

FOURTEEN ARE KILLED

Insurrectionists Open Fire on Train Carrying Soldiers

Bisbee, Ariz., Dec. 2.—Fourteen government soldiers were killed Monday in a clash with insurrectionists at Gomez, state of Chihuahua, according to William Hildreth, Ben Sneed and William Nell, three cowboys employed in the Sulphur Spring valley. Hildreth is a former United States government employee.

The three men were after cattle and boarded a train that carried three coaches of soldiers. A short distance from Gomez, according to Hildreth, the revolutionists held up the train and as soon as it was topped they opened fire from a ditch in which they were concealed. Before the soldiers could resist, fourteen had been killed in the cars. The fight lasted an hour, after which the attacking party withdrew and it is not known what their losses were.

The track had been torn up, say the men, and the passengers who occupied coaches separate from the soldiers were forced to walk several miles to another point to get a train. Hildreth, who is considered reliable here, says the situation in Chihuahua is serious.

MINING CAMP ARMING.

El Paso, Tex., Dec. 2.—More than half a million dollars has been withdrawn from the Chihuahua banks and placed on deposit in El Paso within the last week, according to admissions of the local bankers. Much of it has been brought here by Mexicans.

U. M. Turner, connected with the Pearson interests at Pearson, Chihuahua, came in last night with his sister and declared that all women had left the camp, about 200 in all, and that the men were prepared for trouble. There were rumors, he said, that the Pearson camp was to be attacked again.

CLEARING UP A MYSTERY

Body Found in a Trunk Is That of Missing Artist

New York, Dec. 2.—Commissioner Flynn of the central office announced today that the body of the man found in the trunk in the collar of a west side house recently had been positively identified as that of Albert C. Callier, the missing artist. The trunk was left at the department house by William Lewis, a waiter, who is missing.

Commissioner Flynn said a physician told the artist wrote in June of 1902, saying he was living with Lewis in West Sixty-third street. Commissioner Flynn said:

"I believe Callier was killed in that house and his body placed in the trunk."

"As soon as he got Callier's letter, the doctor told me Lewis called on him and said Callier had gone home to his parents in Dampierre de Jura, France."

"After Lewis left me," the doctor said, "I found that my wallet, containing a check and a small amount of cash, was missing, and I believe Lewis stole it."

The doctor said that for nearly ten years Callier's parents have been trying to find him.

WOODMEN OF THE WORLD ELECTION

The Woodmen of the World held an election of officers last evening and voted in the following:

Past consul commander, Wm. Drabbe; consul commander, B. Vander-schult; adviser, J. D. Harris; banker, Geo. Huss; secretary, E. Auth; escort, Ambrose Hill; watchman, Fred Williams; secretary, D. D. Smith; managers, Mathew Galt, Sam Jost, Wm. Piggett.

CHANGES ON ALTON.

Chicago, Dec. 2.—Frank Morse, the new general manager of the Chicago

& Alton railroad, announced yesterday the completion of his staff of assistants as follows:

Superintendent of Eastern division, L. J. Ferritor; superintendent of Western division, W. M. Corbett; superintendent of St. Louis terminals, J. M. Kelly; assistant to the general manager, C. M. Hinkle; superintendent of motive power, T. J. McGrath.

Mr. McGrath succeeds Peter Maher, resigned, while Mr. Kelly is returned to the position he held two years ago.

STATE OF VIRGINIA.

Washington, Dec. 2.—The population of the state of Virginia is 2,061,612, according to statistics of the thirteenth census made public today. This is an increase of 207,428, or 11.2 per cent over 1,854,184 in 1900.

The increase from 1890 to 1900 was 198,204, or 12 per cent.

AEROPLANE HUNTING

Aviator Offers to Bet He Can Bag Antelope From His Machine

San Francisco, Dec. 2.—Hubert Latham, the French aviator, who has arrived to participate in the meet to be held here next month, offers to wager \$5,000 that he can bag an antelope from his monoplane.

The idea of hunting game with a flying machine came to him in Baltimore, Latham explained last night. While there he says that several times he fired a revolver at a target while coursing through the air. Although he failed to hit, the notion occurred to him that he might be able to kill a deer or antelope with a rifle.

Now that he is in the west, Latham says he is anxious to test his theory. The only condition he would stipulate in regard to his proposed wager is that he have an open place in which to hunt and be within a reasonable distance of a railroad.

WORLD'S MARKETS

STOCKS OPEN STRONG BUT SOON DECLINE.

New York, Dec. 2.—Stocks showed a fractional improvement at the opening today on a moderate volume of business.

Selling orders depressed St. Paul a point and cancelled the gains in other stocks.

A subsequent rally restored prices generally to the opening figures or above. Union Pacific, Southern Pacific, Reading, U. S. Steel, American Smelting and American Copper ruled 1-2 to 3-4 above yesterday's closing.

The market became listless in the second hour on a steady but small volume of operations, these being wholly professional sentiment among traders was about equally divided, but neither side evinced any special inclination to assume a market position.

Board room gossip had it that the so-called pool, which is supposed to have engineered the recent advance, had dissolved without liquidating more than a small part of its holdings. These were estimated at all the way from \$60,000 to 750,000 shares. Prices were declining and were well below yesterday's close at noon, Union Pacific, Atchafalpa, Missouri Pacific and Lehigh Valley losing a point.

Bonds were easy.

Chicago Livestock.

Chicago, Dec. 2.—Cattle—Receipts estimated at 3,000; market steady; beefs, 4.50@4.75; Texas steers, 4.20@4.40; western steers, 4.25@4.40; stockers and feeders, 3.30@3.75; cows and heifers, 2.25@2.75; calves, 7.00@9.00.

Hogs—Receipts estimated at 21,000; market steady to 5c lower; light, 6.85@7.25; mixed, 6.45@7.35; heavy, 6.85@7.37; 1-2; rough, 6.85@7.00; good to choice heavy, 7.00@7.32 1-2; pigs, 6.40@7.10; bulk of sales, 7.05@7.25.

Sheep—Receipts estimated at 25,000; market steady to 10c lower; native, 2.25@4.25; western, 2.75@4.20; yearlings, 4.20@5.20; lambs, native, 4.25@6.50; western, 4.50@6.45.

Omaha Livestock.

Omaha, Dec. 2.—Cattle—Receipts, 600; market strong. Native steers, \$4.00@7.75; cows and heifers, \$3.00@5.40; western, \$3.50@5.50; stockers and feeders, \$3.00@5.40; calves, \$3.50@8.00.

Hogs—Receipts, 3,500. Shade earlier. Closed strong. Heavy and mixed, \$7.05@7.15; light, \$7.15@7.40; pigs, \$6.25@6.70; bulk, \$7.05@7.15.

Sheep—Receipts, 4,600. Slow to shade lower. Yearlings, \$4.00@5.15; ewes, \$3.15@4.00; lambs, \$3.25@3.55; lams, \$5.50@6.40.

Chicago Produce.

Chicago, Dec. 2.—Butter steady; creameries, 23@25c; dairies, 23@27c. Eggs steady; first, 30c; prime do, 32c.

Cheese steady. Daisies, 15 1-2@2-1-4; Young Americans and Longhorns, 15 1-4@1-1-2.

Sugar and Coffee.

New York, Dec. 2.—Raw sugar quiet; Muscovado, 3.4; centrifugal, 96 test, 3.93; molasses sugar, 3.18. Refined quiet.

Coffee—Spot firm; Rio No. 1, 7 1-2 1-8.

Metal Market.

New York, Dec. 2.—Standard copper quiet; spot and January, \$12.45@12.60.

Lead quiet, \$4.45@4.55. New York. Bar silver, \$55.

FOOTBALL CHANGES

Yale's Veteran Athletic Adviser Offers Some Advice

New York, Dec. 2.—George Foster Sanford, the veteran Yale athletic adviser, who had a good deal to do with building up this year's Yale eleven, is convinced that the football rules committee has much work to do before another season rolls around. If the needs of the game are to be considered, in his opinion, some changes in the code are absolutely essential. Mr. Sanford will sail for Europe tomorrow.

His statement on the subject comes as a valedictory expression of opinion, as he will not return before the rules committee begins its task.

"I am outstandingly opposed to the forward pass over the line of scrimmage," he said. "The most important change which I would recommend is that the distance to be gained by rushing be reduced from ten yards to seven. I also think that the runner should be allowed to 'back on' to one player in hitting the line in order to equalize to some extent the attack with the defense. The objections to pushing and pulling because of the liability to injury would not hold in this case. On the other hand, it will really make play safer by providing some protection to the man carrying the ball from the snook of a tackle in the secondary line of defense."

"The reduction of ground to be gained by rushing will make possible a reasonable reward for rushing and thus restore one of the basic principles of the American college game."

CALIFORNIA POPULATION

State Has Shown Great Increase Since the Last Census

Washington, Dec. 2.—The population of the state of California is 2,377,549, according to statistics of the thirteenth census made public today. This is an increase of 892,496, or 60.1 per cent over 1,485,053 in 1900.

The increase from 1890 to 1900 was 276,323, or 22.9 per cent.

SURVEYING IN OGDEN CANYON

The Ogden Rapid Transit company has a corps of surveyors in Ogden canyon, east of the Hermitage, rolling the survey and making maps for the extension of the road to Huntsville. The purpose now is to determine which of the numerous routes surveyed furnishes the best grade.

The company has made three surveys from the Hermitage to Huntsville, but has not determined definitely which line will be accepted. The Utah Light & Railway company owns much of the land over which the proposed extension must pass in order to get to Ogden valley, and the Rapid Transit company has been anxious to secure a right of way over the ground, but up to the present time the trolley people have not designated the exact course they desire to follow.

As soon as the question can be settled upon by the Rapid Transit company an application for a right of way over a definite piece of property will be made to the Utah Light & Railway company, as it is thought that there will be no difficulty in the two companies arriving at a satisfactory understanding.

It has been rumored that as soon as the right of way is granted, the canyon road will begin the building of the extension from the Hermitage to Huntsville, and that contracts for culverts and bridges along the line will be negotiated. But Superintendent Bailey states that the matter of building the road beyond the Hermitage has not been decided upon and cannot be until the right of way question has been settled. He says that no plans for construction work have been taken up.

FOREIGNERS TO PARTICIPATE IN THE CHINESE LOAN

Peking, Dec. 2.—Willard D. Straight today resumed negotiations with the Chinese government over the proposed loan of \$50,000,000 by an American financial syndicate, of which he is the agent.

Mr. Straight returned to Peking on Monday after a visit to New York, where he conferred with the representatives of the loaning houses of J. P. Morgan & Co., Kuhn, Loeb & Co., the National City bank and the First National bank of New York city.

Today Mr. Straight had new terms to propose, suggesting the partici-

ipation in the loan of foreign financiers. This was not a part of the first formal agreement, but two weeks ago representatives of the Americans agreed in London to an arrangement through which certain English, German and French banks would have a share, not only in the present, but in future loans to the Chinese government which might be jointly arranged.

In asking the consent of the government to make the loan an international, rather than a distinct American enterprise, Mr. Straight emphasized the advantages to China which he thought would accrue. He said that the Americans were ready to conclude the agreement on the original terms if this was insisted on by the Chinese government, but he pointed out the political importance to China in allowing other nations to participate.

In asking the consent of the government to make the loan an international, rather than a distinct American enterprise, Mr. Straight emphasized the advantages to China which he thought would accrue. He said that the Americans were ready to conclude the agreement on the original terms if this was insisted on by the Chinese government, but he pointed out the political importance to China in allowing other nations to participate.

WENDLING ON TRIAL

Admits Ownership of a Pair of Bloody Trunks

Louisville, Ky., Dec. 2.—Before the resumption of the trial this morning of Joseph Wendling, charged with the murder of 8-year-old Alma Kellner, the report spread that Wendling would go on the stand for cross-examination, and a large crowd filled the courtroom. Wendling appeared haggard and pale and showed plainly the effects of a sleepless night. His nervousness increased as the cross-examination progressed. Repeatedly he reached forward and, with a shaking hand, poured out a glass of water from a pitcher near the witness stand, gulping down the contents.

Wendling was unable to explain why he had left Louisville. He admitted that the position he held at St. John's church was better than any he had after he suddenly departed from this city and confirmed his wife's statement that their relationship was a happy one while he was working here.

"Are these yours?" asked Commonwealth Attorney Huffaker, holding up a bloody pair of athlete's velvet trunks.

"They are," stammered Wendling. He said he had worn them years ago when he was a trick bicycle performer in France, but declared he could not account for the blood stains on them. The trunks were found in the same cellar in which the body of the Kellner girl was discovered.

EXPORTS ARE NOW ON THE INCREASE

Washington, Dec. 2.—Exports of the principal articles in the foreign commerce of the United States during the month of October showed an increase over the corresponding month of last year, and the total exports for the year thus far exceed the 1909 figures, according to the monthly statement of the department of commerce and labor.

The total exports for October were \$207,712,086, as compared with \$200,697,343 for the same month in 1909. The imports for October, 1910, were valued at \$124,046,150, showing a decline over the figures of a year ago, which were \$127,673,351.

For the accumulated months of the calendar year, including October, the total exports were \$1,290,088,559, as compared with \$1,196,267,707 for the period of last year. The total exports for the present year, including October, were \$1,430,639,544, as compared with \$1,361,722,253 for the corresponding period of 1909.

LOCAL FIRM GOES OUT OF BUSINESS

A change of considerable importance in local business affairs was consummated today when the Wright Investment company retired from local real estate and insurance business, selling its office, good will and real estate affairs to the Globe Investment company, the insurance department having been secured by M. T. Jamison, who will take charge and be responsible for the insurance interests since Dec. 1, the Wright investment company collecting all accounts due up to this date.

Angus T. Wright, president of the W. H. Wright & Sons company, has also been acting as manager of the Wright Investment company for the past few years. In this capacity he has had the management of the outside affairs of the store, looking after the interests which the retail business, and in the meantime has built up a thriving real estate and insurance business. It is owing to the rapidly increasing trade in the retail stores that Mr. Wright is now to devote his entire time to those more important interests.

Chicago Produce.

Chicago, Dec. 2.—Close.

Wheat—December, 90 3-4c; May, 96 3-8c; July, 94 1-8c.

Corn—December, 45 7-8c; May, 47 7-8c; July, 48 5-8c.

Oats—December, 21 7-8c; May, 34 1-2@5-8; July, 34 3-8c.

Pork—January, \$17.52 1-2; May, \$16.57 1-2@16.60.

Lard—January, \$9.77 1-2; May, \$9.67 1-2.

Ribs—January, \$9.32 1-2; May, \$9.05.

Barley, 60@63 1-2c.

Timothy, \$3.00@3.00.

ARGENTINE PROSPERITY

That Country Is Richer Than This and Its Trade Extensive

New York, Dec. 2.—The cost of living in Buenos Ayres is nearly twice what it is in New York City, according to Chas. H. Sherrill, United States minister to Argentina, who is in New York on a furlough. In a statement on "trade openings" in South America, he says:

Few Americans realize that the people of the Argentine, taken all in all, are richer than we are here. Buenos Ayres is one of the most expensive cities in the world to live in, for the standard of living is high and the people demand the best that is to be had. It costs a great deal more, in fact almost double, to keep house in Buenos Ayres, than it does in New York.

"In my opinion there is no other market which offers a better field for immediate exploitation than South America. England knows the markets of Argentina, and the Buenos Ayres commercial representatives state that England last year took \$250,000,000 from this country that United States manufacturers don't know anything about."

"I have only to say that the foreign trade of Argentina last year was \$700,000,000, that of Brazil \$450,000,000, Mexico \$300,000,000, Chile and Cuba each \$200,000,000. Argentina has a market ready for the products of the United States three and a half times the size of Mexico or Cuba or Chile."

REDUCTION IS DELAYED

Railroads Object to the Lowering of the Pullman Rates

Chicago, Dec. 2.—Country-wide reduction of upper berths in Pullman sleeping cars, as well as numerous lower berth reductions will not go into effect until the railroads and attorneys general of the several states have had an opportunity of presenting evidence, according to announcement by the Interstate Commerce commission today.

Chief of the railroads, which will enter statistics to support their claim that there should be no reduction, even such as the Pullman company has offered, are the Great Northern and Chicago, Milwaukee & St. Paul, which operate their own sleepers and which would have to meet the Pullman company's reduction.

James Peabody, statistician for the Santa Fe railroad, on the stand, declared that that road lost \$55,571 last year on a transcontinental train carrying four standard Pullman sleepers, a composite car and a diner. He said the road was willing to lose a certain amount because of the value of the sleepers as an advertisement.

NEWSPAPER MAN SENT TO THE TOMBS

NEW YORK, Dec. 1.—John McFarland, who says he is a Chicago newspaper man, is in the Tombs in default of \$1,000 bail, having been arrested today by postal inspectors when he called at the postoffice and obtained a letter sent by Theodore N. Vail, president of the American Telephone & Telegraph company, and containing a check for \$50.

The postal inspectors says McFarland asked Vail to subscribe to a dinner at \$50 a plate to be given to James E. Sullivan, secretary of the A. A. U.

Vail sent a check in a letter mailed to James E. Sullivan at an address which McFarland gave him, the inspectors say, but which was not the address of the secretary of the athletic union.

MEXICAN CONSUL WANTS A TRANSFER

EAGLE PASS, Tex., Dec. 1.—American Consul Luther T. Ellsworth, at Ciudad Porfirio Diaz, Mexico, has telegraphed a request to the state department through American Ambassador Henry Lane Wilson at Mexico City, that he be transferred to another post.

If a transfer be impossible, he asks that his telegram be accepted as his resignation. Mr. Ellsworth, it is said, takes this means of expressing indignation that he was the author of reports on the Mexican revolution that injured trade with Mexico.

DENVER IS AFTER LOWER PULLMAN RATES

Denver, Dec. 2.—According to officers of the Denver chamber of commerce, steps will be taken as soon as possible to attempt to secure a junction in sleeping car rates between this city and Chicago, on the basis of the recently announced reduction of rates between Chicago and San Francisco.

The proposed action follows the an-

nouncement of the Pullman company before the interstate commerce commission of a reduction in sleeping car rates between Chicago and San Francisco from \$14 to \$13, without any change in the rate between Chicago and Denver.

EXPLOSION IN LABORATORY DESTROYS EYESIGHT

Lawrence, Kansas, Dec. 2.—Frank Belding, a junior student at the University of Kansas, will probably lose the sight of both eyes following an explosion of sodium in the organic chemistry laboratory at the university.

Belding was using ether in connection with the sodium and the vial was blown into tiny fragments of glass which destroyed the sight of one eye, and, according to physicians, will also claim the other.

THIS MAN IS HAPPY

Old General Buckner Loves the Life of a Mountaineer

Louisville, Ky., Dec. 2.—General Simon Bolivar Buckner, candidate for vice president of the United States on the Gold Democratic ticket in 1896, says he is happier than anybody in the world.

General Buckner, former governor of Kentucky, now in his eighty-eighth year, was an honorary guest of the governors yesterday.

"I can't keep out of politics," he said last night. "I guess it is in my blood. I wish I could have kept out of politics all my life and probably I would have been a rich man. But I am happier than anybody in the world as it is. I came all the way here from Hart county, the best spot in the world, and I'm going back there tomorrow because I'm homesick already."

"I am living in the same log cabin on my farm in old Hart county that I was born in. That cabin is 103 years old. My father built it and it is in as good a state of preservation today as any one could wish. I raise my own tobacco, I have a fine mint bed and my old dog, General, wags his tail every time I walk into the front yard."

"This is no ordinary log cabin. It is all logs and good old red clay and every room has a great big fireplace, where in the winter time we roast apples, pop corn, broil game and make a little hot toddy."

"There is a good spring just outside the door. The water gushes from the rocks, and it is cool and pure as any water in the world. Along the banks of the little stream that trickles from the spring, grows the finest mint in the world. This water and this mint, when combined with a little of Kentucky's best spirits, makes the finest mint julep in the world."

"Young man, you can tell everybody in the world that I would not give up this home for the palace of a king. Millionsaires need never try to make me an offer, because I would refuse all their property for the log cabin and that spring and that mint bed."

GIRL IS ORDERED SENT TO A HAREM

New York, Dec. 2.—Marie Hopli, a Greek girl, whose cousin, Antonio Johara, rescued her from the harem of a Turkish pasha in Damascus, and brought her to this country, has been ordered deported by the immigration inspectors on Ellis Island.

The girl's sister, who is a well-to-do Brooklynite, hurried to Ellis Island and on learning the decision and tearfully besought the inspectors to reconsider their decision.

"You are sending my sister back to certain death," she exclaimed.

BOY WAS GOING TO SHOOT LIONS.

Chicago, Dec. 2.—Philip Bandneck, 11 years old, was arrested in the Union railroad station last night after he had been refused transportation to Walla Walla, Wash., where he said he was going to shoot lions. When arrested, he had \$11.42, a cartridge belt and revolver. He left home at noon after taking the money from his savings bank.

BANK DYNAMITED.

Des Moines, Dec. 2.—Four men dynamited the Farmer's bank at Garden City at 1 o'clock this morning, securing \$1,800. A citizen named Ness was awakened by the explosion and began firing at the robbers with a shotgun. Two of the men returned the fire and all escaped.

GRIEF CAUSES THE DEATH OF BOY.

Greeley, Colo., Dec. 2.—Two weeks after the death of his cousin and chum, Ross Tisdell, who accidentally shot himself while hunting, Ernest King, 18 years old, died at the hospital last night. Physicians say the death was due to grief over his chum.

INJURED IN A WRECK

Twenty-five Persons in a Missouri Pacific Smash Up

Lamont, Mo., Dec. 2.—Twenty-five persons were injured, one seriously, when three coaches on Missouri Pacific passenger train No. 4 from Kansas City to St. Louis, left the track four miles west of here early this morning.

The train, which left Kansas City at 9:15 o'clock last night, was composed of a mail car, a baggage car, a smoker, a chair car and two Pullmans.

While the train was running at a high speed, the smoker left the rails, dragging with it the chair car and the Pullmans. These last three rolled down a 25-foot embankment and turned over, the last Pullman turning over twice.

MORMONS EXCITED

Organizing Military in Mexico but Unable to Get Arms

El Paso, Dec. 2.—The Mormon colonists at Colonia Dublan are organizing into military companies for the protection of the town. If attacked, but are unable to buy arms, according to a dispatch to the El Paso Herald this morning. The dispatch says Mexicans at Casas Grandes have received arms from the federal government, but have none to spare to the Mormons.

The people at Colonia Dublan are still greatly excited, it is asserted, although the revolutionists have come close to the colony.

TILLMAN WILL NOT RETIRE

Washington, Dec. 2.—"Retire!" exclaimed Senator Tillman today, repeating an inquiry. "I shall not retire until they bury me. I have no idea of quitting the game."

The South Carolina senator, who arrived here today, was in his committee room at the capital and appeared to be as vigorous as he was before he was stricken down by severe illness during the last session of congress.

Mr. Tillman expects to remain here four or five days only, however. He will return to his home next week, but counts on coming back to Washington early in January.

MISS ADDIE E. MORSE.

A GRADUATE OF THE OGDEN BUSINESS COLLEGE ACCEPTS AN APPRENTICESHIP WITH THE U. S. FORESTRY OF THIS CITY AT A SALARY OF \$300 PER ANNUM.

Miss Morse graduated February, 1910. She accepted a position with a firm of this city, where she worked for six months. She then accepted another position at a raise of fifteen dollars.

She entered and successfully passed the September Civil Service examination. Received her appointment the 28th day of last month.

Ogden Business College
