License to Wed—A marriage license was issued yesterday to Clement T. Elkins of Catarville, and Stella Peterson of Bear River City.

WANTED—Clean white rags at the Standard.

Fixture Company Files Suit—A suit was filed yesterday afternoon by the Ogden Electric Supply & Fixture company against the Orpheum Amusement company for the payment of \$2,059.99, the balance due on an account. The plaintiff states that between the months of July, 1909, and February, 1911, they furnished certain electrical fixtures and appliances to defendant company which has failed to pay the entire account.

Advertisers must have their copy for the Evening Standard the evening before the day on which the advertisement is to appear, in order to insure publication.

Brewery Workers' Outing—The Brewery Workers held their annual outing at Ogden canyon yesterday. A great number attended the event and everything passed off in a pleasant manner. Those who attended the outing voted it one of the best ever given under the auspices of the organization. A grand ball in the evening brought the celebration to a close.

Mr. Peter Anderson and wife, who have been visiting in San Francisco, returned home yesterday. While in the Golden Gate City Mr. Anderson purchased fall and winter goods for his tailoring establishment.

# ACTOR FINNEY PERISHES IN THE LONDON HOTEL FIRE

LONDON, Aug. 9.—James Lee Finney, the American actor, perished tonight in a fire which destroyed a part of the Carlton hotel, where he was a guest. None of the hotel staff is missing.

The body was found in the bathroom adjoining Mr. Finney's room on the fifth floor. Only the bed and the face was so badly charred that the features were unrecognizable. Apparently Mr. Finney had gone into the bathroom to bathe before dressing and was asphyxiated.

American Have Narrow Escapes. A large number of American guests escaped from the hotel, but lost their baggage. The Carlton is one of London's most fashionable hotels. Of the 200 persons stopping at the hotel when the fire started, many were from the United States and practically all had narrow escapes.

The fire burned for two and a half hours, but was contained mainly to one end of the hotel. Only the best work by firemen saved His Majesty's theater, which adjoins the hotel.

Lines of hose were dragged up all the stairways of the hotel and tons of water poured into the upper rooms. Damage from water is greater than that estimated by fire. The hotel is not badly damaged and will resume business immediately. The alarm was sounded at 7 o'clock, when most of the guests were dressing for dinner. The blaze started from the fusing of an electric wire and roared so threateningly that the people poured out into the streets leaving all their baggage. Men in their undershirts with overcoats on them, and women half dressed, their hair hanging down their backs, fled from the building.

The firemen arrived quickly and rescued a number of servants who from the upper windows were shrieking to the crowds below for help. The firemen also carried out two invalid guests.

NEW YORK, Aug. 9.—James Lee Finney was a widely-known character actor, who had appeared in many successful plays on the metropolitan stage and many cities throughout the country. He was born in St. Louis 47 years ago.

He appeared for a time in various parts with the Booth-Barrett company. In 1894 he joined the Empire Stock company. In 1901 he toured with Daniel Frohman's company. One of his best-remembered recent characterizations was that of a reporter in "The Stolen Story."

**ONLY ONE "BEST."**

Ogden People Give Credit Where Credit is Due.

People of Ogden who suffer with sick kidneys and bad backs want a kidney remedy that can be depended upon. The best is Doan's Kidney Pills, a medicine for the kidneys only made from pure roots and herbs, and the only one that is backed by cures in Ogden. Here's Ogden testimony:

Mrs. F. J. Moody, 928 Capitol Ave., Ogden, Utah, says: "Doan's Kidney Pills brought a wonderful change in my condition in less than a month. I suffered intensely from swelling of my feet and limbs. Nothing helped me at all until I began using Doan's Kidney Pills. Although it may seem incredible, the contents of one box cured the trouble and left my entire system in a healthy condition. It is a pleasure to recommend Doan's Kidney Pills." (Statement given July 23, 1909.)

**CONFIRMED PROOF**

Mrs. Moody was interviewed on July 23, 1909 and she confirmed the above testimonial in the following words: "I can still recommend Doan's Kidney Pills highly and I willingly allow the publication of my former endorsement. This remedy has certainly been of great benefit to me."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

## DISCHARGE GUNS IN CITY LIMITS

Complaints have been made to the authorities that for some time past miscreants have been shooting at birds and targets daily between the mattress factory and the sanitarium on East Twelfth street, and thereby endangering human life. Several narrow escapes from death by bullets fired by some irresponsible parties have been reported and the situation has become so unbearable that the residents have determined to stop this promiscuous shooting by making an example of the first one caught. It appears that the firing of rifles in that neighborhood is not only the work of chaps, but that certain grown-ups, who should have better sense, have been indulging in this dangerous pastime.

There is a city ordinance against the use and discharging of firearms within the city limits and a heavy fine with or without imprisonment can be imposed upon the violators. The officers have been instructed by the mayor to stop this violation of the law and arrest and prosecute all offenders caught.

## BURGLARS FAIL TO SECURE LOOT

About 2 o'clock yesterday morning burglars attempted to break into the residence of Mrs. McLaren Boyle at 2742 Adams ave., but before they could accomplish their purpose the inmates of the house heard them and gave the alarm. The thieves, told

in their work fled in the darkness, and when the police arrived a few minutes later no trace of them could be found.

Mrs. Boyle had a narrow escape from injury at the hands of one of the desperadoes, who tried to hold her and prevent her from giving the alarm. After a short struggle she managed to escape from his grasp and run to the house adjacent owned by her brother-in-law, who called for the police who responding hastily to the call reassured the frightened people and then began a search of the neighborhood for the thieves.

## ATTENTION B. R. T.

The Brotherhood of Railway Trainmen are requested to meet at the Odd Fellows hall, Friday morning at 9 o'clock to attend the funeral of Brother Walter Mack.

O. M. DAVIDSON, President.

## COMPANY B WINS GOVERNOR'S CUP

With the "Governor's Trophy," tired and sore in body, but intensely happy, the boys of Company B, National Guard of Utah, with headquarters at Ogden, returned yesterday from their annual encampment at Heber City where for the past ten days they have been undergoing military training, in connection with the other infantry companies of the state, together with the signal corps and the battery. The boys look very brown and sunburned, but are full of life and ginger, which can only be acquired by the "strenuous life," such as is in vogue today in the United States army.

While the citizen soldiers had spare moments for social recreation, most of their time was spent in working out military problems under the supervision of the officers detailed for that purpose by the War department at Washington. Captains Powers and Applewhite U. S. A. retired, were the instructors and under their direction the militiamen were put through their paces. Extended order drills and marching maneuvers, in which all branches of the service took part, were the principal features daily. The men entered into the work with a vim and snap that was surprising as well as interesting.

The boys all report splendid treatment while in camp, the food being excellent and the sanitation of the camp perfect. They all had a good time and many reluctantly pulled up stakes and struck tents on the last day of the encampment.

Lieutenant O. Baxter was promoted to a higher rank while in camp, and was also detailed to go to Camp Perry, Ohio, on Sunday next to act as range officer for the contestants from Utah, who will leave for the National Range on the 14th of this month. Company B will be represented by Captain Kneass and seven men. The team from Ogden comprises more than 50 per cent of the entire team that will represent Utah at the great shooting contest.

Yesterday at the competitive drill held at the camp for the "Governor's Cup," B. Company carried off the valuable trophy, defeating its nearest opponent—Company D. of Salt Lake—by a percentage of sixteen points.

The marksmen chosen to represent this state at Camp Perry are now practicing at the Fort Douglas range, the local boys leaving on an early train this morning and reporting for duty at the fort at 7 o'clock.

Call for LUXUS, "The Beer You Like," at the Bismark.

## YELLOWSTONE PARK.

Ogden people are going daily "Wylie way" through Yellowstone. For folders, information, tickets, write H. H. Hays, Gen. Agt., 207 Main, Salt Lake. Ogden agency, Rex M. Kelly, under Reed hotel. Phones, Bell 76, Ind. 562.

## POLICE CAPTURE RUNAWAY BOY

Gerald Farescott, a ten-year-old boy, who has contracted the "wanderlust" and whose parents reside at 1539 South Eleventh East street, Salt Lake City, was arrested about 11 o'clock last evening on Twenty-fifth street, by Police Sergeant Anderson.

The boy, when questioned by the officer, denied that he was a runaway, and said that he was employed as errand boy by a druggist in this city. Later he confessed that he had taken French leave of his home, claiming that his parents did not care what became of him. He was placed in a room for the night, and his parents were notified of his whereabouts. They will come to Ogden after him some time today.

This same youngster about a year ago ran away from home and was caught here and returned to his home. It is probable that steps will be taken to have him sent to the State Industrial school as an incorrigible.

**Culley Says**

We maintain a complete list of the Physicians in this city who make a specialty of various diseases.

We can furnish you with their name, address and telephone number, or we will get you a physician if you need one.

This list is maintained with a view of giving you such information as will be to your advantage in the treatment of your particular ailment. When you get your prescription let us fill it, as we are Specialists in Prescription filling.

**Culley Drug Co.**

PRESCRIPTION SPECIALISTS

Everything in the Drug Line.

## PHILIPPINI'S BAND THRILLS PEOPLE

Lovers of good music flocked yesterday by the hundreds to "Goldenrod" park to hear the famous Philippini band in repertoire. The artists under their noted leader Don Philippini excelled themselves and won hearty rounds of applause for their skillful and tuneful performance.

Signor Paulini's baritone solo, "The Evening Star," was played as only a master can, and the applause and demands for an encore showed the appreciation of the audience.

Miss Susie Lehman sang a new solo song "Star of My Life." Her singing was a splendid feature and the audience did not get enough of it. Time and again the noted singer was called and as a last encore rendered in a fine manner "Stop! Stop! Stop!"

Signor F. Perno, formerly of the St. Paul Symphony orchestra, played in an artistic manner a beautiful cornet solo "Una La Creme." The sweet tone and harmonious melody were so blended in a rapturous accord that those who heard this famous master of the cornet were fascinated by his seeming magic touch.

Today a special program of interest to the little tots—and even grown-ups will be executed as follows:

March, Idora... Philippini  
Overture, Fra Diavolo... Auber  
Sultana, Oriental Dance... Volkner  
Madame Butterfly... Puccini (Intermission)  
March, Passeggiata... Vottarna  
Overture, Rue Blas... Mendelssohn  
Chinese Baby... Philippini  
Fantasia from Grand Opera... Tobani

EVENING, AT 8 P. M.

**PART I.**

Overture, I Vespri Siciliani... Verdi  
Cavalleria Rusticana... Mascagni  
Till's Serenade, Duet for Flute and French Horn... Till  
Sig. N. Briglia and A. Napoli Selection, Chocolate Soldier... Strauss (Intermission)  
March, Turca... Mozart  
Overture, Quinary... Gomes  
Soprano Solo, Selected... Miss Suzanne Lehmann  
The Glow Worm... Lincke

## ASK BANCROFT TO STATE SECRET

Boise, Ida., Aug. 9.—Wishing to ascertain definitely when the Oregon Short Line will finish the Owinza-Payette cut-off, the proposed main line of the Oregon Short Line to and through Boise, the officers of the Boise Commercial club, including its president, Leo J. Falk, Governor James H. Hays, and other prominent citizens, today addressed a letter to W. H. Bancroft, general manager of the road, courteously requesting definite information.

The Owinza-Payette cut-off leaves the Short Line at a point west of Potlatch, runs northwest to Richfield and then strikes off through the Camas Prairie country to High Prairie, Soldier, Boise and Payette, again joining the Short Line at the latter named city. The entire distance of the road is a fraction over 200 miles. It is claimed that it will afford the Harriman system a double-track, through the richest portion of southern Idaho, although the double track will radiate from one to fifty miles from the present main line of the Short Line. Actual construction work is now in progress at the eastern end.

## BETTER CARS ON SOUTHERN PACIFIC

The advocacy of clerk in the railway mail service, only a short time ago considered precarious because of the danger in case of wreck, is now a position that carries no greater hazard than that incurred by a passenger. Over the statistics recently compiled show that a passenger on a railroad may ride for 200 years at 60 miles an hour without being killed. Particularly on the lines of the Southern Pacific company is this statement true. On the first day of July, this year, every mail coach on the Southern Pacific that was not of steel construction was taken out of the service and today the mail clerks on the Southern Pacific ride in safety.

In the economy of railroad management there are still a number of wooden mail cars used, but they are simply the survival of the fittest, and will also soon be retired. But whenever used in connection with steel cars, they are attached to the rear end of the train.

Prior to the introduction of the steel mail cars the lives of the mail clerks were constantly endangered by being compelled to ride in wooden cars, directly behind the locomotive with many hundreds of tons of heavy cars behind them. In case of a wreck might have telescoped the lighter cars, crushed them into kindling, as has occurred at some bad wrecks.

The Southern Pacific mail clerks are more at ease since the change has taken place. Now they are safeguarded. Their cars are built of armored steel. Over their heads is a steel rod to which they can cling at the first intimation of a wreck and thus save themselves from shock or at least minimize it. The construction of the cars is such that they can roll over and over without danger of collapsing or being telescoped, nor can they burn.

## BLUEJACKETS FIGHT A FOREST FIRE

WASHINGTON, Aug. 9.—Perhaps for the first time in history, American bluejackets have figured in fighting forest fires. The occasion was a conflagration which threatened the destruction of York Beach, Maine, July 13. Boatswain's mate, J. J. McKenna, Ship Fitter J. W. Gestner and Coxswain G. W. Pyle, attached to the cruiser Montana, happened to be at York Harbor and they took a leading part in fighting the fire, thereby saving the town from destruction. Acting Secretary Winthrop has sent commendatory letters to each of the men.

Deputy Sheriff Scruggs of Evanston, Wyo., returned home yesterday with Nathan Stewart, who was arrested on Tuesday evening by the local police on the charge of uttering bad checks. At the police station he was identified as being wanted for forgery at Evanston, Wyo., and this being a greater crime than he was arrested for here, the officers of the sister state were notified, and Stewart agreed to return with them without requisition papers, to stand his trial at Evanston.

Sergeant George E. Kelsch of the fifteenth United States infantry from Fort Douglas, representing William Fitzgerald Camp No. 3 and J. E. Granger of E. O. Wedgewood Camp of Salt Lake were in attendance, and reported that the proposed annual to be given at Ogden Canyon on August 19th, under the auspices of the department of Utah, had been widely advertised in their city and stated that several hundred persons had expressed their intention of participating in the outing.

The famous Fifteenth Infantry band will be present and will arrive in Ogden about 2 o'clock on the afternoon of the day set for the outing. All the veterans from all parts of Utah will fall in line at the depot and headed by the band march to City Hall park where Mayor Glasman will extend a welcome to the visitors in the name of the city of Ogden. A band concert in the park will follow the reception, after which a short parade will be held through the streets during which the band will play martial and popular music. Following this the soldier boys and their friends will board the cars in readiness and proceed to the Hermitage where the picnic will be held.

Athletic sport of all kinds will be indulged in all afternoon and in the evening the Ladies' Auxillary of Harry A. Young camp will serve luncheon to all present. Later in the evening a dance will close the festivities.

The purpose of the outing is a worthy one—the raising of funds to send a delegate from Utah to the National Encampment which is to be held towards the latter part of this month at Oklahoma City. As the man chosen will take with him promotion literature of all kinds, which he will distribute among the 1,500 delegates, who will be present, his work will be a great boost for Utah, and will be fruitful of good results.

## VETERANS ARRANGE PICNIC PROGRAM

A large attendance was present at the special meeting of the various camps of the Department of Utah, United Spanish War Veterans held last evening at Armory hall. Commander O. Baxter of Harry A. Young Camp No. 2, U. S. W. V., presided and Department Adjutant Louis C. Meek acted as secretary of the meeting.

Sergeant George E. Kelsch of the fifteenth United States infantry from Fort Douglas, representing William Fitzgerald Camp No. 3 and J. E. Granger of E. O. Wedgewood Camp of Salt Lake were in attendance, and reported that the proposed annual to be given at Ogden Canyon on August 19th, under the auspices of the department of Utah, had been widely advertised in their city and stated that several hundred persons had expressed their intention of participating in the outing.

The famous Fifteenth Infantry band will be present and will arrive in Ogden about 2 o'clock on the afternoon of the day set for the outing. All the veterans from all parts of Utah will fall in line at the depot and headed by the band march to City Hall park where Mayor Glasman will extend a welcome to the visitors in the name of the city of Ogden. A band concert in the park will follow the reception, after which a short parade will be held through the streets during which the band will play martial and popular music. Following this the soldier boys and their friends will board the cars in readiness and proceed to the Hermitage where the picnic will be held.

Athletic sport of all kinds will be indulged in all afternoon and in the evening the Ladies' Auxillary of Harry A. Young camp will serve luncheon to all present. Later in the evening a dance will close the festivities.

The purpose of the outing is a worthy one—the raising of funds to send a delegate from Utah to the National Encampment which is to be held towards the latter part of this month at Oklahoma City. As the man chosen will take with him promotion literature of all kinds, which he will distribute among the 1,500 delegates, who will be present, his work will be a great boost for Utah, and will be fruitful of good results.

## THE NEW ZEALAND "TATTOOED ROCKS."

(From the London Globe.)

Mr. Clement Wragge, who has inspected what are known as the "tattooed rocks," on the coast near Rangoon, New Zealand, is distinctly of opinion that they are the work of neither Tamil nor Maori, but are the inscriptions of a very ancient race of sun worship people, antedating the advent of the Maori by untold centuries. The spiral circles, crosses and squares, he says, are most significant, and confirm his opinion that New Zealand has been inhabited by early man. He considers the inscriptions are probably connected with those at Easter Island and Central and South America, and are Atlantean or Lemurian in origin; further, that the Maori copied the spiral from the relics of ancient people, and did not initiate it.

## IT LOOKED GOOD TO HIM.

(From Success Magazine.)

The teacher was demonstrating the powerful corrosive effects of intoxicating beverages upon a stomach's lining. The class looked on with horror when she poured some 95 per cent alcohol on an egg, thereby causing it to shrivel and coagulate. The demonstrator was pleased to observe the interest displayed by the janitor, who had come in for the waste baskets. It was well known that he had need of such a warning.

"Ma'am," he said timidly, "wud you mind telling me where you buy yer klicker?"

The United Kingdom numbers more trade union members than any other country except Germany.

## EVANSTON OFFICER TAKES HIS PRISONER

Deputy Sheriff Scruggs of Evanston, Wyo., returned home yesterday with Nathan Stewart, who was arrested on Tuesday evening by the local police on the charge of uttering bad checks. At the police station he was identified as being wanted for forgery at Evanston, Wyo., and this being a greater crime than he was arrested for here, the officers of the sister state were notified, and Stewart agreed to return with them without requisition papers, to stand his trial at Evanston.

## YELLOW DOG OF DYKE SCATTERS GOLD

That ore strike of wonderfully rich gold ore on claims owned by S. L. Baker and A. M. Phillips of Salt Lake City at the camp of Dyke, situated in the Pine Forest range, and about ten miles west of Quinn river crossing, has aroused considerable public attention and many prospectors and mining men are going into that district, says the Humboldt Star. This camp has always been very attractive for prospectors on account of the many outcrops of ledges and large amount of float that is scattered over the hills and invariably carry good values in gold. However, the discovery of ore on the Baker & Phillips holdings that assays \$26,077.84 in gold to the ton has given renewed interest in the camp and that section is in line for a big mining movement.

S. L. Baker, the principal owner in the property on which the big strike was made, arrived from the camp Friday afternoon and corroborates what has been said about the wonderful showing.

He states that the strike was made on what is known as the Yellow Dog claim and that the first round of holes that were set off blasted out at least \$10,000 worth of ore, the most of the rich rock being scattered by the blast over the mountain side. At first, it was thought a great deal of the metal contents of the ore was a copper sulfide, but tests made at Winnemucca, Salt Lake City and Chicago have proved the metal contents of the ore to be mostly gold, with only a trace of the red metal.

Since the discovery of the rich ore Mr. Baker says that a shaft has been sunk to fourteen feet depth on the lead and they have a considerable quantity of this bonanza ore which they are sacking for shipment.

Mr. Baker brought in a large number of samples and there is no mistake as to their richness, for the rock is fairly covered with particles of gold.

R. C. Isherwood and C. E. Gansemer, who are interested with J. B. Fayant of Golconda in a group of claims at Dyke, were also arrivals from the camp Saturday and both are very enthusiastic over the future of that section. In speaking of the camp, Mr. Isherwood stated that they located their claims at some distance north of the Baker-Phillips strike, but nevertheless they are opening a vein about 200 inches wide that averages over \$200 to the ton. He says the camp has many prospects that have the earmarks of making mines.

In portions of the district considerable development work has been accomplished and wherever work has been done the veins show strength and have every indication of going down and the values continue down with the development work.

The camp of Dyke is very favorably located in the Pine Forest range, with plenty of water and fuel for milling and mining purposes. The camp faces the Quinn river valley, through which there is a stage line and big teams make regular trips hauling freight at very reasonable rates. The Miller & Lux Quinn River Crossing ranch is only about ten miles away, and at this place general supplies can be procured.

The Pine Forest range has long been noted as a great gold section, for outcrops of gold-bearing ore have been found at intervals covering at least forty miles in length. Maryville, New York canyon, Florence and Ash-dance are other gold camps in this range of mountains that have good showings of ore.
