CHARGES PRESS PERSECUTED TRADE

ST. LOUIS, May 22.—Charges that the press had persecuted the lumber trade for the last five years and that press and public are responsible for the investigation of the lumber interests by the federal department of justice, were made by several delegates to the lumber congress today. The discussion was over an effort of President Dyer, of New York, representing the National Wholesale Lumber Dealers Association, to have articles sixteen and seventeen stricken from the code of ethics which the congress formulated for the trade at large. While he failed in this a mild subject was carried. "We don't all agree with the government," he declared. "We are not here to restrict trade, but some individuals seem to think we are, and I don't believe in inviting trouble." It shall be the duty of the manufacturers and wholesalers to take an active interest in the marketing of their products, through regular trade channels. "It is the sense of the congress that the widest possible trade publicity be given for the purpose of making known irresponsible, unethical, and unscrupulous manufacturers, wholesalers, and dealers." A resolution was submitted by Geo. F. Merrill, of Salt Lake, to take place of the articles. The new section reads: "It should be realized by lumber manufacturers and wholesalers that the retail distributors of lumber are a necessary factor in the trade and a useful servant of the public and as such should be recognized as the logical channel through which to market their products." In the discussion before the vote A. C. Garens, of Homer, La., said the newspapers have "insulted and attacked" the lumber trade "in the most vile manner."

SOCIALISTS TRYING TO START TROUBLE

JUAREZ, May 22.—Three Mexican suffragettes, espousing the socialistic cause of the rebels in Lower California, appeared in the streets here today, exhorting the populace and what soldiers have remained after yesterday's helgra southward, to desert the Madero standard. Madero, they declared, does not represent the choice of the Mexican people in their cry for a socialistic utopia, but they think Ricardo Magon does. Senator Madero was advised of the activities of the three women, but declined to stop them, but declared that freedom of speech shall prevail in Mexico hereafter.

INSURRECTOS MASSACRE OVER 200 CHINESE

MEXICO CITY, May 22.—Official reports reaching here today tell the story of a massacre of 206 Chinese at Torreon, following the rebel occupation last week. Upon receipt of the news, the Chinese charge d'affaires made representations to the Mexican government. The details of a three-day battle and the sacking of Torreon are replete with incidents of cruelty that show clearly that the rebel leaders did not hold their men in control or else deliberately turned them loose to prey upon a conquered and defenseless people. The official advices do not give the number of dead, but taking the 206 Chinese as a basis, it is certain the number is large.

Rebels Showed no Mercy.

The last day of the battle was May 15. On that day General Lejero retired with his federal forces and the found themselves unable to control their men and hundreds of citizens were victims. The rebels and the mob engaged in a race riot. A great part of the business of Torreon is conducted by Chinese, some of whom are wealthy, and, according to reports, the rebels shot down or stabbed them without mercy. That the Chinese charge d'affaires will be able to secure indemnity for many of the victims is doubted here, for it is a fact that since Sir Chen-tung Liang Cheng visited this country five years ago and advised his countrymen to become American citizens almost all have taken out naturalization papers.

No Word from Madero.

Minister of Foreign Relations de la Barra had not received tonight any word from Judge Carabaja that Francisco I. Madero had finally approved the cabinet as suggested. So soon as Madero's acceptance is received it may be assumed that President Diaz will present his resignation to the chamber of deputies. On the supposition that his acceptance will be made within the next twenty-four hours, it is said it would be made public May 24. No effort is made to disguise the fact that General Diaz will leave the country at an early date. It is expected he will spend several months visiting Europe, and it is reported that a pas-

sage has been arranged on one of the steamers of a French line.

Wholesale Slaughter. CIUDAD PORFIRIO DIAZ, May 22.—The manager of the railroad hotel here, Foon Chuck, is advised of a wholesale slaughter of his countrymen at Torreon, Coahuila.

The information is from Foon Chuck's cousin, and is dated Torreon, May 15. The cousin says four Chinese were killed at his laundry, nine at the railroad hotel, thirty-two at his sevenfarm, and that 179 Chinese and 70 Japanese were shot down on the streets. Rumor has it that one German and twelve Spaniards were killed as well as many government sympathizers. It also is rumored that several Americans lost their lives, but this has not been confirmed.

WASHINGTON, May 22.—As soon as the deprecations against Chinese subjects at Torreon, Mexico, are officially reported to the Chinese minister at Washington, who is also accredited to the Mexican government, he will take steps to protest. The minister already has instructed his charge d'affaires at Mexico City to make vigorous representations to the Mexican government regarding the reported murder of eight and wounding of three Chinese at Imures, Sonora.

The matter was called to the attention of the minister by Chinese residents of Nogales, Arizona, who were in communication with the refugees from the scene of the butchery. They pleaded for protection for their countrymen. It is expected here that Mexico will take prompt measures to investigate the situation with respect to the Chinese and offer them all protection possible in the present disturbed condition of the country.

EIGHT-HOUR DAY FOR WOMEN

DENVER, May 22.—The movement to initiate an eight-hour labour law for women took a definite step forward today, when the Denver Trades and Labor assembly instructed its legislative committee to co-operate with the Women's Trades Union League in the campaign to secure the requisite signatures to a petition to bring the question before the voters at the next general election. The State Federation of Women's Clubs, those behind the movement, will also work for the measure. A bill covering this matter was killed at the last session of the legislature.
