# OGDEN WILL HAVE NEW SURGEON

Mrs. J. M. Greer, formerly Miss Sannie Rasmussen, has arrived in Ogden from St. Louis and is going to spend the summer with her father, O. D. Rasmussen. Dr. Greer will locate in Ogden in about two years and limit his practice to surgery and diseases of women. He is at present acting as private hospital assistant to the firm of Bartlett & Blair, two very noted surgeons in the east, and before coming to Ogden he expects to do special work in the Mayo clinic at Rochester, Minn.

**THE AMERICAN FLAG.** (By Le Roy J. Lishman.)  
O Flag, undo thy honored folds  
To float upon the breeze,  
What mast in all dominion holds  
More meaning stripes than these?

For justice stands the navy field  
Where states have each a star;  
In white is peace, the nation's shield,  
Against the hand of war.

And red, the stain upon the white,  
Is blood of servants brave,  
And stands for love and every right  
That God His children gave.

The stripes are for the thirteen states  
That freed for us the land,  
They raised the flag, and from thro dates  
A nation great and grand.

O Freedom's flag, we look above  
And smile to see thee wave,  
With loss of life and friends we love  
We'd serve thee to the grave!

When in thy stars' soft gilded light  
The martial breeze play,  
Or thunder cannon shake the night,  
To thee we leave the day.

Our trust and faith we give to thee,  
Sweet natal flag of yore,  
That thou might wave on land and sea  
Thy stripes forevermore.

In triumph dost thou fly today,  
Freed from the storm and blast;  
Thy stars illumine the nation's way  
And shine in peace at last!  
Ogden, Utah, July 3, 1912.

# THE ROOSEVELT CLUB ROLL

We, the undersigned, believe in the principles of the Progressive Republicans, and recognize in Theodore Roosevelt the embodiments of those doctrines which tend to place human rights above the plutocratic, aristocratic and monopolistic tendencies of the present time and we believe that by virtue of his great experience he is better equipped than any other at the present time to lead the big fight for the common people. We hail him as the great champion of our cause. We, therefore, enroll ourselves as members of the Roosevelt Club of Weber county, and pledge ourselves to stand firmly by our champion so long as he shall represent and lead the great battle for clean politics, the regulation of big business, the suppression of monopolies, the punishment of corporation violators of the law equal with the poor man's son; the return to the people, the right to rule by the adoption of the initiative, referendum, the recall, and the nomination of presidential and other candidates for office by direct vote of the people.

Cut the above out and paste a sheet of white paper to it and get a number of signatures.

# OUTING FOR THE POOR OF THE CITY

On Tuesday afternoon the local Salvation Army corps gave one of the most successful outings for the poor mothers and children that has ever been conducted in Ogden. At 10 o'clock in the morning in the morning several autos drew up at the Salvation Army hall on Twenty-fifth street, and between seventy-five and one hundred eager women and children "plied" in and were whisked to Glenwood park, where the outing was held.

There was an abundance of refreshments for all and before the afternoon was over every child had eaten so much ice cream and fruit and drunk so much soda water and cherry punch that they only shook their heads when offered anything more. At about 4 p. m. the merry but tired people were brought back to the city to rest and dream of the day's fun. The army officers wish to thank the ice cream dealers, produce men and all who donated for the outing for it is to a great measure their kindness that has made the outing such a success.

The children were taken out by Messrs. Ed Guernsey, L. G. Kelly and Mrs. O'Connell in their autos. These friends gave up their work and business for an hour in the morning and afternoon to take the picnickers out and back.

# OGDEN THEATER

With the Friday night performances of the present excellent bill, Manager Ellwood brings to this popular playhouse Saturday matinee, July 6, one of the best high-class vaudeville bills of the season, headed by Mr. Morris Golden, America's foremost violin artist, now appearing before the public and it might be well to state that his musical program is one that has been carefully selected and which will be eagerly appreciated by the music-going public.

Miss Grace DeWinters who bills herself as the English Kid Ventriloquist, will add some surprises to her audience with the excellent and spicily line of talk her little knee figures converse in. This little lady is the only lady in the world who has accomplished the art of ventriloquism and her articulation and different voices indulged in by her twelve minutes of entertainment is the richest of its kind.

The Kidders, a man and woman, with special scenery, present that laughable comedy skit, "When the Circus Comes to Town," repeated with good comedy, singing and dancing, which will add materially in the comedy line. Starting July 6 is "Fly Week," each and every boy or girl under the ages of twelve years catching and bringing one hundred flies to the theater before six o'clock daily will receive a complimentary ticket to the performance.

New motion pictures and the Ogden Theater Orchestra will be in evidence, Saturday Matinee at 2:30.

# DEATHS AND FUNERALS

**M'DOWELL**—The body of Oliver P. McDowell, former resident of Weber county, whose death occurred at Provo, was brought to Ogden yesterday afternoon over the Denver & Rio Grande. The cortege formed at the Union station and proceeded direct to Mountain View cemetery. The committal services were performed by the Rev. Frederick Vining Fisher.

**EVANS**—The body of the man who died at the European hotel Monday afternoon was yesterday identified at the Kirkendall Undertaking parlors as that of William Evans. All efforts to find a trace of relatives have thus far proved futile and it is thought he has no living relations in this country. Evans was a familiar character on the streets of Ogden, having made his home here intermittently for the past fifteen years. Funeral services will be held at the Heaton-Kibbenhall parlors at 10:30 tomorrow morning.

**COWLES**—With the rituals of the Grand Army of the Republic, the Women's Relief corps and the Ladies of the G. A. R. added to the regular church obsequies, impressive funeral services for William Henry Cowles were held in the Fourth ward chapel yesterday afternoon. Bishop E. A. Olsen had charge of the services, and touching eulogies to the life and character of the departed veteran were paid by Bishop Levi Taylor of

# STREET CAR EXTENSION BLOCKED

It had been expected that the city street department would have had built before this time a concrete bridge across the Bench canal on Twenty-first street, between Jackson and Van Buron avenues, but it has not been accomplished. This may be the means of the street car extension on that street not going farther east than the canal until the bridge is erected. Superintendent Joseph W. Bailey states, however, that the company may go ahead and build the culvert and continue the road farther east, or at least place a temporary bridge of wood over the ditch. It was decided some time ago that a concrete bridge should be built and it was tacitly understood, says the superintendent, that the city would build it before the completion of the Twenty-first street car line extension.

The company is pushing the grading on Twenty-third street, east of Adams avenue, and the roadbed will be ready for the ties and rails by the time the Twenty-first street line is completed. The Bench canal crosses Twenty-third street but at a point far west of the Twenty-first, and it is in the same condition regarding bridge work.

The engineering department of the city drew blue prints for the two bridges some time ago and submitted them to the street car company for approval. The plans were satisfactory to the rapid transit people and they expected that contracts for the construction would be let at an early date. This, however, has not been done. The city engineering department claims that the concrete bridges were to be built by the street car company.

# APPOINT A SPECIAL OFFICER

Monday night M. S. Browning informed the city commissioners that a merry-go-round was being established across the street from his home and that he desired the city officials take steps to prevent it. Mr. Browning stated in his communication that such means of amusement near his home would be disturbing.

The matter was referred to T. Samuel Browning, superintendent of public safety, and today the commission reported that arrangements had been made by which the merry-go-round would be permitted to go merrily round until July 6, when the machine would be removed. This agreement was satisfactory to the board of commissioners and it was ordered that the music be permitted to continue this summer.

Local Manager S. T. Whitaker petitioned the commissioners this morning to appoint W. E. Roberts, foreman for the Utah Light & Railway company at the gas plant in the city, a special police officer without pay.

On the recommendation of Commissioner T. Browning, superintendent of public safety, the appointment was made. The company represented by Mr. Whitaker desires someone at the gas plant clothed with official authority in the matter of making arrests, so as to properly protect the interests of the company. The plant is in the vicinity of the railroads and often undesirable persons trespass on the grounds and indulge in petty stealing.

Tomorrow being a legal holiday, the commissioners passed a resolution to the effect that the next meeting of the board shall be held on Friday, July 5. In their defense of Brown Attorneys D. D. Houtz and Lewis A. Larsen contended that the killing was justified in two ways: that Dubois assaulted Brown with rocks immediately prior to the shooting, and that for many months previous Dubois had paid flagrant attention to Mrs. Poose Empey, utterly forsaking his wife and wrecking his own home and driving his father-in-law to desperation.

# CANNING THE CHERRY CROP

Manager J. M. White made a trip to Detroit yesterday to investigate the condition of the cherry crop, with a view to ascertaining whether the fruit growers' association there will expect the Utah Fruit exchange to handle any of the crop in carload lots. He states that there are many cherries in the Peach city, but that they are being placed on the local market so extensively that there is little necessity for shipping in large quantities. Other sections are in about the same condition and it is quite certain that the Exchange will not have the opportunity to make anything like heavy shipments this year. The crop is good in all sections, Mr. White says, but the home demand is heavy.

Of the cherries that are coming to the canneries, the managers of the factories say there is quite a large percentage of the fruit that has to be thrown away because of the halibut disease, otherwise the cherries are of little better grade than last year. The canneries are busy at this time with the early crop, but the bulk of the cherries will be handled at a later date.

**STOCK EXCHANGE EMPLOYES RECEIVE INCREASE IN WAGES.**  
New York, July 3.—All employees of the New York Stock Exchange will receive an increase in wages on July 15. The raise affects about 350 persons. This is said to be the first general increase for thirty years and comes as the result of the higher cost of living.

**Stock Market Under Pressure.**  
 New York, July 3.—Following the conclusion of the second of the great party conventions the market opened strong today. Gains of one to two points were made by many securities, with particular strength in steel, Union Pacific, Canadian Pacific, the Hill issues and Brooklyn Transit.

By midday however, the market reacted almost violently, gains quickly turning to losses, with especial weakness in the speculative favorites. Bonds were heavy.

The feature was steel in a block of 5,000 shares at 72 3-8 to 73 1-2, a maximum one-point gain. Advances of one to two points were recorded by Reading, Union Pacific, Canadian Pacific, Brooklyn Transit and National Lead.

Pressure ceased at midday and there was some covering by shorts which rallied prices from half to one point. The market closed irregular. The market followed the lead of the Hill issues in the last hour. The leaders and American Tobacco continued under pressure.

from last night as the market taken altogether, touched \$1.03 7-8 and then declined to \$1.02 1-8@1.03 3/4.  
 Corn suffered from lack of support. Short sellers pounded the market, taking advantage of the wheat weakness. September opened 1-3c to 1/4c down at 71c to 71 1-8c and dropped to 70 3/4c.  
 There was a heavy feeling in the oats trade consequent on the depression of other cereals. September, 1-8c to 1/4c off at 25c to 28 1-8c, and declined to 27 3-8c.  
 Provisions showed firmness at first as a result of an advance at the yards, but the market met with plentiful selling orders and soon receded. Initial transactions varied from a shade lower to 2 1/2c up, with September delivery \$18.80 for pork, \$10.90@10.92 1/2 for lard and \$10.57 for ribs.
