

Paste Without Waste

The Cico jar is full of real paste, from top to bottom and side to side. There is no water well to take up room, to run dry, to cause endless jabbing and mixing. Cico paste is ready for instant use, never gets hard, is usable to the last atom, and sticks like a bull dog to a bone. If you have never used Cico, there's a real treat in store. It needs just one little word to the stationer (pronounced, by the way, Sy-co).

CICO PASTE

Note the Cico adjustable brush, with the aluminum guard, which absolutely protects the fingers from contact with the paste. Moving the guard up or down on the brush handle keeps the bristles at the proper height to pick up just the right amount of paste. The guard also serves as a cover to the jar, so that the screw cap need not be replaced after each using. It would not be possible to use the special container with any other type of paste.

COUNT KAROLYI EN ROUTE TO UNITED STATES

BERLIN, Thursday, July 17.—(By The Associated Press)—Count Michael Karolyi, former president of the Hungarian republic, has arrived in Italy after several attempts to leave Hungary, and will go to America, according to a Vienna dispatch to the Kreuz Zeitung.

When the armistice with Austria-Hungary was signed last November, Count Michael Karolyi, who had been the leader of the Hungarian Independence party, proclaimed a Hungarian republic. He remained in office until late in March, when he resigned and turned over the authority to the communists headed by Bela Kun. He gave as a reason for his action the plea that he could not recognize the boundaries of Hungary as outlined by the peace conference.

Russians and Finns Openly Advocating the "Red Terror"

NEW YORK, July 18.—Open advocacy of "the red terror," the destruction of the American government and the forcible seizure of power by the workers was contained in magazines printed in Russian and Finnish by the I. W. W., which were offered in testimony at today's session of the joint legislative committee which is investigating radical and seditious activities in this state. Some of the magazines were published in New York and others in Chicago.

Extracts from the magazines which were read by translators included such sentences as: "Burn the codes of law; take all the riches; death to the bourgeoisie." "One of the most effective weapons is sabotage; let us attack with the ferocity of tigers."

The committee held a nexecutive session this afternoon and adjourned to reconvene here next Thursday.

Hawaiians Enter Plea for Use of Foreign Vessels

WASHINGTON, July 18.—Continued suspension for three years of the law barring foreign vessels from coastwise shipping, was urged before the house merchant marine committee today by Walter S. Dillingham, president of the Honolulu chamber of commerce.

"During the war," Mr. Dillingham said, "foreign vessels were allowed to serve the Hawaiian islands. So many of the American vessels were taken to the Atlantic for transport service, however, that the ships remaining have been entirely unable to take care of the regular business, let alone the tourist business."

"Several years will elapse before there will be enough American ships to take care of Hawaii, and until that time comes, the law must be changed to permit foreign ships to help or Hawaii will be marooned in the Pacific cut off from the rest of the world."

THIS WOMAN HAD SUFFERED SINCE SHE WAS A CHILD

Mrs. O'Neill Gains Eighteen Pounds on Tanlac and Troubles Are Overcome.

"I have just finished my third bottle of Tanlac and have actually gained eighteen pounds," was the remarkable statement made by Mrs. Mamie O'Neill of 2601 1-2 Welton street, Denver, Colorado recently.

"Ever since I was a child," Mrs. O'Neill continued, "even as far back as I can remember, I have had trouble with my stomach. Everything I would eat soured on my stomach causing awful pain and at times I would almost rise up around my heart. My trouble became worse as I grew older and finally I got to where I dreaded to eat anything on account of the dreadful suffering it caused me. I tried every kind of medicine, I think that is made for stomach trouble, both in tablet and liquid form, but nothing ever did me any good. I fell off in weight, was very weak and when night came I was so tired I could hardly move. My brother in Pueblo told me of the fine results he had gotten from Tanlac and advised me to try it. The result is, I'm just beginning to enjoy the blessings of good health. I can't remember when I was in as good physical condition as now and it's the first time since I was a child that I could eat without suffering afterwards. My appetite is splendid and I can eat just anything I want and enjoy it, and I know if my food did not agree with me I could never have gained so much in weight. I sleep well every night now and Tanlac has built up my strength until I can do my work without getting the least bit tired. I now recommend Tanlac to everybody, because of what it has done for me and I'm buying a bottle now for a friend of mine for I believe it is just what she needs."

Tanlac is sold in Ogden by A. R. McIntyre Drug Co., Two busy stores.—Advertisement.

Haig Praises Army

LONDON, July 17.—Speaking in London today on the accomplishments of the British empire in the war, Field Marshal Haig said: "Nothing could be further from my thoughts and desires than to attempt to minimize the efforts of our allies. I have so often expressed admiration for their deeds that I trust I can say a word or two in praise of my own people without springing offense to others for whose many successful actions in the field I have nothing but admiration."

"I admit I am very jealous of the reputation of our armies."

SENATOR FALL WOULD CURTAIL TRADE EMBARGO

WASHINGTON, July 18.—To curtail restrictions on trade with Germany while the peace treaty is being considered by the senate, Senator Fall, Republican, New Mexico, introduced today an amendment to the sundry civil appropriation bill declaring that peace being declared, "no part of the funds in the bill should be used to enforce the trading with the enemy act."

There was disagreement over the exact meaning of the amendment which would insert a provision "that the status of peace between the former imperial German government and the United States of America being declared to exist," no part of the money should be used to enforce the trading act.

Senator Fall declared that while his amendment was "only a limitation on an appropriation" it would remove the effects of a "propaganda" which he charged was being brought to bear on the senate to ratify the treaty so that the war would be formally ended.

Senator Underwood, Democrat, Alabama, objecting to the proposal, said it seemed to him "an effort by indirection to declare a status of peace without awaiting the usual course, ratification of the treaty."

Senator Smith, Democrat, Georgia, made a point of order against the amendment and then at Senator Underwood's suggestion, Senator Fall struck out of the measure all reference to a status of peace.

An amendment to the sundry civil appropriation bill designed to end enforcement of the trading with the enemy act was rejected in the senate today, 33 to 27. It was offered by Senator Fall, Republican, New Mexico, who said there should be no restrictions on trading with Germany.
