ELECTRIC LINE AIDING THE STUDENTS

Principal Henry Peterson of the Ogden High school and representatives of the Box Elder board of education are holding a conference today with the directors and managers of the Ogden Rapid Transit company in an effort to obtain cheap transportation for Box Elder county students of the high school situated in Brigham City.

Mr. Peterson was superintendent of the Box Elder county schools when he accepted the principalship of the Ogden High school and he is exercising his best efforts for the good of the schools to the north. He states that the Brigham High school is a part of the county school system of Box Elder county and that the board of education there feels that all students eligible for the scholarship in the high school should have the opportunity of attending, even though the school board be called on to pay their care.

KILLED ON WAY TO SMALL FIRE

Holyoke, Mass., Sept. 5.—A fire in a steamer trunk last night cost the life of Patrick J. Reilly, chief of the Holyoke fire department. Reilly was riding to the fire in an automobile when a horse wagon struck the machine, throwing Reilly out and causing injuries which resulted in death.

SOCIALIST DIES; ONCE SECRETARY

New York, Sept. 5.—William Mallory, who in 1903 and 1904 was national secretary of the Socialist party and for several months past associate editor of the Metropolitan Magazine, is dead at his home here of diabetes, aged 41 years.

Valuable Discovery in Complexion Beautifier

(From the Home Maker.) Because of its peculiar power of absorption, also because it serves every emollient purpose, ordinary medicated wax is perhaps the most valuable complexion beautifier discovered within recent years. If one uses this she needs no toilet cream. Some use powder afterward, but this is not necessary and is inadvisable, particularly when one perspires freely. This rule for applying mercurized wax has been found very satisfactory: Wash the face with warm water, drying lightly. Before thoroughly dry, anoint face and neck with the wax, but don't rub it in. The favorable way is to use before retiring, allowing it to remain on all night, and washing it off in the morning with warm water. All druggists have this wax in original one-ounce packages. For the removal of a wrinkled or flabby condition there is a solution made by dissolving 1 ounce powdered salolite in 1-2 pint witch hazel. Beneficial results are quickly noticeable.

BULL MOOSE IN A PUBLIC CEREMONY

Plan on Foot to Initiate a Real Bull Moose in Honor of the Visit of Colonel Roosevelt, on Sept. 13, Is Prematurely Disclosed by the Sheet of the Elephant Party.—But Ceremony Will Take Place Just the Same.

Last evening the society of the Bull Moose rehearsed the ceremony for the public initiation to be given on September 13th, for the benefit of Colonel Roosevelt when he visits Ogden. It was intended to give the public ceremony at the auditorium, charging an admission fee and thus obtain sufficient funds to finance the Progressive Party campaign in Weber county.

The editor of the Elephant sheet became jealous because he could not wear the robes of a Bull Moose and be the man who wields the big bowie-knives and also because the ceremony was rehearsed at the Standard office instead of at the Examiner's office.

However, it requires 500 people to pull off the big stunt, and the plans for the Big Moose ceremony will be continued and the general public will be given an opportunity to see how a Bull Moose is given his antlers.

The ceremony again will be rehearsed in a few days in some large hall, and if the editor of the Elephant sheet will submit himself as a candidate, this paper will promise in advance that he shall be the goat for the great Moose festival on September 13. This paper further promises that the great audience will be delighted and pleased and convulsed with laughter, even if the Elephant editor fails to appreciate the fun.

Of course, it is out of the question now to initiate Teddy. The butt-in-ski sheet has spoiled that. But a substitute will be furnished, even if the Elephant editor should fail to develop sufficient courage to present himself.

The sheet should be ashamed of itself for "butting-in" on what was intended to be a surprise by the Moose herd for its great leader.

DEMOCRATS TO MEET ON SEPT. 14

The Weber county Democratic central committee held a meeting yesterday afternoon in the headquarters of the Wilson-Marshall club and it was decided to issue a call for the county convention to be held in the above club rooms Saturday, September 14, at 11 o'clock a. m.

The convention is to place in nomination candidates for the following offices:

One state senator, four representatives to the state legislature, county clerk, recorder, sheriff, treasurer, attorney, assessor and surveyor, and to select a county central committee.

The basis of representation is one delegate for each 25 votes or major fraction thereof, cast for T. S. Brownling for state senator in 1910, which gives a total of 123 delegates, apportioned among districts as follows:

Ogden City: First ward, First district 5, second, 5, third 4, fourth 2, second ward, fifth 5, sixth 4, seventh 1, third ward, eighth 5, ninth 5, tenth 3, thirteenth 7, fourteenth 6, fifteenth, fifteenth 7, sixteenth 11, seventeenth 7.

The Ogden primaries for the election of delegates to convention will be held on Friday evening, September 6, at 8 o'clock. While these primaries are called by wards, the committee recommends that delegates be selected by districts.

County precinct chairmen are requested to see that primaries are held for the election of delegates, and that candidates are named for justice of the peace and constable.

PRECIOUS METALS ARE TEMPERED

Salt Lake, Sept. 5.—C. B. Williford, president of the Precious Metals Tempering company, with general offices in New York city, is in Salt Lake for the purpose of establishing a western distributing center for the products of the concern.

Until five months ago Mr. Williford was president of the Farmers & Mechanics bank of Twin Falls, Ida., and was director in the Bank of Hansen, situated in the same county. He is at the Semhol hotel for a few days while looking over this territory preparatory to making decision as to the location of the distributing house. Speaking concerning the business of his company, Mr. Williford yesterday said:

"We own the world rights to a brand new discovery in metallurgy. The process is the result of years of scientific study and experimentation by Dr. C. L. Vaughn and Prof. A. L. Thurston of New York. Dr. Vaughn died a few years ago and the results of his study have been carried forward and enlarged upon by Professor Thurston, a noted metallurgist of New York."

"By the process that these two scientists have evolved we temper gold, silver and copper so that either metal is capable of taking on a sharp edge and retaining it. We do not pretend to have rediscovered the lost art of hardening copper, but we do know that our process will render gold, silver and copper sufficiently hard to serve many useful purposes to which it has heretofore been impossible to put them."

"Our products are especially valuable in surgery. It has been one of the pursuits of surgeons for many years to obtain instruments which would provide in the metal itself the

CANNERIES OF COUNTY ARE IDLE

Tomato canning is again delayed by the cold nights and stormy weather. It was expected that the work of putting up the big crop of tomatoes would begin today, but the canning factories report that the wheels will not turn until the beginning of next week. The crop is not ripening rapidly.

Some peaches and pears are being canned at this time, but nearly all the canneries of the county are closed today.

CHILD INJURED BY BUGGY HORSE

Claude Norman Porter, aged 4, son of William L. Porter, Jr., of Salt Lake, met with an accident at Twenty-first street and Washington avenue yesterday evening, which came near proving fatal. The youngster fell from a buggy and before he could be rescued from danger the horse trampled him, fracturing his skull and cutting his scalp in a serious manner.

The boy and his father had been visiting the former's grandfather, W. L. Porter, Sr., 2001 Douglas avenue, and in the evening had driven down

RETAIL DRUGGISTS HAVE ORGANIZED

The local druggists have organized an Ogden branch of the National Association of Retail Druggists, the purpose of which is to secure more favorable legislation and to better the general conditions surrounding the retail drug trade throughout the country.

George Cave is president of the Ogden organization; Charles Driver, vice president, and A. R. McIntyre, secretary. Meetings will be held the first and third Mondays in each month.

Those who have interested themselves in the local movement are George Cave, A. R. McIntyre, Charles Driver, Drew Marshall, Joseph Cave, June Clark, Thomas Carr, John Cutler, Robert Mayers and M. Estbridge. The Ogden organization will meet at the Weber club the first and third Mondays in each month.

DON'T SUFFER FROM ECZEMA

A new treatment has recently been discovered by a prominent physician which is guaranteed to cure all skin diseases or blemishes. This new treatment is called Hokara and is not only greaseless and antiseptic, but contains no lead, mercury or anything that will injure the most delicate skin.

Wonderful and gratifying results follow its use and it is guaranteed to quickly relieve and cure the most obstinate and chronic cases of eczema, pimples, ulcers, itch, piles, etc. Get a jar today and if not satisfactory when used as directed we will return your money if you will bring back empty jar.

Liberal jar 25c, larger sizes 50c and \$1.00. A. R. McIntyre, local agent.

COUNTY MASS CONVENTION

Called For Next Wednesday at Court House, at 2 P. M. Sharp—County Candidates on the Progressive Ticket Will Be Named By the People Direct at Nomination Elections.

The Progressive central committee met at the office of the county chairman, J. M. Foristall, east of the Utah National bank building, last evening, and unanimously voted to call a mass convention of the Progressive party of Weber county for next Wednesday afternoon at 2 o'clock, in the court house up stairs, to elect forty delegates and forty alternates to attend the state convention of the party to be held in Ogden September 13, which convention will be addressed by Colonel Roosevelt, at 3:45 o'clock in the afternoon.

The Progressive party will have no county convention to nominate county officers. The candidates on the Progressive ticket for county officers will be nominated at primaries instead of by the delegate system.

The primary election will be open from 2 p. m. until 8 p. m., and the people will vote for their choice direct, instead of electing delegates to choose their candidates.

The mass convention on next Wednesday is necessary to elect delegates to the state convention, and after this state convention meets, the party will be completely organized, and in the future Progressive state candidates will be voted for direct by the people instead of by delegates.

Large delegations are expected to attend the convention from all sections of the state and the program which has been prepared is a most attractive one. Rev. Zimmerman states that this will be by far the most successful convention that the local church has held, both in attendance and the nature of the program, which is as follows: Tuesday Afternoon—Religious Education Session.

2 o'clock—"Devotional Bible Study," Dr. C. A. Cook.

2:20—"The Organization, Management and Equipment of a School of Religious Education," Director D. C. Williams.

3—"The Essentials of a Sunday School Curriculum," Dr. S. Z. Batten.

3:45—"How to Train the Sunday School in Stewardship," Dr. C. A. Cook.

Each address will be limited to 20 minutes and will be followed by a 15-minute conference.

4:30—Special committee meeting. Evening—Young People's Session.

7:30—Praise service, Miss Hazel Hart, Tremonton.

7:45—Report from national convention, Toledo, Miss Nellie Dunsmore, Ogden.

8:15—Special music, Business.

8:25—Address, "A Forecast for the Work in Utah," Rev. D. C. Williams, director of Sunday school and young people's work.

Wednesday—Morning Session.

9:30—Devotional, Floyd T. Barkman.

9:10—Inspirational service, Charles A. Cook, D. D.

9:30—Appointment of committees on enrollment and nomination.

9:35—Reading of church letters.

10—Address, "Why Did You Let Us Down," Miss Peterson of Japan.

10:30—Report of committees on enrollment and nomination.

10:45—Election of officers.

11—Annual sermon, Rev. J. G. Pulliam.

12—Adjournment.

CONVENTION OF UTAH BAPTISTS

Rev. H. D. Zimmerman and a committee of Baptist church officers are arranging for the annual Utah Baptist convention, which is to be held in this city September 24-26, at the First Baptist church.

Large delegations are expected to attend the convention from all sections of the state and the program which has been prepared is a most attractive one. Rev. Zimmerman states that this will be by far the most successful convention that the local church has held, both in attendance and the nature of the program, which is as follows: Tuesday Afternoon—Religious Education Session.

2 o'clock—"Devotional Bible Study," Dr. C. A. Cook.

2:20—"The Organization, Management and Equipment of a School of Religious Education," Director D. C. Williams.

3—"The Essentials of a Sunday School Curriculum," Dr. S. Z. Batten.

3:45—"How to Train the Sunday School in Stewardship," Dr. C. A. Cook.

Each address will be limited to 20 minutes and will be followed by a 15-minute conference.

4:30—Special committee meeting. Evening—Young People's Session.

7:30—Praise service, Miss Hazel Hart, Tremonton.

7:45—Report from national convention, Toledo, Miss Nellie Dunsmore, Ogden.

8:15—Special music, Business.

8:25—Address, "A Forecast for the Work in Utah," Rev. D. C. Williams, director of Sunday school and young people's work.

Wednesday—Morning Session.

9:30—Devotional, Floyd T. Barkman.

9:10—Inspirational service, Charles A. Cook, D. D.

9:30—Appointment of committees on enrollment and nomination.

9:35—Reading of church letters.

10—Address, "Why Did You Let Us Down," Miss Peterson of Japan.

10:30—Report of committees on enrollment and nomination.

10:45—Election of officers.

11—Annual sermon, Rev. J. G. Pulliam.

12—Adjournment.

COMPLETING THE CANYON ROAD

Chairman Oscar Madison of the county board of commissioners states as soon as the work of macadamizing the Riverside road is completed, a force of men will be placed on the unfinished road near the power dam

In Ogden canyon. There is about a quarter of a mile of road at that point which was not finished at the time the Utah Light & Railway company was placing a concrete extension of the dam across the road. The work is completed now and the commissioners are anxious to finish the canyon road that leads to Huntville. When this little piece of road is surfaced, Huntville and Ogden will be connected with an unbroken macadam road.

AWAY WITH CATARRH A FILTHY DISEASE

A Safe Old-Fashioned Remedy Quickly Relieves All Distressing Symptoms.

If you are subject to frequent colds or if you have any of the distressing symptoms of catarrh, such as stuffed up feeling in the head, profuse discharge from the nose, sores in the nose, phlegm in the throat causing hawking and spitting, dull pain in the head or ringing in the ears, just anoint the nostrils or rub the throat or chest with a little Ely's Cream Balm, and see how quickly you will get relief.

In a few minutes you will feel your head clearing, and after using the Balm for a day or so the nasty discharge will be checked, the pain, soreness and fever gone, and you will no longer be offensive to yourself and your friends by constantly hawking, spitting and blowing.

Shake off the grip of catarrh before it impairs your sense of taste, smell and hearing and poisons your whole system. In a short time you can be completely cured of this distressing disease by using Ely's Cream Balm. This healing, antiseptic Balm does not fool you by short deception relief, but completely overcomes the disease. It clears the nose, head and throat of all the rank poison, soothes, heals and strengthens the raw, sore membranes, making you proof against colds and catarrh.

One application will convince you, and a 50-cent bottle will generally cure the worst case of catarrh. It is guaranteed. Get it from your druggist today.

INSPECTING THE SHORT LINE

John D. Isaacs, consulting engineer for the Harriman lines, spent several hours in this city yesterday, in company with Carl Stradley, assistant general manager and chief engineer for the Oregon Short Line, he left in a private car with passenger train No. 3 for Pocatello yesterday afternoon.

"We are going to make a thorough inspection of the main and branch lines of the company in Idaho," said Mr. Isaacs yesterday. "Of course, I have been over most of the lines there before, but I haven't been over the branch lines. Mr. Stradley will be along to help me to get a fair idea of what is needed in the way of improvements, so that I can put the matter before the authorities in New York in an intelligent way. It has been hard for us to realize the growth of this country and especially of Idaho, but we shall endeavor to have the road grow as it is needed by the rich and rapidly developing agricultural districts."

"I find the Oregon Short Line in excellent condition and wish to put in a good word for W. H. Bancroft and his assistants. They certainly know how to build, equip and keep up a railroad. There isn't a better road-bed or a better operated railroad in the country than the Oregon Short Line. I haven't come in contact with any inefficient man on Mr. Bancroft's staff."

"The work of inspecting the lines of the Oregon Short Line probably will require about a week, but if it requires two or three weeks we shall complete the inspection. We shall run special from Pocatello and be deliberate and thorough in our work on every part of the line."

FIRST REQUIREMENT. "Dobbs says he thinks his wife could easily learn to swim."

"Why?" "Because she's a good kicker."

LABOR NEWS OF ALL COUNTRIES

Toronto, Can., scavengers have organized a union. The title of the new organization will be "Cart Owners and Drivers' Union," under the jurisdiction of the International Teamsters' Union.

In the lace and lingerie industry of Florence, Italy, the work day for women, established by law, is ten hours. Hand embroiderers receive 40 to 50 cents and lacemakers 45 to 55 cents a day.

The United Cloth Hat and Cap Makers' Union has decided to make a demand for the abolition of the custom of the workers supplying their own machines, and for a half holiday on Saturday all the year round.

For the quarter ending June 30, 1912, the Amalgamated Association of Iron, Steel and Tin Workers paid \$2,300 as sick and accident claims, the average benefit being \$24.69. For the same period the association paid \$1,300 as death claims.

At first the German unions doubted the wisdom of admitting women to membership, but they found it necessary, however, to prevent them from lowering the wages of all. Now, not a union but what is open to women as well as men.

The strike of stevedores and freight handlers that recently stopped all traffic at the Port of Malaga, Spain, has been won by the workmen. The employers yielded to the union demands regarding a higher scale of wages and more pay for overtime.

The International Mercantile Marine company has voluntarily increased the wages of the longshoremen from 20 cents to 22 cents an hour, with special rates for overtime and Sundays and holidays, effective September 2. It is said that all other trans-Atlantic lines will follow the same course. About 6,000 men are affected.

Independent Meat Co.
