoid close contact in talking. As a further precaution, wear a mask when mingling with other people. This is especially important for those whose employment exposes them to contact with the public, such as clerks, ticket agents, etc.

Live in the open as much as possible and keep the windows open at night to fortify the resistance of the body. There is little danger of taking the disease from contact in the open air, unless in very close range. For further information send for the circular on influenza by the State Board of Health.

RESINOL ENDS YEARS OF UNSIGHTLY SKIN TROUBLE

Oct. 14—"My face and neck broke out with small pimples which swelled and festered until they were like boils. When I opened them they filled again, and caused intense pain and loss of sleep. At last they were so disfiguring I had to give up my position and could not go anywhere. After five years of this trouble and having used many other preparations, I tried Resinol Ointment and Resinol Soap. The pain and itching was relieved at once, and when I had used one and one-half jars of Ointment and several cakes of Soap I was cured. Now my skin is clear, and when I shave it is as soft and pink as a child's." (Signed) Jerald H. Kessler, 263 East 93rd street, New York City.

Resinol Ointment and Resinol Soap are sold by all druggists.—Advertisement.

Y. M. C. A. IN RUSSIA

VLADIVOSTOK, Sept. 10.—The philanthropy and non-commercialism of the Young Men's Christian Association is beyond the grasp of the average new Russian mentality. Free distribution of foodstuffs and even luxuries like chocolate and cigarettes, to those not actually dependent on charity gives rise to speculation as to where the profit comes in. The Y. M. C. A. headquarters frequently has to discourage would be speculators who figure that there must be some way to buy from them in quantities what is freely given away by the carload.

GERMAN PRISONERS CHEER. BEHIND BRITISH LINES IN FRANCE, Oct. 15.—

When the British were bringing back hundreds and thousands of prisoners in the last advance through the Hindenburg line often times batches of prisoners already in the cages would laughingly welcome a new contingent. One cage was situated in a ravine and the Germans could see more prisoners coming over the brows of the hills. As crowds of them came in slight cheers would go up from the prison cage and as the men arrived at the enclosure they would be greeted with handshakes and smiles.

Some good people are spoiled for the want of good work.

NON-PARTISAN LEAGUE ORGANIZERS ARE ARRESTED

POCATELLO, Idaho, Oct. 22—Two more Nonpartisan league organizers in this state are in the toils for making seditious utterances, according to information from Moscow. Carl H. Davis, district manager and organizer with headquarters in Lewiston, has been arrested on a charge of violating the espionage law, on a warrant issued by United States Commissioner H. R. Smith upon complaint of L. F. Parsons, chairman of the Latah county council of defense. Davis attacked the Liberty loan principally, and is alleged to have said that big business interests of America met in Berlin and framed the war and he also took a rap at the Red Cross.

R. W. Bignell, also a Nonpartisan league organizer, is under arrest as a result of having violated the espionage law, and was arrested at the instigation of L. F. Parsons of the Latah county council of defense. Bignell repeatedly referred to the Liberty loan drive as a "profiteering of big business concerns and banks and that they are the ones that make the final takeoff."

The two arrests were made by a deputy United States marshal and the men will be given a hearing before United States Commissioner Smith in the near future.

WHILE THE PRESIDENT WAS RAISING AN ARMY TO BEAT THE HUNS THESE SAME OFFICIALS WERE RAISING TAXES.

While the Government was raising money for the RED CROSS, THRIFT STAMPS AND LIBERTY BONDS these Patriots (?) WERE RAISING SALARIES.

While the people were saving on everything to buy LIBERTY BONDS, THRIFT STAMPS and contribute to the RED CROSS, these doughty warriors behind the folds of the American Flag were INCREASING EXPENSES IN EVERY DEPARTMENT OF THE COUNTY.

This is THEIR idea of SUPPORTING THE PRESIDENT'S WAR ACTIVITIES.

Who Obstructs President in War Activities?

The county officers of the local Bamberger Democratic Party in their attempt to camouflage their extravagance and incompetency are saying:

"Vote for us and uphold the president."

SOL. J. KAPLAN IS MADE PRESIDENT

At a meeting of the Buchmiller & Flowers company last night the staff of officers and the directorate were reorganized. Sol J. Kaplan, who recently bought the interest in the firm held by Morris Flowers, was elected president and general manager. Leonard Buchmiller was elected secretary and treasurer. Mrs. Hattie Buchmiller, Joseph L. Carlson and Mrs. Alta Kaplan were elected to the board of directors.

The name of the firm was not changed at this meeting but will be within a short time, according to one of the officers.

BISHOP BROOKE DEAD

CHICAGO, Oct. 22—Bishop Francis Key Brooke of the Protestant Episcopal church of Oklahoma, died at the home of a daughter here today after many months of ill health. He was born in Gambler, Ohio, November 2, 1852, and was educated at Kenyon college and the University of the South. He was consecrated first Bishop of Oklahoma and Indian Territory in 1893.

HONOLULU, T. H., Sept. 30.—

The Honolulu chamber of commerce has adopted a resolution urging congress to enact legislation permitting the importation of Chinese laborers into Hawaii for the period of the war.
