

Toggery Talks

In talking of toggery we talk intelligently for two reasons. First—We have been dealing in toggery for twenty-five years.

Second—We've learned a great deal about it in that time, and we want you to know, too.

Webster says that Toggery means Clothes. We think he is right. (Some folks think it means neckwear, garters, collars and things of that kind.) We don't.

When it comes to this year's clothing, we are better prepared to serve you than ever before.

The styles are some different—a little more conservative in cut, not quite so many "frills."

The colors are rich—not gaudy—the models are perfect, semi-fitting, with a "hang" that's beautiful, perfectly balanced. We are speaking, of course, of "Roycroft Clothes," the superior of all makes, and are to be had only at—

YOUNG MAN CONFESSES SHAME

FOUND IN THE ALLEY BY CAPTAIN BROWN.

Sentenced by Police Judge to Ninety-Nine Days on the Rock Pile—Other Police Cases.

Police court today contained a variety of cases, including one against a self-confessed parasite of the underworld who was given a straight sentence of 99 days on the rock pile. There was a sprinkling of drunks and disturbers of the peace and an alleged beggar whose case was continued. J. J. Fogarty, a surly-appearing man, was arraigned on the charge of mendacity. He asked what the word meant and was told that it signified begging. He denied that he was a beggar and as the arresting officer could not be present before the afternoon session, the case was ordered continued.

Charles Giller was the name given by a boyish-faced chap accused of living on the earnings of an unfortunate in the red light district. He pleaded not guilty and the arresting officers were called. Captain Brown, who arrested the fellow, stated where he had found him and related that when he asked him if he were not ashamed to be leading such a life, Giller had answered that he had only been living that way two or three months. The defendant stated, in his own behalf, that he had been in town two weeks, having come from Salt Lake with his paramour. He asserted that he intended to marry the girl, and in fact had promised her father that he would. The court did not care to listen further and sentenced him to 99 days on the rock pile.

William Barhan was arraigned on the charge of mendacity. He pleaded guilty and stated that he had only recently come to town. The court did not think a big, heavy man like the defendant had any cause to beg for money and sentenced him to 10 days in jail.

John L. Fenstermaker was charged with disturbing the peace of Street Supervisor Saunders. The man was found guilty of using abusive language while engaged in a heated controversy with the city official on the corner of Twenty-fourth street and Washington avenue. There were a number of witnesses examined at which the court sentenced the defendant to pay a fine of \$5.

RECEPTION TO MOTORMEN.

New York, April 12.—Reverend Whitridge, of the Third Avenue Railroad company, today gave a reception to the 3,000 motormen and conductors employed by the company. Mrs. Whitridge and daughters, Miss Anne Morgan, daughter of J. P. Morgan; Mrs. E. H. Harriman, and Mrs. Douglas Robinson, acted as the road's hostesses.

Nashville, April 12.—The grand jury at Knoxville, Tenn., today returned a bill against the Home Stock Co. of the order of Eagles for selling liquor.

A few words about prescriptions. Your Doctor fights disease with medicine. If the medicine is not right he cannot conquer the disease. Quality is to Drugs exactly what Character is to a man.

Drugs without quality are like a man without character. Worse than useless and positively dangerous. Quality in drugs is a hobby with us. Ask your doctor about the quality of our drugs. Physicians of Ogden have so heartily supported our filling of prescriptions upon the highest possible plane and have so freely expressed their perfect confidence in every detail of our prescription work that we feel sure of your doctor's earnest recommendation.

MUCH WANTED MAN PRESENTS HIMSELF TO GRAND JURY

Los Angeles, Cal., April 12.—Nick Oswald, the much-wanted witness before the grand jury, for whose apprehension \$1,000 reward has been offered by the district attorney, suddenly appeared in the city this morning and presented himself at the grand jury rooms. Oswald's appearance is expected to supply the missing link in the testimony regarding alleged municipal graft suits in Los Angeles, and is expected to result in many indictments.

Oswald returned Saturday night from a mountain retreat, 140 miles from here, where he had been hiding since his disappearance a few weeks ago. It is not known what Oswald's testimony will be, but it is understood that the district attorney's office will grant him immunity in return for telling the grand jury what he knows about the alleged protection of vice under the administration of ex-Mayor Harper.

PORTOLA CARNIVAL EXCITING WIDESPREAD INTEREST

San Francisco, April 12.—Although the opening in this city of the Portola carnival, to be held in commemoration of the settlement of San Francisco by Gaspar de Portola, the Spanish explorer and first governor of California, will not occur until October 19, it already is attracting attention throughout the country. The festival will be somewhat on the lines of the Mardi Gras at New Orleans and it is expected that it will become an annual event. Preparations for the entertainment and amusement of visitors are being made on a most extensive scale, all sections of the state joining to insure the success of the affair. A Queen of Beauty will be chosen and her coronation will be one of the features of the carnival.

POPE STANDS OUT AGAINST FRANCE'S SEPARATION LAW

Rome, April 12.—A semi-official communication from the Vatican today, announces that on the occasion of the beatification of Joan of Arc, this month, the Pope will receive the French bishops and hear their reports in the matter of the separation of church and state in France. He has declared again, however, that he cannot modify his attitude on this question.

The Pope has resolved to preserve in the "status quo" the communication says, "and he will abstain from approving any communication implying recognition of the separation law."

TAFT TO START RACE

Washington, April 12.—President Taft today accepted an invitation to start the New York to Seattle automobile race for the Guggenheim cup by pressing a button at the White House at noon on June 1. When the signal is received in New York, Mayor McClellan of that city will fire a pistol to send the machines away on their long journey.

STEAMSHIP CO. HEAVY LOSER

Unable to Pay Dividend, Large Profit Does Not Cover Depreciation

London, April 12.—The Cunard Steamship company, like the German steamship lines, has suffered heavily from the depression in the shipping trade and will be unable to pay a dividend, it was announced today. The company's report shows a profit of \$1,475,180, which, however, is not sufficient to meet the depreciation in ships and properties, necessitating the company's drawing on the reserve fund for expenses.

The report says the financial disturbance in the United States completely disorganized west-bound third class traffic, the number of third-class passengers landed in the United States in 1908 being only 355,000 as compared with 1,116,000 in 1907.

After taking \$500,000 from the insurance fund and \$210,000 from the reserve fund to pay the interest on debentures and other obligations, the small balance of \$17,910 was carried to the credit of the 1909 accounts. The report announces that the Lusitania and Mauretania amply fulfilled the obligations to the government and a tentative agreement has been concluded with the lines engaged in Mediterranean third-class traffic, which, it is hoped, will place this business on a more profitable basis.

HOLLAND ANXIOUS REGARDING QUEEN

The Hague, April 12.—The expected birth of an heir to the throne of Holland has given rise to anxiety among the whole population and in some quarters alarm is felt because of pessimistic rumors concerning the queen's health.

It was officially announced at the palace however, that Queen Wilhelmina was in good health and good spirits and that her attending physicians were well satisfied with conditions.

M. Nielsman, minister of justice, in an interview today said the event was not expected to occur for some time and admitted that there was some justification for popular anxiety in the premature preparations for firing a salute in honor of the event.

CASE GOES TO JURY.

San Francisco, April 12.—It is expected that the case of Eugene Gardiner, the young Kentuckian charged with the murder of Joseph Cordova, a colored petty officer on the whaler Bowhead, will go to the jury tomorrow night, arguments by the prosecution in the United States district court today. Gardner is on trial for the second time, the first jury having failed to reach a verdict.
