WEATHER FORECAST

THE INDICATIONS ARE THAT THE WEATHER WILL BE GENERALLY FAIR AND COOLER IN NORTH PORTIONS; WEDNESDAY GENERALLY FAIR.

Fortieth Year—No. 196—Price Five Cents.

OGDEN CITY, UTAH, TUESDAY EVENING, AUGUST 16, 1910

Entered as Second Class Matter at the Postoffice, Ogden, Utah

CALIFORNIA PRIMARIES

Insurgent Candidates for Governor and for Congress

San Francisco, Aug. 16.—Voting California is devoting itself today to selecting its party candidates for state offices, who will oppose each other at the general election in November. It is the first direct primary held throughout the state, and nominees for every state office, many county and municipal offices and for California's eight seats in congress will be chosen.

By far the greatest registration for the primaries ever recorded in the state has been reported, and the great majority have declared themselves Republicans. The figures would be misleading as indicating the true strength of the parties, however, as the harmony in the Democratic party has removed the need of voting strength, and many Democrats are registered as Republicans in order to participate in the five-cornered gubernatorial contest being fought out today.

Theodore Bell, the only Democratic candidate for governor, unquestionably will lead his party in the general election. The rest of the ticket, with the exception of the Fourth congressional district, presents but one name for each office to the voters.

The interest in the Republican fight for the gubernatorial nominations has been worked to a high pitch. Of the five men whose names appear on the ballots, it is virtually conceded today that the race lies between Charles F. Curry, present secretary of state, and Hiram Johnson, who leads the "insurgent" element of the party. The candidate of the "regulars," Alden Anderson, state superintendent of banks, has made a strong fight, but with Curry, Phillip Stanton, speaker of the assembly, and Nathaniel Ellery, state engineer, making strong personal campaigns, besides Johnson's fight on national issues, the odds are against him.

Of the eight congressional districts, the struggle between William Kent and Duncan McKinlay is the most interesting. Kent is a millionaire of "insurgent" tendencies, and has made his campaign on conservation and similar issues. McKinlay is the incumbent. The incumbents also are out for nomination in the other seven districts.

A advisory vote for United States senator to succeed Frank P. Flint is being taken. Three Republicans are in the race, Flint having refused to run. The department of the No. 10, G. Spaulding and John D. Worley, No. 2 Democratic aspirant has been named.

JAMES R. KEENE MAY RETIRE FROM TURF.

New York, Aug. 16.—Anti-racing legislation is likely to result in the retiring from the turf of James R. Keene, vice chairman of the Jockey club, who for many years has been one of the largest owners in the country. Mr. Keene says that he will retire about ten of his yearlings, to be raced next year. The others will be disposed of at public auction.

The Keene horses have not been so successful as usual this year and it is said that his big table has been run at a loss, even though the winnings are close to the \$50,000 mark. Last year the stables cleared up \$111,000 and in 1907 he hung up a world's record with winnings of \$397,000.

CHIEF CLERK ELLINGSON GETS GOOD PROMOTION

Salt Lake City, Aug. 16.—J. W. Ellingson, who has been chief clerk of the traffic department of the Salt Lake Route ever since the road opened for through traffic in 1905, has been promoted to be contracting freight agent, the change being announced by the assistant general freight and passenger agent on Monday. It is effective at once, and C. M. Temple, who has been chief clerk agent, becomes chief clerk of the office. Mr. Temple's place will be filled later on.

ATTEMPT TO FLOAT STEAMER.

Victoria, B. C., Aug. 16.—An effort will be made at high tide today to float the Canadian Pacific steamer Princess May, which grounded on

CELEBRATE THE FOUNDING OF LOS ANGELES

Los Angeles, Cal., Aug. 16.—In the patio of the old mission church of Our Lady of the Angels, situated in original Sonoma, the 129th anniversary of the founding of Los Angeles was celebrated by representatives of the Spanish population last night. There was no observance anywhere else.

General Antonio Aguilar, aged 90, who resisted the advance of Fremont, presided over the celebration. He wore the uniform in which he resisted the Americans in 1848.

ORCHIDS OF RARE VALUE

Brought Back From the Interior of Columbia By a Farmer

Cromwell, Conn., Aug. 16.—Andrew Benson, a Connecticut farmer, has just returned from a seven months' expedition to the United States of Columbia, with 85 crates of rare orchids, which he values at more than \$25,000. Among his prizes are four specimens of a pure white orchid so rare that each plant commands a price of \$1,000 in this country. From the shoulder of a mountain near the border line of Columbia and Venezuela, Mr. Benson looked down upon hundreds of thousands of dollars' worth of these rare orchids, but each plant was in such an inaccessible place that he was unable to obtain more than the four specimens he brought back with him.

ECONOMY TO BE TAUGHT IN SCHOOLS

Chicago, Aug. 16.—A new system of household economics is to be introduced into Chicago by the new two-year vocational course in the Chicago high schools. One of the studies that the girls who take the household arts course will have to master is named "division of income." Mrs. Ella Flagg Young, superintendent of schools, says that the girls are going to know how to split up a pay check so closely that they will foresee a needed yeast cake four days ahead.

"We want the young wife to understand what part of the family income should be devoted to the home," said Mrs. Young. "We want her to know how to spend it. She will be taught in the high school to watch the daily papers for the market prices and to know just what things should cost from day to day.

"When she sees a thing she wants we want her to be able to figure out whether she can really afford it, whether it will be worth as much to her as it costs. She must take her husband's check and figure out what a per cent go for rent, food, fuel, light and the other needs of a home. When she sets through her husband can take care of his insurance, clothing and the other essentials."

THOUSANDS IDLE IN GERMAN YARDS

Berlin, Aug. 16.—As a result of the fight between German ship builders and the employers, all the shipyards of Germany, except the government work, are now idle, so far as new construction is concerned. Ship owners are in many cases sending their ships to England for repairs.

The men demand an increase of 10 per cent in wages and a 55-hour work week. The shipbuilders maintain that these demands are a cloak to political purposes. The number of men idle is about 35,000.

CHANGE IN AEROPLANE

Wright Brothers Have Something New in Latest Machine

New York, Aug. 16.—Among the events for the aviation tournament which will be held at the Sheepshead Bay racetrack beginning Friday of this week are a number of passenger flights by Glenn H. Curtiss with women as passengers. The aviator has received a number of applications from persons who wish him to take them aloft.

While it is impossible to comply with the wishes of all these, he has decided that he will take up some of the women who wish an air ride during the meet. Mars and Willard will also make flights with passengers in their big machines.

Among the events for which prizes are announced is an attempt to bring the height record back to this country. Both Curtiss and Willard will enter the contest for height.

At the Astor park aviation field interest centers on a new biplane being set up by the Wrights to replace a machine smashed by Brookings. In the new craft, which is designed to carry five persons, if necessary, there is nothing in front of the driver's seat. The front elevation planes are gone, and the two main planes catch the air in initial contact so far as the aeroplane is concerned.

The elevating plane—there is only one—is located behind the rear rudder, and thus one of the earliest features of the aeroplane passes out of existence in this new type.

Meanwhile the aeroplane at Mineola, Long Island, is preparing to test the value of the biplane for saving lives at sea. An imitation shipwreck is being built in the center of the aerodrome, in the place heretofore occupied by the dummy warships in the bomb-throwing experiments. By next week it will be so that Clifford B. Harmon and his fellow aviators can make attempts at dropping a life line over it. The ropes will hang from the tail of the machine so that it cannot foul the propeller.

FARMER TO BE SAVED

New Phase of the Laymen's Missionary Movement

Detroit, Aug. 16.—Another great laymen's missionary movement may grow out of the statements made by Dr. Joseph L. Berry, of the Methodist Episcopal church, regarding the decadence of the rural church and the Godliness of the American farmer. The plans of the bishop are carried out, the movement will be similar in character to the recent great foreign missionary project, but this movement is to Christianize the United States rather than heathen countries. The bishop has obtained, it is said, the backing of James G. Cannon, a New York banker, who is to finance the project. A great army of Christian workers is to invade the rural districts and advocate a country-wide revival. One hundred American centers, which will reach 2,000 towns, will be worked.

In reference to the campaign, Bishop Berry says: "The great laymen's missionary movement has thus far been a campaign in favor of foreign missions. What is now proposed is a campaign for the evangelization of the millions at home."

CENSUS FIGURES.

Washington, Aug. 16.—Census returns: Newark, N. J., 247,469; Scranton, Pa., 129,857; Schenectady, N. Y., 72,826. The increase at Newark was 101,399, or 41.2 per cent, as compared with 246,070 in 1900. At Scranton the increase was 27,941, or 21.3 per cent, as compared with 102,926 in 1900. At Schenectady, N. Y., the increase was 41,444, or 129.9 per cent, as compared with 31,842 in 1900.

Chicago Livestock. Chicago, Aug. 16.—Cattle—Receipts estimated at 9,000; market steady; beefs \$4.55@8.25; Texas steers \$2.50@5.70; western steers \$4.00@6.75; stockers and feeders \$4.00@6.20; cows and heifers \$2.50@5.25; calves \$6.50@8.50. Hogs—Receipts estimated at 1,200; market 5c up; light \$8.50@9.00; mixed \$7.90@8.90; heavy \$7.65@8.50; rough \$7.65@8.75; good to choice heavy \$8.75@9.00; pigs \$8.00@9.05; bulk of sales \$8.10@8.40. Sheep—Receipts estimated at 22,000. Market 10c higher; native \$2.50@4.45; western \$2.55@4.50; yearlings \$4.25@5.00; lambs, native; \$4.50@6.85; western \$4.50@6.55.

Democrats Will Not Keep Their Pledges

Denver, Aug. 16.—An initiative measure which it is asserted is ultra-conservative will make but little change in existing conditions, was agreed upon at a caucus of the Demo-

cratic senators early today, who met to agree upon legislation to be enacted at the present session of the state legislature. The measure will call for a petition to be signed by 15 per cent of the voters for governor at the last election in two-thirds of the counties.

The caucus resulted in a complete defeat of those who favor a re-enactment of all the party's pre-election pledges, for which the extra session was called by Governor Schroter, and a victory for the Senator-Hughes-Mayor Speer crowd, which advocates a redemption of pledges on the most conservative basis.

It is thought that there will be the same line-up of Democratic senators with respect to each of the other six measures to be considered, and that they will not be as vigorous as the governor desired. Another caucus, it is believed, will be held late today to consider the referendum measure.

HUNTING FOR A COWARD

Who Ran Over a Child And Threw the Body Over a Fence

Mattawan, N. Y., Aug. 16.—The police here are hunting for some clue as to the identity of an automobilist whom they charge with killing the 2-year-old son of George Verdi, a well-to-do farmer.

The child was playing by the roadside when the automobile whizzed by. A projecting bolt caught his clothes, and he was dragged beneath the wheels, which passed over his body, killing him instantly.

According to the police, the driver stopped the car, picked up the baby's body and threw it over the fence onto a lawn beside the road.

WORLD'S MARKETS

BUYING OF SPECIALTIES HAS A GOOD EFFECT

New York, Aug. 16.—Opening prices in the stock market today were slightly irregular, but the conditions either way were unimportant aside from the advance of a point in Anaconda and Colorado & Southern and a loss of as much in Canadian Pacific, Union Pacific, Missouri Pacific, Northern Pacific and St. Paul were among the representative stocks which were slightly lower.

Confident buying had a tonic effect on the whole list, and there was a brisk rally in the western railroad stocks. After the list generally had sold a large fraction above yesterday's final prices, the demand lessened and there was a later reaction of about a half in the standard stocks. American Beet Sugar lost 1 cent on its opening price on profit-taking sales, but the preferred rose 3-4.

Bull operators encountered no opposition in bidding up prices, and on light dealings the list mounted again to about the high level of the first hour or so. Investors for United States Steel, Amalgamated Copper and American Smelting contributed to the market's strength. There was little interest manifested in the railroad list outside of Reading and Union Pacific. International Harvester rose 1-2 and Amalgamated Copper, United States Steel, National Biscuit American Lined Oil preferred and American Telephone & Telegraph 1. Louisville & Nashville lost.

Bonds were irregular.

WOOL MARKET IN BOSTON IS QUIET

Boston, Aug. 16.—Trading in the local wool market continues quiet, and the volume of business appears to be decreasing. Prices, however, are still strong. The principal call seems to be for three-eighths grade of fleece wool as the territory staples. One quarter staple sells for 23.8@29c, while fine staple territory brings 64@65c, cleaned.

Some California scoured spring wool is selling on a basis of 55@56c, while six to eight months Texas is moving at 53@55c. Pulled wool continues dull, but the foreign product is in some demand.

Omaha Livestock.

Omaha, Aug. 16.—Cattle—Receipts, 5,200; market steady; native steers, \$4.75@7.85; cows and heifers, \$3@5.75; western steers, \$3.50@6.75; cows and heifers, \$2.75@4.65; canners, \$2.25@3.25; stockers and feeders, \$3@5.75; calves, \$3.25@6.25; hogs, \$3.25@5.25. Horses—Receipts, 7,400; market 10c higher; heavy, \$7.90@8.35; mixed, \$6@8.30; light, \$8.30@8.70; pigs, \$5.00@8.25; bulk of sales, \$8.10@8.40. Sheep—Receipts, 10,200; market steady to 10c higher; yearlings, \$4.50@5.40; wethers, \$3.50@4.25; ewes, \$3.25@4.10; lambs, \$6@6.75.

Sugar and Coffee.

New York, Aug. 16.—Raw sugar, firm; Muscovite, 89 test, \$3.89; centrifugal, 96 test, \$4.39; molasses sugar, \$2 test, \$3.84.

Refined, steady; crushed, \$5.85; granulated, \$5.15; powdered, \$5.25.

Coffee—Spot, steady; No. 7 Rio, 9c; No. 4 Santos, 9.24c.

Chicago Produce.

Chicago, Aug. 16.—Butter—Firm; Creameries, 25@29c; dairies, 23@27c. Eggs—Steady; receipts, 8,320 cases. At market, cases included, 10@10 1-4c; firsts, 18c; prime firsts, 20c.

REMEDY FOR LOST WORLD

Preacher Says Gospel and Exemplars Are Needed

New York, Aug. 16.—The Rev. A. B. Simpson, who created something of a sensation this week by declaring at the Old Orchard camp ground in Maine that there are fewer Christians and more heathen in the world today than ever before, has explained his meaning in a telegram to his parishioners in New York. He says:

"Religiously we are at once declining and advancing. The bad is growing worse, the good is getting better. There are not as many Protestants in proportion to the population as a century ago. The causes are chiefly higher criticism and free thought in the pulpit and worldliness among the people. Some of us still believe the only remedy for this lost world is the old gospel, and people who believe it and live it with all their hearts."

DEATH OF J. E. HURLEY

General Manager Santa Fe Is Suddenly Taken Away at Carlsbad

Topeka, Aug. 16.—J. E. Hurley, general manager of the Atchison, Topeka & Santa Fe, died from heart trouble at Carlsbad, Austria, this noon. The first word of his death was received in this country by Henry B. Lauts, assistant to the general manager, when a telegram was delivered to the steamship office in Topeka, at 9:20 o'clock this morning.

General Manager Hurley left Topeka, July 13, for New York City, and called from there for Carlsbad where he intended to spend a few months at that famous health resort to regain his strength and find relief from continued attacks of indigestion.

A letter was received Monday from Hurley, written at Carlsbad, in which he said he had been examined by physicians and found to have no organic trouble. His death was, therefore, entirely unexpected and almost caused a panic at the general offices of the company. Men gathered in corridors and wept like children for no man on the Santa Fe system was so generally loved. He was exceedingly democratic and the humblest workman was treated as an equal by the general manager. He had risen from the ranks and never forgot the men who had labored with him on the lower rung of the ladder.

Mr. Hurley was 50 years old. He leaves a widow and two children. Mrs. Hurley and daughter, Hilda, are in Las Vegas, N. M., and Harlow, the son, is in Denver where he is a participant in the golf tournament.

Mr. Hurley was accompanied abroad by his secretary, Charles Krammes, who cables that he will return with the body at once.

A SEVERE CRITICISM

Of the Court Which Tried Lieut. Col. Ames in Manila

Manila, Aug. 16.—The findings in the case of Lieutenant Colonel Robert F. Ames, who was court-martialed following the investigation of the suicide at his home of Lieutenant Clarence M. Janney, were published here today. Lieutenant Colonel Ames, according to the findings, was acquitted on the principal charges of conduct unbecoming an officer and conduct prejudicial to military discipline, but was found guilty of drunkenness and sentenced to the loss of 12 numbers in his relative rank in the army.

General Ramsey G. Post, commanding the department of the Luzon, in his report on the findings, severely criticized the court of which Brigadier General John J. Pershing was president.

Lieutenant Colonel Ames has already returned to duty with his command, the Twelfth Infantry.

According to the testimony, Lieutenant Janney and his wife quarreled, and Janney shot himself while in the presence of Mrs. Janney and Ames, who were the only witnesses to the tragedy.

MOUNTAIN HOME DRAWING; FEDERAL ATTORNEYS APPEAL

Boise, Idaho, Aug. 15.—The state land board, at its session Saturday morning, fixed the date of the opening of the Owyhee irrigation company on October 5, and named Mountain Home as the place of the drawing. The lands included in this drawing

are located in the central part of Owyhee county, and are surrounded by the larger tract known as the Grasmere project.

The federal government has filed an appeal with the supreme court from the decision of the district judge in regard to the right of way which the Minidoka & Southwestern railroad is claiming through the government land. The Minidoka project being installed by the United States government has consumed already as much as \$3,000,000, and the same avenue is claimed for the government for one of its canals as the railroad claims is its right of way. The judge issued a restraining order preventing the reclamation service from continuing with its ditch, and it is an appeal from this order that the government seeks before the supreme court. It will be tried at the September term of that body.

IDITAROD DISTRICT

First Gold Has Been Received—Output Is Very Small

Seattle, Wash., Aug. 16.—The United States assay office in Seattle yesterday received its first consignment of gold from the new Iditarod district in Alaska. The consignment consisted of \$55,826 sent by a bank in Iditarod City, a town that has sprung up within the last year. Reports received here indicate that, up to August 1, the total output for the Iditarod district this year has been \$50,000.

The gold, as indicated by the assay, is moderately fine, running from \$17.25 to \$18 an ounce. Pure gold, carrying no base metal, is worth \$20.67 an ounce. Nome gold brings about \$18.25 an ounce, and Fairbanks gold runs the same. The best gold that comes to the Seattle assay office is received from the Koyukok district. It runs from \$19 to \$20.15 an ounce.

HITCHCOCK IS COMING WEST

Washington, Aug. 16.—Postmaster General Frank H. Hitchcock will leave in a few days for a trip through the western part of the United States to study the political outlook. Mr. Hitchcock's trip will extend to the Pacific coast. He refused to discuss his proposed trip except to say that he expects to "find a better condition of affairs for the Republican party than some of the pessimists seem to think exists."

PIGEONS AND AEROPLANE

Race Between Douai and Amiens, France, and Birds Are Defeated

Amiens, France, Aug. 16.—The first aerial race between the bird of nature and of man's production took place in the course of the great aerial cross-country competition, and was easily won by man. A flock of 47 carrier pigeons was released at Douai yesterday at the same instant that Le Blanc, in his Farman biplane, started from the mark on his 50-mile flight to Amiens. Rising without a tremor, through the calm air, the biplane soon outdistanced the birds, and when Le Blanc reached Amiens, the flock was not yet in sight, the first pigeon arriving six minutes and 20 seconds after Le Blanc. Before the last flock had come in Legareux, who had started at the same time as Le Blanc, but consumed nine minutes more of the trip, arrived, beating the last pigeon by 12 minutes.

LIST OF AWARDS SAVED FROM FIRE.

Brussels, Aug. 16.—The list of awards to exhibitors at the Brussels exposition which it was first announced was lost in the fire on Sunday, which swept a large portion of the exposition is still available, and exhibitors will receive their prizes. The commissioner general of the exhibition, fearing accident, had a complete duplicate list which he kept at his residence in this city.

The estimates of the loss from the fire are from \$6,000,000 to \$10,000,000.

Among the awards to Americans granted by the international jury of the exposition are two grand prizes, nine diplomas of honor, nineteen gold, seventeen silver and seventeen bronze medals, and five cases of honorable mention.

SEARCHING A SWAMP FOR A MURDERER

New York, Aug. 16.—Armed citizens and possees are skirting the swamp near North Berden, N. J., searching for Bertrand Pond, who is wanted for killing Mrs. Mary Umschick in the presence of her six-year-old son. The shooting took place last night and the police charge that Pond killed the woman because she refused his attentions.

KAUFMAN AND LANG

They Are to Fight in New York City Tonight

New York, Aug. 16.—The most interesting bout staged in New York this season will take place tonight, when Bill Lang of Australia will meet Al Kaufman, the California heavy-weight, in the main bout of ten rounds. Both men have met the present champion, Jack Johnson, in the arena, Kaufman going ten rounds with Johnson in San Francisco, while the negro stopped Lang in ten rounds in Australia.

Lang has also met the ex-champion, Tommy Burns, the latter earning the decision after 20 rounds of hard fighting. Lang secured a knock-out over the veteran of the ring, Bob Fitzsimmons, in 19 rounds, and defeated "Bosher" Bill Squires for the Australian championship.

HEADON COLLISION BETWEEN NIAGARA TROLLEY CARS

Niagara Falls, N. Y., Aug. 16.—In a head-on collision between two trolley cars in the Gorge last evening, nine persons were injured, one seriously. The collision occurred at Swift Drift, at the point in the Gorge where the river breaks into the swift rapids above the whirlpool.

The ledge upon which the tracks rest is narrow and on the river side there is a sheer drop of 20 feet into the churning waters.

Both cars were shattered by the terrific force of the collision, but neither left the rails.

STATE-WIDE PRIMARY

Congressional Race in First Nebraska Is Most Interesting

Omaha, Aug. 16.—A state wide primary election is being held through out Nebraska today to nominate officials from United States senator down to the smallest county office. While Omaha and Lincoln are the two principal centers of interest, the voting in the less thickly populated sections of the state will be a distinct factor in the general result. Definite figures are hardly expected before Wednesday night.

Mayor Dahlman would win an aggressive campaign in this city with a dozen speeches, the last of which was not finished until late in the night. Other candidates put the finishing touches on their canvases in less spectacular fashion, but with equal enthusiasm.

The congressional race in the First and Second districts has been most interesting. Secretary Howard of the Republican national committee, is a candidate in the First district, and some profess to believe that the Republican following of Democratic candidates for state offices will impair his chances, since many consider the state offices of the greater importance. In the Second district, Julia Abraham Lincoln Sutton, "progressive Republican," threatens the chances of Charles L. Saunders for similar reasons.

With both parties divided on the question of county option and the insurgent strength showing itself in the Republican party, new conditions have arisen which prevent either side making serious prediction of the final results.

AN OVATION FOR COL. ROOSEVELT

Chicago, Aug. 16.—Preparations to give Colonel Theodore Roosevelt an ovation August 26, when he passes through Chicago on his way to Cheyenne, Wyoming, were made yesterday by the Hamilton club. On learning that the Roosevelt special is to spend nearly two hours in Chicago, before proceeding westward, John H. Batten, president of the club, sent a message to the lion hunter, asking his plans and extending the hospitality of the club.

The train bearing the former president on his western tour is scheduled to arrive over the Lake Shore road at 9 p. m., August 26, and to leave at 10:45 over the Chicago & North-western.

In a letter received yesterday by Mr. Batten, the personal of the party is given as follows:

Colonel Theodore Roosevelt, William B. Howland, treasurer of the Outlook, Ernest Hamlin Abbott and Harold H. Howland, both of the editorial staff of the Outlook, Frank Harper, secretary to Mr. Roosevelt.

Metal Market.

New York, Aug. 16.—Standard copper, dull; spot, \$12.20@12.35; September, \$12.25@12.35. Lead—Steady; \$4.40@4.50. Bar silver—\$3 1-8c.

BASE BALL

OGDEN'S LEAGUE TEAM

Vs. NORTH OGDEN

Champion of Weber County League

Side Bet of \$100.00

TOMORROW, AUGUST 17

Fair Grounds

GAME CALLED AT 4:30 P. M.

The North Ogden Team shut out Huntsville July 24th with Red Toner in the box for Huntsville and Plake at short-stop. Shut out Hooper Saturday, 7 to nothing.
