FIGHT IS ON OVER SHOW HOUSE

JOHN CORT WILL REFUSE TO VACATE THE GRAND.

His Agent Claims a Verbal Contract Has Been Made—Orpheum People Get the Lease.

The deal by which Martin Beck of the Orpheum vaudeville circuit secures the local Grand Opera House for five years with an option for ten years was closed today at the offices of David Eccles.

According to statements made by those interested, the Grand will be used about five nights a week by the vaudeville attractions.

The house will be thoroughly overhauled and put in first-class condition. There promises to be considerable dissatisfaction and accompanying disagreements over the new deal. Although the John Cort interests have apparently lost in their efforts to retain the house for another season, there is a probability that a fight will be made before the house is actually given up.

R. E. Grant, manager of the John Cort interests in Utah, stated today that his people had lost \$1,000 in Ogden in the past season.

"I have very little to say about the matter at this time," said Mr. Grant. "The owners, however, will find that we have a verbal lease for this house that will be hard to break. We have already booked fifteen or twenty attractions for next season."

Mr. Grant says three propositions were made this afternoon by parties who stand ready to build a theater for the John Cort shows in Ogden, and he can now assure the people that this field will be occupied beginning September 1, by the syndicate people.

The company, formed for the future management of the entire opera house block has selected the following officers for the first year:

Willard Scowcroft, president; David C. Eccles, vice-president; John Pinckney, treasurer; J. H. Garrett, secretary. The company is to be capitalized at \$50,000, in shares of \$100 each.

The company agree to pay \$1,000 a month for the Opera House.

At least \$15,000 will be spent immediately on improvements such as refurnishing, repainting, etc., the installation of a new electric elevator and a first-class bar and cafe. These extensive improvements will practically make a hotel of the opera house building. It is understood that a manager for the same will be sent out from New York by Martin Beck.

The Orpheum performers are expected to make their first appearance in the Grand about August 1.

CLOSING UP OF FOUL PLACES

STATE PURE FOOD INSPECTOR CAUSES SOME EXCITEMENT.

Serve Notice Businesses Houses Must Be Made Sanitary or Cease to Do Business.

Willard Hansen, state food and dairy commissioner, accompanied by J. S. Carver, inspected restaurants, bakeries, confectionery stores and butcher shops this morning and in four places served notice that if the places of business are not made sanitary within fifteen days, the door will be closed.

At one place it was discovered that a case of smallpox had existed. The floor was filthy and underneath was a cesspool of maledictory power. This place may be closed until the changes can be made.

A confectionery store was ordered to clean up and connect with the sewer or cease to do business.

Outhouses near the back door of the kitchen of a restaurant were ordered removed.

When Mr. Hansen returns next week he will give particular attention to the slaughter houses and butcher shops of Ogden.

INJURED BY A GUN AT MONTELLO

SPECIAL OFFICER IS CONVEYED TO THE HOSPITAL.

Was Fastening on a Holster When He Was Accidentally Wounded in the Thigh.

James W. Breech, employed as an officer by the Southern Pacific at Montello, was accidentally shot at 9 o'clock this morning and was brought to the Ogden General hospital for treatment.

The recent influx of traveling toughs and crooks at Montello, where several railroad men have been held up and robbed during the past month, and where trainmen are practically ignored by gangs of roaming roadsters, resulted in the appointment of Breech as a deputy watchman on railroad property. He was authorized to carry such weapons as were necessary in the performance of his duties and was supplied with a gun and holster. When the latter was swung onto his hip this morning, the gun was discharged in some manner, sending a heavy bullet through his hip and thigh and making a nasty, if not dangerous, wound.

After receiving the attention of a local surgeon at Montello, the injured man was placed in a sleeper and sent to Ogden on the Limited for such treatment as the case requires.

TWO MEN ARE HELD IN JAIL

OFFICERS CONVINCED THEY HAVE DESPERATE CHARACTERS.

Alexander and Knutsen Supposed to Have Records Back of Them, Although They Claim Not.

J. F. Alexander and C. B. Knutsen, the two men arrested Thursday in a Twenty-fifth street saloon by Officer Rackham and Deputy Sheriff Naylin, were arraigned in the municipal court this morning on a charge of vagrancy.

The men entered pleas of not guilty and were apparently unaware that anything graver than that petty offense is suspected. The local police, however, are firm in their belief that the men are wanted elsewhere for some crime, and in order that further investigations can be made, the court was asked to continue the case.

It was stated at police headquarters this morning that one of the men was thought to have served five years in the San Quentin penitentiary. They will be photographed and the pictures will be sent in various directions in an effort to ascertain if they are wanted elsewhere.

The one giving the name of Knutsen is a slenderly built fellow who pretends to be a switchman. Alexander is stockily built, good looking, and claims that he is a bartender. It was learned since their arrest that they had been drinking considerably during the forenoon, Thursday, and had evidently run short of money as they had begged several saloon men for dinks.

Shortly before they attempted to steal the grip from the saloon, they had made a complete change of clothing, which altered their appearance considerably. They claim that the change was made that they might get their clothing repaired and cleaned at a tailor shop, but the statement is regarded with suspicion.

While being searched at the station, both men pretended to be badly under the influence of liquor, a condition which did not make itself at all apparent directly before and during the time of their arrest. When one of them caught sight of Officer Rackham entering the saloon shortly after they had been forced to return the grip which they had stolen, he quickly nudged his pal and the two made a break for the rear door where they were rounded up with the assistance of Deputy Naylin, a razor being subsequently taken from Alexander who had concealed it in his sleeve.

WEBER CLUB FAVORS THE FOUNTAIN

APPROVES AND RECOMMENDS A LIBERAL APPROPRIATION.

Asks the City to Put Central Park in Presentable Condition for This Summer.

The following resolution has been passed by the board of directors of the Weber club in an effort to secure the completion of the fountain in Central park in time for the Grand Army encampment next fall.

"Whereas, our public parks, especially city hall square, with its electric fountain, are in an unfinished condition, and

"Whereas, because of the unusually low rates for the Grand Army encampment and the ever-increasing travel to and from the Yellowstone National Park, Ogden must expect throngs of visitors during the next few months, therefore, be it

"Resolved, that the board of directors of the Weber club approves of and recommends a liberal appropriation by the city council to the park commissioners in order that the contemplated improvements in our city parks may be successfully carried forward to completion."

SATURDAY CONCERT

Wright's Are Planning Excellent Musical Program For Tomorrow Night.

Beginning at 8 o'clock tomorrow evening an excellent concert will be given in Wright's big store, which is worth going a good distance to hear.

The orchestra of five pieces is one that is exceptionally well trained and some of the new musical hits are promised.

These concerts at Wright's are becoming popular. It makes a pleasant diversion for the shopper or a pleasant way to spend a little time Saturday evening when one has nothing to do or not. The store is very liberal in its invitation and extends it to the public generally whether they have needs to fill or not.

LABOR LEADER IS TO OCCUPY A PULPIT

In spite of its marvelous strides forward, the American Federation of Labor is still misunderstood in many quarters. To help toward a better understanding, the pulpit of the Congregational church will be thrown open next Sunday evening to a leading Utah union man. H. W. Dennett, ex-organizer of the International Typographical union, will speak upon "Trades Unionism—Ethics, Morals, Practice." He speaks out of an experience of 25 years. He knows the weaknesses of the union cause and he knows its strong points. He will have something to say to all who think the union exists only to raise the wage scale and to shorten the hours of toil. The great humanitarian ideals of the Federation are too often lost sight of. The unions of the city are planning a generous outpouring. The service will be brief and simple.

FLOUR STILL RISING

New York, April 15.—With flour up 40 cents a barrel in the local market and the prospects good for a further rise, New York is facing the possibility of paying 7 cents a loaf for bread.

Six cents a loaf is now charged by some bakers, while hundreds of others declare they cannot continue selling at 5 cents much longer, with bread flour of the better grades costing from \$7 to \$7.20 a barrel, against \$6.50 to \$6.80 a few days ago.

MONEY FOR CUT-OFF WORK

BIG FORCE WILL BE MAINTAINED ON THE LAKE.

Piles Are to Be Driven and Heavy Timber Used in Keeping Back the Waves.

An appropriation of \$50,000 has just been made available for repair and improvement work on the Ogden-Lacuna cut-off, and this insures a continuation of the present working force across the lake until the question of building a timber breakwater has been finally determined upon by the Harriman engineers.

It is understood the plans for the proposed timber breakwater entails the construction of a huge pile and timber breakwater between four and five miles in length and extending over the different points where high and receding waves have recently dragged out much of the earth and smaller rock used for filling purposes.

If the new project now under consideration is approved by those in authority, the work of building the breakwater will require a large force of men for a greater part of the next year, and the appropriation necessary for the structure will aggregate a large sum. Once accomplished, however, there will be no serious trouble in the future from the great waves resulting from high winds across the great lake.

MONTEREY RECORD 2:09 1/4.

MANY PLEAD GUILTY TO BEING DRUNK

The police court docket was a lengthy one today but the individual cases were run through in record time. Miss Parsifal Perserven, a "cullud lady," charged with vagrancy, entered a plea of not guilty but said that she would be willing to "take a float."

The court stated that "floaters" were scarce at present and that he would prefer to try the case at the afternoon session of court.

Frank O'Connor pleaded guilty to mendacity and received a sentence of 10 days on the rock pile.

T. Hughes admitted that he had been drunk, as did Willard Stevens, Frank Grey and J. E. Bower. They drew the customary fine of \$5 each or five days in jail.

William Ford stated that he had made a mistake in pleading not guilty to drunkenness, Thursday, and wished to rectify the same by pleading guilty today. The court accommodated him and suspended a sentence of 20 days.

E. L. Murphy was arraigned on the charge of disturbing the peace. He admitted that he had been in a fight and he exhibited a badly blackened eye as evidence. The judge scrutinized the fellow and decided that the punishment already received, with five days to "fix it up," would satisfy all claims of the court.

R. R. Hour, a smooth-faced young man, was to have been arraigned on a minor charge preferred by a local news company. The case, however, was ordered continued.

TAFT RECEIVES GOMPERS AND HIS ASSOCIATES

Washington, April 16.—President Taft today granted an audience to the members of the executive council of the American Federation of Labor, headed by Samuel Gompers. The representatives of the organized workmen, sent to the president a brief outline of the legislation which they would like to have enacted. Mr. Taft promised to consider their views.

In the delegation were Frank Morrison, James Duncan, John Mitchell, James O'Connell, Max Morris, William Huber, John E. Lennon, John R. Albine and Jos. Valentine.

The labor leaders are said to be particularly interested in an endeavor to have the Sherman anti-trust law amended with reference to the provisions that affect the right of labor to strike and boycott; to secure legislation which will prevent the abuse of the power of injunction by courts, to secure a stricter enforcement of the eight-hour law on all government work including contracts, and to have enacted a government liability law, which will provide for the payment of damages to workmen injured on government work.
