DISTRICT COURT TO DECIDE BOUT

That the district court will be called upon to settle the question of wagers and the winner of the Harbertson-Dodge wrestling match that Dodge has certain. Harbertson has stated that he would institute suit today against Dodge, his manager and the promoter of the match to recover the money due him as winner of the bout.

A statement was given to this paper last evening by Harbertson, advising all stakeholders to hold the money until the court decides to whom it is rightfully due. Joseph Maloof, an Americanized Syrian, who refereed the match, stated that he had awarded the decision to Dodge on a seasons hold, claiming that the Greco did not use the strangle hold, as stated by those who acted as judges.

Ansel Coroles, the promoter of the match, has divided the net receipts, 60 per cent to Dodge and 40 per cent to Harbertson, according to the referee's decision. Harbertson has informed him to the effect that he is willing to meet Harbertson again, would post a substantial side bet and allow any disinterested athletic director or wrestler to referee the bout, regardless of the chosen referee's nationality.

THEATRE "CINDERELLA"

The present growth and the future possibilities of the motion picture were never more forcibly demonstrated in this city than was shown by the recent presentation for the first time in Ogden of that beautiful fairy drama, "Cinderella," with Miss Mabel Tallaferra playing the role of Cinderella. This picture play opened at the Globe theatre Monday afternoon, and will be seen for the last time this afternoon and evening.

Those who have seen Miss Tallaferra, or even her more talented successor, Miss Ida St. Leon, in the role of Polly in "Polly of the Circus," are in a position to appreciate the conditions which fit Miss Tallaferra for the role of Cinderella. To those who have been fortunate enough to witness an actual stage production with this demure little woman in the cast, even watching the presentation of the fairy play on canvas was almost like being in her very presence.

The motion picture drama of Cinderella was from one of the most popular of the several hundred versions of that old fairy story and the three reels of pictures required to present the tale were prepared by the Selig company. It required a large amount of special scenery and scores of actors to prepare the Cinderella pictures.

REVIEW. Starting Monday evening the Revier theatre inaugurated a new plan with regard to the performances at that house and packed houses for the past two nights would indicate that the plan is meeting with success. Instead of the two performances nightly, as heretofore, there will be but one performance.

The show this week is given in three parts and is well worth the admission price, which is charged for the show opens with a minstrel first part, during which a number of late and popular songs are heard. This is followed by an olio, consisting of a number of specialties in songs and comedy.

Weber and Fields' pleasing little musical comedy, "The Spanish Girl," is given as the third part. The comedy, which is presented by a company of fourteen people, runs about one hour. The songs "Kiss, Kiss, Kiss" and "Oh, You Beautiful Doll," are the hits of the musical comedy division of the bill. This show will be presented without change during the remainder of the week.

EAGLES' CLUB READY FOR USE

The member of Ogden Aerle No. 118, Fraternal Order of Eagles, will meet in their old lodge room on Twenty-fifth street for the last time tonight. On Thursday the work of removing the lodge's paraphernalia to the new quarters in the Hurst building on Hudson avenue will be started and the future meetings will be held in the new lodge room.

Owing to the fact that many of the clubroom fixtures have not yet arrived it will be impossible to hold the formal opening of the new club rooms before February 1, it is believed, but the meetings of the lodge can be held in the new quarters after tonight.

Elaborate preparations are already being made for the formal opening about the first of next month. There probably will be a large class of candidates for initiation and several hundred visiting Eagles from Salt Lake and Pocatello are expected to attend.

INVESTIGATE LAND TIMBER CONTRACTS WASHINGTON, Jan. 9.—An investigation of Indian land timber contracts held by the Weyerhaeuser interests and other large companies of the west is under consideration by the house committee on Indian affairs. Indians and other have complained that timber operators who contracted for the standing lumber have been cutting only the best of the timber and the remainder unsaleable and thus cutting down the income from the Indian lands.

CARELESSNESS IS CAUSE OF FIRE

What seems to have been a case of carelessness came near resulting in a serious accident in the business district last evening and gave the fire department from No. 1 station a hard fight when hot ashes started a blaze in the store of the Utah Cash Grocery company at 2264 Washington avenue about 7:30 o'clock. Officer Herrick discovered the blaze as it was starting and summoned the department.

According to the firemen, the ashes had been taken from the stove and placed in a pasteboard box, which was left in a rear room near a pile of empty sacks and other material which was ready food for the flames. When the firemen entered the building it was a completely filled with dense smoke that they had considerable difficulty in locating the seat of the fire. It required a large amount of water and chemicals to put out the fire but the damage was confined to a rear room. A few brooms and other articles stored in the room were destroyed.

UTAH NATIONAL ELECTS OFFICERS

The stockholders of the Utah National bank held their annual meeting yesterday and the subsequent election of directors resulted in the increase of the capital stock and the advance of R. E. Hoag from the office of cashier to that of president. A dividend of 12 per cent for the past year was also declared.

The following directors were chosen by the stockholders: R. E. Hoag, H. J. Peery, L. H. Peery, John E. Dooly, Jr., and M. V. Dooly. These directors then elected Mr. Hoag president and named H. J. and L. H. Peery as vice presidents. A. V. McIntosh was selected to take Mr. Hoag's place as cashier.

Mr. Hoag came to this city from Salt Lake about ten years ago to assume the duties of cashier of the Utah National. Under his directions the affairs of the bank have been carried on in a manner which has indicated that Mr. Hoag was exceptionally well qualified for the position of trust. During his long service the business of the bank has steadily increased. Mr. McIntosh, the new cashier, has been with the bank many years, having practically grown up with the institution.

The capital stock of the Utah National was increased from \$100,000 to \$150,000.

OGDEN MEN HAVE NICARAGUA LAND

The Nicaragua Investment company has filed articles of incorporation, the first officers and directors being M. L. De Julian, president; Chester E. Coulter, vice president; Herman J. Craven, secretary and treasurer, who, with Willard H. R. Van Fleet and Otto Waldman, form the directorate.

The company has a paid-up capital stock of \$200,000, divided into shares of the par value of \$1,000 each. In payment of the stock the incorporators have turned over to the company what is known as the "Indian Plantation" in Central America and other landed interests in that section of country.

The purposes of the company are to deal in lands and real estate mortgages and other lines of business connected with landed properties, together with handling timber interests in the tropics. Certain contracts and agreements for the purchase of lands under the Indian plantation and otherwise have been turned over to the company for valuable consideration.

WOMAN SERVES AS JUROR ON MURDER CASE SEATTLE, Wash., Jan. 9.—Mrs. Retta Dorr, the only woman on the jury that is hearing a manslaughter case, slept tonight behind a screen in the same room with the 11 men on the jury.

Mrs. Dorr had the attendance of a woman bailiff who occupied an adjoining couch. This arrangement was made when counsel for Joseph Bianchi, a city detective on trial for killing a prisoner who attempted to escape, objected to the jurors being separated.

GREAT COMEDY BILL AT THE ORPHEUM TOMORROW

Comedy by the bush-el can well be applied to the new bill which opens for three performances, beginning tomorrow night at the Orpheum Theater. The management promises it to be one of the most pleasing of the season.

JAMES DIAMOND AND CLARA NELSON

Thoroughly entertaining and refreshingly clever is the offering of James Diamond and Clara Nelson, the late comedian and prima donna of "Up and Down Broadway." They are a fascinating pair who introduce original songs, sayings and dances in a brisk and smart fashion that is aptly termed "Something New."

BROWN, HARRIS AND BROWN

Brown, Harris and Brown, who made such a hit in Ogden two seasons ago, will return with their melange of fun, which they style "Just to Laugh—That's All." Hank Brown, the senior member of the team, is one of the most original comedians in vaudeville. Viola Harris is among the best dressed women on the stage and an excellent vocalist. J. Sullivan Brown is always popular with his songs. The trio keeps the audience in hearty laughter during the entire time they are on the stage.

MR. AND MRS. JACK MCGREEVY

There is something refreshing about the title of "The Village Fiddler and the Country Maid," and Mr. and Mrs. Jack McGreevy make good any promise in their delineation of the characters. They do not even draw nor do they force comedy, but the laughs are there and in abundance. As the fiddler Mr. McGreevy is splendid and shows a rural type that is exceedingly droll. Mrs. McGreevy is delightful as the eccentric country maid.

CARYL WILBUR

Caryl Wilbur, who is playing his own playlet, "61 Prospect Street," has only just returned from a tour of the London music halls, where he gained the reputation of being the best light comedian on the English vaudeville stage. From London Mr. Wilbur brought with him Miss Marie Terry, who plays the opposite role in the little play. Miss Terry is a niece of the distinguished English actress, Miss Ellen Terry, and is herself a most capable player.

THE SIX BRACKS

The famous European athletes, the Six Bracks, who come to the Orpheum this week, have found something new. These six sturdy Teutons do things in Risley that would seem impossible. In ones, twos, threes and fours they fly about from one pair of feet to another and somersault to the floor in whirlwind fashion. The sextet's range in size from a husky lad of 17 to a six-footer of fine athletic build.

ABBOTT & WHITE

Abbott & White are a team of singers and piano players who furnish a quarter of an hour of delightful amusement. They are smart looking chaps. They harmonize well and inject an abundance of comedy into their character songs.

ESMERALDA AND VEOLA

Two pretty girls fetchingly gowned and singing and dancing in a most animated fashion are Esmeralda and Veola. They open activities with a smart little French song. One sings a recent song that is thoroughly American. The other does a dance that is very much on the acrobatic order and they close a neat and entertaining act with a dashing Spanish dance.

MOTION PICTURES

New excellent motion pictures will complete the big bill. Same program will run Friday night and Saturday matinee.

KANSAS ELECTS A DEMOCRAT

HUTCHINSON, Kan., Jan. 9.—George A. Neely, Democrat, was elected to congress today from the Seventh Kansas district to succeed the late E. H. Madison, Republican.

John M. Kinkle, chairman of the Republican district committee, conceded at 10 o'clock tonight the election of Neely over Frank L. Martin, Republican, by 1,200 to 1,500 votes.

John Graybill, chairman of the Democratic committee, claims the election of Neely by a majority of 2,000. Representative Madison was elected in 1910 over Mr. Neely by 5,000 votes. Today's election puts two Democrats in the house of representatives from Kansas. Jos. G. Taggart having succeeded the late A. C. Mitchell, Republican, in the second district. A light vote was cast throughout the district. In the fourteen counties that had reported up to 10:30 o'clock tonight, Neely had a majority of 1,425. The counties not heard from are small and will not change the result.

The seventh district derives some of its fame from the fact that it constitutes the major portion of the old district which the late Jerry Simpson represented in congress for six years. The Republicans have elected every congressman since Simpson's retirement in 1902 until today's Democratic victory.

WOULD NOT MISS CHANCE TO MARRY

BOISE, Idaho, Jan. 9.—Rather than miss a chance to remarry, a widow somewhere in the east put a shipping tag on her four little girls and consigned them to the Children's Home, Foundling institution in this city. The name of the mother is withheld by Superintendent Christian of the home, but he learned after an investigation that she had spent \$1,800 life insurance and \$1,600 left to the children by their father and wished to be relieved of their care. "To the Children's Home. Please care for these children," she wrote, and pinned the note on the dress of the oldest girl, aged 11, as she bundled them on to the train. The youngest was 4 years old.

With the little ones in charge Superintendent Christian left tonight for Minneapolis where an aunt has promised to give them a home.

DESTROYER TERRY HAD CLOSE CALL

NORFOLK, Va., Jan. 9.—Battered and crippled as the result of her severe experience at sea, the torpedo-boat destroyer Terry limped into port today with one engine working. A thrilling story of their battle with wind and wave was told by the crew, every member of which marveled that they were alive to tell the tale.

The Terry had been assigned to scout duty at a distance of about 300 miles to the northeast of the Children's war game maneuvers, and was somewhere off Cape Sable on the Nova Scotia coast when the storm struck her late Saturday. For 48 hours the little craft was almost at the mercy of the seas. The wind blew a hurricane, washing clean the decks of the

DESTROYER TERRY

destroyer and carrying away not only every lifeboat, but heavy boxes containing tools, etc., which were not fast to the decks. For two days there was nothing cooked on board the vessel, the 82 members of the crew having to live on canned goods while working incessantly at the pumps. All of the bedding and clothing was soaked, and when, on Sunday night, the Terry's steering gear was washed away, it looked as if the end had come. By heroic effort this was repaired and the destroyer's commander, Lieutenant Commander John C. Fremont, continued to keep the little vessel's head to the storm and keep her afloat.

Commander Fremont first intended to go into New York, but a wireless order from the battleship South Carolina directed that he proceed into Hampton Roads. It was 4 o'clock this morning when the Terry met the auxiliary cruiser Prairie, which conveyed her into the roads.

LIFE MEMBERSHIP FOR MRS. CLEVELAND

WASHINGTON, Jan. 9.—Mrs. Grover Cleveland, whose husband, the late President Cleveland, signed the original bill providing for the creation of national forests, was elected to a life membership of the American Forestry association at the thirtieth annual convention of the organization here today.

Governor Robert P. Bass of New Hampshire was re-elected president. A resolution was adopted recommending that the forest service be taken out of politics and placed upon a purely scientific basis.

Chief Forester Graves declared that despite the great advance of the forestry movement, the chief work of getting forestry into actual practice still lies before us.

Governor Bass in his annual address spoke of the good results from the cooperation of states with the national forest service and urged the practice of forestry on private lands.

Among those chosen as vice presidents were former President Roosevelt, former Forester Pinchot, Secretary of Agriculture Wilson and Secretary of the Interior Fisher.

Otto Labbok of this city was re-elected treasurer.

MME. TINGLEY CASE ATTRACTS CROWDS

SAN DIEGO, Cal., Jan. 9.—Crowds gathered today to listen to the testimony of Arthur G. Frisbie of Fresno, Cal., in the suit whereby George L. Patterson, son of Mrs. Harris P. Thurston, seeks to break the will which his mother left \$247,000 to Madame Katherine Tingley, head of the Universal Brotherhood and Theosophical society.

Frisbie is a member of the "inner circle" of the society, and of an organization known as the "E. T. S." It was expected that there would be evidence of inner workings and mysteries.

Frisbie told those who listened with bated breath that "E. T. S." meant "Eastern Theosophical School." That was all he told about the organization.

VIOLATOR GAME LAW FINED \$25

District Game Warden A. H. Moyes arrested a man at Unith Monday for shooting quail out of season. The offender would give the officer no name other than John Doe but it has been learned that his name is Moore and that he is a resident of Salt Lake.

DETECTIVES AFTER ANOTHER ROBBER

SEATTLE, Wash., Jan. 9.—With John McNamara under arrest in New York and Charles Dean held at Los Angeles, charged with the robbery of the New Westminster, B. C., branch of the Bank of Montreal, last September, detectives are directing their efforts to the capture of Albert Anderson, alleged to be the third member of the gang, and to the recovery of the \$230,000 of the loot not accounted for. The fact that the bank robbers hid \$25,000 of the stolen notes under a sidewalk near the bank, leads the detectives to believe that more of the money has been cached in New Westminster or Vancouver and men are going over the ground there investigating clues they hope will result in finding it.

Seattle detectives who have trailed the bank robbers, discount the statement attributed to Frank Holloway, under arrest in Chicago, that he participated in the New Westminster robbery. They investigated Holloway's story last October.

John Bozok, an Illinoiser held in jail at New Westminster charged with receiving stolen money, has no part in the robbery, the detectives say. He brought a package containing \$4,000 of the stolen bills, paying a boy \$4 for them. The boy found them in a ravine where they had been dropped by the thieves.

FEDERAL INQUIRY OF SELLING GIRLS

LOS ANGELES, Cal., Jan. 9.—Federal inquiry into the alleged selling of girls in the local Russian colony began today in the office of Immigration Inspector Charles T. Connell behind closed doors. More than a dozen of the leaders of the Russian quarter were questioned by the inspector.

It was stated by the federal authorities that if it was shown that there actually had been a sale of girls by the Russians, that the sellers as well as the buyers would be prosecuted under the law prohibiting trafficking in women.

DR. WEBSTER TO PLEAD GUILTY

OREGON, Ill., Jan. 9.—Dr. Harry Elgin Webster of Chicago, facing trial for the murder of his wife, Bessie Kent Webster, will plead guilty before Judge R. S. Farren in the Ogle county circuit court Friday.

This announcement was made today by counsel for Webster. It followed a conference held a week ago with State Attorney Emerson of Ogle county, in which the evidence was carefully gone over by both the prosecution and the defense.

No agreement has been made that less than the death penalty shall be imposed, but friends of Webster think the sentence will be life imprisonment.

His counsel are preparing to present a plea in mitigation when their

Wives Can Preserve Joys of Courtship

"Aunt Ruth" in Woman's Realm. "Every married woman should pay the same attention to her personal appearance that she did in her sweet-heart days. Men admire well kept hair. Yours will be made light, fluffly and beautifully lustrous by dry shampooing, which is far better than soap and water. Put a cupful of corn meal in a fruit jar, and the contents of a small original package of the rox, and shake well together. Just sprinkle a little on the hair and brush thoroughly through the hair. Use face powder sparingly, if at all. To keep the skin soft and lovely and prevent growth of hair, gently massage the face, neck and arms with a solution made by dissolving an original package of mayatone in half a pint of witch hazel. Mothers often lose their good looks through worry. If you have 'croupy' children, or if they suffer from colds and catarrh, use Mother's Salve. You should have it ready for accidents, anyhow, for it is a truly wonderful healer of cuts, burns, sores, sprains, pains and aches."

MARRIES DAUGHTER OF CONVICTED WOMAN

SAN DIEGO, Cal., Jan. 9.—Friendly interest in a woman in the hands of the law, transfused into love for her daughter, led to the marriage of Miss Evelyn Dunbar, 18 years old, and Arthur Gabriel, a business man, which was announced here today.

Gabriel met Miss Dunbar in the course of the trial of her mother, Mrs. Rose E. Bowers, recently convicted here of defrauding a music company through forged piano contracts.

When the mother went to San Quentin penitentiary to serve her sentence of one year, Gabriel's faith and interest in the daughter increased, and the two were married.

SAILOR BURKE DELANEY IN FIGHT

NEW YORK, Jan. 9.—"Sailor" Burke, concealing fully ten pounds, defeated "Soldier" Delaney, the heavy-weight, in a ten-round bout in Brooklyn tonight.

The Board of Control at Montreal, Can., favors increasing the wages of civic day laborers and carters by five per cent, to \$2.10 and \$3.15 respectively.

More than 75,000 workmen are said to be now idle in Illinois.
