

The cool days of Autumn often suggest a brisk, enjoyable walk. The walk, however, to be enjoyable must be made in a sensible, made, well-fitting pair of shoes—and that's just the kind we offer in our Watson-Tanner shoe for men.

It's of good style and of sturdy strong construction and leathers and is certain to give long, satisfactory wear.

\$3.50 to \$5.00.

Watson-Tanner Clothing Co.

376 Twenty-fourth Street. "Where the Clothes Fit."

DR. WILLIAM A. MURPHY

OPTICIAN AND OPTOLOGIST

ISIS THEATER BUILDING. WASHINGTON, AVENUE, OGDEN.

Dr. Murphy, who is a graduate of one of the most prominent optical colleges in the United States, and who, for the past two years has been chief refractionist for one of California's best and most favorably known eye specialists, announces the opening of his thoroughly up-to-date Optical Parlors, in the Isis Theater building, where he will be glad to meet any one desiring optical advice or treatment.

Dr. Murphy's charges are reasonable, with all work guaranteed, and this motto always in mind:

SATISFACTION OR NO PAY

BIG BARGAIN MATINEE AT THE ORPHEUM TOMORROW

WALKER IS FOUND NOT GUILTY

C. H. Walker, solicitor for the order of Moose, who was charged with embezzling \$45 of the money which he collected as initiation fees for the local lodge, was given a hearing in the municipal court this morning. The case had not been completed at the noon hour and was continued until this afternoon.

Walker was arrested about two months ago and has remained in jail ever since, being unable to secure the necessary bonds for his release. The complaint against him was sworn to by the local organizer of the order, L. J. Foote, who claimed that Walker had collected money from five different applicants and had never accounted for the collections. Walker, in his defense, employed no attorney, but acted as his own counsel. He asked that he be tried before a jury. In the selection of the jurors, in which Walker exercised his right of challenge, William Allison, Carl C. Rasmussen, J. Stanley Dee and H. D. Moore were chosen.

The witnesses called by the prosecution were J. F. Folger, H. W. Hardy, James A. Strickland, C. W. Rapp, Enoch Gunnison and G. M. Busch, each of whom stated that he had paid the defendant \$5 for initiation into the lodge which was instituted in this city a few weeks ago.

S. Collinberg, national organizer of the Loyal Order of Moose, testified that he had employed Walker as a solicitor in Salt Lake City and sent him to Ogden. Walker was to have \$2 for each new member which he secured, but this money was not to be paid until the money was collected from the applicant. The remaining \$3 of the \$5 fee was to be sent to Collinberg. Walker came to this city and began work. Collinberg stated that Walker's work was not altogether satisfactory and that he sent L. J. Foote here to take charge of the local work and sent him a letter of instruction to Walker, telling the solicitor to work under Foote's supervision.

Walker conducted the cross examination of the national organizer and brought from the witness the statement that he was to receive a commission on all applicants which he secured for the order or which he was instrumental in securing. Collinberg qualified his statement by saying that the solicitor was to receive on all applications on which the \$5 payment was received, provided that he, Walker, was still in the employ of the order.

Walker, showed that when he was discharged by Collinberg that Mr. Foote, the local representative, had in his possession about twenty-five applications for membership which he would "make an example" of him. The national organizer admitted on the stand that he had told Walker that if the money was not turned over he would "make an example" of him. The jury was closeted but fifteen minutes when it returned to the court room and announced that it rendered a verdict of not guilty.

Walker left the court room a free man, having won his own case without the aid of an attorney.

LENEVE IS NOT GUILTY

Girl Who Flew With Crippen Escapes From Punishment

London, Oct. 25.—After a trial lasting but a few hours in the New Bailey criminal court today, a jury found Edith Clare Leneve not guilty as an accessory after the fact in the murder of Cora Belle Crippen, for whose death the latter's husband, Dr. Crippen, will die on the gallows on Nov. 8th.

Miss Leneve was in love with Dr. Crippen and slept in the house with him in forty-eight hours of the time the doctor murdered his wife and buried the dismembered parts in the cellar of his Hilldrop Crescent home. She accompanied Crippen in his flight to Canada and with him was arrested and indicted. From the first she maintained innocence of any knowledge of the crime, but the crown alleged that her behavior subsequent to the disappearance of Mrs. Crippen, or Belle Elmore, as she was known on the stage, was such as to betray a guilty knowledge of the murder.

When arraigned today Miss Leneve

pleaded not guilty and witnesses were introduced by the prosecution to show that she had experienced periods of great mental distress following Belle Elmore's death. The crown prosecutor, Richard Muir, introduced only such evidence as had been brought out in the earlier hearings.

Miss Leneve's counsel asked the jury to bear in mind that his client had been under the influence of Crippen, one of the most dangerous criminals of recent years, since she was 16 years old. This, he asserted, accounted for her flight in the doctor's company. There was no proof that she had knowledge of the crime. Counsel said he took upon his own shoulders the responsibility for not permitting Miss Leneve in the witness box.

Lord Chief Justice Alverstone, who presided, in summing up for the jury, said he saw no reason why Dr. Crippen should have told Miss Leneve a story different from that which he told others.

Miss Leneve was born at Diss, Norfolk, on June 22nd, 1883, the daughter of Walter Leneve, a railway agent. There was nothing remarkable about her early life. She learned stenography and obtained employment at the Dromet Institute, where she met Dr. Crippen, who was connected with the institution in a consultancy capacity. Later the institute was closed and Dr. Crippen set up for himself in the dental business and took Miss Leneve with him as a stenographer and private secretary.

She fell in love with her employer, and after the death of Mrs. Crippen, went to live with the doctor and later told her friends they were married.

There was a sequel in the Crippen murder case today when the high court inflicted a fine of \$1,000 on Assistant Editor Perris, for contempt of court in permitting the publication in the London Chronicle of a story asserting that Dr. Crippen had purchased hyoscin and had confessed to the murder of his wife.

The court ordered that Perris be imprisoned until the fine was paid.

BAMBERGER EXCURSION

The Bamberger line will run a mammoth excursion business Saturday, Oct. 29th, from Ogden to Salt Lake. Round trip \$1.00, good on all morning trains, including the 9 a. m. and noon flyers.

CONFESSION REPEATED

"Candy Bandit" Proves He Killed a Doctor in Chicago

East St. Louis, Oct. 25.—Leigh Rhodus, known here as the "Candy Bandit," was confronted by Detectives McGuire and Pendergast of Englewood, Chicago, police station, and repeated his confession that he killed Dr. W. F. Michaels in Englewood, August 5. Rhodus said he shot his victim with a .32-calibre auto-revolver. The detective later told Chief of Police Purdy that they found a cartridge shell of the calibre Rhodus said he used near where Michaels fell. The revolver, Rhodus said, he pawned in Chicago.

The time of taking Rhodus to Chicago has not been decided on. McGuire said Rhodus was the slayer of the Chicago dentist. He based his statements on the fact that the prisoner knows the size of the bullet which was taken from his victim's body. Rhodus said he would rather be hanged than serve time in the penitentiary for robbery.

THE BOYS WENT NAKED

That Was Part of a Winter Initiation Ceremony

Boulder, Colo., Oct. 25.—Because seventeen students were suspended by the faculty of the State university here for hazing the entire student body, numbering over 500, last night went on a strike and today the classrooms are deserted and student guards are posted at all the entrances to the campus to prevent faint-hearted brethren from entering.

The suspension of the students that brought on the strike resulted from the initiation of freshmen into a dormitory organization known as the "Dorm Rats." For years past it has been the custom of the Rats to hold their initiation during the first snow-storm of the year when candidates are compelled to do a Marathon around the dormitory with no more clothing than characterized their first appearance on earth.

State university students are required to give a written promise not to indulge in hazing, but the students assert that initiation into a college society does not constitute hazing.

BY D. DECKER

When coal is sealed up tight in an oven, the heat of the oven or the retort commences to melt and soften the coal and the gases it contains are forced out of it, leaving the fixed carbon, resembling a hard spongy mass. After the gas and tar has been extracted from the coal by the heat in the oven, the door is opened and the hard spongy carbon or coke is withdrawn in a red-hot state. Water is poured over the coke until it is cooled, leaving what is commonly called gas house coke. This coke contains about 12,250 heat units per pound. Anthracite coal has 15,600, while soft coal, such as we use in Ogden contains about 15,000 thermal or heat units per pound of coal. Coke we are selling at \$4.50 per ton contains 95 per cent of the heat in bituminous coal, but is cheaper and cleaner. It does not choke up the stove pipe with soot and is much cleaner to handle. Don't try to burn the large lumps; break it up so it will lay closer in the furnace, then regulate the draft and you have a lasting fire of any heat that you may desire.

\$4.50 per ton in the yard and any drayman will deliver it for \$1.00 per ton.

fall flowers. Twenty guests enjoyed a delightful evening, and congratulations and best wishes, together with appropriate remembrances were offered. At 12 o'clock, midnight, an elaborate supper was served.

EXTINCTION OF NATIVES

Tuberculosis Killing Off the Aleutians—Volcanoes Is Active

Port Townsend, Washington, Oct. 5.—The natives of the Aleutian Islands are threatened with extinction because of the ravages of tuberculosis, measles and pneumonia, according to a report brought today by the revenue cutter Tahoma, flagship of the Bering Sea seal patrol fleet.

Captain J. H. Quinlan of the cutter declared that remedial action is imperative. He advocates assembling all the tribes and clans now scattered in isolated camps and villages, at some point where they may receive medical supervision.

Captain Quinlan says conditions in the archipelago are pathetic. The natives undoubtedly would resist concentration and they helplessly witness the extinction of their race.

The Aleutians are famous for the beautiful baskets which they weave from grasses.

The Tahoma will make a report to the National Geographic society on the new eruption of Mount Bogoslov, Castle Rock, one of the largest of the Bogoslov islands, was greatly reduced in size during the year. Perry Island, which disappeared in an eruption a few years ago, has reappeared and a new island has been thrown up. The latter has been named Tahoma Island.

ROOSEVELT WILL NOT APOLOGIZE

Canandigua, N. Y., Oct. 25.—The controversy between Theodore Roosevelt and John A. Dix, Democratic nominee for governor, was carried forward another step today by Colonel Roosevelt in his speech here.

The Colonel replied to Mr. Dix's denial made at Albany yesterday that he had been connected with the so-called Wall Paper trust. Mr. Dix said the Standard Wall Paper company, with which he was connected, was affiliated with the combination and that the Standard company, mentioned in the decision of the United States supreme court, declaring the combination an illegal one, was a concern which went out of existence in 1903, which had nothing to do with the concern with the same name, subsequently formed, in which Mr. Dix is at present a stockholder.

Mr. Dix apologized that Colonel Roosevelt apologized to him for what he said was a misrepresentation of the facts. Colonel Roosevelt today

made it clear that he had no intention of making an apology.

"There was only one Standard Wall Paper company in existence at the time the decree of the supreme court was handed down," said he. "The Standard Wall Paper company was mentioned in that decree. I know nothing of what internal arrangements were made."

"Mr. Dix became administrator of the Standard Wall Paper company in June, 1907, and the supreme court decision was not rendered until February, 1909.

FOUR AVIATORS IN THE CONTEST

Belmont Park, New York, Oct. 25.—The preliminary sprints brought out four aviators for the first hourly distance altitude events of the fourth day in the international aviation tournament here—Hoxsey up for altitude in a Wright; his team mate, Johnstone, out for distance, Latham for distance in a 50-horse power Antoinette and Claude Graham-White. Johnstone soon left the circuit and went soaring after Hoxsey. White came down and did not cross the starting line. Latham kept an even keel at about 200 feet up.

The wind was given at about 10 to 15 miles an hour and seemed to be freshening. Hoxsey kept sweeping in wider circles and was soon lost to sight behind the grandstand. Johnstone was a speck against the clouds.

At the end of the first hour Latham was first in the distance contest, leading by 20 laps.

Hoxsey and Johnstone were both circling the field back from their altitude ascents.

Count DeLesseps took the air ten minutes later in a Bleriot and began to wheel for altitude.

Drexel made 7,195 feet yesterday.
