LOST THREE-YEAR-OLD ISSUES DEFI TO BIG SWITCHMAN

"Don't get heavy." This statement from the mouth of a three-year-old lost child, caused a burly switchman from the Bamberger yards to double up in mirth. He had found the boy, named "Bobbie," attempting to climb to the top of a box car. Inquiry disclosed the fact that the boy had wandered from his home south of Twenty-fifth street on Lincoln avenue. He knew the address but not the route that would lead him home so the switchman took him by the hand and started to take the youngster home.

NEVER WANTS TO BE WITHOUT IT

Ball Restored to Health Four Years Ago by Taking Tanlac—Good Effects Continue

"I was entirely relieved of my troubles four years ago by Tanlac and have enjoyed the best of health ever since," said Edward Ball, a well-known farmer who lives on Route 3, Box 8, Duluth, Minn. "For two years I had the worst sort of stomach trouble and rheumatism," continued Mr. Ball, "what little I managed to eat would sour on my stomach and I was so nauseated after nearly every meal I could not retain a thing. I would suffer terribly from gas and, to add to my other troubles, I was taken with the rheumatism in my legs and knee joints and got in such a bad fix I could hardly get up and down. "After trying a lot of other things which did me no good I started taking Tanlac and, believe me, I soon felt like a new man. My appetite came back and I could eat anything I wanted without it hurting me the least bit. The rheumatism left me entirely and, as I stated before, although this was four years ago I haven't had a trace of bad health since. I always keep Tanlac in the house and once in a while take a little, for I believe it will keep anybody in fine shape and I am always recommending it to someone." Tanlac is sold in Ogden by A. R. McIntyre Drug Co.—Advertisement.

PIFF, PAFF, POUF BEST MUSICAL COMEDY OF SEASON

That "Piff, Paff, Pouf," Herman Baker Post's musical comedy, was well received in Salt Lake, as well as in Logan, Brigham City and Ogden, is evidenced by press dispatches from the Zion newspapers. The play was greeted by a "first nighters" cry, it is stated, and the show was heralded as the best musical comedy of the season. A paragraph from the Salt Lake Tribune, which follows, indicates that the theatre critic saw real merit in the production of local talent. "If you want to see the prettiest girls, hear the whistling tunes, delight your eye with the most bewitching costumes and altogether enjoy the best musical comedy offering that Salt Lake has had an opportunity to hear this season, then make your reservations at the Salt Lake theatre for "Piff, Paff, Pouf," the show that is being given under the auspices of the American Legion. "The ordinary road show that could boast a quarter of the number of girls and 10 per cent of the individual and collective pulchritude of the charmers of "Piff, Paff, Pouf" would never leave New York."

The second is a one-act comedy drama and several clever juvenile thespians who will take the principal parts, have been heralded as clever actors.

CHICAGO, March 24.—Investigation of reports that there is a corner on the corn market began here today when United States District Attorney Clyne called several members of the Chicago board of trade to his office. Rumors of efforts to corner the corn market have been rife since the board removed the war-time restriction limiting daily deals to 250,000 bushels to one broker. The "Carry On" club minstrels, a Logan organization composed mainly of men disabled in war, will appear at the Orpheum theatre in this city on April 7, according to Manager Joe Goss. Thirty-eight ex-service men make up the cast of the minstrels and the boys, in recent appearances, are reported to have made big hits with the audiences. In addition to the several trained voices, a number of buck-and-wing dancers, bone-shakers, and the usual accoutrements of a fully equipped minstrel show, the troop has a jazz band that is reported to be a wonder. The "Carry On" club is an organization composed of men who are taking a course in vocational training at the Utah Agricultural college.
