U. S. OFFICER AND WIFE OUTWIT MEXICANS. NEW YORK'S FOOD SUPPLY MENACED BY STRIKE

TUGS WHICH CARRY PROVISIONS OUT OF SERVICE BY WALKOUT

Switchmen and Switch Tenders in Chicago Yards Quit Their Jobs

1800 SHOPMEN LEAVE POSTS ON ONE LINE

Stockyards Employees Return to Work and Packing Crews Draw Pay Again

NEW YORK, April 2.—All but twenty per cent of the railroad owned tugs and steam lighters which railroad representatives assert bring to New York 90 per cent of its food supplies, are tied up as a result of the marine workers' strike, J. J. Mantell, railroad managers' representative, announced today.

The railroad owned ferries on the Hudson river, the crews of which also were called out, are apparently not seriously affected, Mr. Mantell stating that all but one line are running on regular schedules. Reduced travel today due to the Good Friday holiday, has enabled the railroads to use ferries in the transportation of food and milk.

The strike was called, union men asserted, to maintain the eight-hour day which they declare was threatened by the reported transfer of railroad floating equipment to private owners. The railroad managers claim the strike was called in support of striking coastwise longshoremen who walked out several weeks ago.

RAIL MEN STRIKE

CHICAGO, April 2.—Seven hundred switchmen and switch tenders employed in the Chicago terminal of the Chicago, Milwaukee and St. Paul railroad were on strike today in protest against the removal of a yardmaster and to enforce demands for a wage increase of from 52 cents to \$1 an hour. The strikers are affiliated with the Chicago Yardmen's association, recently organized, and the walkout last night was not authorized by the Brotherhood of Railway Trainmen. Brotherhood officials said 300 men, sufficient to handle traffic, would remain at work.

SHOPMEN ON STRIKE

PORTSMOUTH, O., April 2.—Eighteen hundred shopmen at the local Norfolk and Northwestern terminal walked out here today in sympathy with 150 clerks already out. The men who went on strike today include car repairers, machinists, electricians, blacksmiths, pipe fitters, sheet metal workers and laborers.

STOCKYARD STRIKE ENDS

CHICAGO, April 2.—Nine hundred striking stockyard employees returned to work today under an agreement to arbitrate their wage differences with the Union Stockyards and Transit Co. Delivery of livestock shipments was resumed and more than 7000 packing house workers who were forced out of employment during the strike, went back to their jobs.

The demands of the livestock handlers will be arbitrated by Federal Judge Samuel Alschuler.

Rhineland May Set Up Republic

WOMEN UNDRESS FOR DINNER NOW PRIEST DECLARES

LONDON, March 27.—Prevailing fashions in women's gowns were vigorously assailed in a sermon recently by Rev. Bernard Vaughan, the widely known Jesuit father, whose essays and sermons on morality and home life have for the past 20 years attracted great attention throughout the world. "In days gone by ladies dressed for dinner, now they undress for it," he declared. "Women's clothing ought to serve the three purposes of decency, of warmth and of ornament. Girls who follow the up to date fashions are ruining their own and their neighbors' souls as well as their own bodies. Designers of fashions seem to be devoid as much of taste as of principle."

"PEOPLE WILL NOT WORK" RUMANIAN EDITOR TELLS PAPER

Quadruple Alliance Favored to Insure Peace of Europe; Gives Advice to U. S.

BUDAPEST, April 1.—Safety for the peace of Europe lies in an alliance between Rumania, Poland, Czechoslovakia and Greece, in the opinion of Take Jonescu, who as editor, financier and politician has played a prominent role in the national life of Rumania for a quarter of a century. Talking with an Associated Press correspondent recently, he expressed the hope of seeing such an alliance realized, with America taking an important part in the work of Balkan countries.

U. S. Makes Mistake

"Unless America shows interest in Balkan commerce," he said, "it is possible we will again fall into the hands of Germany if only because of the exchange situation. Rumania is determined to operate matters for herself but may not be able to do so. I am very sorry America has refused to occupy Constantinople and I am sure in a few years the people of the United States will realize their mistake in not doing this service to civilization and possibly to their own commerce."

Another Solution

"As America will not take a mandate another solution must be found. I advocate sending Rumanian troops to help the allies in the present scheme of neutralizing Constantinople and the Balcans, as we have a great interest in keeping open that outlet to the sea. "I think Rumania will act in accord with her neighbors in the interest of the rest of Europe. Rumania made great sacrifices in the war, but the charges that she had disregarded the allies are untrue. Our internal political strifes must not be taken too seriously. We are democratic and are for freedom and against despotism, Bolshevism and internationalism. Rumania is intrinsically weak but we are poor because the Germans took our cattle by the million and our agricultural machinery. "One of the worst conditions confronting us is that the people will not work. During the last five years we have produced nothing, but have acquired a taste for higher standards of living. From an economic point of view it was one long joy ride. War means waste and also laziness. Soldiers in the trenches may be brave but they come home idlers, even wastrels. Our national debt is 25,000,000,000 lei, and the wonder is it is not more."

RUSSIA READY TO PAY IN GOLD COIN

STOCKHOLM, April 2.—(Havas)—Russia is ready to pay in gold and cereals for all kinds of industrial products, principally farming equipment, box cars and locomotives, which are needed urgently, according to a statement issued here by representatives of Russia co-operative societies.

Boiled Down News From Political Pot

ATLANTA, Ga., April 2.—With the withdrawal of President Wilson's name by a number of Democrats who entered him in the Georgia Democratic primary to be held April 29, only three candidates were left in the race when the entries closed yesterday. They are Attorney General Palmer, straight-out advocate of the administration; United States Senator Hoke Smith, of Georgia, who partially indorses the administration, and who desires the treaty and league ratified with reservations; and Thomas E. Watson, former populist candidate for president who "stands squarely against the league of nations."

JACKSON, Miss., April 2.—Electing eight delegates at large to the Republican national convention, each with one-half a vote, the Republican state convention has instructed them to vote as a unit for Major General Leonard Wood.

CLEVELAND, April 2.—General Leonard Wood, candidate for the Republican presidential nomination, delivered an address at a Republican rally here. He denounced the candidacy of a "favorite son" and upheld a system of compulsory military education as the "crying need of the youth of America."

"There is a disposition now to point the finger of scorn at the uniform," the general said. "The man who does it insults the memory of every dead American in France."

NEW YORK, April 2.—Senator Hiram W. Johnson, of California, in an address here before leaving for Michigan to continue his campaign in that state for the Republican presidential nomination, discussed the league of nations and in doing so referred to the "latest candidate for the presidency."

Without mentioning Herbert Hoover by name, Mr. Johnson said: "The latest candidate for the presidency a year ago argued for the adoption of the league of nations without the crossing of a 'Y' or the dotting of an 'I.' I observe now that since he has become a candidate, he, too, would welcome reservations."

WASHINGTON, April 2.—Plans for the Democratic national convention in San Francisco will be discussed at a meeting of the committee on arrangements April 29 in Chicago. Chairman Cummings of the national committee announced that subcommittees recently appointed to deal with specific convention matters would make their reports at that time to the full committee.

In connection with the meeting, there will be a conference of the recently appointed women members of the Democratic executive committee with the national chairman and other organization officials.

BAY CITY, Mich., April 2.—Gov. Frank O. Lowden of Illinois in a speech declared that Americanization was the most important work now before the people. Development through law, he said, was the first principle of Americanization.

NEW YORK, April 2.—A confidential report to President Wilson by Herbert Hoover, in which the food administrator six months ago outlined his position on control of the Chicago packing industry, in response to the president's request, was made public by the Hoover national Republican club with the announcement that the president had directed its publication. "I scarcely need to repeat the views that I expressed to you nearly a year ago, that there is here a growing and dangerous domination of the handling of the nation's food stuffs," the report said. Mr. Hoover said he did not feel that the government should undertake the solution of the problem by the temporary authority conferred under the war powers of the railway and food administration, but rather that it should be laid before congress for searching consideration."

DANIELS URGES BIG PACIFIC IMPROVEMENT

WASHINGTON, April 2.—Secretary Daniels announced today that he was forwarding a letter to Chairman Page of the senate naval committee, urging that provisions for a deep water naval base on San Francisco bay be laid before congress. The base, a destroyer base at San Pedro, Cal.; a destroyer base at Port Angeles, Wash., and extensions of naval facilities at Hawaii, be passed by the house. These increased facilities have been urged by the secretary as necessary because of enlargement of the Pacific fleet.

PEACE PARLEY IN PARIS GLORIOUS PARTY IT SEEMS

LONDON, March 26.—Charges that the government had indulged in ruthless extravagance at the peace conference in Paris have been made in connection with its bill of 503,388 pounds for the expenses of the British delegation. When the bill was presented in the house of commons recently, Sir Alfred Mond, the first commissioner of works, was sharply questioned as to whether his bill for hotels in Paris covered the cost of champagne, food and dances. He replied that his department was not responsible for the payment of bills for food, clothing, for typists, dances or bands.

One member of the house indignantly declared that it would have been better for the British delegates to have gone to bed to think over the peace conference instead of indulging in such relaxation.

The government representative admitted that the British had five hotels and three other premises, while the Americans had only one hotel, but he declared the Americans spent more money. The house indulged in ironic cheers when Sir Alfred Mond said the government "did the thing well."

The total staff of the British delegation numbered 524.

CONTROVERSY OVER RAIL WAGES AGAIN PUT BEFORE WILSON

Conference Breaks Up When Roads Declined to Continue Considerations

WASHINGTON, April 2.—The whole railroad wage controversy was placed before President Wilson today for the third time since railroad labor filed its demands for a general increase in wages last summer.

In a letter to the president, B. M. Jewell, chairman of the railway committee, which constitutes the labor party on the railroad wage board, said he regretted very much "to advise you of our failure to obtain any beneficiary results from these conferences."

The employees, Mr. Jewell said, were deeply disappointed at the position taken by the railway executives committee which announced a deadlock and a withdrawal of the members from the conference. Wage negotiations between the conference committees representing the railroads and the unions were broken off when the railroad representatives declined to continue consideration of demands which have been estimated to total one billion dollars, unless the public was given a voice in the proceedings.

Mr. Jewell did not ask the president to lay the wage controversy before the railway labor board, which is to be nominated by the president as provided in the transportation act and on which the public will have representation.

E. T. Whiter, for the railroad executives, wrote that the executives did not believe congress contemplated a settlement involving so great an addition to transportation costs without the public being represented in the conferences. Replying to this letter, Mr. Jewell said he believed the reason given by the managers for terminating the negotiations was "not in accord with our understanding of the law."

"The attitude of your committee in failing to carry out the wishes of the president of the United States comes as a surprise to us," Mr. Jewell wrote to Mr. Whiter. "We understand from this that your committee has definitely declined to assume the responsibility and perform the duty which is so clearly desired."

SEPARATIST MOVE MAKING PROGRESS PARIS PAPERS TOLD

Government Demands Workers in Ruhr District Must Give Up Their Munitions

RADICAL COMMANDER OPPOSED TO ORDER

Threatens to Shoot His Own Soldiers If They Follow Demand and Surrender

PARIS, April 2.—(Havas)—The Separatist movement is making progress in the Rhineland district of Germany which has aspirations to be established as an independent republic, according to a Mayence dispatch to the Echo de Paris.

Newspapers here, commenting on the situation in the Ruhr district of Germany, declare that the firm attitude of France relative to the advance of German government troops into that region was a vital element in the settlement of disturbances there. Between the interests of France and those of Germany no incompatibility existed, says the Matin.

Would Shoot Men

DUSSELDORF, April 1.—(By The Associated Press).—Soldiers of the workmen's army in the Ruhr district must make a delivery of their arms to local authorities before April 10 under the agreement reached between the government and the central committee of the workmen's general conference at Essen today. They will not be considered rebels if fighting ceases throughout the district by noon tomorrow.

The commander of the communist troops before Wessel gave a pledge to the conference for the strict observance of the agreement. He declared he had really a good army but could not continue fighting because he lacked ammunition and asserted all looting had been suppressed and that all looters had been shot.

Would Slay Men

"I will shoot with my own pistol," he said, "any communist soldier who disobeys the order to withdraw and disarm."

Assurance was given the delegates, however, there would be no trouble. The general strike throughout the Ruhr industrial and mining district has been ordered called off effective, as far as possible, on Friday morning. At the last meeting of the workmen speakers said that the revolutionists could not have lived to accept a final agreement if the allies had not backed them.

METAL HURLED FROM PLANT HITS WOMAN

DAVENPORT, Ia., April 2.—Hurting a quarter mile through the air a five-pound piece of metal thrown by a blast of dynamite, crashed through the rear vestibule of a street car Wednesday afternoon and struck Mrs. Paul Dice on the head. She was not seriously injured.

Investigation showed that a steel projectile had come from the rear of the Davenport locomotive works, over 1200 feet away. After striking the woman's head the mass metal tore through the opposite side of the car and buried itself in the ground. In the public interest, and which the transportation act, as we understand it, contemplates: That of agreeing in conference upon rates of pay for railroad employees which are just and reasonable."

The men were in full regalia of the various orders of knighthood, while all the ladies wore white mantillas.

Later the king washed the feet of twelve blind men, while the queen performed the same office for twelve beggar women who, after the sovereigns had broken bread with them, left the palace bearing baskets of food.

WHITE EASTER IS LIKELY AS FIERCE STORM IS RAGING

St. Paul Reports Frigid Weather and Blizzard; Iowa Reports High Wind

ST. PAUL, Minn., April 2.—A cold wave and blizzard starting late last night extended over Minnesota and eastern Dakotas today giving promise of a "white easter." The mercury fell about thirty degrees from yesterday's maximum to ten degrees above zero this morning. While the snowfall was not unusually heavy, the high wind accompanying it impeded railroad and city traffic considerably. A fall of a few inches today at Winona, Minn., removed danger of flood waters there but many cellars in the city were full of water making dry fuel a scarcity when most needed. Duluth reported that the blizzard there was sweeping ice out of harbor, giving promise of an early opening of lake navigation.

DAVENPORT, Ia., April 2.—A terrific wind, rain and hail storm struck the vicinity of Wilton, Ia., 32 miles northwest of Davenport last night at seven o'clock. The wind blew down barns, outbuildings, windmills and in some cases houses. There was no loss of life as far as is known. Telephone and telegraph communication is impaired.

Campbell, United States military attaché at the embassy in Mexico City, his wife and an American woman doctor named Paine were attacked by rebels a few miles from Mexico City, but escaped through "quick work and quickness of action," the state department was advised today.

The attack took place at Tros Marias, a small station on the railway from Mexico City to Cuernavaca to which place the attaché was going for an outing. The rebels with dynamite wrecked the train and destroyed the track for some distance.

STATUS OF AMERICANS ON RHINE DISCUSSED

PARIS, April 2.—It was said in official circles today that President Wilson's conception of the status of the American troops on the Rhine, as given to the house of representatives yesterday appeared to be the same as the French official view, namely, that the troops were in the occupied area under the armistice terms, as the American senate had not ratified the peace treaty.

Thus far, however, it was explained at the foreign office, the commander of the American forces of occupation has acted in harmony with the orders given by Marshal Foch to the other occupying troops.
