

# RED CROSS DRIVE FOR MEMBERSHIP Succeeding Through Efforts of School and Club Women of the City

## Ogden Women and Girls Who Have Aided Red Cross in Drive For Membership

Wherever the American flag floats the social world is giving the most of these days to the furthering of the American Red Cross drive, not only for the membership fund, but for the fifteen million dollars for the completion of the European war relief work as well. Utah has been well to the fore in all the American Red Cross work in the past and this past week has been a Red Cross week indeed in all the social centers of the state. Social leaders in Salt Lake city, Logan and Provo have relinquished all other ties to make this week a real mercy week as the society columns of the state press declare.

Ogden women have been most active in Red Cross work. This past week has witnessed no diminution of their energy and zeal. The many departments of the Red Cross drive have made heavy demands for workers and time, but the women of the city have been most generous of time and strength each of the days of the drive. This coming week will witness the close of the Red Cross membership and financial invitations. Until then or such time as the Red Cross leaders desire the work to cease, the loyal women of Ogden will be ready to give freely to insure Weber county Red Cross chapter all well desired.

Prominent among the workers of the past week who made the week a Red Cross success, were Miss Vera Hassenpflug, Miss Katherine Joyce, Miss Blanche Barton, the latter two aiding in costume work for the living pictures. Miss Sherma Hendershot and Miss Louise Zeller were among the High school students who acted as models.

Mrs. C. W. Lippincott, chairman of the Red Cross unit of the wonderful organization of the Women of American Patriots, is a tireless worker in all benevolent endeavors and especially in this true so for the "Greatest Mother of the World" the Red Cross. In the drive of 1918 she was one of the first in this community to receive, as a reward for her services, one of the eight hundred hour buttons, and in the present drive, as chairman of the Red Cross unit of the Women of American Patriots, they have raised over \$300.00.

Her pleasant greetings and tireless efforts have cheered the hearts of our people, have inspired many to think about the opportunity to relieve man and suffering, and to do and have inspired others to give materially and cheerfully to the call for aid.

Fortunately, nearly every community has one or more of these self-sacrificing women who go out into the fields of the world, giving their time and energy, with no thought of recompense, to solicit and provide necessary comforts for the unfortunate. Such noble creatures should and will live in the hearts of man forever, receiving worlds of praise for their devotion to this great work.
