NEGRO HORRIBLY MURDERS CHILD

ASBURY PARK, N. J., Nov. 13.—The body of little Marie Smith, ten years old, who had been missing since last Wednesday, was found at dusk today in the woods near her home.

Chance discovered the body, as chance had hidden it. The wind had strewn fallen leaves until their color so matched the brown of the child's dress and her brown hair that as she lay face downward she was nearly indistinguishable from her shroud.

Searchers for Negro. Thomas Williams, known in the neighborhood as "Black Diamond," a negro woodchopper employed by the girl's aunt, has been missing since the day on which Marie disappeared.

Tied Ribbon Around Throat. The child was small for her age and not strong, but seems to have fought desperately with her assailant. The broken sticks and trampled ground around her showed that, as did her injuries. The blue ribbons she wore in her hair had been tied tight about her throat. She also had been beaten on the forehead with some blunt instrument. The leaves under her face were matted with blood.

Flattened Ring in Fitch. In her struggle she had been grasped by the hand with such force that a gold ring she wore had been flattened into the flesh. Her arms were badly scratched, and there was a wound in the cartilage of her nose, which surgeons say must have been caused by human teeth shut down on it to cut off her breathing.

Last Seen Wednesday Morning. Marie Smith was last seen at 11 o'clock Wednesday morning on her way to school, two blocks from her home. The spot where the body was found is off her path, and either she must have been enticed into the woods or picked up and carried there.

Williams Arrested in Room. Williams was arrested tonight in his room. The police went there to search for evidence and found him. Williams admitted he had not left the room since Thursday and the appearance of the room bore him out.

FOOTBALL PLAYER HELD FOR MURDER

WHEELING, W. Va., Nov. 13.—A warrant charging Thomas McCoy, right end of the Bethany college football team, with murder in connection with the death of Captain Rudolph Munk of the West Virginia team, was issued here by Magistrate R. G. Hobbs.

Strikes Munk on the Head. Young testified that Munk was making interference and was a few yards in front of the scrimmage line when McCoy came up to the West Virginia captain, striking him on the head. Munk fell to the ground unconscious and Young ordered McCoy from the game.

Warrant will be Served Today. The warrant for McCoy's arrest will be served tomorrow. In giving details of the way in which Munk was injured, Young said the ball was on Bethany's thirty-yard line when Munk started down the field for interference.

Struck Player With Fist. "He was not near the player with the ball," Mr. Young said. Munk was met by McCoy, who ran toward Munk as they were both running down the field. Ten yards behind the scrimmage line, when Munk was in front, McCoy struck him in the back of the head with his fist. Both Munk and McCoy fell, but the latter quickly regained his feet, looked at Munk and started off the field.

McCoy Put Out of Game. Umpire Young said that as the blow appeared to him to be clearly intentional, he immediately put McCoy out of the game. No other witnesses were heard today, but several players have been summoned for tomorrow night, when the request will be resumed. The warrant for McCoy's arrest has been placed in the hands of an officer.

McCoy left college this fall without notifying the faculty and had not played on the team for two weeks. President Cramblett of Bethany said tonight that he was unaware that McCoy was to play in Saturday's game.

Cancel All the Games. It was announced tonight that all the remaining games scheduled by West Virginia will be cancelled, including the Thanksgiving day game with Washington and Jefferson, which has heretofore been one of the biggest games in this section.

Declares Game a Rough One. BETHANY, W. Va., Nov. 13.—President Cramblett of Bethany college tonight upon his arrival from Wheeling, when the request will be resumed. The warrant for McCoy's arrest has been placed in the hands of an officer.

McCoy at His Home. CANTON, O., Nov. 13.—Thomas A. McCoy, charged with murder in connection with the death of Rudolph Munk, arrived at his home here this morning.

To his father, John F. McCoy, a prominent business man, he told his story of the part he played in the football fatality and an attorney today was retained as counsel for the boy.

SENATOR CLAY DIES SUDDENLY

ATLANTA, Ga., Nov. 13.—Alexander Stephens Clay, United States senator from Georgia, died of heart disease at the Robertson sanitarium here this afternoon after a long illness. He had been talking to his son, Herbert, when he suddenly ceased speaking and fell back with a slight gasp.

During the morning and afternoon the senator appeared in better spirits than usual. Mrs. Clay came from their home at Marietta, but when she found the senator so much improved she returned home about noon. The only member of the family present at the death bed was the senator's son, Herbert, who is mayor of Marietta.

SENATOR A.S. CLAY

According to the physicians, Senator Clay's death resulted from dilation of the heart, superinduced by arterial sclerosis. The senator has been ill for nearly a year, and came to the sanitarium here on November 1 to take the rest cure. The body was removed to the Clay home at Marietta, where the funeral services will be held on Tuesday.

Senator Clay was 57 years old and was serving his third term in the United States senate. He is survived by a widow, five sons and a daughter, besides his parents, Mr. and Mrs. W. J. Clay of Cobb county.

STREET CAR AND EXPRESS COLLIDE

THE DEAD. WARD ABBOTT, 25. WM. SCHAFFNER, 45. MISS ELVIRA CRAIG, 20. GEO. M. NORMAN, 49. THEO. MOSK, 26. J. L. LANG, 35. All the dead except Mosk lived in Kalamazoo.

KALAMAZOO, Mich., Nov. 13.—Six persons are dead and twenty-six injured, four probably fatally, as the result of a collision between a street car on the Kalamazoo city lines of the Michigan United Railways company and a westbound express train on the Michigan Central railroad last night. All the dead and injured were passengers on the street car.

Running at High Speed. The train was running into the city at high speed, and as it rounded a curve it crashed into the street car. Conductor Vern Van Horn of the street car was standing between the Michigan Central double tracks. Van Horn claims he did not see the train or hear it, until it was directly upon him. It was then too late to stop the

car. The train hit the front end of the car, tearing it to bits. Mangled passengers, living and dead, were carried on the front of the engine nearly a block before the train was brought to a stop.

Lifted Living from the Ruins. Motorist Abbott with the cut-off was pulled under the engine unconscious. The living were lifted from the front of the engine and with those taken from the ruins of the street car, were hurried to hospitals.

The passengers who were caught in the cars were burned and shocked from an electric current that was continually running through the metallic parts of the car until the trolley was removed.

Girl Meets Horrible Death. Miss Elvira Craig was frantically burned. Her back was a mass of charred flesh. For nearly a minute she lay in the street with her clothes ablaze before being discovered. Shortly after her removal to the hospital she died.

Miss Cora Frenthow lay all night beside the track unconscious from terrible injuries. She was removed to her home some time today.

The railroad companies refused to give out a statement concerning the wreck, but have already begun an investigation.

General Manager's Statement. DETROIT, Nov. 13.—Richard H. L'Honnelle, general manager of the Michigan Central railroad, returned tonight from Kalamazoo, where he investigated last night's accident.

"The train was running about twenty-five miles an hour," he said, "which probably would exceed the ordinance limit. The fact that the express train was delayed five hours in getting out of New York, however, was not responsible for its speed in running through Kalamazoo. In such localities as that where the accident occurred, the engineer would have been running his train at that speed had he been on time.

"Freight cars standing near the crossing made it absolutely impossible for him to see the street car until he was almost on top of it and then he stopped his train within its own length. The railroad company has done everything within its power for the dead and injured and will continue the investigation as to the responsibility for the wreck."

To WHOM IT MAY CONCERN. On and after this date I will not be responsible for any bills or debts contracted by my wife. FRANK LAUER.

SITUATION MORE SERIOUS DAILY

WASHINGTON, Nov. 13.—Confronted by a more delicate situation than ever as a result of the occurrences of the last few days, the governments of Mexico and the United States are making every effort to restrain their citizens from acts of violence and to smooth over difficulties. The serious problem resulting from the burning at the stake in Texas of Antonio Rodriguez and the riotous demonstration against Americans in Mexico City and elsewhere was further complicated in the last forty-eight hours by the shooting of Jesus Losa by Carlis B. Carothers, an American, at Guadalajara, and the assassination of Chief of Police W. C. Temple of Anadarko, Okla., by a Mexican.

Church Anthems BY A CONVICT. New York, Nov. 13.—A book of anthems for prison churches is being composed by Alfred Dalby, a prisoner in the Tombs prison here, and will be finished, he hopes, by the time his term has expired. The first of the anthems was sung at the prison services yesterday. It is called "Entreat Me Not," and is founded upon the first chapter of Ruth, which describes the decision of Ruth to cling to Naomi. Dalby accompanied the singers on the organ of the Little Tombs chapel and the prisoners showed their satisfaction by congratulating him at the close of the services.

MORGAN GIVES TO FRENCH HOSPITAL. New York, Nov. 14.—J. Pierpont Morgan's latest philanthropy consists in the erection of a free tuberculosis hospital on modern American plans in the French watering place of Aix-Les-Bains, where Mr. Morgan has gone for treatment at frequent intervals since 1890. The building, which will cost upward of \$40,000, will be a subsidiary department of the Aix-Les-Bains municipal hospital to which Mr. Morgan gave \$50,000 some years ago.

Dr. Paul Guyonot, one of the best known medical authorities in Europe, is now in New York at the invitation of J. Pierpont Morgan to study the methods used in this country for locating tuberculous patients. On his return to France next month, he will offer a large reward.

Mayor Putnam of this place has offered a reward of \$500 for the arrest of the Mexican and it is said Governor Haskell will offer an additional \$300. It has developed that Opet did not call Temple to his door as was at first stated. It seems the man had trouble with companions in a saloon and was fleeing. He passed the home of Temple and the officer called

to him to halt. It was then that the Mexican turned and fired. Opet lives here the greater part of the time. Mexico Investigating the Case. KANSAS CITY, Nov. 13.—Leon Gomez, the Mexican consul here to whom was referred the killing of Chief of Police Temple of Anadarko, Oklahoma by a Mexican, said late tonight: "There are thousands and thousands of Mexicans and it will be easy to make a mistake and lynch an innocent man. I did not receive the order from Ambassador de la Barra until 7 o'clock tonight and have had no time to make an investigation. I do not even know the name of the man who killed the officer. I shall proceed in the matter immediately."

Knox Telegraphs Haskell. OKLAHOMA CITY, Nov. 13.—A telegram was received by Governor Haskell tonight from Secretary of State Knox calling the attention of the governor to the imminence of a lynching in Caddo county, as a result of the shooting of police chief Temple at Anadarko Saturday night. Governor Haskell called the Caddo county sheriff over the telephone, warning him against carelessness in handling the man should he be captured.

May Capture Murderer Soon. Dispatches from Caddo county say the entire populace is joining in the search for Oscar Opet, the assumed Mexican. Bloodhounds were shipped from the state reformatory at Granite and the county lines are guarded all the way around. It is believed the man will be captured soon.

Catarrh Will Go Relief Comes in Two Minutes, Complete Cure in Few Weeks. Don't go on hawking yourself sick every morning; it's cruel, it's harmful and it's unnecessary. If after breathing HYOMEI, the wonder-worker, you are not rid of vile catarrh, you can have your money back.

No stomach dosing—just take the little hard rubber pocket inhaler that comes with each outfit, and pour into it a few drops of HYOMEI. Breathe it according to directions. In two minutes it will relieve you of that stuffed up feeling. Use it a few minutes every day, and in a few weeks you will be entirely free from catarrh.

Breathing HYOMEI is a very pleasant and certain way to cure catarrh. Get an outfit today; it only costs \$1.00; it's worth \$1,000 to any catarrh sufferer. GLORIANA WAS A FAMOUS YACHT. New York, Nov. 14.—The sloop Gloriana is the latest of notable American racing vessels to be turned over to the wreckers. Her owner, Gordon Abbott, of the New York Yacht club, has decided that her days of usefulness are over and she will go to the Staten Island junk yards this week.

In the whole history of American yachting and, possibly the world's history of the pastime, no vessel so thoroughly revolutionized the form of yacht hulls and turned topsy-turvy the old ideas of naval architects as the Gloriana.

The Herreshoff "spoon bow," together with the other distinct Herreshoff racing departures were embodied for the first time in the Gloriana's design and she demonstrated so much superiority in speed and sea worthiness over her class rivals—and for that matter, over yachts of much larger size—that her fame at once became world wide.

Trying to Prevent Further Trouble. President Taft is keeping in touch with the situation by wireless. In President Taft's absence, Secretary Knox is taking every precaution to prevent offenses against Mexicans in the territory adjoining Mexico.

Today the state department upon learning of the shooting by a Mexican of Police Chief Temple at Anadarko and that 200 men were searching for the assassin, sent a telegram to the governor of Oklahoma to prevent any further violence. If he is caught, the state department insists that the state authorities can prevent such an occurrence.
