Eight calls for nurses were sent in to the Red Cross yesterday, and all were filled in a short time. Mrs. Ralph Bristol went personally to three houses with teachers to ascertain the condition before they took the cases, and Mr. Carver found places for five more. The teachers are enthusiastic in helping to combat the disease at all times, he said.

About twelve nurses will be needed today to help in needy cases, it is estimated. Teachers, clerks or any other person who can give their services will be greatly appreciated. The conditions seem to be for the better in practically every home where the members of the Red Cross have visited.

RED CROSS NEEDS MEN IN WORK

SALT LAKE, Nov. 11.—The American Red Cross needs men of business, executive, store, office and vocational training for military camps in the United States. The call for such represents an opportunity for rendering a fine, patriotic service, where the best can be made of business training and ability.

Such an announcement has been made at local headquarters of the Red Cross, upon orders from national headquarters in Washington. These orders say "Good positions are available now, in Washington, D. C., at divisional headquarters of the Red Cross in other large cities and in military camps throughout the country. These positions call for men and women of the highest character."

In addition the announcement says salaries positions pay in accordance with experience, and that workers who enlist their services and are sent to Washington, are assured of a good home at reasonable prices.

Increase of work and still increasing calls upon the facilities of the Red Cross have made this demand for help imperative. The requirements include capable accountants and accounting clerks, qualified buyers of drugs, medicines, surgical instruments and hospital supplies; also men to serve as hospital supply clerks, trained and professional newspaper men and women, and directors for publicity work, competent stenographers, secretaries and clerical workers in all departments.

For camp work the qualifications demand high-grade men who know younger men and how to deal with them; men who are well acquainted with business procedure and who have the ability to deal tactfully with other responsible men of affairs. These are needed to render emergency relief of every kind upon request and with the co-operation of military authorities; to help holders who are worried about their families and family affairs, by communicating with their homes through local Red Cross organizations in every part of the country; to visit, cheer up and encourage the men in base hospitals by communicating with families of patients and, if necessary, furnishing emergency supplies when called upon; to supervise the distribution in camps and cantonments of all Red Cross supplies, such as comfort kits, sweaters, socks and the like; to supervise sanitation in towns that are near military camps. In this work women, who have the proper training, can be used.
