

# WEBER CLUB HOLDS ANNUAL ELECTION OF OFFICERS

Judge Heywood Re-elected—Good Work of Club for Ogden Pointed Out.—Four-State Fair Endorsed and Railroad Rates Equal to Salt Lake Were Demanded.—Big Race Meet Next Month Encouraged.—Very Harmonious Meeting.—Other Officers Are Re-elected.

The Weber club "Business Men's association" held its annual meeting last night with an unusually large membership present. President A. R. Heywood called the meeting to order and briefly rehearsed the work of the club for the past year.

He said the club was instrumental in and sponsor for many of the good things Ogden has received. Among them were the baseball team of last year, which won the state championship; the locating of the express offices of Wells Fargo and the Pacific Express Co. in the center of the city; securing the National Wool Growers' convention for next January; the heading off of Salt Lake City in its attempt to bring about the removal of the chief clerk's office of the railway mail service to Salt Lake city, and the agreement for the erection of the Thomas D. Dee hospital.

Mr. Heywood paid a glowing tribute to Mrs. Dee in her effort to perpetuate the memory of her late husband, and last, but not least, Mr. Heywood took great pleasure in announcing that the Weber club secured the headquarters for the forest service for Ogden, which with Mrs. Dee's donation for the hospital stood among the proudest monuments of the club.

## THEATRE

### \$10,000 BEAUTY

Shows Fair-sized Audience at Grand Opera House.

"The \$10,000 Beauty," the popular musical comedy, is being presented at the Grand Opera House. The production is a combination of the best of the stage and the screen.

The show will be repeated again to night.

This season it is even more famous

in this direction, presenting a chorus of very attractive young girls. The music will present a wider variety of catchy, tuneful airs, than in the past. Several of the principal numbers will be a distinct departure from the music usually heard in this style of entertainment.

### "THE GIRL QUESTION."

One of the musical numbers in "The Girl Question," the successor to "The Time, the Place and the Girl," which comes to the Grand on Wednesday evening, is a combination imitation number in which Paul Nicholson, who heads the cast, gives a most remarkable imitation of James J. Corbett. Nina Collins imitates Anna Held, with a chorus of show girls made up to imitate the famous Parisienne, and a chorus of the ten little "brothers" who made up like "Edy Foy," sing one of his songs with a startling reality which is almost uncanny. Seats now on sale.

Colds contracted at this season of the year are quickly relieved with Bees Laxative Cough Syrup. Its laxative quality rids the system of the cold. Pleasant to take. Best for children. For coughs, colds, croup and whooping coughs. Sold by Geo. P. Cave and Depot Drug Store.

# PETITIONED DISTRICT COURT SEaled BIDS OPENED AND READ

## TO ISSUE LETTERS OF ADMINISTRATION TO MATTONSON FOR AWARDING OF CONTRACTS FOR CITY PRINTING

As Regular Administrator of the Estate of the Late John Contos, Real Name Theodore Mattezes.

Standard and Examiner Lowest Bids—Matter Referred to Engrossing Committee.

In the matter of the estate of John Contos, deceased, James Pingree and J. William Norton yesterday petitioned the district court to issue letters of administration to David Mattson.

The city council met in regular session last evening, nine members being present. The minutes of March 28th, and April 5th were read and approved, after which the regular order of business was taken up.

The legal heirs to the estate were given as Andrew Mattezes, a brother; Mrs. Kruskos and Mrs. Panagiotis Barla, sisters, all of whom reside at Sparta, Greece; Ellenie Mattezes, a niece of Ogden, and three other nieces, Yolande, Panagiotis and Stamatina Mattezes, who reside at Sparta, Greece.

The appointment by the mayor of William Gowan as dog catcher was confirmed by vote of the council.

The petitioners also stated that James Pingree is a creditor of the deceased, and that J. William Norton is interested in the affairs of the estate that calls for a settlement with the administrator.

Municipal claims amounting to \$3,913.92, were allowed.

The reason for the name of the deceased being given as John Contos explained by Miss Ellenie Mattezes is that it is customary for the Grecian people who come to America for a residence to frequently assume another name, and that the deceased exercised this privilege. Miss Mattezes is the only living heir to the estate in the United States, her father having been killed in what is commonly known as the Jackson explosion, which occurred on the Lucin cut-off in the year 1904.

Reports of the public buildings and grounds committee recommending the purchase of a new steel range for the jail and twelve iron benches for the cemetery were adopted.

The bakery and candy kitchen conducted by the deceased immediately prior to his murder, has been reopened by the administrator of the estate.

Sealed bids for city printing were opened and read as follows: Evening Standard, 35 cents, per inch, first insertion, 25 cents each subsequent insertion; Morning Examiner, 25 cents per inch first insertion, 20 cents each subsequent insertion. State Journal, 40 cents per inch first insertion, 20 cents each subsequent insertion. The offer of the Standard and Examiner included a suggestion as to the length of notices required (30 to 90 days) for cancellation of contract. Councilman Flygare moved to have the matter referred to the engrossing committee. Councilman Austin amended to have the matter settled at once, the lowest bidder to receive the contract. Councilman Dana supported the latter amendment, but the same was subsequently lost, the matter being referred to the engrossing committee. As the law in this matter suggests that the circulation of a paper be taken into consideration when contracts for city printing are let, and as the circulation of either the Standard or Examiner is more than twice that of the State Journal, the former papers will undoubtedly be tendered the city printing contracts.

Soon after the murder of Mr. Contos, David Mattson was appointed special administrator of the estate, and it now appears that he will be appointed the regular administrator to be given charge of the affairs of the estate until a final settlement is had.

On account of the lateness of the season, the sealed bids for painting the city sprinklers were declared off for this year on motion of Councilman Dana.

## BEAR RIVER CLUB FILES ARTICLES

### COMPANY TO DO GENERAL REAL ESTATE BUSINESS

Incorporated Under Laws of Colorado, A. P. Bigelow Appointed Agent For Ogden Branch.

The Bear River club of Colorado yesterday filed its articles of incorporation with the county clerk of Weber county. The organization in the filing of the incorporation papers agrees to comply with the provisions of the Utah state constitution for the privilege of doing business in the state.

The report of the street supervisor on water supply was referred to the water supply committee.

A requisition by the street supervisor for one dozen shovels was granted.

An invitation to join the "League of Municipalities," was ordered filed on motion of Councilman Humphris.

The sanitary report for March was ordered filed.

The matter of a dumping ground on Wall street between 28th and 29th streets was referred to the sanitary committee.

The report of the health department showing a total of 14 contagious cases was referred to the sanitary committee.

A communication from the city engineer regarding an ordinance for the marking or re-numbering of paving, sidewalk and curb gutter districts was read and approved.

The acceptance of the Wall avenue street car franchise by the Ogden Rapid Transit company was read and ordered filed.

G. H. Tribe & Co. were granted a wholesale liquor license.

Fakler & Childs were granted a cement workers' license, the same to be issued at such time as the necessary bond shall have been filed with the recorder.

A petition from residents on 27th street between Madison and Monroe avenues for action to be taken in regard to waste water in said street was referred to the street committee on motion of Councilman Flygare.

F. J. Shoemaker was granted permission to transfer a cemetery lot to Larkin & Sons.

The matter of opening the alley in block 6, Central park addition, was referred to the street committee and city engineer on motion of Councilman Dana.

A protest against the proposed paving on Washington avenue from 26th street to 28th street signed by the Hess Co., et al, was referred to the city engineer. Mr. Burt spoke from the standpoint of a real property owner on the street mentioned and stated that he thought it unfair to proceed with the contemplated improvement. Councilman Powers spoke along the same lines.

Admussen and Paulsen were granted permission to transfer their liquor license to Browning & Tout.

A petition for the removal of a barn near the corner of Madison avenue and 24th street, was referred to the sanitary committee.

A petition for the opening of 29th street from Washington avenue to Pacific avenue, signed by E. M. Conroy, et al, was referred to the law and street committees, the city engineer

THE PRIDE OF JAPAN TREE

CHOICEST JAPAN TEA

IMPORTED BY M.J. BRANDENSTEIN & CO. SAN FRANCISCO. HALF POUND

Trade Mark Registered October 28, 1880

### WOULD YOU BELIEVE

That among the largest industries in our country are the manufacturers of gas stoves. There are twenty factories busily employed in supplying the demand for this most modern cooking stove. There are two thousand cities where gas is sold; if each of the two thousand cities purchase one hundred and fifty stoves per year, twenty factories would have to work twenty-five days every month in order to supply the demand for three hundred thousand gas ranges and stoves, annually.

It took ten years for McCormick to convince the farmer that the reaper was better than the sickle or the scythe, but it didn't take our American women ten years to realize the cleanliness, labor and time saved with a gas range.

Gas is the Queen of Fuel

Electricity is the King of Power

## Utah Light & Railway Co.

D. DECKER, LOCAL MANAGER.

Mayer's WORK SHOES

Your dealer will supply you; if not, write to us.

FREE—If you will send us the name of a dealer who does not handle Mayer Work Shoes, we will send you, post paid, a beautiful picture of George Washington, size 15x20. We also make Homestead Shoes, Leading Lady Shoes, Martha Washington Comfort Shoes, Yuma Cashion Shoes and Special Merit School Shoes.

F. MAYER BOOT & SHOE CO. MILWAUKEE, WISCONSIN

## Soaring Alone

Way above them all. Its popularity has ever risen since first it saw the light of printer's day. No magazine excels it, no magazine even approaches it, in literary merit, in artistic illustrations, or in excellence of the publisher's art. For twenty years it has gone into the same homes uninterrupted. It was the first to blaze the way for a 35-cent magazine to be sold for 15 cents. Its price remains the same to-day, but its quality surpasses the 35-cent publications. Never has the number of the paid-in-advance subscribers been approached—much less equaled—which shows that its readers do not buy it on the newsstands occasionally in order to read only certain articles, but they want it regularly that they may read all of its contents every month.

BUY COSMOPOLITAN

All newsstands 15 cents a copy

### BOOKS FOR THE CARNEGIE LIBRARY

The Carnegie library yesterday received another assignment of books as follows:

## MARRIED WOMEN

Every woman covets a shapely figure, and many of them deplore the loss of their girlish forms after marriage. The bearing of children is often destructive to the mother's shapeliness. All of this can be avoided by the use of Mother's Friend before baby comes, as this liniment prepares the body for the strain upon it, and preserves the symmetry of her form. Mother's Friend makes the danger of child-birth less, and carries her safely through this critical period. Thousands gratefully tell of the benefit and relief derived from the use of this remedy. Sold by druggists.
